Elon Appears for Annual Contest But is Smothered by Steamroller

GAME STARTS WITH A RUSH AND BLUE DEVILS PILE UP 54

POINTS

AERIAL ATTACK IS EFFECTIVE

Methodist Team Shows Great Improvement in Every Department—Something is Expected Next Tuesday

Those fighting Christians of Elon College played a terrific defensive battle against Trinity's football machine last Saturday afternoon on Hanes field, but their heroic efforts amounted to naught, and Howard Jones' Blue Devils had little difficulty in defeating them by the safe margin of 54 to 0. The Trinity boys tried the pass machine, gaining ground 27 times and it was successful in 15 plays, each netting considerable yardage. At no time did Elon threaten, and not until the last quarter were they able to register a first play, while Trinity made 15 of them.

Jack Caldwell played in the best form he has ever shown on Hanes field. His toe was in splendid working order, and he got six out of eight free tries at the goal posts, besides nabbing several forward passes. The excellent playing of Johnson, Grigg, Frank, and Thompson also spelled doom to the Elmites.

Trinity's first touchdown came in the first five minutes of playing, a long run by Johnson through right tackle resulting in the initial tally. Caldwell then kicked the goal. For five minutes the Griggs received a pass following a 20-yard run by Johnson, and was close enough to the visitors' goal posts to gain ten yards for Trinity's second touchdown. The other touchdowns were made in practically the same way. Caldwell and Grigg carried passes behind the posts in precision plays, and line-plays also augmented Trinity's total.

Several spectacular runs were made by the Blue Devils, runs which would have resulted in touchdowns had not alert Christians, playing far back in the rear, been on the job. The longest run was made by Grigg, after an Elon placement kick had been blocked. Grigg made 30 yards without interference in another play, when John Frank was a consistent ground gainer for Trinity, as well as Johnson.

Despite Trinity's superiority, the Christians played a good brand of football, and kept the Methodists fighting and the spectators thrilled, throughout the entire game. Those who saw the contest believe that Coach Jones is giving his men a chance to perfect aerial plays, preparatory to the Wake Forest game on Armistice Day, November 11.

Line up and summary:

Trinity (54).	P. E.	Elon (0).
Kimball	Lo.	Elder
Thompson	L. E.	Whitfield (C.)
Chap	L. T.	Deans
Pickens	L. G.	Braxton

NEW BLEACHERS ERECTED TO TAKE CARE OF CROWD

New Section of Reserved Seat Will Hold about 2500—Total Capacity will be about Eight Thousand

In view of the immense crowd expected to witness the game on next Tuesday, the Athletic Association has made every effort to provide seats. The old bleachers have been torn down, and new ones of a much larger capacity have been built in their stead. When the spectators have finished their part of the work, the seating capacity of Hanes Field will be approximately 10,000.

The students of the two colleges will occupy the bleachers on the north side of the field. The sections for the two will be marked and separated so that there will be no danger of a mix-up. The row of bleachers along the end of the field and the small section on the side will be used as rush seats, for those who have failed to get a reserved ticket. The new big bleachers on the south side are strictly reserved for the early buyers and those who secure reserved tickets after their arrival. This section will appear before the student body on November 11, and will address them on the task which is now engaged in. The noted sculptor is coming to Durham under the auspices of the Durham Woman's Club and officials of the college in an attempt to allow the students and people of Durham to become familiar with the wonderful piece of art which is being produced as an everlasting memorial to the gallant men who laid down their lives in the Civil War.

Stone Mountain Sculptor to Address the Students

Mr. Otison Borglum, world famous sculptor who is now engaged in the work of carving the great Stone Mountain Memorial of the Confederacy, will appear before the student body on November 17, and will address them on the task which is now engaged in. The noted sculptor is coming to Durham under the auspices of the Durham Woman's Club and officials of the college in an attempt to allow the students and people of Durham to become familiar with the wonderful piece of art which is being produced as an everlasting memorial to the gallant men who laid down their lives in the Civil War.

