DR. CAMPBELL MORGAN TO COME TO TRINITY

LONDON PREACHER COMES TO
DELIVER AVERA BIBLE
LECTURES

FIRST LECTURE TO BE OCT. 4

College Fortunate in Securing Services of this Great Divine. Is Noted for His Sermons and Writings

The College is particularly fortunate in having been able to secure for the next series of Avera Bible Lectures the great English preacher, the Reverend G. Campbell Morgan, D.D., of London, England who will deliver the series of lectures this year early in October so that the members of the Board of Trustees of the College and the alumni who return to the College for Benefactors' Day exercises may hear this noted divine, famous for his sermons, lectures, and writings in America as well as throughout the British Empire.

Dr. Morgan, the son of the Reverend George Morgan, began his ministry as Mission Preacher in 1886, continuing in this work until 1889, when he was ordained in the Congregational churches at Stone, Staffordshire, Rudgeley Birmingham, and New Court, London, until 1901, when he visited America as Extension Lecturer at Northfield. During his stay in America Dr. Morgan visited some of the larger cities in which he preached to great congregations of people from all churches. He served as pastor of Congregational Chapel, London, until 1917, when he became engaged in Y. M. C. A. work on the continent, returning in 1918 to take charge of the Highway Church, London.

His numerous publications include the following: *Discipleship; The Hidden Years; at Nazareth; God's Method With Men; Where Is Life Problems; The Ten Commandments; God's Perfect Will; The Spirit of God; The True Estimate of Life; A First Century Message to A Twentieth Century Christian; The Christ of Today; The Practice of Prayer; Simple Things of The Christian Life; Parables of the Kingdom; The Analyzed Bible (Volumes); The Christian Principles; The Missionary Manifesto; The Bible and the Cross; Evangelism; The Life of the Christian; The Teaching of the Lesson; Messages of the Books of the Bible; The Graded Bible; The Fulfillment of Life; To Die Is Gain; Enoch, and other pamphlets.*

The subjects of Dr. Morgan's lectures in order are as follows:

1. "The Value of the Bible in National Life"
2. "The Teaching of the Bible to the Young"
3. "The Study of the English Bible"

The Avera Bible lectures, given at intervals of two years under the auspices of the Avera Department of Biblical Literature, have been delivered by such distinguished preachers as Bishop Duncan, Candler, Wilson Galloway, Hen-

LITERARY SOCIETIES HOLD FIRST MEETINGS

MANY FRESHMEN VISIT SOCIETY MEETINGS ON SATURDAY NIGHT

MANY INTERESTING TALKS MADE

Both Societies Hear Speeches Made by Members of Faculty, Alumni and Students. Need of Interest in Societies Stressed

Pursuing the custom of many years, the Columbian and Hesperian Literary Societies on last Saturday night held open meetings in order that new students might attend. Each of these organizations were well attended by both old and new men.

COLUMBIA

In the Columbia Society the president, J. W. Hathecock, extended to all the visitors a cordial welcome and invitation to affiliate themselves with that society. Mr. Hathecock was followed by W. A. Rollins, a former Columbian and intercollegiate debater, who pointed out the aims of Columbia in standing for opportunity, development and progress.

Mr. Rollins was followed next by B. W. Barnard, Graduate Manager of Athletics and likewise a prominent Columbian, who spoke on the broad field of college life, laying emphasis on activities, but special emphasis on the work of the societies. He urged all college men to become earnest, hard working society members.

Dr. W. I. Cranford, for many years and esteemed member, next spoke interestingly on what it meant to succeed in the literary society. "It means that you are able to give that which is expected of college men to just the extent that you put your best into the undertaking. Be able to lead where people long for leadership. Be

(Continued on page three)

NEW COLLEGE STORE ROOM OPENED IN WEST DUKE

New Store to be Under Supervision of Athletic Association. Tennis Courts Improved

Among the many improvements which have been made on the campus during the summer, there are two which will receive a great deal of appreciation and commendation from the students, namely: the evolution of the old "Dope shop" into an up-to-date college store and the supplying of water and general improvements of the tennis courts.

