

## At Southgate

The past week-end was a time of home-coming for the alumnus and former events of the university. As especially large number of the class of last year returned to renew acquaintances and relate their experiences as teachers. Among the visitors at Southgate were: Elizabeth Herbert, Annie Blair Anderson, Annie Torrey, Lillian Thompson.

### AS I SEE IT.

(Continued From Page Two.) campus when I know to be making every effort to succeed. I have seen the two mentioned yes-men laugh heartily and even cast stirring remarks at some particular effort these latter mentioned men have made. I have seen the yes-men look for the efforts of others as well, both on the practice field and on the campus.

Now let it be understood that I am not opposed to criticism—and of the harshest kind, but when, not smart-alecks as I have mentioned who are in reality nothing more than overgrown boy-bellies, start such unbecoming criticisms which are nothing but obvious sneers slung out of jealousy, then I advocate a revolution to rid the various campuses of such vermin.

Let this article be construed as a chapel talk. I shall maliciously draw a moral different from anything I should ever expect to hear over in Craven Memorial, for precisely the same reason that Trinity College was little these yes-men, president in student affairs, by winking their same diabolical glance of power are making Duke little and provincial. I make a distinction among the students which cause them to be seated to thank their Maker that they have only four years in this institution. Draw your own conclusions, then, as to what kind of alumnus will come out of a university corrupted by dissension. And, unfortunately, it are the very breath of a college or university.

## DEBATING PROSPECTS ARE UNUSUALLY GOOD

Formal Session To Be Opened at Duke With Oxford University Representatives Oct. 25th.

Prospects for the debating season to begin at Duke university are very bright this year. Although many victories were won last year, graduation last year, the old men who are left here last year are expected to fill their places even better than they themselves did. The schedule has not yet been finally decided upon. It is almost certain, however, that debate will be held with Southern, Navy, University of Florida, and Oxford University. The first date of the year will be held on October 25 with Oxford University whose team will be composed entirely of graduate students and is therefore expected to provide an extremely strong competition.

Duke University holds an enviable record in debating among the schools of the east. It is, in fact, considered one of the strongest debating colleges in the South Atlantic states. This year's schedule, although not quite as heavy as last year's which included nine debates with the leading colleges and universities of the east, will yet be very hard and far above the debating schedule of the average college. Freshmen are especially anxious to come out for these debates. The work they do and the strong competition which they will meet in the preliminaries develops them, very quickly into varsity material.

## HEATING PLANT TO BE READY FOR USE ABOUT OCTOBER 15

Every effort is being made, according to unofficial announcement, to have the new heating plant connected with both the old and the new buildings by October 15. Work is going forward day and night in order to have the plant in readiness before the advent of cold weather.

The huge smoke stack is all but completed, while at least one of the boilers will be ready prior to the middle of the month. With the connection of this heating system it will be possible to furnish hot water for the showers and the lavatories in the dormitories. Before hand can be distributed over the new dormitories the radiators now standing unconnected in the means will have to be connected. The last pipes connecting the various buildings run through the tunnels which join them and will therefore furnish some warmth to the passageways.

## ASK STUDENTS TO MEMORIZE SONGS

New Men Have Month After Opening of School to Know Songs And Yells.

Because of the fact that considerable expense is connected with furnishing new copies of the university songs, students are requested by head cheer leader, S. D. Bunn, to try the following songs and to preserve them until they have been memorized.

Remember old Duke puts on her fighting gear,  
We'll be right on hand to give the boys a cheer,  
And to each will give a hearty hand To the music of the band.

We'll be in the fight  
We'll stick to the scrap, by gosh,  
We'll never yield,  
We'll stand by until the fight is won,  
Fight 'em on, Fight 'em Duke,  
Fight 'em on.

### Hymn to Duke.

Dear old Duke! To you we sing,  
To thee our voices raise—they raise—  
To thee our anthems ring  
In everlasting praise  
And though on life's broad sea,  
Our fate may far us lead,  
We'll ever turn to thee,  
Our alma Mater dear.

## PIPES COME BY TRUCK FROM NORTHERN MILL

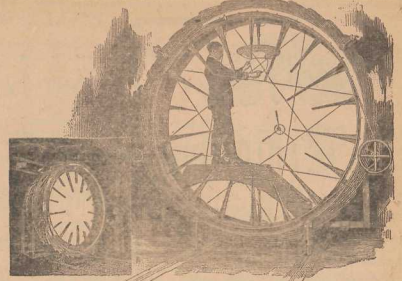

Brass Fittings For New Steam Plant Arrived Here By Truck From Philadelphia.

