ELON ELEVEN YIELDS TO COACH EGAN'S WARRIORS

METHODISTS WIN FOURTH FIGHT OF SEASON IN HARD FOUGHT CONTEST SATURDAY

FOURTH CONSECUTIVE VICTORY

Hall and Crute Were the Individual Stars. MacGranahan, Leach and Neal Played Their Positions Well. Interesting Game

With only the Thanksgiving game to play and with an undefeated team after the defeat of Elon Saturday on Hanes Field by the score of 13 to 6, Trinity's prospects for a successful season loom large. Elon was heralded as a strong team, and her strength was not over stated. Slightly nervous during the first few minutes play, she allowed Trinity to score a touchdown in the first two and a half minutes of play. After this dash, however, the game was one of thrills and tense situations. For the spectators, the game was probably the most interesting of any played so far this season. The number of first down made by both teams was greater than in any previous game, although in the offense Elon appeared more formidable than Trinity, making nearly twice as many first downs.

Elon got away with her forward passes with fair success, many of her gains for first downs being made by forward passes. Trinity was less successful with her passes, although she got away with more in proportion to the number she threw than did Elon. Crute to Neal was the best combination for Trinity's passes.

"Rock" Hall, Trinity's fast quarterback, was again the star of the game, making great gains on end runs time after time. McNairy was also a good ground gainer, far exceeding his work in previous games. Time after time he crashed through the line and around the ends for substantial gains carrying everything before him. Crute was the defensive star. His tackling was all that saved the day in many places, more than half the tackles made by the Methodists being made by him. MacGranahan did well, but his playing was not so spectacular as was that of the others. Neal showed up at end as well as heretofore, while Pennington's playing was far better than he has exhibited in any other game. Leach was responsible for several Elon losses by tackles behind the line of scrimmage.

Elon played a charging game, interspersed with overhead work. With her heavy line and her rather corpulent center as a nucleus around which to center her line plunges, Elon was able to make many first downs by straight line bucks. Trinity was less successful in this feature of play, as her line was unable to break down the Elonites defense.

The most thrilling play of the game occurred in the last quarter, and the mettle of the Trinity line was tried to the limit. After rushing down the field by a series of line plunges, Elon came to Trinity's fifteen yard line, with her

Y. M. C. A.

The meeting of the Y. M. C. A. this evening will be in the nature of a students meeting. Short and interesting talks will be made by three members of the senior class. A full attendance of all college students is desired.

ANNUAL INTERCLASS RELAY WON BY SOPHOMORE CLASS

Snider, Wilcox, Fletcher Loving Cup Now Held by Sophomore Class

The sophomore class won the annual interclass relay race which was held Friday, Nov. 12 at 5:12. The race, which heretofore has been ten miles in length, was shortened to 2-1/2 miles on account of lack of runners. Only five runners were entered for each class, and each contestant ran only 1-2 a mile. The time of the race was 12 minutes 50 seconds. The other classes came out in the following order: Freshmen, Junior, and Seniors.

The class of 1923, by winning the race, is entitled to keep the Snider, Wilcox, Fletcher Loving Cup, given by the Toms, for one year, but it must win it for three consecutive years before it becomes the permanent possession of the class. This cup was won last year by the class of 1920, and the ten-mile run was made in 55 min. Sec. by the class of 1918.

The positions of the runners of the four classes did not change throughout the race, although the Freshmen runner, Pinnix, pushed them on the final lap and cut down their lead considerably. John Small made a very pretty run for the senior in the final lap, but the junior man had too much lead on him.

PROFESSOR FLOWERS HONORED BY EDUCATIONAL COMMISSION

Has Been Appointed Alumni Director of Educational Campaign Waged by M. E. Church

Prof. R. L. Flowers, secretary to the corporation, has been appointed Alumni Director by the Educational Commission of the Southern Methodist Church for the educational campaign to be waged by the church early next spring. In this position Prof. Flowers will organize the Trinity alumni over the state for the approaching drive for funds for Methodist institutions. Prof. Flowers in turn will name nineteen sub-directors to aid in the work. Each institution controlled by the Methodist church in the state will follow this plan of organization.

Meeting at Wilson Tuesday, November 23, and at Salisbury, Wednesday, November 24, the alumni of the various Methodist colleges in the state will complete an organization for the approaching campaign. Prof. Flowers will represent Trinity at these gatherings, while it is expected that the alumni directors selected for the other institutions under the control of the Methodist church will be present.

TRINITY GLEE CLUB TO GIVE CONCERT MONDAY

GLEE CLUB WILL MAKE INITIAL APPEARANCE MONDAY NIGHT IN MEMORIAL HALL

BIGGER AND BETTER THAN EVER

Club Will Begin Fall Trip November Twenty-sixth. Recital Monday Night Promises to be Best Ever Given Here

The Trinity Glee Club, Orchestra and Mandolin Club will give a recital in the Craven Memorial Hall Monday night November 22, at 8:30 o'clock. The Club has been practicing now for some time and it is assured that the recital contemplated will be even a greater success than was the one of last year. The Club will consist of twenty-five well trained men, and it is composed of a twelve-piece orchestra and an excellent mandolin Club. It is certain that the Club was enjoyed to the fullest extent last year, and as there are many of the old men of last year's Club back again this year, there will be a greater appreciation manifested at the close of the concert next Monday night. Tickets are being sold by several men on the campus, and it is expected that the Trinity men will purchase their tickets at an early date. The students will all agree, at the end of the concert, that their money and time were well spent. The Club has gone to considerable expense in getting up this program and it is the duty of every Trinity man and woman to

DR. BROWN MAKES SPEECH IN GREENSBORO SATURDAY

Delivers Address on "English and French Ballads" Before Union Meeting of Literary Club

Dr. F. C. Brown, of the English Department, lectured on "English and Scottish Ballads" before a union meeting of the literary and book clubs, of North Carolina, in Greensboro Saturday afternoon. Mrs. Wade Brown, of Greensboro, sang several ballads during the program.