As in the past the store will be under the supervision of the athletic association, which, of course, means that all profits made on articles and goods sold will go to the association. This year there will be kept in stock every thing which a student needs and does. A modern soda fountain has been installed, and a great many drinks which could not be supplied in the past can be had at the present time. Athletic goods, penants, toilet articles, stationary of all kinds and grades, cigars, cigarettes, chewing tobacco, and jewelry, bought from the leading college jewelers of the country (Kinney

(Continued on page four)

ATHLETIC PROSPECTS FOR YEAR VERY GOOD

CANDIDATES FOR FOOTBALL ARE BEING GIVEN EXTENSIVE TRAINING

SCHEDULE HAS BEEN ANNOUNCED

Coach Egan Gives Men Helpful Advice in Regard to Football Training. Many Report for Practice which Began Friday

Trinity will play her first game of intercollegiate football since 1894 this year when she meets Guilford College on the homefield for the first game of the year. All of this season's games will be played on the home gridiron so that the coach will be able to keep his eyes on the team and make any changes that may be necessary.

The scheduled for the year is as follows:

Guilford College at Trinity, Oct. 16.
Emory and Henry at Trinity, Oct. 23.
Lynchburg College at Trinity, Oct. 30.
Elon College at Trinity, Nov. 13.

Thanksgiving Game
Wofford College at Trinity, Nov. 25.

This year's schedule was purposely made light so that the team would have time to develop before it had to go up against any games the score of which might be discouraging. Next year's schedule will include games with all of the more important and larger schools in the state.

Not very much can be said about the prospects for the team, but Coach Egan says that if the students will work hard enough and stick behind the team close enough there is no reason why this year's team cannot make a very creditable record.

Preliminary practice began Friday afternoon and up to the present time about forty-five men have handed in their names to try out for the team.

Uniforms were issued Thursday and the preliminary practice began Friday. So far only the elementary stages of the practice such as fall on the ball, inference, and bucking the line have been given. Men who have not received suits will be given them as soon as they can be secured. They were ordered last week.

Speaking before a gathering of about fifty men, Coach Egan said: "There is no sport like football for making a man. There is no other sport in which men come into contact with each other as they do in football. I consider football one of the most important things that a man can get in college, for it not only develops the body but is also excellent training for the mind.

"It takes two things to make a good football player—brains and nerve. The weight doesn't matter. If you have the brains and the nerve you can make the team and weigh only 110 pounds. It takes nerve to go on the field, and it takes more nerve to stay there and play the game.

NEW ARCHIVE STAFF APPOINTED FOR YEAR

EDITOR PETERSON SELECTS MEN TO HEAD DEPARTMENTS OF LITERARY MAGAZINE

OCT. 15 DATE OF FIRST ISSUE

Editor Makes Strong Plea for Those Interested in Writing to Make Contributions to Magazine During Year

The *Archive* staff for the coming year has been completed by Editor-in-chief J. L. Peterson. The staff of the magazine is as follows: Associate Editor, S. M. Holton, Jr., of Durham; Literary Editors, Helen McCrary, of Lexington, and J. W. Hathecock, of Norwood; Wayside Vares, J. D. Lewis, of Whiteville; Exchanges, Emma Davis, of Albemarle; Alumni Editor, O. L. Richardson, of Monroe.

Business Manager R. K. Farrington has appointed as his assistants L. L. Rose, of Franklinton T. A. Banks of Garner, and J. W. Young of Greensboro.

The first issue of the *Archive* will be ready for delivery about October 15. Editor Peterson already has considerable material for this first issue, but he wishes to secure all available manuscripts. This issue will in a measure be an index of what the magazine is to be throughout the year, and it is the desire of the editor to make it as strong and well balanced as possible. To this end he wishes to enlist the aid of every student who is interested in the College publication and in the development of the best of college life. All manuscripts submitted as early as September 25 will be considered for the October issue; material received after that date will be considered for the November issue.

