INTEREST MANIFESTED ON BENEFACTOR'S DAY

**GREATER TRINITY COLLEGE WAS
MAIN THEME OF EXERCISES
ON HOLIDAY**

MANY INTERESTING TALKS MADE

Several Speakers Deliver Addresses
Before Alumni and Friends of
College. College Recipient
Ivey Portrait

The idea of a greater Trinity College through the closer relationship of the alumni and the institution was the main feature of Benefactor's Day exercises held on the campus Monday. The series of programs were attended by a large number of the alumni, as well as citizens of the State.

In connection with the celebration of Benefactor's Day, sixty alumni and members of the faculty dined in the hall of the Co-operative Dining Association in West Duke building, enjoyed a social smoke, and listened to Dr. S. C. Hatcher, of the Virginia conference outline the \$33,000,000 educational campaign to be launched by the Southern Methodist Church in the early spring.

Dr. Hatcher told how at the general conference held in Atlanta, the same committee that resolved upon the great Centenary movement for missions decided upon a funds to increase the efficiency of the colleges of Southern Methodism. Thirty-three million dollars was the goal set at that time, to be divided among eighty-eight Methodist institutions of learning in the South, Trinity one of the number.

Pointing out that the educational campaign was the logical culmination of the Centenary movement he declared that, "The Christian colleges to a large extent supply the leaders in every state." "Now," he said, "it would be impossible to complete the success of the Centenary movement if the Southern Methodist colleges were not provided with the means of equipping themselves with better facilities which would enable them to graduate a sufficient number of highly trained men to carry on the mission work aimed at."

Briefly the plan to be followed in the campaign was outlined. Of the amount to be raised, each conference in the South will be assigned a quota. The conferences will in turn divide this quota among the various churches. In this manner, after a campaign of publicity to present the issue to the laymen, it is hoped to carry the movement to a successful termination.

Dr. Hatcher pointed out how such campaigns had been successfully waged by other denominations. Their successes, however, he declared came only after the Methodist Church had demonstrated in the Centenary movement that it was possible to arouse the membership of the church as a whole to great issues. Those present were impressed with the fact that from them must come the leadership in the movement and that they should begin at once to lend their influence in its behalf.

ETA PRIME CHAPTER OF KAPPA SIGMA HOLDS INITIATION

Tuesday night, September 28, W. H. Smith of Clover, S. C. was initiated into the Eta Prima chapter of the Kappa Sigma fraternity. The old members were present and the usual rough play was participated in. An informal banquet was held after the ceremonies.

Messrs. Hall and Smith, Kappa Signas from Washington and Lee and Mr. Hackney of Durham were the visiting men present.

YEAR'S WORK Y. M. C. A. ANNOUNCED IN SCHEDULE GIVEN OUT BY OFFICERS

Expense Budget of Organization for
the Year Given Out by Cabinet
Which Met Tuesday Night

The Y. M. C. A. cabinet with the assistance of its advisory members of the faculty has worked out an elaborate system for the handling of the expenses of the organization for the present scholastic year. In the past years the financial side of the work of this organization has been run very loosely, and it was with a view of correcting this error that the present plan was worked out. The total amount the organization intends to launch its campaign for will amount to six hundred dollars which the finance committee intends to secure in a whirlwind campaign to be set going in a few days. All of the expenses asked for will positively be the only request which this immensely helpful organization will make of the student-body during the entire year.

The budget for this year has been separated into seven distinct phases. Each of these represents a scope of work that this organization has planned for this year. An explanation of these branches of work together with the amount of money to be expended for each follows:—

1. Reception \$125. This item of course includes all the expenses entailed in the annual reception given in honor of the freshman and any other social events which

(Continued on page two)

MINISTERIAL BAND HEARS DR. FEW SPEAK FRIDAY NIGHT

At a special meeting of the Ministerial Band held Friday evening, President W. P. Few addressed the prospective ministers on, "The Preparation and Work of the Ministry."

At the beginning of his talk Dr. Few urged all his hearers to read Christ's message to the Apostles in the 18th chapter of Saint Matthew. "Although the commission of the preacher of to-day is not to raise men from the dead, he can save them from dying by leading men to a knowledge and love of Christ."

"The best way for a minister to achieve success is to be wise as a serpent but meek as a dove. A preacher can do nothing in the Kingdom of God by force."