GRIGG (Right Tackle)

DESPITE GOOD FIGHT RED DEVILS GO DOWN

DAVIDSON KITTENS ARE ABLE TO DEFEAT RED DEVILS BY GOOD MARGIN

DEVILS FIGHT TO THE FINISH

A Costly Fumble in the Second Quarter Kept the Red Devils from a Certain Touchdown

The Freshmen lost their game with the Davidson Freshmen Friday by a score of 16 to 7. However, the Freshmen completed a long pass in the second quarter which would have resulted in a touchdown had they not been brought back by a penalty. If it had not been for this penalty the score would have been much closer.

The Freshmen got off to a slow start and the Davidson Freshmen made two touchdowns in the first quarter. But with the beginning of the second quarter the Red Devils got into action. They recovered a fumble and kicked the line for a touchdown. A little later they completed the long pass which would have made the second touchdown had it not been for the penalty. It was in this same quarter that Grigg kicked a field goal from the 25-yard line, scoring the final points for Davidson.

The kicking of Captain Grigg, the Davidson star, together with the line work of Ritho and Arrowood accounted for the Will Kittens' victory. Swift started for the Red Devils and Stephens and Kelly showed up well in the line. The officials of the game were: Referee, Hock, (Clemson); Umpire, In fact, (State); Headlinesman, Jacobs, (Georgia Tech).

Frank Craven is Chosen Leader of Junior Class

On October 25, the Junior Class elected the following class officers: Frank Craven, President; W. B. Blackney, Vice President; Annie Blair Anders, Secretary; Treasurer, and John Frank, Member of the Athletic Council.

Wake Forest and Trinity Are Both Getting Ready for the Big Battle

BOTH TEAMS ARE IN GOOD SHAPE FOR ANNUAL GAME

Baptists Have Won Four Games out of Five—Trinity Has Won Three out of Six Games Played This Season

The climax of the 1924 football season for the two strongest denominational institutions in state comes on next Tuesday at 2:30 o'clock when the Trinity Blue Devils and the Deacons Deacons will engage in the greatest gridiron battle ever witnessed on Hanes field. This game is the only one in North Carolina to be played on Armistice Day, and preparations have been completed to take care of over 8,000 spectators. A new set of permanent bleachers have been completed along one side of the field, and temporary bleachers have been extended the remainder of the distance around the field. A large scoreboard visible from all parts of the field has been set up against the wall next to the gym, and is the first one of

(Continued on Page Three)

Big Plans Are Being Made For the Alumni Home Coming Day Tuesday

The annual pilgrimage to their Alma Mater will be made by a large number of loyal alumni on November 11, this year and plans have been made to accommodate a vast horde. It is true that Armistice Day will commemorate the cessation of hostilities between our friendly enemies across the water, but also at this time another great struggle begins, renewed after years of quiet, but with no less vigor, and will continue for years to come—the great battle between the Deacons of Wake Forest and the Blue Devils of Trinity. Over twenty-five hundred seats have been reserved for the alumni on this occasion, and the sale of tickets has been enormous during the past week.

At 10:30 A. M., Tuesday, November 11, the first annual Pow-Wow, or representation

of the various alumni associations of the country meeting will be held and plans will be made for the promotion of alumni work during the coming year. For two days, beginning Monday, November 10, an extra feature has been added for the benefit of the returning alumni in the form of a motion picture. The Paris Theatre will exhibit "A Year at Trinity," the picture produced last year under the direction of the Alumni Association.

All organizations of the College will keep open house during the Kum-Bak Day, and it is predicted that this year will mark a renewed interest by the Alumni as the largest crowd ever is expected to return on this occasion and renew acquaintances of the past days.

TAURIN GROUP PLAN BIG CELEBRATION FOR FOURTH ANNIVERSARY

DRAMATIC CLUB TO GIVE A HOME COMING DAY FOR THE OLD MEMBERS

DATE FOR PLAY IS DECIDED

Cyrano Will be Presented at Thanksgiving—Taurins Working to Create Interest in Dramatics with Students

The Taurin Players are so well pleased with the success that they have made since the organization of dramatics at Trinity four years ago that they have decided to celebrate Thanksgiving, at which time they will give "Cyrano de Bergerac" by holding a reunion or "Cyrano Day" for the former members of the organization.

