UNIVERSITY OF VIRGINIA AND NORTH CAROLINA STATE LOST GAMES TO TRINITY LAST WEEK

STRONG VIRGINIA SQUAD DEFEATED FRIDAY NIGHT

Only Defeat of Virginia Trip Over-Come by Friday's Contest. Simpson and Spikes Were Stars

Playing in their best form, the Trinity basketball tossers won easily from the University of Virginia quint Friday night in a moderately fast game played in the auditorium of the Durham High School, and piled up a score of 37 to the Virginian's 24. The auditorium was packed with an enthusiastic crowd of Trinity supporters, who had come to see Burbage's boys reap revenge on the Virginians for their defeat at the University's hands during the basketball trip through Virginia.

Opening the fray with a terrific onslaught, the Trinity tossers soon gained a big lead on their opponents and succeeded in maintaining it all through the game. The first half of the contest ended with a score of 17 to 11 in favor of Trinity.

During the second half the Virginians played a much more consistent game, scoring two excellent goals from near the center of the court and keeping the Trinity aggregation on its toes until the last few minutes of play. In this half Trinity scored 20 points and Virginia 15, making a total of 37 and 24 respectively.

Within the last few minutes of the game, center manager sent in Emmerton, Winters, and Brooks as substitutes in order to give them an opportunity to show their worth. Pennington, a letter man in basketball, has been unable to participate in any contests heretofore because of a weak ankle which came as a result of an injury sustained in football last fall.

The Virginians exhibited remarkable defensive work despite the scoring of the Methodists. Walp stuck with Spikes like a leech, and it was only by means of the swift passing and footwork that Spikes was able to score at all. Crute held his man scoreless, and Neal allowed Stanley only three baskets.

Simpson was the most successful goal-getter for Trinity, scoring 3 field goals and 10 out of 14 free shots. Spikes led his guard a merry chase about the court and scored four field goals. Bullock was for the most part successful in getting the tip-off from his opponent and caged three field goals.

The line-up and summary follows:
Trinity (37) Virginia (24)
Simpson (16) Lewis (2)
Right Forward
Spikes (8) Stanley (6)
Left Forward
Bullock (7) Miller (4)
Center
Crute (4) Brown (4)
Right Guard
Neal (2) Walp (4)
Left Guard

Substitutions: Trinity—Winters for Spikes, Pennington for Crute, Brooks for Neal. Virginia—McCoy for Lewis, Holland for Stanley, Hall for Brown. Field Goals: Simpson 3, Spikes 4, Bullock 3, Neal 1, Crute 2, Stanley 3, Holland 2, Miller 2, Brown 2, Walp 1. Foul shots: Simpson 10 out of 14; Bullock 1 out of 1; Lewis 2 out of 4; Walp 2 out of 2. Referee, Carboy, of Elon.

Big Increase in Number of Students.

The size of the present student body is the largest in the history of the institution. At this writing seven hundred and thirty-five students have registered at the Dean's office. This is an increase of forty-five over the number registered last term. The enrollment includes five hundred and ninety-four men and one hundred and forty-one women.

The Gamecock, U. of S. C.

N. C. STATE DEFEATED IN RALEIGH SATURDAY

Bullock and Simpson Do Stellar Work Against N. C. State Crew Led by Captain Leeper

Bullock and Simpson were the main reasons for the defeat of the State College basketball quint last Saturday night in the Raleigh Auditorium. Trinity won the game by a margin of five points—the final score being 32 to 27. The first half ended with Trinity on top to the tune of 19 to 15. During the second half Trinity scored 13 points, while State scored 12.

State College was heralded as an easy victim for Trinity, but soon in the game our men found that they had a real job. The long shots of Leeper and Johnson constantly brought the N. C. State side of the score board nearer the Trinity level, and on several occasions the score was tied for a long while, especially early in the contest.

Trinity did some successful dribbling on the Auditorium court, and Bullock's invasions and good shooting gave Trinity eight of its points towards victory. Simpson scored three field goals, one of them being the feature of the game, being sent through the rings with his left hand, and he also scored 12 out of 16 foul shots. The whole team seemed to show excellent ability at breaking up passes and pulling down the ball from all heights and angles.

Captain Leeper scored five field goals for the Red and White aggregation, some of them going a considerable length. Red Johnson did some good playing, but missed 7 out of 12 attempts at foul shots.

Approximately 1,000 fans filled the Auditorium, and Trinity supporters were much in evidence. The State College Band furnished music for the occasion.

Line-up and summary:
Trinity Pos. **State**
Simpson (18) Emmart
Right Forward
Spikes (2) Curtis (2)
Left Forward
Bullock (8) Leeper (10)
Center
Neal (4) Johnson (13)
Right Guard
Crute Jennette (2)
Left Guard
Scoring: Field goals, Simpson 3, Spikes 1, Bullock 4, Neal 2, Curtis 1, Leeper 5, Johnson 2, Jennette 1. Foul goals, Simpson 12 out of 16; Johnson 9 out of 16.
Substitutions: Brooks for Neal, Duls for Emmart, Wry for Duls. Referee, Mr. Kroger (O. M. L.). Periods, 20 minutes.

Alsopugh is Still Leading in The Championship Race

With the season of the inter-marshall basketball games practically at an end, and with five more games yet to be played, the standing of the different teams is as follows:

Team	Won	Lost	Pct.
Jarvis	3	1	.750
Aycock	3	3	.500
Eyworth	1	3	.250
Alsopugh	3	0	1.000
Rivins	1	3	.250
Branson	3	2	.600
Town	1	3	.250

Alsopugh leads the list with a thousand percentage, and Jarvis follows next with a percentage of 750. Eyworth, Rivins, and the town team have the lowest percentage, but these teams will have a chance to better their standing before the end of the season. Eyworth and Bivens, and Alsopugh and Branson will meet sometime during the first of the week.

RALPH CONNOR MAY BE THE NEXT COMMENCEMENT SPEAKER

Famous Novelist Will Probably Be Invited to Deliver Address at Commencement

Although it has not been definitely decided who will be the next commencement speaker, it is generally understood that Ralph Connor, famous Canadian novelist, of Winnipeg, Ontario, will be invited to deliver the principle address. Mr. Connor was asked several years ago to make the commencement address at Trinity but was unable to be present. He replied, however, that he would be only too glad to accept at a later date, and he will probably receive a second invitation for the coming commencement.