Dr. Brown's lecture was divided into two distinct parts with an intermission between them. The first part was devoted to the ballad; its definition, origin, date, source, etc. When this was finished, Mrs. Wade Brown sang "Lord Lovel" and "Two Sisters." The second part of Dr. Brown's lecture dealt with folk songs; their origin, subject matter, source, etc. Mrs. Wade Brown then sang three typical folk-songs. "Hamlet," "Wreck," "Sour Wood Knot," and "Bonnie Blue Eyes."

In the second part of his lecture, Dr. Brown showed the characteristics of the folk songs and their influence. He classified the folk songs according to subject matter as follows: chanteys, boating songs, hunting songs, fishing songs, shucking songs, logging songs, Negro songs, both religious and work, and songs dealing with special occasions, weddings, funerals, trials, executions, etc.

FRESHMEN WIN OVER SOPHOMES IN FIRST BASKETBALL GAME

Game Played Monday Was Beginning of Interclass Series to Be Played This Week

By defeating the Sophomores in a very close and exciting game of basketball on Monday afternoon, the Freshmen became the winners of the first game of inter-class basketball to be played here this year. The score which remained rather close throughout the game, was tied at the end, 19 to 19, and was broken only after five minutes extra play. The final score was 22 to 20.

The game played on Monday afternoon was the first of a series of three which will be played this week to decide the class championship. The Seniors and Juniors will meet on Wednesday afternoon at 4:30 o'clock on the Duke gymnasium. The winner of the game on Wednesday will play the Freshmen team Friday afternoon at five o'clock to decide the championship.

The Freshmen team began the game with a rush, scoring five points in the first five minutes of play. They were able to hold their lead throughout the first half, and the score stood 9 to 4 in their favor at the end. The Sophomores come back in the second half with a determination to win and were able to pile up a good-sized score in spite of the fact that the Freshmen had put two fresh players. The

STUDENTS HEAR LECTURE BY DR. ADAMS WEDNESDAY

First of New Series Faculty Lectures Made to Joint Meeting Y. W. and Y. M. C. A.

The first of the new series of faculty lectures was given last Wednesday evening when Dr. R. G. Adams of the department of History, spoke before a joint session of the Y. W. C. A. and Y. M. C. A. on "The Caribbean Policy of the United States." Dr. Adams began his lecture by presenting the view the average educated Latin-American takes toward the policy of the United States Government since its foundation. "He pictures the United States as the colossus of the north," said Dr. Adams, "whose policy is that of aggressive, self-interested diplomacy. Its aim always has been for it to expand in territory, if need be at the expense of other countries, and to justify its action on the grounds of benevolence. Practically all of its expansion from the original Atlantic Seaboard, thinks the Latin-American has been a disregard of the rights of other nations, and he awaits with wonder the next step of 'the great bully of the north.' Each of these nations is

SIX SENIORS ARE TAKEN INTO PHI BETA KAPPA

NATIONAL SCHOLARSHIP ORGANIZATION TO HOLD TWO INITIATIONS THIS YEAR

ANNUAL CELEBRATION IN MARCH

Plans Are Being Made for Celebration of First Anniversary of the Founding of Chapter at This Institution

The fall initiation ceremonies of the Beta Chapter of North Carolina of the Phi Beta Kappa Society were held in the East Duke Building on Friday night, November 12, between seven-thirty and ten p. m. The six initiates from the present Senior class of the college were Chase Howard Benson, of Swan Quarter, North Carolina, Henry Elbert Fisher, of Zebulon, North Carolina, Samuel Martyn Holton, Durham, North Carolina, Grover Samuel Mumford, Hanrahan, North Carolina, Beulah Earle Walton, Morrisville, North Carolina, and Martha Eva Wiggins, of Denmark, South Carolina. These Seniors were elected to membership on the basis of their high scholarship during the first three years of the college course. In February next, additional members will be elected from the Senior class on the basis of the record made beginning with the second term of the Freshman year and ending February 1 of the Senior year.

The initiation ceremony on Friday night consisted of the ritual, prepared by the United Chapters of Phi Beta Kappa for use on such occasions. The candidates after taking the required pledge were formally admitted to membership and received their keys and certificates. After the initiation, there was an historical program, dealing with the early history of Phi Beta Kappa. Dr. W. K. Boyd, Vice-President of the Chapter and an honorary member of the William and Mary College Chapter, gave an account of the early history of the Society at William and Mary College, Virginia, where it was founded in 1776, the year of the Declaration of American Independence. He pointed out that Phi Beta Kappa is the oldest Greek-letter fraternity in America, and that members of the original William and Mary Chapter, exerted a great influence on the political and social life of the country. Dr. William H. Glasson, President of the Chapter, followed with a presentation of the historical facts regarding the extension of the Phi Beta Kappa Society to Yale, Harvard, Dartmouth, and other institutions. He also gave an account of the organization of the United Chapters of Phi Beta Kappa in 1881 and 1882. Since 1882, the right to charter new branches has been exercised solely by the United Chapters. In the latter part of Dr. Glasson's talk, he read a number of interesting extracts from an account of the early history and activities of the Harvard Chapter, which was chartered in 1781. He showed a surprisingly large number of the

EDITORIAL

All out for the Glee Club recital Monday night.