Dr. Few urged all those who contemplated entering the ministry to prepare for their work while in college.

DR. MORGAN LECTURES TO LARGE AUDIENCES

NOTED PREACHER OF LONDON
DRAWS HUNDREDS OF INTER-
ESTED HEARERS

MUCH INTEREST BEING EVINCED

Large Congregations Hear Masterful
Discussions on Bible and Are
Moved by Dr. Morgan's
Eloquence

Using as his subject "The Bible in the life of the Nation," Dr. G. Campbell Morgan, of London England, noted English preacher and world scholar, on Monday evening began the tenth series of the Averá Bible Lectures before an audience composed of the entire college community and a large representation of the citizens of Durham. The speaker was introduced by Dr. W. P. Few, and outlined his address as dealing particularly with the literature of the Bible as having given the moral conception that has made the great civilizations of the past two millennium, as being the literature of God that has made the great philanthropies, the literature of man that has generated contempt for evil and a passion for reform, and the declaration that there is created for man that has failed the opportunity to recover.

"The gospel has been proved by the results it had produced. When people begin to read and study the Bible, they begin to think in a new way about life. Whatever of greatness England has has been due to the literature of the Bible. Her part and the part played by you in the war was done because of

COLUMBIA AND HESPERIA HOLD REGULAR MEETINGS

Hesperia Initiates Eighteen Men While
Columbia Gets Only Six
Saturday Night

Eighteen new members were added to the Hesperia Literary Society at its regular meeting Saturday night. Three of the new members are upper classmen, the remaining members coming from the freshman class.

After the initiation of the new men, the regular program was carried out. S. M. Holton delivered an oration entitled, "Justice in World Peace," in which he attacked the proposed League of Nations because the provision which required all proposed measures to come before the Council allowed the various jealousies of the individual nations to play a large part in the consideration of questions affecting World Peace. Mr. Holton advocated World Peace under a system of judicial regulation.

A debate was held on the subject. Resolved that the Women's Students of Trinity College should be required to pay an Athletic fee. W. J. Bundy and Carroll Summers successfully advocated the affirmative side of the question in spite of the eloquent plea of J. F. Harward not to depart from the time-honored custom of Trinity College in exempting women students from paying this fee.

The Society then took up its regular business.

(Continued on page two)

FRESHMAN CLASS ELECTS ITS OFFICERS FOR COMING YEAR

At the special meeting of the Freshman class, Tuesday afternoon the following class officers were elected: Howard P. Powell, Clinton, N. C., president; Lemuel Clegg, Rutherford College, N. C., vice-president; Miss Montrose Ballard, High Point, N. C., secretary and treasurer; John Hall, Wilmington, N. C. representative on the athletic council.

FOOTBALL SQUAD RAPIDLY GETTING INTO CONDITION FOR GUILFORD CONTEST

First Squad Being Put Through Very
Intensive Practice. New Bleachers
Are to be Constructed

The first squad which will meet Guilford on October 16, has been selected altho there will probably be some changes in the lineup before that time. The entire squad is being put through an intensive practice in punting, passing, running signals and scrimmage. Carpenters have begun work on dressing rooms for the teams and bedrooms for the visiting team.

The squad is progressing rapidly and is getting so that practice is looking auspicious. They are being taught all the plays, fake plays and tricks that the coach knows and they bid fair to surprise somebody before the season is over.

Practically all of the men who reported at the beginning of the season are still coming out and the following new men have reported during the last few days: Riddick, Bolch, Jackson and Spikes. Only one of these is a freshman however, and the coach wishes to urge the first year men to come out before it is too late.

Carpenters are at work on dressing rooms for the home team and for the visiting teams and living quarters for visiting teams. When they finish this work, they will begin the construction of new bleachers and the remodeling of the old bleachers on the Hanes Athletic field.

ORGANIZATION OF STUDENT LIFE COMMITTEE COMPLETE

The organization of the Student Life Committee has been completed by the election of two representatives from each of the four undergraduates classes. The men elected are as follows: Senior class T. A. Morse, Wilmington, N. C. and L. B. Durham, Siler City, N. C.; Junior class T. C. Kirkman, High Point, N. C. and T. R. Waggoner, Walkertown, N. C.; Sophomore class Henry Belk, Monroe, N. C. and B. B. Harrison, Littleton, N. C.; Freshman class Loy V. Harris, Mount Gilead, N. C. and Carl H. King, Charlotte, N. C.