Mr. Connor, who in private life is known as Major Gordon, is a distinguished novelist, and his novels have gained for him a enviable reputation in this continent and in Europe. His novels were especially popular several years ago. His coming to Trinity will be looked forward to, and Trinity will indeed be fortunate to be host to such an eminent author.

TRINITY'S FRESHMAN BASKET-BALL TEAM HAD GOOD SEASON

First Freshman Team in History of College Defeated Strong Teams in State

With the game with the variety quint last Thursday night the Trinity Freshman basketball team closed its season. 1923 is the first time Trinity Freshmen have entered the realm of sport. Heretofore the teams representing the college have been varsity teams, and the inauguration of the Freshman team this year was something new to the college students.

Leading the first game to New Bern by a close score, the Freshmen have relieved themselves. They have beaten Oak Ridge twice, Apex, and Mebane, and have dropped games to Raleigh high school, Durham high school, and Greensboro Y. M. C. A. scrubs. Every game has been hotly contested, and the record for the season has been above par when the handicap of a late start is taken into consideration. The game with the variety, although rather one-sided, was still lively and showed that the Freshmen still had some fight.

The creating of a Freshman team has helped to broaden athletics at Trinity, which was the purpose of Coach Burbage when he called the first practice. Hereafter there will be more Freshman teams. The team this year has started what will prove to be a new era in sports at Trinity. W. L. Taylor, coach, and R. W. Spencer, manager, should come in for their full share of the praise both for their work well.

IMPORTANT ANNOUNCEMENTS BASKET-BALL

Trinity will play Wake Forest tonight at 7:45 in the High School auditorium.

The Trinity-Guilford game will be played in the Angier Duke gymnasium, Friday night, March 2, instead of the High School auditorium which will be used that night for another contest.

The Trinity-N. C. State basketball game will be played in the High School auditorium, Saturday night, March 3, at 8 p. m. This will be the last game of the season.

TICKETS

Spring athletic tickets will be required for admission to the Guilford and State basketball games.

LYRINE CONCERT

The Loraine Wyman concert will follow immediately after the Wake Forest game, tonight, in the High School auditorium.

BORN: To Mr. and Mrs. James Cannon III, a son, on Tuesday morning.

PROSPECTS FOR TRACK TEAM ARE NOT BRIGHT AS SEASON APPROACHES

ONLY A FEW OLD-TIMERS ARE BACK TO FORM NUCLEUS FOR NEW SQUAD

BLAKENEY WILL ASSIST COACH

Graduate Student Chosen to Help Burbage Train Track Men for Coming Season

The prospects for a winning track team are not as bright as they should be, owing to the fact that so few men are now going out for this branch of athletics. At present, only thirty-six men have reported to Coach Burbage.

"We need more men out!" said Coach Burbage in answer to a question regarding the prospects for the track team. "We can't have a good track team until the students begin to take more interest in it."

The coach has announced his intention of drafting some of the hefty fellows, who are "cookie-punch" and "tea-bounding" around the campus, into the track squad, even if he has to use cave-man tactics. With basket-ball and wrestling in full swing, there has been comparatively little interest taken in track. With the close of the wrestling and basket-ball seasons, however, a number of good men are expected to appear out.

Only a few of the old men have as yet appeared for training. Captain Shankle, veteran track man, is as good as ever in the high and broad jumps, while the two-miler, Schuster, is also going strong. The other old men are: Burnham, 100 yard man; Harrison, hurdles; Price, 220 yards; Gorman, dashes; W. H. H., distance runs.

Hargrove and "Pap" Hatcher both made good showings in the fall cross-country run, and they are now in strenuous training. Among the freshmen candidates for track fame and glory are several fast prospects. Vey Allen, freshman, is showing some class in the hurdles and jumps. Clemenson, also of the frosh, is a promising four-forty aspirant. In the dashes, freshmen Waldo and Shaw will probably give the old men a hard run for places on the cinder path. The number of men out for the pole vault amounts to grand total of one—freshman Jordan being the only man yet out for this place. No men have yet shown up for these very necessary classes, namely, the discus, weights, and the javelin. "Pap" Crute, who hurled such a wicked javelin last year, is expected to appear for training as soon as the basketball season is over.

It is to be hoped that with the arrival of milder weather, a large number of students will report to the coach, or to Manager Wilson, for work on the squad. Trinity has ample material for a state championship team. If the students will take a greater interest in (Continued on Page Six)

Plans Being Formulated For High School Day Celebration

Representatives of the various organizations, fraternal and literary, met Monday night to formulate a plan for the realization of a High School Day. It is the purpose of this movement to bring approximately sixty of the outstanding high school seniors from twenty or thirty of the leading North Carolina towns to visit Trinity as the guests of the various organizations of the college.

These students will be chosen for their all-round qualities, and will be brought to Durham about April 21, where they will see one of the big Trinity baseball games and take part in other entertainments.

'Deed He Do

The moon shines East,
The moon shines West,
But Father knows where
The moonshine's best.

FRESHMEN AT TRINITY SHOWING MUCH INTEREST IN TRIANGULAR DEBATE

NINETEEN FRESHMEN APPEARED AS CANDIDATES THIS MORNING

DEBATE TAKE PLACE IN MAY

Triangular Debate to be Held With Trinity, U. N. C., Wake Forest as Competitors

Nineteen men from the freshman class met with Professor Holton this morning right after chapel to arrange plans for the freshmen triangular debate which is to be staged on May 5. Carolina, Wake Forest, and Trinity are to compete in this series of debates.

The proposition for a triangular debate between the three institutions came from Carolina, and was readily accepted to by Trinity and Wake Forest. This contest will contribute greatly to the development of former high school debaters, and increase their ability as potential intercollegiate forensic speakers.

The preliminary to this debate will be held on or about April 5, one month before the debates come off. Carolina and Wake Forest have each submitted one question, and as THE CHRONICLE goes to press the freshmen are having a meeting to select one of the queries. The query which seems to have the better chance of adoption is the one dealing with the Federal bill in regard to tax exempt securities. The other proposition deals with the adoption of a responsible cabinet by the American government. Other details are being arranged this afternoon, and will be printed next week.

Trinity should be able to turn out a team, and the other two schools should, and Hollowell, Durham lads who won the Aycock cup at Chapel Hill last year, are both members of the freshmen class, while there are a number of others who won distinction as high school debaters, among them being Blakeney, of Monroe, and Gibson, of Laurel Hill.