Didn't those "Fighting Cocks" hold that Elon line Saturday.

Anyway we are not fooled in our prediction.

Why the dark cloud hanging over the campus? Oh, we see, the interclass basketball series started Monday afternoon.

A strong and successful glee club is one of the best advertisements which a college can have. Last year Trinity, through the consistent work of Director Howerton and the united efforts of a few college men, was successful in working up one of the best, if not the best, club in the state. This year the club is even better than that of last year. The entire club this year is composed of twenty-five men, including a twelve piece orchestra. These men have had the proper training, and there is no doubt but that they will show it by rendering first class entertainment Monday night.

We have a good club, and we must support it. Buy your ticket at once to avoid the rush, and let's fill the house Monday night.

The recent agitation started on the campus for a holiday last Thursday has been the occasion for considerable comment among the students of the college. The trend of opinion is, if the *Chronicle* interprets it correctly, that the demonstrations last Thursday are not in keeping with the Trinity spirit. It is incumbent, therefore, upon those who have the interest of the college and the student body at heart to search out the difficulty and use due diligence to put an end to it.

The *Chronicle* feels that the majority of men in college are of the opinion that the movement was due to sudden spontaneous action on the part of the students. Had the proper amount of careful consideration been given the situation, no doubt, the movement would never have been agitated. As a general rule when a band of men ally themselves together spontaneously for the purpose of accomplishing some purpose, if each man would stop and seriously think for the second time almost invariably no action would be taken. It is human nature for men when they rush headlong into anything to be all of one accord, and then the man who stops alone and considers the question, after which he offers a dissenting opinion, is ridiculed by the others for his belief.

It has been stated that approximately three hundred and fifty men signed the agreement to quit classes on last Thursday. Out of this number it would be safe to say that at least one hundred signed the agreement without first having read it. They merely caught the spirit of the throng and under the spell of the impulse signed it. At least seventy-five signed the agreement thinking that it was a petition to the faculty. Some were brow-beaten into signing it, while others were willing to go the way of the crowd. No man signed it who first went back to the root of the whole question and gave the matter careful consideration, and as a result of failure to carefully consider the matter, the students spontaneously took the matter into their own hands and declared a holiday on their own accord.

But notwithstanding that the students erred, there is something that might be said in their favor. It is rather significant for hundreds of men in a student body to bind themselves together for the accomplishment of a given purpose. In the majority of cases there is invariably some cause or reason back of an affair of this kind. There must be some motive to prompt a student body to go so far as to take the laws of a college into their own hands; however, every clear-thinking man would resent a movement of this kind. Some, no doubt, felt that the occasion demanded a holiday, and had the faculty received a petition from the students in due time asking for a holiday in all probability one would have been granted. Last year a petition was presented to the faculty from the senior class asking for a holiday and it was granted, and this year the students were lead to believe through different channels that a holiday would be observed, and the *Chronicle* is of the opinion that had an explanation been given the students Wednesday, the trouble could possibly have been averted. Rumors of a holiday were being circulated among the students; yet there was nothing said about it, and the students voluntarily took the matter into their own hands.

From all indications the trouble has been settled and it is hoped to the detriment of no one. Apparently we have taken a blind road, and the only logical move now is to retrace our steps back to the main line and continue our journey on the right track again. There should be a closer relation between the students here and the faculty. The students should realize their subordination and should have respect for those in authority, and an act of taking the college laws and regulations into their own

DONATION TO LIBRARY HERE MADE BY HISTORY CLASS

Class in American Diplomacy Make Contributions of Many Books to College Library

The class in American Diplomacy is enriching the Library at Trinity College, by presenting the following volumes in its field of investigation.

C. Haskins and R. Lord: "Some Problems of the Peace Conference," written by two Harvard professors who were the American representatives on the Alsace-Lorraine and Polish committees at the Versailles Conference.

J. H. Bassett: "Our war with Germany," in best single volume history of the participation of the U. S. in the war, by the former professor of American history at Trinity College.

J. B. McMaster: "The United States and the World War," the second volume of the treatment by the dean of American historians.

Ray Standard Baker: "What Wilson did at Paris," by the official mouthpiece of the Administration, who was on the ground during the conference.

J. M. Keynes: "Economic Consequences of the Peace," the most talked of book of the year, by the representative of the British Treasury at the peace conference, who severely criticises the actions of the Big Four.

B. M. Baruch: "Economic and Reparation Clauses of the Peace Treaty," a deference of the American actions and a reply to Mr. Keynes book, by the Economic representative of the U. S. at Versailles.

A. P. Scott: "Making the Peace Treaty," one of the best volumes on the construction of the treaty and America's share therein.

Elihu Root: "Addresses on International Subjects," and "The Relations of the U. S. with Latin-America," by a former Secretary of State, whose opinion is likely to be seen in our diplomacy in the next four years.

Phillippe Bunau-Varilla: "The Great Adventure at Panama," the inside story by one of the chief actors in the adventure whereby the U. S. acquired the Canal Zone and in connection with which the Republic is still trying to collect \$25,000,000 in damages from the United States.

I. J. Cox: "The West Florida Controversy," the Shaw lectures delivered at John Hopkins University on this complicated phase of Spanish American Diplomacy.

J. H. Latane: "The United States and Latin America," by the dean of Johns Hopkins University.

As the *Chronicle* goes to press news is received of the death of Rev. R. M. Taylor, father of Wesley Taylor of last year's senior class. The college community extends its sympathy to the family in the hour of bereavement.