The Student Life Committee is to hold its first meeting during the latter part of the week and a plan of work will be outlined at this meeting. Some definite announcements concerning the activities of the committee will likely be given out in the next issue of the Chronicle.

PETITION PRESENTED TRUSTEES GRANTED

414 STUDENTS PETITION BOARD
OF TRUSTEES FOR LARGER
ATHLETIC FEE

STUDENTS GIVE FREELY TO FEE

Over Sixteen Hundred Dollars Given
by Students to Emergency Ath-
letic Fund. Hearty Co-
operation Given

An annual athletic fee of \$10, and an Emergency Athletic Fund of approximately \$1654.50 for this year has been secured through the efforts of the Alumnae Secretary, B. W. Barnard, acting in conjunction with the student members of the Athletic Association and with the cooperation of the students.

The plan formulated at the "pop" meeting Monday evening September 26, was carried out and a petition with the signatures of 414 students was presented to the Board of Trustees at their mid-year meeting, Monday morning, October 4. This petition read in part as follows:

"It is hereby respectfully petitioned by the undersigned students at Trinity College that the Board of Trustees of this Institution in their meeting to be held Oct. 4, authorize a statement to be printed in the catalogue of the College for 1920-21, and hereafter, to the effect that a fee of ten dollars, to be collected quarterly, shall be levied annually upon every student matriculating at Trinity."

This petition was presented to the Board of Trustees in their meeting Monday and was at once passed by them.

The petition, together with the Emergency Athletic Fund cards, was circulated among the students during the latter part of last week, and the movement received the hearty cooperation of the students.

The money subscribed for the Emergency Athletic Fund, together with the other funds in sight, will enable athletics to be carried on during the current year according to the full schedule planned by Mr. Barnard, and the annual Athletic fee will relieve the Association of any financial embarrassment in the future.

As the statistics now stand, about sixty per cent of the students have subscribed to the Emergency Athletic Fund. A good many more will probably want to do their part, and they can do it by securing a card from Mr. Barnard and signing it. If you have failed to do your duty in this matter for any reason, do it at once and get in line with the other loyal Trinity students; so that we can put out teams which are trained and equipped to represent Trinity creditably on the gridiron, the basketball court, and the diamond.

Mr. S. R. Chandler, '14 has been visiting his brother W. L. Chandler for a few days.

Mr. George M. Ivey, '20 spent a few days on the campus visiting friends.

EDITORIAL

The college community and the city of Durham are enjoying a rare treat this year in the Avera Bible lectures given by Dr. Morgan. People from different parts of the State are taking advantage of the opportunity to hear this noted preacher. He came here with sufficient reputation to attract the attention of the people and it is by no means that there is any lack of appreciation of the power and eloquence which he has so ably shown during these lectures. Opportunities for hearing men like Dr. Morgan do not come often. The able discussions which he is delivering at the present time on the Bible should attract every thinking man on the campus. If you miss hearing them, you should and will have cause to regret it.

The last lecture of this series will be given tonight at 8:00. The subject is, "The study of the English Bible." The subject within itself is an interesting one, and along with it will be given the views of one who understands it thoroughly. Hear Dr. Morgan tonight and get a broader view of the subject to be discussed.

NEW ATHLETIC FEE

"More athletics and better athletics," was the news which came like flashes of light into a dark world from the Trustees meeting held Monday when that Official Body granted the petition presented it by the student body, requesting that the athletic fee be increased from five dollars to ten dollars and that they authorize a statement of the same to be printed in the catalogue of the College for 1920-21. Financially speaking, the athletic situation at this institution for the past years has been one of intense uncertainty. With an especially inadequate fee, which has made the securing of competent coaches practically impossible, with poor income from other sources, and very few voluntary subscriptions from out siders, it has been a case of a man feeling his way in the darkness, searching for light and wondering when it would come. With this long needed aid Trinity can now enter into a greater field of endeavor. With this new aid football can now be given a fair chance without having to be handicapped because of

financial weakness, and it is with this aid that the College can in a more successful degree compete with other institutions in the South.