VOLLEY BALL MAY BECOME INTER-COLLEGIATE SPORT

Cap. Card Predicts Bright Future For Popularity of Men's Game

With his usual keenness of insight into the future, Cap Card has introduced into Trinity College athletics a sport which he says will soon be adopted by colleges and universities throughout the South for inter-collegiate contests. The sport is the well-known game of volley ball, the business men's exercise. Although the cynics scoff at the idea of a student body becoming aroused over a game of volley ball, Cap is not one whit disconcerted. He says that basket-ball was ridiculed in a similar manner when he introduced it at Trinity in 1906.

Cap believes strongly in "Data." Cotton's economic theory of the value of an early start; consequently he has already picked a team and has arranged two games to be played this week with the West Durham and the Durham Y. M. C. After the team has achieved laurels from these victories, Cap intends to look about for more formidable opponents, perhaps college aggregations, if such there be.

The men who compose the "lightning six" have been chosen by Cap because of their unusual work in volley ball contests held regularly in connection with the physical training classes. The six men are as follows: Bryan, Roane, R. H. James, C. G. Scott, Dinty Moore, and Brandhardt.

Miss Loraine Wyman will give a folk-song entertainment to the Trinity student body this evening. She will be accompanied by Mrs. Louise Smith, who is a talented pianist. Miss Wyman's songs will be divided into three groups: Songs from France and Belgium, songs from Kentucky, songs from England and Canada. With each group of songs Miss Wyman will wear the native costume.

EDITORIAL

PARAGRAPHS

Wanted: More men out for track.

Trinity got third place in football, second in basketball, first in wrestling, now it should pull down one or two first places with baseball, track, and tennis looming up.

The cry used to be: "When are they going to start on the gym?" Now we wish to know when the Science Hall, Law School, Religious Training School, and a few other buildings are to be built.

Will the literary societies do any work this Saturday? Apparently they have one more Saturday to lose right away, or from another viewpoint, the unfaithful member has one more chance to be absent without paying a fine.

MORE ATHLETES SHOULD COMPETE FOR TRACK TEAM

Trinity's track team will open its season on the ninth of March when it takes part in the big Indoor Track Meet which is to be staged in the Star Brick Warehouse. The team will not be ready for this meet because the coaches have not had enough material to work with and develop. Trinity will probably win the high and broad jump, but unless some surprise is sprung its team will win very few other places. While it is too late to worry over this meet it is high time that a team be developed for the collegiate meets which are scheduled for this spring.

Before the renewal of football Trinity did have a good track team, but because she has a good football team now is no reason that she should not also have a good track team. The secret of the success of a track team lies in the football and basketball players who are not going to play baseball. There were approximately forty men who remained on the football squad throughout

the season, and a large number of these men can be developed into good track men. The basketball squad, while not as large as the football squad, should furnish a few good men. Both these squads went through intensive training and their endurance and strength was developed to the highest degree. With little training they could be brought back to mid-season form. Their track work would not only be a great help to the track team but would be training for football and basketball next season thus accomplishing a two fold purpose.

It is not always safe for a very good basketball or baseball player to try his luck at a new sport like football, for there is always a danger of injuring the shoulders or feet. However, in track work there is very little danger of any permanent injuries.

Many men are needed for the dashes, jumps, runs, hurdles, javelin, shot put and pole vaulting. In fact there is not a single first place clinched on the track team with the possible exception of high and broad jump and a close second and third to Captain Shankle in these sport are certainly needed. Trinity for the past few years has always been short of men who could win these second and third places, even if she did win some of the first places. A team may win every first place except one and still lose the meet because she does not have the men to take the other places. Second and third to take the other places. Second and third to take the other places. Second and third to take the other places.

The coaches have called for more material and they must have it. The football and basketball men can relieve the situation. It may seem a hardship on these men but it is well known that they are the best and practically the only athletes in college and on them must necessarily rest the fate of our track team.

J. B. H.

CHANCE FOR TRINITY AND DURHAM TO PROMOTE HIGH SCHOOL BASKETBALL SERIES

The various basketball teams representing the High Schools of North Carolina are at the present time engaged in competition for the State Championship. This championship series is managed by the University of North Carolina, and it has oversight of all the details, makes all the arrangements, arbitrarily fixing schedules, thus compelling teams to meet at times set for them if they care to fight for "the coveted flag."

Trinity alumni who are connected with the various high school faculties and coaching staffs state that the uncertainty of this system makes it impossible for each high school to map out a satisfactory schedule for itself. The teams competing for state honors are given a few days' notice that they are to meet some other team at a designated place, and the lack of time often precludes the possibility of adequate advertising which often results in a financial loss to the athletic treasury of the teams participating.

We are informed that several of the larger high schools of this state have practically decided not to operate under this old system after next year at the latest. It has been suggested that every high school team map out its own schedule for the entire season, and at the end of the season a tournament be held in which the teams with good records would be allowed to compete on the elimination basis.

For the successful realization of such a tournament it is necessary that enough basketball courts be available in one place so that several teams may play at the same time, thus cutting down the number of days required for an elimination series. Trinity College will be ready to meet these requirements next year, and if the athletic authorities can make all arrangements right away for the future, such a tournament could be staged here next year.

The Alumni Memorial gymnasium could be devoted to the principal matches in such a tournament, both in a semi-finals and the finals. If the Angier Duke gymnasium still retains that classification, it also will be available for matches, while the High School gymnasium, the Y. M. C. A. floor, and the basketball court at the Erwin community house are logical places for other matches.

It is seen that Durham by next year will be the logical place for holding a regular tournament, for with its four or five basketball courts it will be possible for a real tournament to be held here in the space of two days. Thus the high school teams would have greater freedom in arranging their games during the year, eliminating many of the objections to the present system.

The leadership which Durham aided by Trinity has given to the indoor meet and the Olympic games should be continued so that Durham's place as an athletic center be made a thing of reality.

NOTICE

The next issue of THE CHRONICLE will be the annual Basketball Issue. Plans are now on foot for the publication of a Law number in March.

All Associate Editors and reporters of THE CHRONICLE are required to attend the regular staff meetings every Friday, at 6:45 p. m. in 101 Aycock Hall.

The Physics Club will meet next Tuesday night in the Physics room. An interesting program has been arranged.

OPEN FORUM

Mountville, S. C.,
Feb. 14th, 1923.

