We have read it extensively to make the Chronicle feel that we do not know that order is an important part of the Chronicle. We have discussed the order of the Chronicle and how it can be improved in the future.

THE WARSHEAP COUNTRY CAMP

And they shall teach their children to peacemakers, and their sons shall not be taught to their arms. They shall not again build up against one another, neither shall they learn war any more. --Isaiah 2:4

In the winter of 1993, the Chronicle published an article about the Warsheap Country Camp, a camp where children learn peace and non-violence. The camp was founded by Dr. John Scott, a peace activist, and was located in the rural countryside of North Carolina.

In the article, the Chronicle reported that the camp was designed to teach children how to resolve conflicts without resorting to violence. The camp used a variety of techniques, including role-playing and storytelling, to help children develop skills for non-violent communication and conflict resolution.

The article also mentioned that the camp was well-received by both parents and children. Parents appreciated the opportunity for their children to learn new skills and gain a deeper understanding of peace and non-violence. Children enjoyed the camp and reported feeling more confident and empowered.

The Chronicle concluded by expressing hope for the continued success of the Warsheap Country Camp and its contribution to the cause of peace and non-violence.

REITZELL GUIDES
Team Well and Efficiently in
Duke's 21-Point Triumph.

Caldwell is the Big Star
Though Assisted by Sellers and Grigg,
Blue Devils Display Scoring Ability.

The Blue Devils today took on the University of Richmond in a game that proved to be well played and exciting. The Blue Devils were well guided by Reitzell, who directed the play of the team with precision.

The Blue Devils scored early in the game, and continued to build their lead throughout the contest. The defense of the Blue Devils was outstanding, and the offense was efficient, led by Caldwell, who was the star of the game.

Caldwell's running and passing abilities were on full display, and he was supported by effective blocking from his teammates.

The Blue Devils were able to maintain possession of the ball for much of the game, and their strong ground game was a key factor in their victory.

The Blue Devils' defense was equally impressive, holding the Richmond offense in check throughout.

This was a significant win for the Blue Devils, who are looking for a strong finish to their season. The victory will boost their confidence and set them up well for future games.

SUCCESS MUST BE BUILT ON SOMETHING REAL

Chesterfield has earned its present position among the world's cigarettes on taste alone.
The Blue Devils have always a way of playing the Wake Forest warriors as they play no one else. A unique way on the other may be hinted but always. Last year it was the Deacons who piled the score in the 14's, but this year the Blue Devils went forth to meet them with good grace, but the Duke team was no end of bell tolling for the Blue Devils will accept the decision of 1921 it was, however, an entire generalship of the college spirit. Every team has its occasional bad year, and student athletes and league failures to the lot of the visitors, of Saturday's game fall? Come out for the SPECIAL GYM CLASS!

Nell's special Gym Class is getting under way and each day new classes are added. If you don't know what you are missing, come. Nell's method is based on the idea that no two students are alike. Experiments have been conducted in the different positions and the student learns his own way to make the new exercises possible. This is his personal way to make the exercises possible for one hour or two. This is the only way of learning. The class is making new ideas and growing, and those who are in it all the time have been told by Nell's method. Be sure to tell your friends and to make a note of your success.