A large number of the former members of the Taurin Players (the organization was first called the Trinity Dramatic Club) have already written to Mrs. Gross that she may expect them here during the presentation of the play this fall. An informal tea will be given in the work of the Taurins this year led the coaches to the decision to invite the old members back to the college during the presentation of "Cyrano."

To be Given for Old Members Accordingly, the press agent, G. W. Allen, mailed invitations to all of the old members. He has urged them to accept as soon as possible in order that the Taurins may make preparations for receiving them. A special program is being arranged for these former members, and an informal tea will be given in honor of them. At the tea Mrs. Gross will discuss and offer information on any problems that the veteran Taurins have encountered in their coaching in the high schools through the state—for the most of the Taurins who do good work while at Trinity continue doing so after they are graduated.

The presentation of "Cyrano de Bergerac" will be the most difficult play that the Taurins have yet attempted, and will be indicative of the marvelous growth in popularity and importance of this organization on the campus. If the

CALDWELL (Right Half)

PROFESSORS NOT EXEMPT FROM SHACK REGULATIONS

Two Members of Faculty are Disturbed While Admiring Beauties of the Exclusive Senior Pastors

Even professors are not exempt from the rules and regulations that govern the doings at the "Shack." That professors are not considered much better than freshmen was proven by the manner in which the Professor Garber and Patillo were accosted with this fast Thursday night, last.

The two professors were traversing the floor of the Senior pastor, admiring the costly and elegant furnishings of the room and treating as lightly as possible on the costly rug that lay under their feet when they were called back from the airy catches, which had been engendered in their brains by the atmosphere of this exclusive place, to this common parlous world by the sound of a woman's domineering voice, saying:

"I know you Freshmen don't know any better, and that you are not responsible for yourselves, and I am telling you that you don't belong in this parlor, and that you had better get in the other parlor where you belong at once."

The professors followed the dictates of their inferences with as much bravado as

taunts before the laughter.

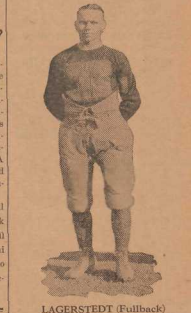

Megaphones Will be Sold For the Wake Forest Game

Yes, we will have noise at the Trinity-Wake Forest game, if the entire student body is sent themselves of the opportunity to lend their voices and a small amount of money to the cause. Cheer leaders Craven, Waggoner, and Underwood have taken the responsibility of ordering three hundred small size megaphones for sale to the members of the student body, and although the margin of profit is small, whatever is made will be donated to the band fund, but if the horns are not all sold, there will be no proceeds to go to the band fund, and these men who have so admirably accosted the students that night to have a megaphone on that day without any conscience on their part, will get in the hole on the proposition, so get yours early, for the number is limited.

The Little Boy: "Look ma, the circus has come to town; there one of the clowns."

Mr. "Hush" darling: "That's not a clown. That's just a college man."

—Bennet.

LAGERSTEDT (Fullback)

WASHINGTON AND LEE CROSS COUNTRY TEAM DEFEATS TRINITY MEN

RUNNERS RETURN TO COLLEGE EACH CARRYING A BAG OF RED APPLES

MABRY TAKES THIRD PLACE

Hot and Withrow Show up Next Best—The Generals were too Good and Doubled the Score on Trinity

Regardless of the fact that the Trinity cross-country team met defeat at the hands of the crack Washington and Lee team on the latter's course last Friday, every man who made the trip seemed to come back in excellent spirits and with no ill feelings, because everyone knew that he had run against a much stronger team. One thing that caused the members of the team to be in such an excellent mood, was the fact that many running incidents happened during the trip. Manager Lusk remarked that it was the most "country looking" bunch that he had ever seen, and especially when some of the boys brought a bag of apples back with them. Apples were so cheap that several of the boys went up on the mountain and bought a bushel apiece and brought them back in big hemp bags, and the laughing came in, when these boys shouldered their bags of apples and got off at Lynchburg to change trains, some of the other boys seemed to have a liking for big five cent pieces of silver and also ten cent moving picture shows.