L. L. Rose, '22, Franklinton, N. C., was pledged to the Sigma Chi Fraternity Monday night.

hands should never be even dreamed of. If there cannot be developed a closer and more intimate relationship between the students and the faculty under the present system, there should be provided some means by which a solution to the problem can be reached. One solution to the present problem is for the students to get down and do some good hard work and cease trying to shirk the work assigned them.

ELON ELEVEN YIELDS TO COACH EGAN'S WARRIORS
(Continued from page one)

opposition crumbling before her. At this stage of the play Mabry was sent in to replace Derrickson at tackle. On the next four plays by desperate plunging, Elon made a first down, and held the ball on the Methodists' two yard line. The situation looked desperate, but Trinity's line staged a come-back that has been equalled in no previous game. Four times Elon attempted to carry the ball through the line and four times were they stopped in their tracks and hurled back, the ball going over to Trinity without an inch being gained by Elon.

The game in detail was as follows:

First Quarter

Trinity won the toss. Crute kicked to the 30 yard line and Elon was thrown for a loss on trying to advance wide around left end. Elon center passed high and the visitors lost fifteen yards on the first play. Unable to advance, Elon kicked outside to her own thirty-five yard line. "Rock" Hall made 20 yards on the Methodist's first play and on the second dashed around right end for a touchdown within two and one half minutes of play. Hall kicked the goal.

Crute again kicked to the twenty-five yard line. By a series of inside tackle plays Elon advanced for two first downs to her own forty yard line. Two criss-cross plays were then successfully introduced around both ends for a net gain of thirty yards. Around left end gave another five yards which was immediately lost by penalty. A placed kick by E. S. Johnson failed and the ball went over on the twenty yard line. Two end plays failed to materialize for the Methodists who kicked, Neal downing his man in his tracks. Elon again broke through the Trinity right tackle for a first down, but was then thrown for a fifteen yard loss on a bad pass from center. A pass to Johnson, E. S., brought ten yards and a center play the fifth first down for Elon. Cannon broke through center for five yards and Newman made first down around left end. On a free fumble Neal recovered within five yards of the Methodists goal. Hall again

bore the brunt of the attack in two end plays advancing fifteen yards. As the quarter ended, however, Trinity was penalized ten yards for holding.

Second Quarter

Crute kicked out to the 45 yard line. The Christians used their criss-cross for the third time for a fifteen yard gain. On its fourth use, however, Neal and Leach threw Marlette for an eight yard loss. A pass directly over center netted first down, short gains through the line producing another, placing Elon within five yards of the goal. Two line plays resulted in first score for Elon, Newman carrying the ball. E. S. Johnson failed to kick goal.

Odum kicked off to the 40-yard line. Hall dashed around left end for eleven yards. A pass failed, and Crute kicked, the ball going outside at the 35-yard line. Elon failed to gain through the line and tried a pass which failed. The criss-cross, Marlette running, resulted in a loss, and the Christians kicked. On a fake play McNairy broke around right end. Another pass failed, but McNairy gained fifteen yards and brought the first down. On a wide left run, McNairy gained fifteen yards and touchdown. Simpson failed to kick goal.

Crute kicked to the twenty-five line, Simpson nailing the catcher. A forward to Marlette brought five yards and another to B. B. Johnson netted twenty-five yards. Three passes failed for the Christians and the fourth was caught by Crute on the thirty yard line where the half ended.

Third Quarter

Crute kicked to the twenty-five yard line. By a series of fine and tackle plays, Elon advanced for two first downs to the middle of the field. Trinity was penalized, giving Elon first down. Here the white and blue line held for downs. McNairy broke around left end for twelve yards. Crute through the center for a first down. Crute passed to Neal for six yards. A pass and end run failing, the ball went over to the Christians. A double criss-criss resulted in nothing, a pass failed, and a right tackle play brought five yards. E. S. Johnson then punted outside on the Trinity thirty yard line. Hall dashed around right end for fourteen yards. Following a penalty and an unsuccessful pass, Trinity kicked. A wide right end run and a left tackle play brought ten yards and an end run by Perry fourteen. With five yards to gain on the twenty-five yard line the quarter ended.

Fourth Quarter

A tackle play brought first down and a series of line plays another. Mabry substituted for Derrickson. With fifteen yards between their opponents and the goal, Trinity now began a resistance which could not be broken. A final first down was won by fierce line bucking but on the two yard line, the white and blue held for downs, the ball going over, and Trinity immediately kicking from behind their goal. Following an end run and successful pass, Crute caught a forward pass giving the ball to the Methodist's on the twenty yard line. Crute kicked, Mabry downing his man on the catch. Leach threw Perry for an eight yard loss. Crute caught another pass. "Rock" broke around right end for sixteen yards. Pennington caught a pass which netted twelve yards, and there failed, and Hall advanced around right end for six yards as the whistle blew.

TRINITY GLEE CLUB TO GIVE CONCERT MONDAY

(Continued from page one)

back it up by attending the concert.

The Club's fall trip starts on the 26th of November, and will continue until some eight or nine days. This tour is to be made in the western part of the state and in part of Virginia. The Club will give a concert at Greensboro College, in Greensboro, N. C., Queens College, in Charlotte, N. C., Mt. Airy, N. C., Lexington, N. C., Monroe, N. C., Shelby, N. C., and in several other places which are not definitely arranged for as yet.

Mr. E. M. Howerton, the noted concert singer, is again the Club's director. He has been working the men continuously and strenuously. Mr. Howerton states that the Club will surpass the quality of any other Glee Club in the state. He has made out the program and it consists of about seventeen numbers all of which are "snappy" and arranged in good variety.