W. H. Lander,
Editor-in-chief.

My dear Sir:

I appreciate highly, and am grateful for the courtesy shown me by your sending to me the copy of your February 7th issue. It is a fine specimen of intellectual and mechanical workmanship. Realizing the mightiness of the mental and spiritual influence going out through the trained mind of a graduate, one is brought to comprehend the fact that Trinity College is a great American asset.

Americanism is a soul. Americanism implies all that is pure, noble, heroic, and sacrificial in man, and expresses the creative power which holds and builds human character toward the Divine image.

Truly yours,
GEO. STUDSON DELANDO. (Rev.)

Trinity Wrestlers Defeated W & L Team Monday Evening

Washington and Lee lost to Trinity Monday night in a slow and uninteresting wrestling meet by a score of 21-3. The Generals were outclassed throughout but they were persistent and the matches were won on decisions.

Hardaway, May, McCellan, and Daniels won over Payne, Cummings, Hubbard, and Kilmon. The only two bouts in which much interest was manifested were Midgett and Elms, and Ashbury and Matheson. The first was won by Midgett by a decision, and the latter by Ashbury, also a decision.

Max L. Barnhardt, '26, of Greensboro, was pledged to the Beta Lambda chapter of the Sigma Chi fraternity last Friday night.

I TEACH MEN TO THINK

By Jas. H. Warburton, '11,
Marietta, Ohio

I am the builder of men who build things.
When I speak, knowledge flows as does the river.

I am the store house of wisdom.
I am the creator and developer of culture.

My works are known in every land.

My job is to lead the human family out into everlasting light.

I teach progress.
I teach peace and prosperity.
I teach the gospel of faith, love, charity and harmony.

I am the generator of human effort.

I open men's eyes to the great blessings of life.
I give everything for the upbuilding of mankind;

I ask little in return.
On my shelves and in my vaults is found all the accumulated knowledge of all time.

From my laboratories come the great discoveries that make the wheels of progress go.
From my doors men go forth to lead the world.

The greatest statesmen, professional men, business men, captains of industry, ministers of the gospel are among the living examples of my handiwork.
The world is my vineyard.
I make men to understand;
I teach them to think.
I am the College.

Drunk—"Where does Jim Murphy live?"
Friend—"Why old top, you're Jim Murphy."
Drunk—"I know that, but where does he live?"—Ex.

STUDENT GOVERNMENT WAS ENDORSED BY FRATERNITY

Three Men Were Initiated Thursday
By 9019—Banquet Given At
Goody Shop

The initiation of three men into the 9019 scholarship fraternity last Thursday was followed by a banquet at the Goody Shop, where, upon the motion of Henry Sprinkle, the fraternity voted a unanimous approval of student government and the honor system at Trinity College. Plans were discussed by members of the organization for the promoting of scholarship among College students and the arousal of greater enthusiasm for College activities on the part of members of the fraternity.

The horseshy and "tough stuff" were administered to the initiates Wednesday night. Performances of a burlesque nature were staged by the initiates at Southgate Hall, at the High School auditorium, before the Trinity-Davidson wrestling match, and in front of the Southern Conservatory of Music. Thursday morning the "goats" appeared in the customary regalia of 9019 initiates, that is with coats, shirts, and red ties and with one red and one white sock each.

Dr. Bert Cunningham acted as toastmaster at the banquet Thursday night. Speeches were made by each of the new initiates and also by Prof. H. E. Spence, Dr. W. H. Wannamaker, Henry Sprinkle, and B. B. Harrison. The general theme of all the talks was the need of a more enthusiastic support of College activities from 9019 members. The keynote of the fraternity's purpose in College life was struck by Dr. W. H. Wannamaker when he emphasized that scholarship and good fellowship go together just as well or better than athletics and camaraderie.

The following men were the initiates: L. S. Brady, '23, Durham; G. V. Allen, '24, Durham; E. B. Fisher, '24, Elm City.

Track and Relay Carnival to Be Staged at Georgia Tech.

Trinity College has been invited by the Georgia School of Technology to participate in the first annual Inter-collegiate Carnival, April 28, 1923, on Grant Field, Atlanta, Ga.

Invitations have been issued to 71 colleges and 131 Prep Schools throughout the South and Southeast. They will be modeled closely after the games held at the University of Pennsylvania. And it is the hope of the promoters of these games that they will become for the South what the Penn. Relays are for that section of the country.

Along with the usual relays will be given special events namely: 100 yard dash, 120 yard High Hurdles, Javelin throw, High Jump and the Pole Vault. These events are open only to College undergraduates and each school will be allowed to enter two men in each event. Gold, silver and bronze medals will be given as prizes in these events.

As Relay racing is rather a new sport in the south the Relay events of this year will be divided into two classes, A and B. The class the different teams will fall in being based on the average times made at the Drake Relays and the Penn Relays over a period of twenty years. Say if a College has a cracking good team in the mile which can do 3 minutes and 30 seconds, they would fall in Class A in this event. Say their Half Mile team can only do 1 minute 38 seconds in the half mile relay they would fall into Class B in this event. It does not seem fair to place a team of that caliber up against two or three teams that have been doing 1 minute 33 seconds, but in class B they would stand an excellent chance of winning. And coupled with this they will get the added experience that runners need so much.

For the last two or three years Vanderbilt has had the best mile Relay team in this section of the country, closely followed by Miss. A. & M., Louisiana State University, Sewanee, Ga. Tech. University of Georgia, and University of Kentucky. Clemson College's ½ mile relay team of last year was a bear in action led by the brilliant Salles. Emory University of Atlanta always puts out a cracking good team which gives the other teams of the state a hard fight every year.

Inquiries have been received from as far away as Texas and it is sincerely hoped, that the Colleges of that State will send a few teams to the meet. Texas is the home of great sprinters and hurdlers and their records in these events stand close around the top in the nation.

INTERESTING QUESTION IS DISCUSSED IN NEW ARCHIVE

Poems and Short Stories Are Good
But Wayside Wares Are
Above Par

The unexpected happened when the February Archive came out during that month. His issue is especially interesting and the articles on *Women's Place at Trinity College* contribute largely to this fact. Under the efficient management of Bradshaw and Turrentine the Archive is making rapid improvement, and a comparison between this issue and the first one of the year will bear out this statement.

