To the Editor:

I am sorry to hear that the Duke University of the future will be the high school of the old North Carolina. What a calamity and what a loss! The university will never be able to attract the best students in the state, unless it can offer a better education than the high school. The only way to make the university attractive is to give it a better endowment.

Sincerely yours,

BEFORE you even look for the jack or tools, turn a neat wash of Prince Albert into the muzzle of your Jimmy-pipe. Light up . . . and get yourself in the frame of mind where a flat tire is "all in the day's work." Talk about a gloom-chaser!

P. A. simply knocks troubles for a row of planished-steel mudguards. Its cool, soothing smoke percolates into your system, the sun crashes through the clouds, and everything is hotsy-totsy. Yes indeed, Fellows, Prince Albert is great tobacco.

And paste this in the fly-leaf of your thesaurus: P. A. can't bite your tongue or parch your throat, no matter how hard you hit it up. The Prince Albert process flunked Bite and Parch on their first examination. Get a tidy red tin of P. A. now and see.