This was the first meet of the season for both teams, and the ability of many men were brought out. Each team entered six men, and the Washington and Lee men showed up much better than runners did, as is shown in the score of 18 to 28. Howard, of Washington and Lee, finished first with the time of 29 minutes and 29 seconds for the five mile course. Gordon, W. and L., came second with the time of 30 minutes and 40 seconds. And then came Mabry of Trinity with the time of 30 minutes and 45 seconds. The remaining runners are as follows:

First place: Howard, W. and L., time, 29 min., 29 sec.

Second place: Gordon, W. and L., time, 30 min., 40 sec.

Third place: Mabry, Trinity, time, 30 min., 45 sec.

Fourth place: Gannaway, W. and L., time, 30 min., 55 sec.

Fifth place: Isaac, W. and L., time, 31 min., 15 sec.

Sixth place: Pfeffer, W. and L., time, 31 min., 55 sec.

Seventh place: Hot, Trinity, time, 32 min., 15 sec.

Eighth place: Withrow, Trinity, time, 34 min.

Ninth place: Hatcher, Trinity, time, 34 min., 1 sec.

Tenth place: Clark, W. and L., time, 35 min., 5 sec.

Eleventh place: Ritho, Trinity, time, 35 min., 12 sec.

Twelfth place: Cleary, Trinity, time, 35 min., 30 sec.

Final score: Trinity, 18; Washington and Lee, 28.

A parting word—divorce.

The potter's field—ceramics.

Send to the corps—a bugle call.

The new program—dancing the winner of the Armistice Day game here.

The device of clubs—getting to chapel late.

Counting of the last resort—counting a fool.

WAKE FOREST AND TRINITY ARE BOTH GETTING READY FOR THE BIG BATTLE

(Continued from Page One)

its kind in the state. By watching it one can tell in whose position the ball is, the number of downs, the number of yards to go, and the official score.

Many predictions have been made and it will be made as to the outcome of the struggle, but there are likely to be quite a few surprises in store before the afternoon is over. Judging from all standpoints it would seem that the Baptists have a slight edge on the Blue Devils, having been defeated only one game this year and then by the strong University of Florida team.

In the first game of the season Wake Forest defeated Carolina, 7-6, while in turn Carolina downed Trinity, 6-0.

The Baptists have also defeated the Washington and Lee Generals, Lynchburg, and Guilford, by a much more decisive score than did the Blue Devils.

Trinity, on the other hand, has to date lost three games, to State, Carolina, and William and Mary, and won three, from Guilford, Richmond, and Elon.

The Deacons used so many substitutes

in the game Saturday that the Trinity scouts could learn little of anything as to how their variety would perform under fire and in action, not judging from the Carolina game and newspaper reports. Every one knows that the Deacons have a dangerous offense and a formidable defense. They have very much the same team that met the Blue Devils in Winston-Salem last year, and they have become even more proficient in all phases of the game since then.

Backyard and Grassman have been getting away with some spectacular runs and plays, but Jones' men are expected to show them the few things.

The Blue Devils came through the Elton game with practically no injuries of any significance, and Coach Jones will put them through stiff workouts every day until the game. Several new passes and line plays have been worked out, and the team is gradually perfecting its team-like action. The interference is working nicely, and the players are getting the game down to a science.

Jimmie Simpson, captain of last year's varsity, witnessed the game Saturday and was very much enthused over the Jones system and was surprised to see how well the new men were working together. He says those passer ought to work against anybody, and believe that his Alma Mater has a very good chance of beating Wake Forest. Coach Simpson spent a good part of his time before he left getting a number of Coach Jones' plays to take back and install in his Morganston High team.