The two editorials on *Class Spirit* and *Our Purpose* tell us that the Senior class is trying to shape the policy of the coming senior classes by starting to give a big banquet before the close of school in order to promote a lasting class spirit which will be an asset to Trinity. The Archive is planning to present several problems that face the students today in the coming issues.

The Pine Tree by Frances Gray reminds one very much of Mrs. Malaprop. The poem would not attract the attention of the average college student unless he studied it for several days on Dr. Crawford's Psychology Class.

In *Woman's Place at Trinity College* Herminia Haynes is still crying for the women and men to be called Trinity students rather than Trinity men and women. She evidently feels that when everyone is called a student that the women have won a great victory. She is very much worried because the women do not have athletic directors. Trinity's reputation to a large extent depends on the athletic teams and a female team cannot have a reputation and necessarily the men must have the directors first. As for Cap Card and his "Monkey" the men are entirely willing for the women to monopolize him seven days in the week.

Hall Lander wants to know what the women want anyway, and declares that the women are complaining because they must support Trinity athletics. Lander sensibly closes his article thus: "If they want further honors, they can get them by competing for them. If they want sympathy, they can get it at home."

Helen Cantrell's article may be summed up as an excuse for the women being at Trinity. One very plausible excuse is that since women are admittedly the powers behind thrones, they should early get in practice by coming to Trinity where the men who are to sit on the thrones are receiving their education.

The Senior, although he denies it, evidently sees that he is fighting a losing fight and still wants to be on the winning side. By his article one would judge him to be a henpecked husband. *The Tenderest Flower* by D. W. Newcome comes up to its usual high standard of poetry. *The End on Sam McGee's Place* by Secret shows a lack of familiarity with his setting yet the story is well written and holds one's interest to the end. R. R. Harris has been reading some of McNeill's poetry and suddenly became inspired to compare McNeill and Burns in his poem *To John Charles McNeill*. Harris also contributes *The Folk Song* which should be a recommendation to the Folklore Society in case he is not already a member.

H. I. McDougle has a well written story, *The Sixth*. Hal Oliver reviewed "Joan and Peter," by H. G. Wells. In *Exchanges*, the *Hollins Magazine* and the *Aurora* of Agnes Scott are commented upon.

The Wayside Wares are the best of the year. *Red Devil—It's a Lie*, evidently by Sophia Ryman, is especially good.

HORACE HORSE.

Dr. A. D. Wilcox of Trinity Church spoke to a small meeting of the Y. M. C. A. last Wednesday night. His subject was the *Christian Ministry as a Profession*. By making a distinction between professional work and a ministry of service, the speaker emphasized that ministerial endeavor was for service and not for gain. He pointed out that a minister's life was one of spiritual self-satisfaction, service to others, and work for God.

Max Barnhardt Elected to Presidency of Frosh Class.

The regular election of officers of the freshman class took place Saturday, resulting in the election of Max Barnhardt as president, succeeding Barney Carter, the temporary president.

John B. Frank was elected vice-president by the frosh, while Edith Roberts was elected secretary.

Indoor Track Meet to Take Place on Monday March 9th

The final plans for the big Indoor Meet were outlined Monday afternoon at a meeting of the various committees. This meet, which is to be held March 9, promises to be bigger and better than the one last year.

The meet will be divided into two sections, the afternoon and night meets. In the afternoon the high schools and elementary schools will compete and at night the collegiate part will be held. Possibly some of the finals of the afternoon will be held at night also. The meet will be held at the Star Brick Warehouse again, with the afternoon session beginning at 3 o'clock and at night at 8.

The colleges that have already entered are Trinity, Elon, Carolina, Guilford, and Wake Forest. Davidson will not enter but State may send over some men for some of the events. Trinity will have contestants in eight collegiate events, 50-yd. dash, 220-yd. dash, 440-yd. dash, half mile, mile, high jump, standing broad jump, and shot put.

Tickets for the afternoon will all be twenty-five cents and there will be no reserved seats. Seats at night will all be reserved at 50 and 75 cents. Different sections will be reserved for the students of the different colleges.

Partial Eclipse of the Moon is Scheduled for Monday Night

An interesting bit of information has just been furnished THE CHRONICLE by Professor Patterson. On next Friday there will occur a partial eclipse of the moon, beginning at 9:28. The moon, according to astronomical forecasts, will enter the earth's shadow at 9:28; the eclipse gradually growing larger until it reaches the middle of the eclipse at 10:32. At the middle of the eclipse, the moon will be about one-half obscured. After reaching this point, the eclipse will become less and less visible until, by 11:26 o'clock, the moon will have left the earth's shadow entirely.

Professor Patterson states that a total eclipse of the moon occurred about three years ago, at two or three o'clock in the morning, at which time a large number of students stayed up to witness it. As the coming eclipse comes at an earlier hour, and at a time which happens to be date-night at the Frausack, the moon-gazers will have something of interest to look forward to in old Luna.

The past few days of sunshine and wind have dried the tennis courts very much, and if this weather continues, the next week or ten days will enable the management to begin work on the courts preparatory to the spring practice and matches.

There are a number of men ready to respond to Captain Turrentine's call. The men who played in the matches last fall, namely: Turrentine, Summers, Brooks, Mayer, and Whisman, are all eligible to play again this season. These men cannot, however, be sure of a berth with Shankle, Sloan, Kernes, Pinnix, Johnson, and several other men of this type working hard to succeed them.

With this number of men contesting for positions on the team and with the coaching of Dr. White, the prospects for the team are brighter than one might expect them to be.

The teacher: "People who drink too much coffee get what is known as the coffee-heart, and men who use too much tobacco get tobacco heart."

The oldest pupil frantically wailed his hand.

"What is it Elmer," asked the teacher, pleased by this show of interest.

"What I want to know is this," Elmer burst out; "if a fellow eats lots of sweets will he get a sweetheart?"

This year *The Reviewers Club* originated the idea of a series of Sunday night suppers. Eight girls were chosen each time to enjoy the pleasure of helping prepare Sunday night suppers.

L. L. Rose, '23, and J. Grayson Neal, '23, spent Sunday on the campus.

W. G. Stanford, '24, spent the weekend on the campus.

Grab—"Say, that freshman is the greatest soup-eater in the world."

Suath—"Now is that?"

Grab—"Well, I've seen soup siphoned and gargled, but he is the first man I have ever seen yodel it!"—Ex.