The brass pipe fittings which will be used in the new heating plant, which is being erected across the railroad arrived in Durham by automobile truck last Saturday morning. Fearing that there would be delays if the shipment was made by rail, the Duke building officials contracted with the Jordan Transfer Company to send one of their trucks to Philadelphia to order to get the material. The truck left Durham last Wednesday morning, and returned to Durham, after an all night drive, on Sunday morning.

This was the longest truck drive that has ever been made into Durham. The fittings cannot be installed in the new plant for a short while, and the shipment could have been made by rail had it not been for the fact that the Duke officials wanted to be absolutely certain that the new plant will be ready for operation even though the cold weather should arrive a little earlier than usual this year.

The new one on the new plant is progressing very rapidly, and no fears are entertained that it will not be completed. Smoke was seen to come out of the new, almost completed chimney last Sunday afternoon, but this was only in the nature of an early test, and does not mean that work is now finished. This new plant will supply heat for all of the university when it is completed. This year, however, it will not be used in anything like its full capacity, since it will only have the new buildings, old have been, which are in use in the present campus. The radiators and pipes are already now, and it will be only a relative small job to complete the heating plant and send heat into the dormitory rooms when the first cold snap comes.

I'm an awful Indian man.  
Yes, I've seen you with some awful Indian—Bummer Jumper.

With the historical integrator the burning of candles measures light intensity and distribution. These laboratory findings are practically applied to improve our fluorescent illumination.

## When the sun goes down

More than 250,000,000 incandescent lamps, with a combined light of nine billion candlepower, make city streets, stores, and homes brighter than ever before.

In bungalow or mansion, workshop or factory, dormitory or auditorium, there is no excuse for poor illumination. We have cheaper and better lighting in the electric lamp than ever before; for the dollar that bought 1,115 candlepower-hours of light with the carbon-filament lamps of 1886, now buys 16,200 candlepower-hours of light with the MAZDA lamps.

Not only more light, but correctly applied light, is the order of the day. The electric lamp, with its flameless yet highly concentrated light source, lends itself ideally to reflectors, shades, and screens. It is controlled light—safe light. And illumination becomes an exact science.

During college days and in after life, correct lighting must ever be of paramount importance to the college man and woman. Good lighting is the worthy handmaiden of culture and progress.

## 1927 YEARBOOK ANNOUNCEMENT.

According to the Business Man-  
ager of the 1927 Yearbook, the Pho-  
tographer from Whites Studio will  
be on the campus the week of Octo-  
ber 11 to take the pictures of the  
student body for this year's annual.  
Mr. Young states that all seniors  
must be photographed at this time  
at the senior panels have to be  
made on before Christmas is over  
to insure space in the book. Also  
all senior sign names must be in  
before Christmas. The senior class  
again this year is the same as in  
previous years, ten dollars for the  
space and fifty cents for each ad-  
ditional picture which appears in  
the Yearbook.

Not Shakespearean

The saying "All the world's a stage" is generally attributed to Shakespeare, but A. J. Foster gives us the following translation of an old Greek poem written by Pythagoras of Alexandria centuries before Shakespeare: "All the world's a stage, a show, this term thy part with all thy heart or bear the burden of the woe."

## DR. SOPER ADDRESSES MINISTERIAL STUDENTS

Spoke on New Duke Seminary To  
Be Established at Duke in The  
Near Future.

Dr. Soper spoke briefly to the Ministerial Association on the subject of the New Duke Seminary at the first meeting of this organization this year which was held in the economics room Friday evening. Dr. Soper urged every man who expected to enter the ministry to get a good foundation for an education. "There are students," he declared, "make the mistake of crowding in all the Bible they can during the regular four years course. This is a serious mistake. Every ministerial student should take only a normal amount of Bible during the first few years but should take several courses in history, economics, science, and language. The direct purpose of the seminary is to prepare men for the ministry; therefore, every would-be minister should get as much education as possible and then spend his last year in the seminary."