In former years the Trinity Glee Club ran on a somewhat different basis from that of the present year's. It appears that the other Clubs did not have a form of good organization. They did not elect any special officers, and consequently, irregular trips were taken. This year the Club adopted the method used by the Glee Clubs of the foremost colleges in the United States, and so far, it has proved to be exceedingly successful. The Club has run on in an ideal manner since the opening of college, and all the members of it have worked hard toward getting up the best Club ever made up at Trinity College.

The concert which is to be on Monday night will be, in a material form, the proof that the men have not been idle for the past two months under the direction of Mr. Howerton. Let everybody turn out Monday night and enjoy a splendid concert.

PROF. WILSON LECTURES TO CHEMISTRY CLUB FRIDAY

Instructor in Chemistry Delivers Interesting Lecture to Number of Students

"No noteworthy achievements results without experimental data," Prof. Wilson, of the Chemistry Department of Trinity College, told the William Howell Pegram Chemistry Club at its regular meeting Friday night. Prof. Wilson's subject was, "What it takes to make even a small addition to the sum of human knowledge."

In his address, Prof. Wilson outlined some of the assets that are responsible for the success in the scientific field. He further showed that no scientific discovery is the product of unprecedented work. In other words, the professor impressed the fact that the discovery of X-rays and other scientific accomplishments were the result of much painstaking effort of one, or many scientists.

The professor's example was a summary of research work, of which he had an active part, conducted on a plot of ground planted in pineapples by the Florida experimental station. The research experiment began in 1896, and by the making of soil analysis and several repeated fertilizer tests, a very neglected plot of ground was brought into profitable production by 1910. The value of the knowledge got from the experiment resulted in giving pineapple growers information which meant an increase of wealth that exceeded the million dollar mark, and confidence which insured a fairly good quality of fruit that was marketable in northern cities.

The lecture had its psychological bearings as well as its material value. Occasionally the speaker used his quaint style of humor which brought smiles from the faces of many serious-minded students.

SIX SENIORS ARE TAKEN INTO PHI BETA KAPPA

(Continued from page one)

most distinguished orators, authors, and statesmen of the country.

After the conclusion of the initiation ceremonies and historical program, which were held in the Hesperian Literary Society Hall, the Chapter adjourned to one of the parlors on the first floor of the East Duke Building, where refreshments were served. Interest was added to this part of the program by a number of short, informal talks on the activities and customs of the Phi Beta Kappa branches at other colleges and Universities. The Chapter had as its guest Miss Helen Judson, formerly a student of Trinity, and later a student and alumnae of Wellesley College, Massachusetts. Miss Judson brought words of greeting from the Chapter at Wellesley. Other members of the present Chapter gave instructive and amusing reminiscences of their former connections with the Chapters at the University of Pennsylvania, Yale, Trinity College, and William and Mary College.

The annual Phi Beta Kappa celebration this year will be held on March 29, the first anniversary of the founding of the Chapter. It is expected that a distinguished speaker will deliver a public address, and probably arrangements will be made for a Phi Beta Kappa dinner or other social gatherings. It is also possible that the Society will elect a few additional alumni members to be initiated on the anniversary day.

STUDENTS HEAR LECTURE

BY DR. ADAMS WEDNESDAY

(Continued from page one)
resentful and suspicious of the policy of the United States Government in dealing with the Caribbean situation."

"However, the United States in intervening in the affairs of these small countries has usually wrought results which not only benefit those countries in tending to have a stabilizing effect on their governments, but likewise in warding off dangerous foreign influence," declared Dr. Adams.

The speaker, with especial reference to Santo Domingo as an example, traced the difficult stages in its history and showed wherein the United States by a big-brother sort of suggestiveness and oversight had succeeded in overcoming the demoralizing effect of political revolutionists in that nation. There have been and are people in this country who think that the Dominican Republic should be annexed, and there are those who repudiate the action of this government saying that it has already proceeded too far. During the administrations of President Grant, this particular sovereign republic nearly became annexed, willingly and submissively, as an integral part of the United States. The action of his cabinet and the senate, however, prevented this course," continued the speaker.

"The main trouble with Santo Domingo, as indeed with the other

Caribbean nations, has been revolution under unscrupulous leadership, and the fact that the Latin-American has not yet come to the point of realizing that politics is a matter of principle rather than personalities," affirmed Dr. Adams, and he concluded by saying, "the results of our program in the Caribbean, including the activity of the United States Marines and the governorship of both Hayti and Santo Domingo by a United States naval commander have improved conditions there, and the main question now is one of consistency in our declaration favoring the self-determination of small nations."

PROFESSOR FLOWERS HONORED BY EDUCATIONAL COMMISSION

(Continued from page one)

Various details will be worked out. Alumni of the eastern part of the state will attend the meeting at Wilson, and alumni of the western part of the state will attend the meeting at Salisbury.

The purpose of the campaign, as explained in a previous issue of the *Chronicle*, is to sufficiently endow every Methodist institution in the South. The Educational Commission will direct the drive from its offices at Nashville, Tennessee.

If the campaign proves a success, a good sum of money will be added to the endowment fund of Trinity.

Clay Ring, '16, Kernersville, spent the week-end on the campus.

FRESHMEN WIN OVER SOPPHS IN FIRST BASKETBALL GAME

(Continued from page one)

score remained close throughout the second half, but the Sophomore team was never able to get ahead of the Freshman. The outcome was undecided, and at the end of the game the score stood 19 to 19. Five minutes extra play was given. Both teams played hard to win, but when the whistle blew, the Freshmen had scored three points while the Sophomores had scored only one.