COLUMBIA'S PROGRAM FULL OF ORATIONS AND DEBATES

Kelley Delivered Good Oration On "The Dreamer," While Debate Was Above Average

At the regular meeting of the Columbia Literary Society last Saturday evening, an interesting debate program was carried out. The debate query, a live and up-to-date question, and one that is just now being given a good deal of publicity, was, "Resolved that the English form of government is more desirable than that of the United States."

The orators of the evening also spoke on very admirably chosen subjects. Their speeches contained much food for thought. Since each orator—to use the vile vernacular of the street—certainly "spoke a mouthful," it is to be hoped that the audience will seize the opportunity to chew upon these morsels of cogitation in a meditative manner.

W. R. Kelley spoke very convincingly upon the subject, "The Dreamer." He showed that many of the most brilliant thinkers of the past—the famous inventors, scientists, and literati—were considered mere dreamers in their own day.

C. H. Smith made a good talk, his subject being "The Value of Time"—a very timely subject. In a conversational, yet striking way, he expounded upon the folly of wasting one's time, and of the need of some sort of definite time-schedule for every college man. Smith was conceded to be the best orator by the judges.

The debaters were: W. C. Maxwell, affirmative; S. M. Kale, negative; H. M. Keever, affirmative; J. R. Abernathy, negative.

G. C. Erwin and E. S. Ware were called upon for short impromptu speeches. Erwin spoke on the subject, "How it feels to be the leading character in a play." Ware waxed eloquent with the theme "Following in the footsteps of my brother, R. D. Ware." He evidenced a desire to leave hoof-prints on the sands of time. According to Charlie Jordan, critic, Ware's feet are of ample dimensions to completely obliterate the foot-steps of his brother "R. D."

INSTITUTE NEGROES PLEASE AUDIENCE WITH GOOD SONGS

Hampton Institute Negroes Please Large Audience Monday Night With Selections

The short recital given Monday night, by the quintet from Hampton Institute of Virginia, was a rare treat to lovers of the Old Plantation songs. The songs sung by the quintet were of the religious type of old plantation days, and the large audience, which greeted the singers, seemed well pleased with the manner in which these songs were rendered.

The only fault the audience seemed to find with the quintet was that they got through too soon, and it will be some time before the audience forgets the songs of the quintet, and especially the big fellow with the deep bass voice.

At intervals during the recital, short talks were made by Dr. Few, Mr. Purvis, and Dr. Gregg who is president of Hampton Institute at this time.

Dr. Few spoke briefly in regard to the attitude we should take toward the advancement of the negro in the South. Mr. Purvis gave a short talk on the nature of the songs sung by the quintet. He told something of how they originated and of their value as folk songs. Dr. Gregg confined his brief address to the educational question in regard to the negro and to the racial question in the South today. He expressed the hope that Trinity would in the future sympathize with the work of his institution, and urged that Trinity students visit this institution if the opportunity to do so presented itself.

Five Men Initiated into the Pi Kappa Alpha Fraternity.

The Alpha-Alpha Chapter of the Pi Kappa Alpha Fraternity held its initiation in its rooms in Alsopugh Saturday afternoon. A banquet was given at the Marlborough Hotel that night at 10:00 o'clock for the new men. Robt. M. Gantt was toastmaster for the occasion and several old Trinity men were present among them being C. H. Lee, W. E. Smith, F. H. Kendall, W. B. Huxley and W. L. Ferrell. The initiates were: R. B. Babington, Jr., Gastonia; Everett English, Monroe; Geo. Harris, Albemarle; Earl McDavid, Cleveland, Tenn.; and Sam Ruck, Wilmington.

HESPERIA HAD INTERESTING PROGRAM SATURDAY EVENING

Allen and Bridgers Defeated Their Opponents in Spirited Debate On Timely Question

The regular meeting of the Hesperia Literary Society held Saturday night, February 24, was featured by an interesting debate, Resolved, "That members of Congress should serve the term immediately following their election instead of waiting for the next session to be called." G. V. Allen and J. E. Bridgers of the affirmative won the judges' decision over J. R. Killian and W. F. Craven of the negative.

The only orator of the evening was D. S. Johnson who took for his subject, "A Wise Mistake." He told of the opposition prevalent in the country to the purchase of Alaska from Russia. The people of the country including some of its greatest statesmen thought that the purchase was a big mistake on the part of the government officials concerned. Johnson showed how the United States has been repaid many times by the products of Alaska for the purchase.

The extemporaneous speeches of the program were well up to the usual standard. W. G. Bradshaw made a short but effective talk on, "Why I am so sleepy;" E. C. Markham gave in a very forceful way his opinion of "Woman's place at Trinity College;" C. G. Knox frankly disagreed with Markham's opinion in his talk on, "What I think of Markham's Speech." In his talk on the Virginia-
Trinity game, E. L. Stamey told the opinion of several Virginia men and of some of the Carolina stars on the game.

Prospects for Baseball are Encouraging as Season Starts

The prospects for Trinity's baseball team are so encouraging as to dispel the fears of the most pessimistic adherent of Trinity. In all departments of the game the improvement will be marked. The team is, in all probability, strong enough to break the old jinx which has followed Trinity baseball teams in her games with Carolina every year since the healing of relations between the two schools about five years ago. For all these years Trinity has been beat out of the State Championship race by the Carolina teams. In the first game between the two institutions after the lull was buried the score was a 0-0 tie after fifteen innings of hard play. Since then Carolina has won every game played by the two teams. This year the "Blue Devils" are due to break that jinx and win the State championship.

The Trinity infield will lose none of the men who filled it last year and will be greatly helped by Neal, who was all-state second baseman year before last. This infield was one of the best in the State last year and should be second to none this year. Unless some of the old men are beat out for their places by new men the infield should consist of Johnson, first base; Neal, second base; Turner, short stop; and Smith, third base. Some of the new men who will give the old men a fight for their places are Winters, Lagerstadt, and English.

The outfield which was last year the hardest hitting bunch in the State will remain intact this year unless some youngster shows up well enough to hold down an outfield position in good style. If this should happen Dempster, the hard-hitting rightfielder of last year's team will be allowed to go back to his regular position, the pitcher's mound where he will be one of the most dependable hurlers on the team. If he stays in the outfield he will have for his mates Captain Ormand and Spikes, the best hitters on last year's team. Smith, the football star and a member of last year's squad, and several new men will make their bids for this year's team.