PARK SCHOOL HAS LARGEST OPENING IN ITS HISTORY

Rooms in Dormitories Overflowing with Students. Capacity of Dining Hall Increased

Park School Notes

The Park School opened Wednesday, September 15, 1920, with a greater number of students than have ever been registered at this time of year before. Although it was filled beyond capacity last year, the number this year is even greater. It has been necessary to put at least three men in each room and many students are quartered in private rooms off the campus. Of the total number in school this year, there are approximately 40% more old students back than last year. It is significant to note that there are more than ten more seniors this year than last, there being about ninety registered in that class.

So far as the authorities of the school can find out every boy who graduated last year has entered some college this fall. Many who lacked one unit of finishing here. Some schools and have entered college also. This makes a total of than 100% of the 1920 senior class in college.

(Continued on page two)

COLLEGE YEAR BEGINS WITH RAISING OF FLAG

MANY INTERESTING TALKS MADE BY MINISTERS OF DURHAM WELCOMING STUDENTS

ABOUT 700 STUDENTS ENROLLED

Dormitories Crowded to Overflowing. Increase in Number of Women Students. Year Promises to be Best in Trinity's History

The 1920-'21 session of Trinity College opened on last Wednesday morning, September 12, with the raising of the flag by the class of '21. The exercises were little different from those customarily held at the opening of college other than that there were a greater number of new students present than ever before in the history of the college. With fifteen rabs for '21 the flag rose to the top of the flag pole and was caught up by the breeze, bearing to all the message that old Trinity was again ready for business after a summer of rest.

A number of visitors from the class of '20 filed into Craven Memorial Hall with the entering students and interested friends from the city to attend the opening exercises. President Few presided, and Reverend M. T. Plyler, presiding elder of this district, led the devotional services. Dr. Few then asked for brief remarks from the pastors of the different churches of the city, and led by Rev. M. Bradshaw of Memorial Church, who made clear his gratification at the return of football as an intercollegiate sport to Trinity, each of the pastors in turn bade the students welcome to the city and community and extended a hearty invitation in behalf of their respective churches to the students to attend their services. These remarks were followed by brief announcements to the interest of all, notable among which was the announcement that Coach Egan would meet prospective football men that afternoon at four.

The wide spread demand for higher education has found Trinity with her full proportion of students, 577 having matriculated for the year 1920-'21 before the doors of the institution have been open a week. This number, which does not represent the complete enrollment already surpasses the figures for the corresponding date on any previous year. Last year the entire enrollment for the college was 700. In addition to those included in this figure who are doing full time college work, a number of teachers are pursuing studies leading to a degree, special courses having been provided for them.

In anticipation of an enrollment larger than usual, new furniture is provided whereby three men can comfortably occupy a room ordinarily intended for two. In Alspsaugh Hall a suite normally given four women students is this year used by six. After using the woman's building and such nearby homes as could be secured for the women the college was compelled to deny admission to large numbers of young ladies.

There are this year more can-

EDITORIAL

Be among those present at the Y. M. C. A. reception tonight.

Hit the Line hard boys. Lets make monkeys' out of our opponents this season. What you say?

The new men on the campus could do nothing better for their own welfare and future betterment than to connect themselves with one of the two literary societies next Saturday night when the chance is given them.

STAFF NOTICE

The contest among the Sophomores for places on the reportorial staff of the *Chronicle* will begin Friday night. All contestants are asked to meet this time in the Editorial office, 306 Aycock Hall, at 7:30 o'clock for the regular staff meeting, where assignments will be made and instructions given. In making the choice of these men, after a three weeks trial, the paper will try its utmost to do the right thing and to give the places to men who deserve them. The *Chronicle* will put away all grudges and grievances, all likes and dislikes and try to make the choice a choice of manuscripts and not of men. Several things are to be considered in the manuscripts offered by these men. The general style of writing, spelling, punctuation, neatness and punctuality in getting the work in at the required time are to be considered as prime requisites for a place on the staff.

The contest will last three weeks, and at the end of that time six men will be selected to serve as reporters for the year. Last year the reportorial staff was composed of only four men from the Sophomore Class. The present incumbent in the chair feels that more men should be given a chance to show their worth and ability in doing such work; therefore the staff will be increased by the addition of two men.

The associate editors will be selected from the men who served as reporters last year. The contest for these places began last Friday night and will continue for two weeks, at the end of which time three of the contestants will

be selected to serve as associate editors.