Every one, of course, understands that an announcement of this fee will appear in the College catalogue for the years 1920-21, and there is no ten dollar fee to be paid this year. The Athletic Association will have to depend, therefore, on the voluntary subscription fee for the funds with which to carry out the extensive program outlined for this year. The Chronicle wishes to commend the students for their enthusiastic support given the petition and the ready spirit which was evinced in the giving of these subscriptions for the purpose of carrying out the program which Mr. Barnard, Graduate Manager of Athletics, has planned for the year. Up to date \$1,654.50 has been subscribed, and at the present time all the cards have not been handed in. It is expected to reach \$2,000. This, no doubt, had its share of influence in causing the Board of Trustees to pass favorably on the petition.

The way is now open for better times in athletics here. Even though the Athletic Association will be unable to have the use of the new fee this year, the voluntary fees will be of no small value to the carrying out of this year's program. If you have not subscribed, do so at once. If you have subscribed pay your fee promptly when it is due and patronize the College Store.

YEAR'S WORK Y. M. C. A. ANNOUNCED IN SCHEDULE GIVEN OUT BY OFFICERS

(Continued from page one)
the "Y" may give during the year.

2. Running expenses \$25. Minor expenses are grouped under this head which takes care of all incidental expenses.

3. State work \$200. All of the colleges of the state are giving this year a similar amount to the support of the work of the "Y" work in the state. Trinity intends to give the above stated amount which is her proportionate share of the amount needed.

4. Blue Ridge \$130. This item is intended to help defray a portion of the expenses of the delegates which Trinity will this year send to the annual Blue Ridge Conference.

5. Conference \$50. This sum is to be expended in meeting the expenses of sending delegates to any other conference which may be held in the state during the year.

6. \$50 The programs are to be this year more varied than ever and in order to carry out this scheme it will be necessary to bring in outside speakers and singers, hence this extra expense account.

7. Hymn Books \$20. The present books are fast growing obsolete and the organization wants to purchase some up-to-date hymn books which will contain songs and hymns such as will be attractive to college men.

This, then is the proposed budget for the year, and it is hoped by the officials that it will meet a hearty and ready response from the student body when the campaign is launched.

Florence Harris has been elected secretary of the Y.W.C.A. A new advisory board composed of Miss Kennedy, Mrs. Peppier, Miss Bulard, Mrs. Glasson, and Mrs. Gross has also been appointed.

PARK SCHOOL NOTES

The Literary Societies bid in their new members last Saturday night. There was much enthusiasm shown and both the Calhoun and the Grady took in about the same number of new members. Judging from the abundance of material which both societies believe they have with them, the inter-society debates will be very closely contested.

On Saturday night following the society programs, a "Pep" meeting was held in the chapel for the purpose of arousing a better school and class spirit, and to outline a program for athletics for the ensuing year. This meeting was called and presided over by Prof. Lewis. The meeting was called to order and opened by the singing of "Hail, hail, the gangs' all here," after which some new yells were practiced and learned. Then Prof. Lewis outlined before the large crowd of students the athletic program which he intends to carry out during the year. This program was to cost about \$1,000.00, but to carry it out meant the backing of the students, who pledged that they would stand by us in all athletics. The students took upon themselves the burden of raising enough to pay the necessary athletic expenses.

The last part of the program was the organization of an Athletic Association of which Aaron Turner was elected Pres., S. B. Turner, Vice-President, and B. B. Kirby, Secretary and Treasurer. Some of the items which were to be put into the By-laws were passed on before the meeting adjourned. The Association elected Spruill manager of tennis, and Jones manager of football.

It has been made definitely sure that Trinity Park School will have football this year. Uniforms have been bought and a schedule is being made out for the season. The twenty-five candidates for the team are undergoing intensive training every day under the direction of M. S. Lewis.

COLUMBIA AND HESPERIA HOLD REGULAR MEETINGS

(Continued from page one)
gular business which included reports of the Executive and Social Committees and of the marshal and critic.

The second meeting of the Columbian Literary Society was opened by Pres. J. W. Hatchcock who welcomed the new men. Six new members were then taken in.

G. W. Ferrell delivered an oration on the "Success of a Man in College," in which he gave some valuable advice to the first year men. G. D. Harmon spoke on "An Efficient Man," stating some of the qualities necessary for a man to become efficient: character, thoroughness, and determination to win.