The Blue Devils completed 15 out of 27 passes against Elon, and Coach Jones is depending upon his aerial attack to gain considerable yardage against the Baptists. Every member of the team is filled with enthusiasm and is determined to win, while the whole student body is well roused up over the game.

The whole Wake Forest student body is expected over, and many alumni from both institutions will be here in case weather conditions do not interfere. A very strong rivalry exists between these two denominational institutions, and members of both denominations will all ways back their teams to the line.

Reserved seats for the game may be procured from J. S. Burbags, Trinity College, and are on sale also at the Sport Shop, Durham Book and Stationery Co., Blackhall's, Chamber of Commerce, and the Malheur Hotel Organist.

A table of the showing made by the teams thus far follows:

Team	W	L	T	Sc	Sc	Sc
Durham	5	1	1	65	19	
Wake Forest	4	1	0	121	48	
Lenoir	2	0	0	73	71	
Trinity	3	3	0	104	47	
Carolina	2	4	0	39	59	
Guilford	1	3	0	91	125	
State	1	4	1	37	98	
Elon	0	6	0	7	183	
Moheliet P.	0	1	0	0	85	

TAURIN GROUP PLAN BIG CELEBRATION FOR FOURTH ANNIVERSARY

(Continued from Page One)

play is successfully staged, the Taurian Players will take their place alongside of the most important extra-curricular activities at Trinity. Mrs. Gross has had this as her goal ever since she began coaching dramatics at Trinity.

Growth of Student Interest

For people who are skeptical concerning the growth of the Taurians' popularity the players point with pride to the fact that there were more candidates for roles in the cast of "Cyrano de Bergerac" than there has ever been for positions on the football team. Mrs. Gross and the Taurian press agent believe that the time will soon come when a Taurian play will draw as large a crowd as an ordinary football game, and all of the Taurians are working toward this end.

Therefore, Trinity and the entire state are anxiously waiting to see the results of the Taurians' Thanksgiving evening, and on the following evening when the play will be given a second time. Whatever is the outcome will be of interest to all people throughout the country who are anxious to see college students become as interested in their worthy activities as they are in athletics.

Vespers Sunday Were Held With Students as Speakers

Vesper service was conducted in the Y. M. C. A. Hall Sunday evening with an unusually large attendance. Mr. Spittler Barnes opened the program for the afternoon with a short scripture lesson. After Mr. Barnes, Miss Rihel Orndall delivered an interesting talk on the life of the Apostle Paul, emphasizing the importance of students accepting the great Apostle as a model for daily conduct. A solo by Miss Alice Hornum, Miss Frances Holmes, accompanist, was the feature of the program. Mr. M. L. Lawrence presented a short oration on "The Greatest Objective of Life," stressing the need for more thought on worthwhile things in life among the young people.

A truth that one does not understand becomes an error.

WARE SPEAKS ON THE PERILS OF DEMOCRACY

Several New Members Were Taken in by
Columbians at Last Meeting—
Ware Registers

After the performance of the chaplain's duties by R. G. Dawson the roll was called and minutes of last meeting read and approved. Two new members, Paul Ervin and L. A. Barker, were initiated into the society.

The orators for the evening were: E. S. Ware and H. L. Kiker. Ware, the first speaker, spoke on "The Peril of Democracy." He revealed, by the use of statistics, the astonishing fact that today a smaller percent of the qualified voters exercise that privilege than did the voters prior to the Civil war. Twenty-seven million out of fifty-two million qualified voters voted in the last election. Kiker's subject was: "The Characteristics of a Good Orator." He said that purpose and character are the underlying principles and foundation of oratory; and that the true test of oratory is the effect on the audience. Kiker was adjudged the better orator of the evening.

The query: "Resolved that the rule requiring freshmen to wear badges should be abolished," was debated by O. L. Broom and W. G. Jones, of the affirmative, and C. H. Miller and H. L. Davenport, of the negative, all of whom were freshmen. The negative won the decision.