These men will please remember to be on hand promptly at 7:30 o'clock Friday night in the Editorial Office.

FOOTBALL

For more than a quarter of a century the game of football has been debarred from the catalogue of athletics at Trinity College. During this time there have been several attempts on the part of college students and alumni to re-enter football on the list of athletics here, but not until the spring of 1918 did the board of trustees decide to reinstate the game and this was done on condition that it be limited to intra-mural contests the first year. Last year intra-mural contests were played. This year, however, we gladly welcome the return of the old game which is to be placed on an equal basis with all other forms of athletics at this institution.

Trinity College has football now, and the question is what are we going to make out of it! The re-establishment of football here is the result of the consistent work of men who have already made their exit from this institution. They realized that there was absolutely no question as to the position which the game takes in college athletics. They also realized that the re-installation of this form of athletics would greatly add to the prestige of the college; therefore, they fought for it and, as a result, today we have it. Everybody knows that football is the only form of college athletics which can be called an exclusive college sport. Ninety-five per cent of the foremost institutions in America today feature football among all other athletics. It is the college man's game and lends prestige to an institution that has it for one form of athletics. Many people have had the idea and some are still of the opinion that the only benefits derived from the playing of the game were those that contributed to the total disability of those who participated. The benefits derived from football will more than counteract the injuries sustained. The physical training, the incentive which it offers for students to do more and better work in their academic pursuits, and that spirit of "bulldog tenacity" which it gives a normal man who has played the game when he is pushed out into the world to kick for himself lends sufficient proof that it is the game for the college man. Therefore, irrespective of the conduct of the game, which might include minor injuries etc. football must be given a chance at this institution before there can be any hope for the future success of the game.

Now, the question of Trinity's having football and what we are going to make out of it comes up again. The present students enjoy playing the game for which students of the past have so earnestly worked. As to whether the efforts of the past students will continue to exist depends entirely upon the interest of the present students. The *Chronicle* wishes to impress upon the minds of all that the continued existence of this form of athletics depends solely on the interest manifested this year.

There are two ways in which students can show their interest. First, every able-bodied man should make himself a candidate for the team. There are about forty men in training at the present time when there should be a hundred. Of this number there

are less than ten freshmen when there should be at least forty. A freshman has the same chance of making the team that a senior has; further more it is a duty of every first year man to make himself a candidate, for he has four years to spend here and one year's training should place any man in first class condition for the team next year. Second, those students who cannot play the game can do practically the same amount of good by backing up the efforts of the players to the last man. As has been so often stated in the past, no team can win without the enthusiastic support of those interested.

We have football; we have a coach who knows the game from start to finish; we have the material out of which to build a team. Now let us supply the interest which is going to be the greatest possible force toward the perpetuation of a game which will make Trinity a greater Trinity.

NOTICE

The following plan will henceforth govern the election of student managers in the various sports.

1. Members of the Freshman, Sophomore and Junior classes may declare themselves as candidates for student manager. The sport of their choice can be made by banding their names to the student manager of the sport chosen. There will be no limitation as to number.

2. These men will be marked upon their attendance at practice. In football any man absent from more than 15% of the practice each season will be dropped.

3. The student manager will be elected annually by the Athletic Council upon the recommendation of the Graduate Manager after consultation with the coach and student manager of the sport concerned.

The student managers are: Football, R. S. White; Baseball, J. W. Hathcock; Basketball, K. C. Brim; Track, J. H. Shinn; and Tennis, J. D. Lewis.

B. W. Barnard
Graduate Manager

PARK SCHOOL HAS LARGEST OPENING IN ITS HISTORY

(Continued from page one)

The work of classification was begun Wednesday, and, notable to class work was taken up the next day. This has not happened before in some time. Last year owing to a scarcity of books, a lack of teachers, and a tardiness of classification, scarcely any work was done the first week. The authorities of the school are greatly pleased with the start.

The boarding arrangements for the year are much improved. The school dining hall, better known as the "Beanery," has been remodeled so that its capacity is about doubled. It can now accommodate more than one hundred and twenty-five students. In fact, it takes care of all the students except those boarding at the two private boarding houses—Mrs. Wilkinson's and Mrs. White's.