The query discussed was, That the policy of the U. S. Government in restricting Japanese immigration on the Pacific coast is justifiable. W. J. Miller and H. L. Leffer, supporting the affirmative side won against J. L. Jackson and R. D. Ware.

REPUBLICANS OF COLLEGE TO ORGANIZE CLUB THURSDAY

Republicans of the college community will meet in the economics room in East Duke building Thursday night at 7 o'clock for the purpose of organizing themselves into a club, according to announcement made by those interested. Officers will be elected at the meeting.

DR. MORGAN LECTURES TO LARGE AUDIENCES

(Continued from page one)

a Biblical conception of humanity as expressed by the Christ. Morality must be rooted in religion. If you get rid of the gospel what are you to do with your human derelicts? In the Bible are values that must stand first in the rebuilding of our national life. Scientific, philosophical, and theological progress must abide by the Bible all supposedly scholarly notions to the contrary, because the Bible has not been outgrown," declared Dr. Morgan. "For without the four principles I at first enumerated, the strength of our national life will be lost," he concluded.

Throughout the masterful discussion the great congregation held close attention and was at times moved to express the effect of the preacher's eloquence.

On Tuesday night the second of the lectures to the college community was delivered by Dr. G. Campbell Morgan. This noted lecturer and author made it clear in his introductory remarks that he was not a preacher and had never attended a theological school, but that his profession was that of a school teacher. In view of that fact, he stated that he felt well prepared to deal with his subject, *The Teaching of the Bible to the Young*. Before entering into this subject, however, Dr. Morgan gave his regrets at not being able to precede his subject by another, *The Responsibility of the Church for the Interpretation of the Bible*. He borrowed a few brief remarks from this latter subject by saying that the church must teach the Bible by incarnation and by apostolization.

Turning then to his original subject, he said, "There is no greater work today than the teaching of the Bible to the young. Although I do not feel capable of the work, I should like to see a book written under the title *The Parentheses of Paul*. 'From a babe thou hast known the holy letters which are able to make thee wise unto salvation which is in Jesus Christ' is the complete history and philosophy of Biblical instruction. A man may know the Bible from the beginning of

Genesis to the end of Revelations an never be saved. But there is that wisdom in the Bible to bring salvation. To obtain it, though, it must be known from a babe. Three factors enter into an understanding of the wisdom of the Bible, knowledge, faith, and the exercise of salvation. But the word itself recognizes peril, but shows a way out of danger; recognizes failure, but shows how to recover loss. 'I was saved' and 'I am saved' are entirely different expressions. Many men can point out the place and recall the date on which they received salvation. As for myself, there is no time or place in my memory. 'From a babe thou hast known' has been the way through which I have received salvation.

"Salvation deals not only with the soul; the spirit is the essential thing. No man acquires salvation by a knowledge of the Bible, but by faith in Him about whom the Bible is written. Faith is not intellectual orthodoxy. A man may be orthodox and be damned. A good working definition for faith is 'volitional submission to intellectual convictions.' That is the one essential of faith.

"But the question is, 'How to teach the Bible to the young?' If anyone in this audience has an idea as to how it should be done, they are right. To me, every scientific discovery is only a revelation of God. 'Ask and you shall receive, seek and ye shall find knock and it shall be opened unto you' is the promise to the scientist. Prayer is the most preeminently scientific work of which we are capable.

"During the past fifty years the entire process of teaching has been changed. During this period the most wonderful discovery has been that the mind of the pupil as well as the subject must be known by the teacher. The same thing is true in the teaching of the Bible. Portions of the Bible cannot be graded to the child's mind, as the elements of the mind change with the age of the child. The first change in the child occurs about the age of seven or eight. During this first period the elements of mentality, intellect, emotion, and will are present, but are not coordinated. The prepetual motion of a child is simple the outward working of the inconsistency of these qualities. The second change comes at the end of the twelfth or thirteenth year. During this period intellectual advances faster than the other qualities. A new method of instruction must be used here. After the second change until the third at sixteen or seventeen, intellectual development is held up, emotion is repressed, and volition leads. The clan spirit is born at this period. This is the time for the parent to stop commanding and to begin to reason and talk with his child. After the last change very little change ever takes place. The elements of the mind become coordinated, and the will falls under the intellect and emotion. This is the period of character formation."