Leper lead the scoring for the Freshmen, shooting two field goals and eight foul goals. Barnhardt, Bisette, and Spikes succeeded in getting one field goal apiece. Sanders played a good game at right forward for the Sophomores, scoring five goals. Taylor shot two field goals, and Holt put five foul goals into the basket.

Henry Carson West, valedictorian of '17, has been elected superintendent of the graded schools at Williamston, N. C. He succeeds Edgar Everett Bundy, '11, who has been in charge of the schools at Williamston for some years, but he has resigned to accept a position in Wilmington, N. C.

ANNUAL INTERCLASS RELAY WON BY FRESHMAN CLASS

(Continued from page one)

Harrison made the best run for the winners, while Scott did the steller work for the juniors. Pinnix made a very pretty run for the Freshmen, while Giles and Small showed up well for the seniors. The senior man on the first lap had the misfortune of dropping his message which threw them behind on the first lap.

The line-up for the race was:
First lap: M. F. Teeter, 21; N. L. Rutherford, 22; B. B. Harrison, 23, and W. S. Durham, 24.
Second lap: Roy Giles, 21; D. H. Crompton, 22; J. O. Sanderson, 23; and M. S. Rose, 24.
Third lap: Abe Rosenstein, 21; B. I. Satterfield, 22; M. Q. Tuttle, 23; and R. W. Boyd, 24.
Fourth lap: R. T. Dunstan, 21; J. W. Prince, 22; N. L. Crews, 23; and N. W. Blades, 24.
Fifth lap: J. H. Small, 21; J. F. Scott, 22; C. W. Shuster, 23; and R. A. Pinnix, 24.
Time: 12 minutes, 25 seconds.

Order of finishing:
(1) Sophomora.
(2) Freshmen.
(3) Junior.
(4) Senior.

Camel

CIGARETTES

Dear Old Boy PETE:

Dallas, Texas, Sunday.

This corner of the U.S. mainland is so wonderful in its bigness and bustle I guess I go mouth wide open and eyes staring! Why, Pete, Texans don't talk in miles—it doesn't mean anything! They'll tell you that this place, or that, is an all day trip, or two days and a night distant, etc! And, old yardstick, you've got the feet, just let it sink in deep that Texas is not only over 800 miles wide but it is our fifth state in population!

Heard a bird in the Adolphus hotel say that when he comes off the west border he figures he's close home to Baltimore when he's across the Lone Star state! Say, try that jump between Tennakana and El Paso! Some jaunt!

Pete, everything grows big down here—business as well as folks' hearts! I like the way they never forget! Here I was walking on Main Street yesterday when as fine a type of man as ever wore one of those broad Texas smiles came up to me. "How are you, lieutenant," says he. "Maybe you'll call back that day at Camp Dick when I brought over a bunch of Camels for the boys," he continued. Right there a Camel conference started!

Golly, Pete, this party costs Camel compliments faster than the mint makes money! "Lieutenant," says he, "I know when I'm set! I've smoked cigarettes for five years! (Now LISTEN, PETER!) I know Camels and I know their marvellous mild, mellow body and refreshing flavor and wonderful Turkish and Domestic Blend! A million Camels wouldn't tire a smoker's taste!" Pete, that's some testifying!

Between you and me, I'll be gazing at tall buildings and things around 43rd & Broadway—New York—about the hour this note hits Boston's Back Bay! Write me at the same old stand!

Sincerely
Shorty.

MR. S. D. GORDON COMES TO TRINITY IN DECEMBER

NOTED SPEAKER AND WRITER TO
DELIVER SERIES OF SHORT
TALKS HERE

IS AUTHOR OF "QUIET TALKS"

He is Eminent Speaker of International Reputation. Books Have
Been Published in Twenty-
eight Languages

The college has had the good fortune to secure Mr. S. D. Gordon, the noted speaker and writer on religious topics, to deliver a series of talks in December. These will be given at chapel time to the student body and the college community.

Mr. Gordon is best known as the author of the "Quiet Talks" series of little books. There are fourteen volumes in the series, which includes such familiar titles as "Quiet Talks on Prayer," "On Service," "On Power," "About Jesus," "On Personal Problems," "On the Tempter," and "On John's Gospel." The fourteenth, now in press, is entitled "Quiet Talks About Life After Death." It was prepared by request. A million and a quarter of these books are in circulation. It has been said that placed end to end they would reach from London to Paris or from New York City to Washington, D. C. They have been translated and published in twenty-eight foreign languages, including, besides the languages of Europe, Arabia, Coptic, Syrian, Persian, Chinese, Japanese, Korean, and several vernaculars of India and of Africa.

In response to invitations Mr. Gordon spent four years speaking in foreign lands. A year was spent in Asia. Engagements in India and Africa were canceled because of the necessity of returning home at the outbreak of the war. For three years he was speaking daily through interpreters.

Since his return to America Mr. Gordon has been giving series of "Quiet Talks" in theatres and down-town churches in the business district of the leading cities of the Atlantic Seaboard and in the west. These have been attended daily by hundreds, who taxed the seating and standing capacity of the buildings. Men and ministers came in large numbers. In New York City he spoke for nine weeks, in Philadelphia seven weeks, in Washington six weeks, in Baltimore five weeks, and in Atlantic City he spoke in a boardwalk theatre during two summers of nine weeks each.

The student body will have the rare privilege of hearing this eminent speaker of international reputation from December 5th to the 17th. His topics alone challenge our interest and curiosity.

E. C. Brooks, 23, of Raleigh, N. C., was initiated into the Alpha Phi chapter of the Kappa Alpha Fraternity on November 10. All the members of the chapter were present at the ceremony which took place in the West Duke Building. After the initiation an informal feed, at which the pledges were present, was given in the chapter room.