FOUR TAURIANS WILL GO TO WASHINGTON MONDAY

Kate McKee, Cannon, and Hollowell Sent to
as Cyano Presented by Well
Known Troupe at Washington

The Taurians seek no reason why conventions, conferences, and visits to places and events of interest to college students should be monopolized by the third estate or "preacheratorial" students. Accordingly, Mrs. Gross, the coach of the Taurian Players, secured permission from the dean for four of the Taurians to go to Washington, D. C., Monday and Tuesday to see Walter Hampton present "Cyrano de Bergerac."

The men who went were Arthur Kalk, president of the Taurians; Linwood Hollowell, in the cast of the Taurian production of "Cyrano de Bergerac"; and Edward Cannon, who will play the role of Cyrano in the play the Trinity students will stage Thanksgiving.

Walter Hampton has an international reputation, secured by his famous plays, good voices among his actors, splendid lighting effects, and true representation of reputable plays. For this reason the trip to Washington should prove invaluable to the Taurians who are trying to produce "Cyrano de Bergerac."

Westbrook Makes a Good Talk to Volunteer Band

At the regular meeting of the Student Volunteer Band Tuesday night, John Westbrook presented some of the various international, national, and local problems to be solved by the Student Volunteer organizations. In his talk, Mr. Westbrook emphasized the lack of money in foreign mission work and discussed ways of raising this money. In addition to Mr. Westbrook's talk, a short devotional service was conducted by Miss Kathleen Brady.

PREACHERS ARE READY TO MEET THE LAWYERS

LAWRENCE MAKES KNOWN FEW
PLANS FOR HIS DEBATE
Back Field Team

MINISTERS HAVE NOTED STARS

Sister Ball will Lead Chorus while
Ministerial Band is Planning to
Furnish Music for the Day

Director Lawrence of the Ministerial Band has not been permitted to make public some of the preacher tentative plans for the Preacher-Lawyer game which will develop take place in the near future. Mr. Lawrence has thus far succeeded in withholding all of the preacher tactics from the print but after seeing that the lawyers and published their lineup he felt that it was time for the preachers to let the student body know that the preachers are to be ready for the lawyers when the game shall be played.

Mr. Lawrence states that the preachers have an abundance of material. Some of the preachers have been stars on such teams as these who will give the preachers the jump on the lawyers. All practicing thus far, has been done secretly, and Director Lawrence of the Band will make no statement yet, as to the tactics which the preachers will use but it is supposed that they will use Coach Jones' silent back-field system of signaling as most of the preachers are pretty well pleased with this method.

The most promising material at present includes Kiker who is showing up well at quarter, Wright, a former Rutherford College star, who will lead a post-graduate team, and a number of players not become too pressing, and from all indications "Dag" Suther will make a very valuable addition to the silent backfield as left half. Other plans are showing up well and everything points to the preachers giving the lawyers a hard fight. Director Lawrence will make no predictions as to the score but he does state that the preachers are going to put just one over on the lawyers in that the Ministerial Band will be on hand to furnish the music for the occasion. Another feature of this game which must not be omitted will be the cheering which will be led by person "Sister" Ball.

Dr. Culbreth Discusses Two Interesting Topics

The Ministerial Band meeting Friday night was featured by one of the best talks the Band has had the pleasure of hearing in some time. Dr. Culbreth, whom the majority have heard in chapel, spoke on the Ministerial Student in college. He first took up "The Ideal of Preparation for a Minister" and he urged that one get as much preparation as possible. His next topic was "The True Conception of what it is to Preach" in which he pointed out the necessity of having a message to deliver in the spirit of a Crusader. Then he discussed the place of a Ministerial Student in college. His last feature of the meeting was a report of the religious work done by the members.

"Let me hold your hand!"
She (shook): "My hand!"
"Why, yes, I thought that would do for a starter."

—Sires.

Thomas A. Edison and Charles P. Steinmetz in the Schenectady laboratories of the General Electric Company, where Dr. Steinmetz did his great work

Steinmetz

The spirit of Dr. Steinmetz kept his frail body alive. It clothed him with surpassing power; he tamed the lightning and discharged the first artificial thunderbolt.