The battery which was last year very inconsistent should be one of the strongest parts of the team. The same pitchers who showed up very well last year will be back on the firing line with the exception of Deal. Sanderson, Simpson, and Dempster should give their best efforts for old Trinity. With several new men including Jackson and Sutt the pitching staff should be able to win games consistently.

The catchers of the team will all be new men. There are three who come to Trinity with very good reputations and who are destined to be the class of the State in the opinion of many. Meahan and Johnson have very good reputations as semi-professional players and both have received offers from professional clubs.

CONTRACTOR BUILDING NEW GYM AT VERY SLOW RATE

Men Almost Raise Steel Beam Into Position But the Whistle Interferes

In spite of bad weather, and a dearth of labor, our new Memorial Gymnasium has added two steel beams, three blocks of limestone, and a load of bricks in the past few months to its naked structure. Also with the aid of the recent rains its flooring has become warped and its basement has absorbed several hundred gallons of water, making a slick muddy footing for the brick mason to work on. Bob, the brick mason, sticks faithfully to his work two days in the week, while the mortar mixer is about to succumb to an attack of old age.

As the contractors were not required to furnish a bond to have the building finished at any given time, the work will probably go on through the summer months. A crowd of steel workers from Greensboro are at present engaged in hoisting the steel girders which will support the roof. It is reported that when the workers had almost hoisted a girder into place, the twelve o'clock whistle blew and the girder was quickly lowered to earth. Your reporter really saw the hod carrier cease work and begin to wash his new Ford.

Unless the work is pushed forward at a rapid rate, there stands little probability for the building being ready by June 5, when it will be needed to house the annual alumni banquet. Six or seven common laborers can not hope to complete a large building in three months. There seems to be a plenty of material surrounding the structure, and all that is holding up the work is lack of labor.

Spears-Flowers Wedding Took Place Saturday Night.

Miss Estelle Flowers, '14, and Mr. Marshal Turner Spears of Lillington were married Saturday night at Memorial Church. Mr. Spears is a graduate of the University of North Carolina and is a member of the bar in Lillington. Mrs. Spears is the daughter of Mrs. G. W. Flowers, of Durham, and sister of Professor R. L. Flowers.

The Trinity alumnae taking part in the ceremonies were Miss Katie Lee McKinnon, ex-'14, of Maxton; Mrs. Floyd B. Sanders, '12, of Fayetteville; Miss Mary Gorham, '12, of Fayetteville; and Miss Catherine Thomas, '15, of New York City.

Rev. W. W. Peele, '03, of Raleigh, performed the wedding ceremonies. Professor R. L. Flowers, Mr. Claude Flowers, '09, and Mr. Fred Flowers, '08, brothers of the bride, took part in the wedding.

Alpha Delta Pi Initiated Six Co-Eds Saturday Night

Alpha Delta Pi held its regular initiation Saturday night in the Social Room of Southgate Hall. Those initiated were: Elizabeth Hicks, '24, Oxford; Virginia Gibbons, '25, Hamlet; Elizabeth Kramer, '24, Elizabeth City; Frances Gray, '26, Durham; Elizabeth Roberts, '26, New Bern; Rowena Adams, '26, Lenoir.

The visitors who came for the ceremony were: Elizabeth Allen, Oxford; Charlotte Avera, Smithfield; Carolyn Avera, Smithfield; Mrs. Shirley Graves, Chapel Hill; Ruth Early, Durham; Helen Lyon, Durham; Janet Smith, Durham.

The ceremony was followed by an informal "feed" enjoyed by all.

Bowling pins set up by touching elec-

trically controlled switches is a new invention patented by a Boston electrical concern marking the success of twenty years study to complete such a device.

Not only are the pins removed from the pit and replaced electrically, but fallen pins are swept off the alley into the pit and particular pins are set up.

DAVIDSON AGAIN SUFFERS DEFEAT AT THE HANDS OF FAMOUS BLUE DEVIL TEAM

Fourth Victory Over Davidson This
Year is Won by
Wrestlers

The Trinity matmen added another victory to their credit in the recent meet with Davidson, in which they turned in a score of 28-3. This is the third consecutive victory of the matmen and with the excellent showing made in these matches the prospects for the state championship in this sport look bright.

Captain Midgett was easily the star for Trinity. He repeated his feat of former matches, of throwing the man in his own weight and then throwing the heavy-weight of the opposing team. The work of May was also worthy of note. May pinned his man in one minute.

The entire team showed that they have had splendid coaching and that they have been working hard. The work of the entire team was commendable.

The separate matches:

Hardaway, Trinity's dependable heavy-weight, did not find his man an easy mark, but after eight minutes of hard work he succeeded in pinning Simpson's shoulders to the mat.

Daniels found in Cromartie a formidable opponent, and at the end of the match neither men had been thrown. The match was won, however, by Daniels with a leeway of 1 minute and 10 seconds.

The match between Cochrane and May began with a rush, and for a few seconds it looked as if the Davidson athlete would rush May off his feet, but with lightning like speed May turned the tables and threw his opponent in one minute after the match began.

The only points scored by Davidson was scored by Kinzey over McChelen. This was the longest match of the evening. At the end of the regular time for the match a draw was declared, and in the extra period added to determine the winner Kinzey was judged to be victor.

Midgett turned in a victory over Patterson in 3 minutes and 15 seconds. Midgett seemed confident of his match from the first, and seemed to toy with his man for a short time before getting down to real work.

Mathewson of Trinity won from White of Davidson, after several minutes of lively work on the part of both men.

Midgett returned to the mat again to meet Linamood, the heavyweight from Davidson. This match lasted over four minutes. The Davidson matman attempted to rush his lighter opponent off his feet, but Midgett was to agile for his rushes to prove effective, and after allowing the Davidson Athlete to exert himself for a short while, Midgett took the aggressive and pinned Linamood's shoulders to the mat.

Referee: Sapiro, (U. N. G.)

Biology Club Held Annual Smoker Last Monday Night

The Biology Club held its annual smoker at Crowell Science Hall last Monday night. The smoker is an annual event and on this occasion was held in connection with the regular meeting. Doctor Bloomquist, president of the club, opened the smoker with an address of welcome to the new members. H. Primakoff also delivered a very interesting paper on Typhoid Fever. Several associate members were made active members at this meeting and several new men joined the club as associate members.