Winfred Swain Elias, ex-'18, Law '20, having passed the Supreme Court Bar examination in August, has located at Canton, N. C., for the practice of law.

DR. JOSEPH SPEED WEDS MISS GORMAN OF DURHAM

Ceremonies Were Solemnized Among
Several Friends at Trinity Church
by Rev. Wilcox

In Trinity Methodist Church, most exquisitely decorated for the occasion, Miss Gladys Gorman, the only daughter of Mr. and Mrs. T. M. Gorman of this city, became the bride of Dr. Joseph Anderson Speed on Wednesday evening, Rev. A. D. Wilcox performing the ceremony in the presence of friends and relatives that filled the church to overflowing.

Miss Alice Humbley, organist of the church, rendered appropriate wedding music while the guests were assembling and Mendelssohn's wedding march as the bridal party entered the door. Improvised music was softly playing during the ceremony.

First to enter were the ushers and groomsmen, R. P. Reade, Joe Ruff, W. B. Umstead, Dr. R. L. Felts, Louis Sasser, Dr. Foy Robertson, T. Y. Milburn, and Thomas Gorman. They were followed by the bridesmaids, Miss Pratt, of New York, Miss Madeline Knight, Miss Edith Gorman, of New Orleans, and Miss Rose Bryan, of Durham. Their dresses were of daisy yellow tulle over a foundation of white taffeta, with trimmings of metal cloth and gold lace, and each carried a bouquet of Columbia and Sweetheart roses tied with green and white tulle. The matrons of honor, Mrs. John A. Buchanan and Mrs. Yancey Milburn wore handsome gowns of white satin and their flowers were ward roses tied with tulle.

The bride entered with her father, by whom she was given in marriage, and met Dr. Speed and his best man, his brother, E. Y. Speed, of Kingston, at the altar. She was a picture of radiant loveliness in her wedding gown of white satin. The skirt had graduated ruffles of white tulle bound with a white satin, running from the bottom to each hip, and falling in graceful cascades that left only the front and back panel of satin. The hem was caught under, and the Belgian lace, with touches of orange blossoms caught and held in place her tulle veil which was arranged with orange blossoms around her charming face. She carried a beautiful bouquet of bride roses and valley lilies, showered with lilies and sweetheart roses. Her only ornament was a platinum and diamond pin, the gift of the groom.

The beautiful ring ceremony was used, and as a recessional for the bridal party a quartet, composed of Mrs. W. M. Yearly, Mrs. Frank Warner, Camden Hundley, and Dr. George Reade, sang the bridal chorus from Lohengren.

Dr. and Mrs. Speed will spend their honeymoon touring the New England States, stopping in New York on their way home. On their return they will make their home with Mr. and Mrs. I. M. Gorman, parents of the bride.

Mrs. Speed is a young lady of unusual charm, and has endeared herself to all who have known her in this state and other states. A Graduate of Hollins College, she is exceptionally capable and accomplished.

Dr. Speed is a son of Mrs. U. M. Speed, and is an exceedingly popular young physician in this city. He is a graduate of Trinity College and Jefferson Medical College, and is especially popular among Trinity students as the present college physician.

FRESHMEN WIN INTERCLASS TRACK MEET HELD LAST WEEK

Scott, '22, Was Largest Individual
Scorer in the Meet. Meet Held
From Monday Till Thursday

The Freshmen were the winners in the inter-class track meet on the Hanes Athletic Field last week, winning with a score of 44 over the score of 35 1-2 of the Sophmores. A large number of lower classmen were out to the meet, which lasted from Monday until Thursday, part of the events being run off every afternoon.

Scott, '22, was the largest individual score in the meet, making a total of 18 1-2 points. Schuster, 23, came next with a score of 15 points, and Pinnix, 24, third with 11 1-2 points. Other large individual scores were: Rutherford, 22, with 9 points, Barnhardt, 24, and Blades, 24, with 8 points each, and Jordan, 23, with 6 1-2.

The following is the summary of the meet:

100-yard dash: first, Barnhardt, 24; second, Sanderson, 23; third, Jordan, 23; fourth, Bissette, 24.

1 mile run: first, Schuster, 23; second, Rutherford, 22; third, Crews, 23; fourth, Blades, 24.

Shot put: first, Blades, 24; second, Scott, 22; third, Rose, 24; fourth, Bissette, 24.

440-yard dash: first, Pinnix, 24; second, Scott, 22; third, Rose, 24; fourth, Sanderson, 23.

High jump: first, Towe, 21; second, Pinnix, 24; third, Newton, 23; fourth, Jordan, 23, and Scott, 22, tied.

2-mile run: first, Schuster, 23; second, Harrison, 23; third, Blades, 24; fourth, Rutherford, 22.

Pole vault: first, Giles, 21; second, Farmer, 24; third, Rutherford, 22; fourth, Scott, 24.

220-yard dash: first, Scott, 22; second, Barnhardt, 24; third, Pinnix, 24.

220-yard hurdles: first, Scott, 22; second, Rutherford, 23; third, Rascoe, 23; fourth, Scott, 24.

Broad jump: first, Scott, 22; second, Jordan, 23; third, Pinnix, 24; fourth, Prince.

Half mile run: first, Schuster, 23; second, Gaston, 24; third, Prince, 22; fourth, Edwards, 22.

Final score: Freshmen, 44; 1-2; Seniors, 10.

PROFESSOR FLOWERS SPEAKS IN WINSTON-SALEM RECENTLY

Several Thousand People Hear His
Address Before Members of the
American Legion

An address by Prof. R. L. Flowers, secretary to the Corporation, featured the Armistice Day celebration in Winston-Salem last Wednesday.