Great honors came to him, yet he will be remembered not for what he received, but for what he gave. Humanity will share forever in the profit of his research. This is the reward of the scientist, this is enduring glory.

Emerson tells how the mass of men worry themselves into nameless graves, while now and then a great, unselfish soul forgets himself into immortality. One of the most inspiring influences in the life of a modern corporation is the selfless work of the scientists in the laboratories, which it provides for their research.

Co-Ed News

Friday night, October 31st, the traditional Halloween dinner was held at the "Black". Immediately after the dinner bell sounded, a host of goblins and witches gathered at the entrance to be admitted to the region of spooks. The dining room was suitably decorated, and one could imagine himself in a land of mystery. After making merry with songs and toasts until seven o'clock, all departed for the gymnasium to witness the annual Sophomore Halloween stunt, which was in the form of an opera recently given on the campus. Amid laughter and applause, the players reenacted the tragedy in a very entertaining manner. After the stunt, Alice Herman sang for the audience, while Grace Cox danced. For several days the past week the Y. W. C. A. had as their guests Miss Lumpkin, National Student Secretary of the Y. W. C. A., and Miss Holgson, Student Secretary of Methodist Missions. Tuesday evening Miss Holgson spoke to the girls, who were Methodists and later addressed the members of the Student Volunteer Board. On Wednesday evening Miss Holgson conducted the Y. W. C. A. program and presented the problem of the greater Youth Movement in its relation to the different associations.

On Monday evening the following girls were pledged to Delta Phi Rho, girls athletic society at Trinity College: Mary Ayers, Elizabeth Faxon, Bernice Givens, Mary Ekridge, Kate Zimmerman, Dorothy Sebastian, Mattie Long, Sara Ormond, Virginia Hicks, Fanny Hathecock, Blanche Clark and Sallie Taylor.

OPEN FORUM

RESPECT FOR STUDENTS

Scholars are respected. Do we respect those who are trying to learn? Students go to the Library to study and to read. It has been the experience of many students to find it necessary to go to the Library to study, but, even there, they are often disturbed by unnecessary noises. The football game as being played between Durham High School and Raleigh High School students. Some one seemed to be trying to notify the students that he or she knew how to drive a Ford. The horns were busy for quite a while, and more than one student in the Library was disturbed by the continual blow. We do not object to the Ford being driven, but we do object to so much noise. Again, those students who are working do not care for others to be moving chairs here and yonder, loud whispering, or other forms of disturbance.

Truly,
M. C. Ellerbe.

2229 Channing Way,
Berkeley, California.

Mr. Editors:

In view of the attitude of Carolina to toward the wearing of freshman insignia, I should like to mention the custom of class distinction at the University of California.

The freshman wear blue hats with a gold band; the sophomore wear blue jeans; the juniors wear cowboy trousers and the seniors wear sombrero. The system is quite good, and it is in no way offensive.

I am following very closely through The Chronicle the progress of the Blue Devils. Yes, Davidson had best be careful in 1924.

Best regards to The Chronicle,
Sincerely yours,
Wm. B. Leake.

SUNDAY SCHOOL CLASS ENJOYS LARK THURSDAY

Trinity Co-eds, Trinity Men and Conservatory Girls of Trinity Church Class Entertain

Last Thursday night was an occasion of many joys to a number of young people of the college community. The class of the Sunday School of Trinity Church composed of Trinity men and taught by Professor Prior was the host of several Trinity co-eds, Conservatory and Durham girls at a Halloween lark. It was, indeed, a merry frolic and one unanimously enjoyed by all present.

About 5:30 the party assembled on the lawn in front of East Duke. When darkness began to approach and witches and mysterious, horrible creatures began to stir, the company, chaperoned by Prof. and Mrs. Prester and Prof. and Mrs. Aldridge, started their joyous adventure. One mile out the Roxboro road and past the Rock Quarry the party followed a narrow path dimly lighted up by lanterns. The path led to a solitary spot in the woods lighted up by a big fire. Everyone gathered around the fire full of witchcraft and sorcery to tell strange ghost and witch stories. The arts of telling fortunes and practicing witchcraft were successfully practiced. Waffles and marshmallows were roasted and refreshments consisting of fruits and other things were served. Everyone returned highly delighted with the entertainment.