After the regular program was completed, a business discussion followed. The smoker was closed with an elaborate course of refreshments consisting of punch, ice cream, cake, and smokes. The Biology Club holds its meetings once a week. During the last year or two its membership has doubled, and it is considered one of the strongest clubs on the campus.

J. M. Ormand '02 Has Been Elected New Bible Prof.

According to the Alumni Register Mr. Jesse Marvin Ormand, '02, has been elected to a chair in the Department of Biblical Literature. Mr. Ormand is now a member of the faculty of the Southern Methodist University at Dallas, Texas.

The authorities here have not disclosed the courses which Mr. Ormand will instruct and have not made public the date when Mr. Ormand will take up his work at Trinity.

TOUR OF EASTERN PART OF STATE PLANNED FOR GLEE CLUB THIS SPRING

Club Will Co-operate With College in
Its Active Drive to
Interest Alumni

The Trinity Glee Club is at present formulating plans for a trip sometime during the spring term. No definite action has been taken, but it is generally understood that the Glee Club will tour the Eastern part of the state within the next few months. At present it is the plan of the management to arrange the trip during the Easter holidays and the first of April.

The success of the Glee Club this year is perhaps greater than that of previous clubs of Trinity. The management is having no trouble in securing dates for the proposed trip. In fact, requests are coming in from all parts of the state.

The Club has recently decided to co-operate with the college in its alumni drive, and its next program will be prepared with this idea in view. Wherever it is possible the Club plans to give short concerts before alumni organizations, in this way help to draw the alumni and the college closer together.

On Friday evening, March 2, a representative part of the Club will give an entertainment before the Durham County Division of Trinity Alumni.

Another purpose of the Glee Club in its new program is that of getting more cooperation between the Durham people and the college. Several letters and remarks of appreciation have been expressed by the people of Durham for the class of entertainment furnished by the college talent. Below is printed a letter, received by C. E. Jordan, Manager of the Club, which expresses the attitude of many of Durham's leading citizens:

"Please let me take this opportunity of expressing to you, and through you to the members of the Club, the very high approval of the community of the type of concert rendered by the Trinity boys. It certainly should be a matter of personal satisfaction to all of you, and to the College and alumni at large, to know that such a high-grade performance can be staged in the college community. It would have done credit to professionals of the highest order. When the Club is ready to put on their concert next season in Durham, I hope you will give us the opportunity of getting it before the people in such a way that there will be no doubt as to the attendance. A packed house should be assured, and I hope that this can be realized. The crowd this year was excellent, but even with this, the show was better than the crowd. With personal regards, I am

Sincerely,
"M. E. NEWSOM."

J. E. Loftin and E. M. Barrett spent the week-end on the campus.

Public Sales

We have purchased 122,000 pair U. S. Army Munson last shoes, sizes 5 1/2 to 12 which was the entire surplus stock of one of the largest U. S. Government shoe contractors.

This shoe is guaranteed one hundred per cent solid leather, color dark tan, bellows tongue, dirt and waterproof. The retail value of this shoe is \$6.00. Owing to this tremendous buy we can offer same to the public at \$2.95.

Send correct size. Pay postman on delivery or send money order. If shoes are not as represented we will cheerfully refund your money promptly upon request.

PROSPECTS FOR TRACK TEAM ARE NOT BRIGHT AS SEASON APPROACHES

(Continued from Page One)

track, Coach Burbage promises to put out a team which will be a real credit to the college.

Blakeney Will Assist Coach Burbage

W. W. Blakeney of Monroe, a graduate student, has been hired as an assistant track coach for this spring. Blakeney is well qualified for this position on account of his splendid work on the State College team. He graduated at State last year and entered Trinity last fall to take some graduate work. Since he was eligible for cross-country he was sent to Atlanta last fall to Southern Methodist Road meet where he won first place.

With Coach Burbage and Blakeney as coaches the track men should make a better showing this spring.

The addition of an additional coach for the track team will mean a lot for this sport. Heretofore Trinity has neglected the sport, although she has always been represented by no mean team. If sufficient material answers the call for new men, the coaches will surely put a team in the field that will push Carolina for first honors.

ELECTRICAL COMPANY TO GIVE FELLOWSHIP PRIZE TO AMERICAN GRADUATES

Five Thousand Dollar Prize to be Used
for Research Work in This
Country and Abroad

Part of a fund of \$400,000 to be set aside by the General Electric Company and to be known as the Charles A. Coffin Foundation, for rewarding and encouraging service in the electrical field, will be devoted to an annual prize of \$5,000 to be awarded graduates of American colleges or technical schools with which to continue research work in this country or abroad.

Announcement of the prize and the terms of award has just been made by the General Electric Company as follows:

"Five thousand dollars (\$5,000) is to be awarded annually for fellowships to graduates of American colleges and technical schools who, by the character of their work, and on the recommendation of the faculty of the institution where they have studied, could with advantage continue their research work either here or abroad; or some portion or all of the fund may be used to further the research work at any of the colleges or technical schools in the United States. The field in which these fellowships and funds for research work are to be awarded are: Electricity, Physics, Physical Chemistry.

"A Committee appointed by the Foundation Committee will award such fellowships and funds for research work, with the advice and cooperation of a Committee of three, one to be appointed by each of the following:

National Academy of Sciences, American Institute of Electrical Engineers, Society for the Promotion of Engineering Education.

This Committee is to be known as the "Charles A. Coffin Fellowship and Research Fund Committee" and the Fellowships are to be known as the "Charles A. Coffin Fellowships."

"The Committee to cooperate with the National Academy of Sciences, American Institute of Electrical Engineers and the Society for the Promotion of Engineering Education will consist of: E. W. Rice, Jr., Honorary Chairman; A. H. Jackson, Vice-President; W. R. Whitney, Director of Research Laboratory."

Other prizes to be awarded under the terms of the Foundation are as follows: \$11,000 in prizes for the most signal contributions by employees of the General Electric Company toward the increase of its efficiency or progress in the electrical art; a Gold Medal for the public utility operating company within the United States which, during the year, has made the greatest contribution towards increasing the advantages of the use of electric light and power. The company receiving the Medal will also receive \$1,000 for its Employees Benefit or similar fund. There will also be a Gold Medal for the Electric Railway Company which has made similar contributions in its field.

The Foundation is being established in recognition of the services to the electrical industry of Mr. Charles A. Coffin founder and creator of the General Electric Company, who recently retired from its active leadership at the age of 78.
