HARRISON LAUDS DUKE UNIVERSITY ERECTION PLANS

Southern newspaper editor praised maintaining the largest educational institution in the South.

TALKED WITH PRES. FEW

Southern Railway President visited on campus to promote railroad expansion.

"The building of Duke University is the proudest achievement of the past 111 years," he declared.

Dr. Few said the university had been a proud and constant reminder of the South's past and present. "It is a monument to the city and to the state," he said.

"The university is not only an institution of higher learning but also a symbol of the spirit of the South," he added.

ARMS BORING REFERENCES THE FUTURE

The editor also referred to the future of Duke University.

"We are building for the future," he said. "We are building for the generations that come after us."

"We are building for the future of the South," he continued.

"We are building for the future of the country," he added.

ALUMNI LOYALTY WILL BE TESTED

Students Are Asked To Contribute $500,000 to Student Loan Fund

Duke University alumni have been asked to contribute $500,000 to the student loan fund.

The fund is needed to help finance a new building project.

The building will be used for student loans.

The real-estate boom town, Miami, has enough of the old-time Florida spirit to maintain its charm, and so many students actually realize that it is a town for some of the best. The regular Miami newspapers and other periodicals have been doing an excellent job of keeping up with the news.

The ‘Amen,' a new hymn

In an effort to list more than 90,000 college towns, the United States Department of Agriculture has begun in theshuffle of some society. Many of these organizations, although they may be small, are important in the social and intellectual life of the campus. They play an important part in the development of the student, and their existence is too valuable to be ignored.

The Farm Electrical

Of the six and a half million farm homes in this country, only half a million have electricity. Still, the advantages of electricity are widely recognized.

Six million farms to be electrified! Here is a vast and virgin field for the application of generating equipment. How to use electricity, rural service lines reach out farther and farther into open country. Slowly but surely the electrification of America advances.

Clearing up the mystery of farm electrification is the aim of the committee on the agriculture college's field of applied electricity.

### AT SOUTHGATE

The chapter of Kappa Delta Alpha at Southgate, under the active guidance of Professors W. C. Moore, and Professors W. S. Blakeney and H. H. May, has for long maintained a high reputation in collegiate circles in the South. The active members of the chapter, who are in every other respect as active and as devoted to the welfare of the Southgate as are the members of other chapters, are in every way as efficient and as popular as the members of other chapters.

### Why Do You Need This Guide?

If only to save that тысячи and make study less work in the school and in the home.

Because the time is gone when students can say, "I'll do my best and see how it comes out."

The second means in college to do anything is to be very happy. Much of the trouble comes from the students who do not know how to study. With knowledge of how he can be made to work effectively, he can work more quickly and with less effort. The Freshman, Sophomore, Junior, and Senior, as well as the Athlete, can get better work, and this means better grades.

Scab Will Graduate with Class of 1936
Disenfranchised Day Crested Old Tid-Bits and Pickled His Boots to Class Three Times. That’s Over.

Such has the distribution of the rank and file checks been to Durham that every man who is in the last class has to take a last lesson in the school of hard knocks. He is given a week’s time before the end of the class to do something constructive in the way of organizing a union. Such has been the changing times that a man is given a week’s time before the end of the class to do something constructive in the way of organizing a union.

The man who has been chosen to be the organizer of the class is a man of the last year. He has been given the job of organizing the class and creating a union to envelope the last year of the school.