HESPERIA WILL ADMIT VISITORS TO MEETINGS

Very Interesting Program Was Given by Hesperians in their Lively Debate Feature

Several commendable orations and an interesting debate were the outstanding features of the last meeting of the Hesperian Literary Society.

The program of the evening was quite interesting. One outstanding feature was an oration: "The Trinity Spirit in Asia," by B. T. Hardaway. The oration recalled some commendable characteristics of the "Trinity Spirit," at the same time not overlooking to indicate that there is yet a need to add other characteristics. Another feature of the program was a debate: Resolved that North Carolina should adopt the Australian Building System. The affirmative side, ably upheld by two freshmen, A. H. Cotton and R. C. Horn, won the unanimous decision of the judges over G. H. Rosner and P. W. Davis of the negative. The extemporary speeches were mediocre with the exception of the one delivered by W. F. Twardel.

During the course of the evening, the society adopted a resolution permitting visitors to be admitted into the hall without necessarily becoming members. An invitation is now extended to any one who may wish to visit the society at any time.

The newly elected officials were in charge of the meeting. They were: L. Q. Mumford, president, M. W. Lawrence, vice-president, and A. C. Weggoner, secretary.

PROFESSOR CAPART GIVES AN INSTRUCTIVE LECTURE

Stereopticon Slides Used to Illustrate Description of "The Tomb of Tutankhamun" Thursday Night

"The Tomb of Tutankhamun" was the subject of a very instructive lecture delivered by Professor Jean Capart, Egyptologist, Author, and Professor in the University of Liege, Belgium, in Craven Memorial Hall last Thursday evening.

Professor Capart was well qualified to speak on this subject, having just returned from an expedition to the tomb on which he accompanied Queen Elizabeth and Prince Leopold of Belgium. He asked that the audience go with him in imagination on this trip, and to allow him to be their guide. With the aid of stereopticon slides he was able to make the expedition vivid in the minds of his hearers.

He carried his audience through the "Valley of the Kings" and commented briefly on other explorations previous to the discovery of the tomb of Tutankhamun. He then brought them to Tutankhamun's tomb and gave a wonderful description of this most interesting of all tombs. One is not able to express the emotion which he feels when he enters this tomb and sees the works of Egyptian art contained therein, which have been hidden from the human eye for thirty-five centuries, said Professor Capart. The contents of the tomb are well preserved, he said, and one is not able to adjust himself easily to the fact that this tomb had been closed to human eyes fifteen centuries at the time of Christ.

By use of the slides he gave an intimate picture of the details of the tomb. He did not forget to mention incidents concerning Queen Elizabeth on the journey and at the tomb.

COLUMBIA SOCIETY USES NEW SCHEME FOR DEBATE

The Open Forum System is Being Used with Great Success—Interest in Programs has been increasing rapidly

The Columbian Literary Society has established a precedent among the literary societies at Trinity College in adopting the open forum system of debating. This system was used with good success in the inter-collegiate debate last year. The Society tried it out for the remainder of that year and has now formally adopted it. The system has a great many advantages over the one previously used.

The open forum allows any person present to ask the debaters any question he may wish, this permits everyone to satisfy himself as to the validity of the point which the debater is trying to make. In place of the three explicated judgments, as was previously the custom, the entire audience acts as judge. In this manner interest is stimulated and everyone present is able to take part in the debate.

The adoption of this system is proving itself to be invaluable to the Society. Interest in the subject under discussion is enlivened and everyone is able to clarify his mind as to any doubt he may have as to the point which the speaker is trying to make. This helps the speaker to put his point across to everyone of the judges and thus increases his chances of winning.

Prof. "What is a phenomenon?"
Stude: "A phenomenon is a person sitting on a toilet whistling like a canary bird."

—So, Cal Wampus.