Prof. Flowers was secured to go to Winston by the American Legion post of that city in connection with a celebration which had been arranged as a tribute to the fallen members of the post. The legion had been instrumental in securing the erection of a pole for a flag on the court house square, and Prof. Flowers was secured to deliver the presentation speech.

The members of the legion and the school children of Winston marched in a body to the exercises. In all Prof. Flowers was heard by a crowd numbering several thousand. The theme of his address was the duty which America owes to the dead in Flanders' fields, to see that the pledges made to them are fulfilled.

COLUMBIA

At the regular meeting of the Columbian Society, G. D. Harmon made an oration on the subject of "Need for Reorganization and Reconstruction of Labor," in which he brought out that bonuses, better houses, more amusements, and representative commissions would greatly improve the labor situation. C. E. Buckner spoke on the "Advantage of Education to State Progress," in which he traced the relation of education to business and progress.

W. R. Harris, J. D. Seerest, and Hugh Lefler, defending the negative side of the question, "Resolved, That the United States should abolish foreign immigration for the period of ten years," were successful over H. P. Powell, A. R. Lazenby, and G. S. Adams. The affirmative centered its argument on the preservation of Americanism and the effect of immigration and illiteracy, while the negative argued that immigration was vital to our industries and that restriction would not be democratic.

D. H. Connelly spoke on, "A Freshmen's Attitude Toward the Armistice Day Holiday," and F. G. Stough made a lively impromptu speech on the football victory over Elon.

Minor business matters were settled, and it was also agreed to postpone the yearly reception till after the Glee Club trip.

HESPERIA

The Athenian and Hesperian Libraries societies held a joint meeting Saturday night in the Hesperian Hall. A very enjoyable program was rendered by members of the two societies consisting of recitations, extemporaneous speeches, and a debate.

The debate was held on the subject, "Resolved that it is better to be a bigger fool than one looks than to look a bigger fool than one is." Miss Annie Garriss and W. J. Bundy upheld the affirmative while Miss Helen McCrary and H. C. Sprinkle defended the negative side of the argument. The debate was very interesting, and many personal references enlivened the affair and kept the audience amused throughout the entire discussion.

Misses Caffey, Barringer and Draughan delivered excellent recitations for Athenian and Messrs. Waggoner and Giles did the same thing for Hesperia.

J. D. Lewis delivered an extemporaneous speech on the subject, "The Advantage of Good Looks," Helen Cantrell spoke on, "Seven Ways to Bluff Professor Cowper," and S. S. Fariabow made a short talk on, "Why I spend my winters at Trinity College instead of Palm Beach."

After the regular program, a short business meeting was held which was made entirely humorous except for the motion to give Misses Helen Cantrell, Hunter Holway, and Sara Dashiels a rising vote of thanks for their assistance to the Hesperian Society in their last social.

Clark Conrade Alexander, '19, and former editor of the Chronicle, who has been doing effective work in the way of distributing educational and religious literature in the Rockingham District, has entered the theological department of Princeton University for the second year's course.

Co-Ed News

Mrs. Clay Ring spent the weekend with her sister, Gaiselle Kerner.

Agnes Judd visited her home folks at Cardenas the past weekend.

Mrs. A. F. Finch has been visiting her daughter, Elizabeth Finch, for several days.

Library Notes

Rev. L. S. Massey, editor of the Raleigh Christian Advocate for many years before its consolidation with the N. C. Christian Advocate and editor of the consolidated paper for a year and a half, has sent to Trinity College library "Daily Christian Advocate of the General Conference," for 1878 and twenty-five volumes of the latter cover, the years 1863, and 1894 inclusive with the exception of the 1877 and 1888. The Library has had the volumes for these two years for a long time.

The acquisition of these twenty-six volumes completes the Library's file of the Raleigh Christian Advocate, with the exception of a few papers, from 1868 to the time of the consolidation, June 12, 1919. The Library is grateful to Rev. Massey and the Raleigh Christian Advocate Co. for this very valuable gift.

The Durham-Raleigh district of N. C. Library Association met in Durham Thursday, Nov. 11th. About thirty library workers were present and discussed subjects of interest to the college and public librarians.

The morning session was held at the Durham Public Library, Mrs. Grigs, Chairman of the district presiding. A number of beautiful children's books were displayed and the program centered around library work with children. The week of Nov. 15-20th, is observed by the American Library Association as Children's Book Week. Mr. Holland Holton made an interesting and practical talk on the co-operation of the library and the county schools.

At noon the delegates were entertained at luncheon in the Y. W. C. A. cafeteria by the trustees of the Durham Public Library.

The afternoon session was held at Trinity College Library. Dr. W. K. Boyd spoke on the economic and historical value of collecting local history. This is one of the most important lines of library work and Dr. Boyd's lecture was a great inspiration and practical help to the librarians.

R. K. FARRINGTON READS AN INTERESTING PAPER TO CLUB

The Biological Club held a regular weekly meeting in the science hall Monday evening with a good attendance. The club was favored with a paper by Mr. R. K. Farrington concerning "Heredity of Skin Color in Black and White Crosses." The paper was a follower of the paper of the preceding meeting as rendered by Mr. L. M. Draper. Mr. Farrington pointed out that the Mendelian law does not follow in the case of skin color. The paper was well presented and still better enjoyed by the members present. The club enjoyed the lengthy discussion among the members as an aftermath of the real topic under discussion. The club adopted a new constitution as presented by the constitutional committee, with a few corrections.