COLLEGE YEAR BEGINS WITH RAISING OF FLAG

(Continued from page one)

dates for the master's degree than in any year since 1916 when the war interrupted school work.

The Trinity Park School likewise has a large number, it being evident already that last year's record attendance of 257 will be exceeded and the total enrollment for this year reach nearly 300.

ATHLETIC PROSPECTS FOR YEAR VERY GOOD

(Continued from page one)
"I want every man on the field every evening and I will expect every man to work, for no man—even if he is the best athlete in college—can play on my team if he does not work."

There is an excellent opportunity for men who came here this year for the first time to make the team since Trinity played no intercollegiate football last year and only a few of the students have ever played in an intercollegiate football game. Any man who has the nerve and the brains and who is willing to work and work hard enough ought to be able to make the team this year.

There will probably be no interclass football this fall, but the coach is working on a program of general athletics which will include football, basket-ball, baseball, tennis, track, soccer, etc. This program will be completed and announced in a few days.

MISS KATIE L. JOHNSON
PORTRAIT PHOTOGRAPHER

Not only are Trinity's prospects for football good, but she bids fair to put out as good or better teams in the other major sports than she did last year.

Altho most of last year's state championship winning basket-ball team are not back this year there are some unusually strong men to take their places. Captain Hathaway of last year's team is back and, altho he had the misfortune of breaking his leg playing baseball this summer, expects to be able to guard the basket as usual. J. M. Moore who played running guard during a part of last season is also on the job and ready to fill his place.

The baseball season does not begin until spring, but fans have begun to look around and the consensus of opinions seems to be that Trinity will have as strong of stronger team this year than she did last. Two of last year's pitching staff are back; so, altho we have lost "Bullet Joe" Caviness, we can rest assured that Carroll and Brown will serve them so that they cannot be seen.

Let every student back each team with all his might and Trinity will make a record to be proud of in athletics this year.

LITERARY SOCIETIES HOLD FIRST MEETINGS

(Continued from page one)

able to do what you and others have seen needed to be done.

HESPERIA

In a brief talk welcoming the men to the Society President Henry E. Fisher, of Hesperia, impressed upon them the necessity of active participation in literary society work. He extended to the new students an invitation to join the ranks of Hesperia; if not Hesperia, then by all means Columbia.

A few words of welcome were also extended by Vice-President S. M. Holton and Secretary W. J. Bundy.

The Society was peculiarly fortunate in having present a number of its old members. First among them to speak to the Society was Professor James, III, '14, of the Department of Biblical Literature. Professor Cannon urged all the men to take an active part in literary society work, showing wherein the college men of today will be the leaders of tomorrow. Following Professor Cannon, John H. Small, Jr., '17 who is this year a member of the Law School, spoke to the new men upon the requisites of leadership. He emphasized the cultivation of poise and pointed out the fact that a literary society was the best place in which to acquire this attribute. Robert W. Bradshaw, '19, Gilbert E. Powell, '19, and M. A. Braswell, '20, all made interesting talks recounting the achievements of Hesperia and urging all new men to join her ranks.

The concluding talk of the evening was made by Professor R. L. Flowers, Secretary to the Corporation and Head of the Department of Mathematics. Professor Flowers very fittingly brought to the attention of the students the need at the present time of men with the ability "to put it over." He used the League of Nations as an apt illustration of this need, and even went so far as to tell the new men to neglect, if necessary, their preparation of mathematics and Bible in order to get the valuable training of literary society work.

MINISTERIAL BAND

The first meeting of the Ministerial Band was held Friday evening at 7:30 with thirty-nine men present, sixteen of whom were new men. The president, W. N. Vaughan, made some very helpful remarks in welcoming the new men. He particularly urged each man to consider his responsibility as a minister.

W. A. Rollins, '20 made a short talk in which he stressed the importance of ministerial students having an open mind as they go through college. His talk was a very instructive one.

Prof. H. E. Spence, head of the Biblical Department, was present and gave the young ministers some interesting and helpful advice.