Dr. Morgan then outlined his method of Bible teaching. In the first period, Bible stories as stories only should be used. In the second period, biography in chronological sequence should be employed. In the third period the history and government in the Bible should be considered with the recognition of the King over all.

Mr. E. M. Knox, ex '20 has been visiting friends on the campus since Sunday.

INTEREST MANIFESTED ON BENEFACTOR'S DAY

(Continued from page one)

"The South must be educated to education. We have got to put this campaign over or get out of the field of Christian education. There is enough leaven here to leaven the whole lump," concluded the Virginia minister as he predicted that May 10 next would see the movement brought to a successful close.

Dr. Hatcher was introduced by Joseph G. Brown, of Raleigh, chairman of the Executive Committee, in a few appropriate words.

Meeting in the Y. M. C. A. hall Wednesday afternoon, alumni and students heard Dr. W. H. Glasson, of the Department of Economics, discuss the problems which have affected Trinity the past few years and the needs for the future. President W. P. Few, following Dr. Glasson, reviewed briefly the issues which have had to be met during the unsettled conditions of the war and following, and the future of the college.

Dr. Glasson recalled the unsettled conditions which have so vitally affected the college during the past few years. He told how the declaration of war and the rush of men to the army threatened to leave no men students for a time, how women were, therefore, received in greater numbers in the college. Then, he continued, came the S. A. T. C. which attempted to embody the elements of an army camp with those of a college and with rather unsatisfactory results so far as learning was concerned. The war over, it was pointed out, the number of students desiring admission grew tremendously, bringing with it the problem of dormitory space.

All of these problems have had to be met and solved, declared Dr. Glasson. After the war the question of how to secure money to meet the increased cost of college operation accompanying the soaring of prices presented itself. Only through love for the college and their work were efficient members of the faculty retained, the more lucrative positions offered on every

all the time tempting. If the high standard is to be continued, he said, members of the faculties throughout the country must be paid in accordance with their position in the community.

The creation of the position of Graduate Manager was spoken of as supplying a link which should be strengthened between the alumni and the college. Dr. Glasson made it plain that men upon leaving Trinity should not entirely sever their connections with the institution. The securing of a trained man to direct a college news service would aid in remedying this condition, it was declared.

Attention was called to the widening sphere of usefulness which Trinity is entering upon. As examples of this, there was cited the annual summer course for ministers, the summer school for teachers, the addition to the college curriculum of courses which are intended to better prepare graduates for business life with reference to certain sections were mentioned.

Joseph G. Brown, of Raleigh, chairman of the Executive Committee, presided at the meeting, and, following Dr. Glasson declared that as soon as the success of the educational campaign soon to be waged by the Southern Methodist church was assured, it would be possible to increase the salaries of the faculty. "As it is," he said, "the college and those connected with it owe a debt of gratitude to the faithful members of the faculty which cannot be repaid."

Prof. B. W. Barnard, Graduate Manager had been scheduled to speak on alumni activities, but at the time was attending a meeting of the Alumni Council. Dr. Few, therefore, offered a few remarks. He pointed out that no campaign for funds to increase the salaries of the faculty members had been conducted, for to do so might dampen the ardor in the educational campaign of the church soon to be launched. Concluding his remarks, he declared that the time has come when Trinity must enter upon a period of further expansion. He seemed confident that means whereby this could be accomplished would be found.

Immediately after the address of Dr. Morgan Monday night, Rev. M. T. Plyler, speaking for Mr. J. B. Ivey of Charlotte, presented to the college a portrait of the late Rev. George Washington Ivey, for fifty-two years an itinerant Methodist circuit rider of the Western North Carolina Conference and for whom there is endowed at Trinity College the Ivey Chair of Biblical Literature. The portrait was accepted by President Few on behalf of the college.

CO-ED NEWS

The Sorority Pan Hellenic Council entertained at a picnic at Lake-wood Park Monday.

Pearl Adams and Carolyn Avera spent the week-end at Smithfield.

Annie Higgs, Margaret Russell, and Blanche Barringer spent the holidays with Mary Blair Maury in Kernersville.

Gazelle Kerner visited her parents in Kernersville last week-end.

Julia Carver who is teaching in Fayetteville was a visitor on the campus last week.

Over half of the co-eds took advantage of the holiday to spend the week-end at their homes.
