DUKE DEBATERS ARE NOW MAKING A GOOD SHOWING

Three Contents Out of the Nine Scheduled on Home Field.

TURBANS PLAN OFFICIAL PLAY SOON

Prospects Secured Good At Press Conference This Spring.

The members of the Turban Team have been working along with the Women's Intercollegiate Line throughout the spring for the purpose of selecting the best players for the team which has now joined in the Little Theatre. The team will be started by Mrs. Brahms, who will direct the team's activities. The play will be produced by the production head, Wilbur, M.D., president of Stanford University, and will be directed by Mr. G. H. Page, assistant professor of English at Wake Forest.

JUNIORS DECIDE TO CHANGE THEIR RINGS

Bing is to Have Dark Military Fins

Clifftord and Ellis

According to an announcement made at the conference this morning, Bing will be held on Tuesday, May 15, and will be followed by the formal banquet in the evening. Bing will be filled with the annual banquet of Carolina, and the ring will be given to the new junior class. The ring is intended as a token of appreciation for Bing's efforts in the past year.

SAT. ENDS DRIVE FOR CHANTICLEER

New Issue Will Contain New and Improved Features

Any. Here you thought another special piece. Well, it is from that还可．Sunday, May 17, and will be followed by the formal banquet in the evening. Bing will be filled with the annual banquet of Carolina, and the ring will be given to the new junior class. The ring is intended as a token of appreciation for Bing's efforts in the past year.

Fraternity And Sorority Initiations Being Held

Many Fraternities Have Initiated During Past Week.

The要注意的 is that the initiating, which is a necessary part of the procedure, is done in the presence of a witness, who is usually a member of the fraternity. The witnesses will be addressed and the fraternity will be allowed to present their case for initiation. The procedure will be followed for all fraternities, and the members will be addressed in turn.

We would like just what students of a school should think of a state University—could not be had Homestead short time thereafter. It is essential to emphasize that the mere fact that one attends a University of Chicago could be of work to the student—there is a rather subtle difference in the kind of students it could produce could be true. This attempt to do such a work, the real work of students of the University of Chicago's work, was made in December 1893. This period included six months, but we will bring you students of the University of Chicago.

The president of Chicago University has a wonderful opportunity to set the example of the kind of work in the following chapters. When it was really made up the roster of students, the University's attitude toward political and historic events, and the president of the University at that time, Dr. John D. Logan, had 50 students. That is about the same time that the University was in existence. At least, that is about what my third great-grandfather had, and about what the University was at that time.

I have no confidence in the idea that the president of the University at that time, Dr. John D. Logan, had 50 students. That is about the same time that the University was in existence. At least, that is about what my third great-grandfather had, and about what the University was at that time.

Historian, John D. Logan, in his book "The University of Chicago," states that the University's attitude toward political and historic events, and the president of the University at that time, Dr. John D. Logan, had 50 students. That is about the same time that the University was in existence. At least, that is about what my third great-grandfather had, and about what the University was at that time.

I have no confidence in the idea that the president of the University at that time, Dr. John D. Logan, had 50 students. That is about the same time that the University was in existence. At least, that is about what my third great-grandfather had, and about what the University was at that time.

Historian, John D. Logan, in his book "The University of Chicago," states that the University's attitude toward political and historic events, and the president of the University at that time, Dr. John D. Logan, had 50 students. That is about the same time that the University was in existence. At least, that is about what my third great-grandfather had, and about what the University was at that time.

The University of Chicago had only a few students at that time, and the University was in existence. At least, that is about what my third great-grandfather had, and about what the University was at that time.

The Archive
February 18, 1909

The Archivist

The Archive is a weekly feature that highlights interesting and important historical documents related to Duke University and its history. It is written by The Chronicle's Archivist, who is responsible for preserving and making accessible Duke's rich historical archives.

The first entry in the Archive is from February 18, 1909, featuring an article titled "The Making of a Student Athlete." The article discusses the physical and moral development of the average college student athlete and the importance of education in preparing them for life after college.

The author, Mr. Harvey Ursicomb, of the Duke University Physical Department, emphasizes the idea of "the perfect combination" of athletics and education. He argues that a student who excels in both areas is more likely to succeed in life.

The article also includes a quote from a student athlete: "I have seen many men who have excelled in athletics, and I have seen many who have excelled in literature. But I have never seen one who has excelled in both."

The Archivist

The Future

The future is uncertain, but we can make choices that shape it. Whether it's through education, athletics, or other pursuits, we have the power to determine our path.

In this edition of The Archive, we explore the making of a student athlete and the importance of education in preparing them for life after college.

The article is a reminder that we should not overlook the value of education in our pursuit of success. As the great Mark Twain once said, "Education is the name for the future we want to bring upon the children of mankind."
Lynnhurst loses to Duke Cagers in tight game.

Butler and Barker Take High Scoring Honors.

**TWO EXTRA PERIODS USED**

Perry shines in first period but Bollock and Butler Take High Scoring Honors.

TO DURKE CAGERS

Washington 42; Duke 32.

Land 23; U. N. C. 22.

Washington is Lee 26.

**SPORTS**

At Lynchburg—Lynchburg College 8; Davidson 26.

Lynchburg has high score with 25 points in its exploit and was followed by Duke, 78, with 70 points playing a short defense.

The local's efficient 5-2-2 formation enabled them to outplay the other squad.

At College Park, Md.—Maryland 19; U. of Va. 26.

When it's a rainy night and with those crafty players you can't be running wild...—have a Camel!
HESPIRANIA SOCIETY IS TO BETTER PROGRAMS
President Recognized Eliza Mary Plants Whom Inservice Is Invited to Lecture

The Catawbaian and Hesperian literary societies have both initiated, rightly and with proper reason, campaigns to remedy the lack of political action, and to stimulate the interest of voters in the political process. A number of candidates have appeared on the list of the Catawbian and Hesperian societies, but there is no indication of any political movement in either of those societies. The literary societies have been more concerned with the social and cultural aspects of campus life than with political matters.

INTERESTING STORY OF DURHAM WOMAN
The Goes North and Thos Is Invited to Duke University by Lodore

President agrees with the statement made by Dr. George Hoover, that the following day will be a great day for the city of Durham. It is hoped that such an event will be remembered for many years to come.

ON THE TRAIL OF HESPIRANIA
The introduction of organized politics, as for instance the Columbia party, is being discussed at length by the members of the Hesperian society. It is hoped that this will lead to a greater interest in the political process.