The fact that there is a growing demand for ministers to be able to lead in singing was discussed at some length. A motion was made that some arrangements be made to secure a music teacher for instructing the members of the band in singing. The president ap-

pointed a committee to work out a plan, which is to be presented at the meeting next Friday evening.

L. E. Cooper, '20, spent several days on the campus last week.

John Small, '17, has entered the law school here for the coming year.

Mary Blair Maury, '20, was on the campus Sunday. She is going to teach in the Kernersville school.

W. H. Holcomb, '20, who is working with the State Highway Commission in Raleigh, spent Sunday on the Campus.

Mamie Ruth Churchill, '20, visited friends on the campus during the early part of this week. She is teaching in the Sanford schools.

C. A. Davenport, ex '21, spent Sunday on the campus. He is going to study medicine at the University of Maryland this year.

G. E. Powell, '19, has entered the law school for the coming year.

CO-ED NEWS

Quite a number of Trinity students were present at an enjoyable Marshmallow Toast Tuesday Night. Those present were: Jaiselle Kerns, Lella Humble, Juanita Cameron, Pearl Adams, Helen McCrary, Hunter Holloway, Sara Dashiell, Carolyn Avera, Helen Cantrell, Irene Price, Martha Wiggins, A. C. Jordan, Jr., Billie Bowland, William Urnstead, Bob Giles, Rudolph Bernau, Willie Carver, Eugene Brooks, "Red" Parham, Robert Bradshaw, Wiensteene Hatchcock, and James Leyburn.

The girls of the class of 1922 entertained the freshman girls with a hay ride on Monday evening.

Saturday night, the gym was a place of unusual fun and merriment. The Y. W. C. A. entertained the new girls at a "backwards" Party. After having been greeted by a "goodnight" the girls entered where *Fare Well to Thee* was played. Then everything was done backwards and the girls were dressed backwards. Entertainment consisted of all kinds of games. Pearl Adams, dressed as Little Polly Dimples received the prize for wearing the most original costume. Apples, peanuts, candy and chewing gum were passed around. Then still carrying out the idea of a "backwards" party the girls upon learning were "welcomed" by the Y. W. C. A. Cabinet.

Ruth Churchill '20 and Mary Blair Maury '20 spent the past week end at Trinity.

Dr. J. M. Judd and family of Cary N. C. spent Sunday with Agnes Judd.

NEW COLLEGE STORE ROOM OPENED IN WEST DUKE

(Continued from page one)
Company, Providence R. I.) will be on sale during the entire year. Two tables are used for the convenience of the co-eds who wish to grace the establishment with their presence. In addition to all these improvements there has been instituted a Book Exchange, which will enable the students to dispose of their old books at a fair price.

Mr. B. W. Barnard, who has been elected graduate manager of athletics, will have under his supervision the managing of the canteen, and Lewis Hunt, who has been an employee of the College Pharmacy, the Durham Book and Stationary Company, and during the war was in charge of a naval store room in Norfolk Va, will be the head clerk and will have charge of the buying of goods. This is a splendid opportunity for students to get any thing which they want at a reasonable price and at the same time a great help to the athletic association.

The improvements made on the tennis courts have been those of long need in the past. New back stops have been erected, water has been supplied for the purpose of sprinkling the courts, and permanent lines have been made. Men are employed now to keep the courts in first class condition during the year.

DR. CAMPPRELL MORGAN TO COME TO TRINITY

(Continued from page one)
drix, and Drs. Kirkland, Tillett, Parker, and Whaling. The lectures of the series this year will undoubtedly create wide interest, for many pastors and laymen of all churches will welcome this opportunity to hear a great preacher.

M. A. Braswell, '20 passed thru Durham Saturday on his way to Columbia University.

The Pinnacle of Perfection in Young Men's Clothes

Rich, distinctive tones of texture, clever designing by men who are foremost in their profession and masterful workmanship—these are the attributes of our Young Men's Clothes in Hart, Schaffner & Marx and Society Brand. None Better Made.

PRITCHARD-BRIGHT COMPANY

Do You Know Who Beau Brummel Was?

He was the best dressed man of the 19th century.

One as fastidious as he would have been pleased with our clothes.
