The Condillon of the Grounds Such be played. Tuesday, the 27th, which were scheduled for Saturday and Wednesday, the 28th, were canceled, as there was given to several students to Tuesday or Friday would have been appointed by Mr. Clyde N. Wendell, editor of the Review of Reviews, of New York. It will be remembered that this is perhaps the first appearance of an unusual. No special subjects will be arranged. The chief marshal and chief manager of commencement, who were elected by the Calhoun and Grady Literary Societies a few weeks ago, have made their appointments of assistants. Coach Manager H. M. Poe, of the Calhoun Society, has appointed the following sub-managers: Messrs. J. A. Smith, L. M. Hurley, N. M. Thorton, R. E. McIntosh, and W. O. Broom.

The sub-marshals who have been appointed by Mr. Clyde N. Wendell, chief marshal of the Grady Literary Society, are Messrs. J. A. Fuller, L. E. Whaley, J. W. Ward, Jas. L. Lockhart, Paul J. Kiker, J. M. Thornton, E. S. Mcintosh, and W. O. Broom.

The most important thing, perhaps, was the election of a captain of Class Ball Team also. The Sophomore Class met Saturday at 12 o'clock in the Y. M. C. A. hall and transacted quite little business at this meeting. The most important thing, perhaps, was the election of a captain for the class base ball team for this spring. Mr. W. R. Grant is chosen to fill this position, and he will sit once provide a form to represent the class. There was also a committee appointed, consisting of Messrs. Stanbury, Allen, and R. M. Hancock, to organize a basket ball team.

The meeting of the Park School Park on the evening of May 4th was conducted by M. E. E. Chandler, of the college. His talk was greatly enjoyed by those who heard him.

The second base ball team of the Park School was organized last week, and Mr. Philip Arrow, recently elected as manager of the team, will probably be in shape to accompany the team, at his old position in center field, and the remaining positions will be filled by those who have occupied them in former games. Every Stockdale will have charge of the team, as usual, and will be with it throughout the entire trip.

In order to avoid this, and to keep them from becoming min­
sions, students rooming in the same buildings should be 
led to frequent only the bootblack in the dormitories, and thus do away with the 
ugly little band which daily roams about the halls of the 
dormitories on each Sunday morning.

PARK SCHOOL CONCERT.

On next Friday evening, as was
before announced, at the Con­
cert Hall, a concert given for the benefit of the Trinity 
Park School Athletic Association, and much expected 
and a very pleasant evening is promised all who expect to be 
there.

Here is an excellent opportu­
nity for all to lend their aid to 
this worthy cause and do all that can be 
seen to the management of the Park 
School base ball team. All of the mem­

chance to win a majority of the games, perhaps, he professed during an interview with a member of THE CHRONICLE staff.

"It is not possible that we should not," he replied. "Bayview indi- cation points that way. Of course, we have a difficult trip and will go up against some strong teams, but we are better fitted for the work this year, perhaps, than last year."

THE TEAM'S SOUTHERN TRIP

We are better fitted for the work this year, perhaps, than last year. The pitching on the average will have been much stronger all around. The majority of our Presidents, who are now, we have every reason to believe that it will make a splendid record on its Southern trip.

Cookstockstead knows the game thoroughly, having been prominently connected with baseball in some of the largest leagues in the country. He came from the ranks those who take an interest in the game may form an idea of what it will do. This is the fifth year that Mr. Cookstockstead has acted in this capacity here, and by his earnest work and thoroughly meritorious handling of Charlotte's team has won for himself the unbounded confidence and respect of the student body. He it is said to his credit, that during this time Trinity has each year produced a winning team, which has won, on the average, four-fifths of the games played. After returning from the trip with the team Cookstockstead will be in Durham until May 1. Then he will, in all probability, go to Memphis, Tenn., where he will pitch, during the coming summer months.

THE LEGAL PROFESSION.

Prof. McIntosh, of the Law School, Speaks on This Subject at the Y. M. C. A. — Prof. Simmons Tomorrow.

The subject of Prof. A. C. Mcintosh's address before the Y. M. C. A. on Wednesday evening was the opening in the legal profession for college men. The circumstance was so novel that it probably would have been announced of his subject had been made.

MUCH IMPROVED.

Marked Improvement in the Condition of Miss Oldham, Who Is Now at the Watts Hospital.

The friends of Miss Matilda Oldham, of the Sophomore Class, will learn with pleasure that last reports before going there condition is im¬ proved. Dr. R. H. Battle, of Raleigh, however, remained in the city last night, in order to be present if she should suffer a relapse.

During the past week Miss Oldham has been in a very critical condition, as the result of an operation performed by Dr. Battle in the absence of his successor, a nurse and throat specialist, the previous week. Her condition is said to be as hopeless as when she was removed to Watts Hospital.

Mr. Alexander Oldham, of Carterton, N. C., who has been in court for several days at the bedside of his daughter, on account of her marked improvement, left for home yesterday.

"LEX SCRIPTA."

A Small Volume, With This Title, Has Been Published by Prof. Mordecai for His Law Students.

The following clipping from the April South Atlantic Quarterly will be noted with much interest by law students of Trinity College:

"Dean Samuel Mordecai, of the Trinity College School of Law, has published a handy little volume entitled "Lex Scripta," and in¬ tended as a pocket manual for the students of the faculty. It is a condensed summary of the most important acts of Parliament, and the subjects treated of in First and Second Blackstone, with reference to the statutes of North Carolina covering the ground."
