Commencement Speech by Dr. Mac- Arthur—Dr. Bruce Payne in Speaks to Alumni Association—Sketch of Speakers.

The commencement program has been arranged under the supervision of Mr. J. H. Arrow, who has charge of the ceremonies and addresses. The list of addresses is as follows:

Dr. R. S. MacArthur was born in Dalesville, Quebec, Canada, of ancient Highland stock. When only sixteen he was accustomed to conduct religious meetings and speak to the people with the intelligence and force which fore­ told him to be a leader in public affairs. He was then elected Professor of History and Political Economy at the University of Virginia.

Dr. Payne was elected one of the two presidents of the Morgan ton Male Academy. During this time he took gradu­ ation in the class of 1896. After graduating he was for two years Principal of the Madison Academy. He then was elected to a position in the Durham City Schools, and during this time he made a study of the problems of education. He has written many articles for the magazines on social and political questions, in which he has shown himself to be an able and forceful writer.

Smith, whose early life was spent among the best men who have recitations and lectures on the athletic field was a good place to read there are many students who are addicted to the habit of bathing naturally suffer.

FEBRUARY 22.

On the evening of February 22, 1906, the Official Baseball Game of the historic game of cricket was played between the students. A record number of spectators attended the game at the Crystal Palace, and a crowd of enthusiastic supporters followed the players out of doors. The game was played with great spirit, and the players did their best to make it a success. The game was decided in favor of the home team after a close struggle, the final score being 12 to 11.

Mr. Julian Blanchard, who graduated last spring with the class of 1935, and who since that time has been working on his regular work Mr. Blanchard will take up the study of electrical engineering; which study he intends to pursue until he has completed the course offered at Columbia. In that capacity he will be an assistant to Prof. W. H. Pugmire, head of the department of chemistry here. In addition to his regular work Mr. Blanchard made a great reputation for himself and enjoyed the confidence and respect of all his fellow students. It is with regret that his many friends here will miss him, but they wish him great success in his new field of work. Mr. Blanchard left Thursday morning for his home in Hertford, North Carolina, where he spent his last few days with his parents. From there he went direct to New York to enter upon his new duties.