After the opening ceremony a short business meeting was held. A motion was passed that every man who registered as a ministerial student at Duke University automatically become a member of the Ministerial Association. It was decided that the morning year service was to be held each morning from 7:15 to 7:30 a. m., and every member was urged to encourage. Professor Ormond was appointed chairman of the help committee. The duty of this committee is to keep in touch with the ministers of Durham and find out when the association can be of help by supplying Sunday school teachers of substitute pastors. There will be no regular Friday meetings, as was the plan last year, but frequent call meetings will be held. A short get-together was held after the address by Dr. Soper, and the new men were introduced. The new men were to be very much interested in the organization and will doubtless add new enthusiasm. The serving of refreshments ended a good, enjoyable and profitable evening for everyone who attended.

## COTTON PICKERS

WHEN EXERT

EARN \$5. A DAY

More Than 200,000 Will be  
Given Employment in Southern  
States This Season

The United States Employment Service announces that 200,000 work-  
ers will be given employment during  
the cotton picking season in the  
Southern states. Director General F.  
I. Jones left Washington last week  
to take charge of the work in Texas,  
Louisiana, and Mississippi.  
Cotton pickers are paid from one  
to two and a half cents per pound  
and Mr. Jones insists that this will  
enable the more expert to earn  
about \$5 per day. The great majority  
of the workers, of course, are  
very much less.

The labor department claims it  
has made genuine progress toward  
a solution of the problem of provid-  
ing the army of harvest hands need-  
ed to take care of the crops in the  
agricultural sections.

"We are building up a system,"  
said Mr. Jones, "under which trans-  
ient workers are moved from one  
part of the country to another in  
class of work to another, with a  
minimum loss of time and wages."

"We now go into the cotton, wheat,  
corn and potato belts far in advance  
of harvest time and make surveys  
of the probable need for extra help.  
When the system is perfected, it  
will avoid the situation which was  
common in the agricultural sections  
a few years ago when it was a  
matter of chance whether the farmer  
or who desperately needed help and  
the worker who was in equally des-  
perate need of employment could  
get together."

There's an awful lot of girls who  
don't want to get married.  
Howdy know?  
I've asked 'em—Angler.

## SPORT LIGHTS

The expected triumph at Rich-  
mond last Saturday, perhaps, I  
should say that those who had  
studied the situation expected the  
outcome to be about what it was.  
With half the team on the casualty  
list, there was small chance of win-  
ning over the strong Richmond  
team. However, the boys did fight  
and they gave a good account of  
themselves as the close score of  
seven to nine shows. Fewer runs  
were made in this game than in  
the one the week before, and the  
team seemed to be getting into  
something near the mid-season  
trim.

Carolina seems to have hit a per-  
manent slump if her showing  
against Tennessee has anything to  
do with it. Furman ran rough-  
shod over Wake Forest last Sat-  
urday, and the result was a 10-0  
triumph. From this and from  
other conclusions from this and  
from the way Davidson is winning  
after games, it would seem that  
there are only two really strong  
teams in the state to be met. How-  
ever, the team can never get out of  
Carolina. There is a current trend  
in the state that anything in a  
college football stadium could  
beat a Duke team. It is the fans  
of the Duke fans, and it seems to  
be justified this year, that this  
particular tradition is about to be  
broken.

Boys having a big time with a  
game between the varsity and the  
freshmen teams after afternoon on  
the diamond. Coach Whitford seems  
to be getting and results from the  
fall practice in baseball which he  
has practiced at Duke. According to  
reports coming from the field there  
are two freshmen left-handers who  
are going to make things hot on  
the mound this Spring.

Fall basketball seems to be get-  
ting hot. With few exceptions, the  
held every other night, show a  
wealth of material out for the var-  
sity this fall and the additional  
practice should put the team in a  
much better shape for the opening  
game than it has been heretofore.

Reports from the two lower class-  
es show that the new scheme of  
physical education is getting re-  
sponse. Almost as many men are  
showing up and coming to the gym  
hoping around and complaining  
of various ailments as the students  
who are on the main team.

"Stage I never heard such pro-  
fanity since the day I was born."

## DEVILS GET READY FOR ELON SATURDAY

### BLUE DEVILS LOSE GAME TO RICHMOND SPIDERS BY NARROW MARGIN AFTER SPIRITED CONTEST FEATURED BY THRILLING ATTEMPTS OF BOTH TEAMS TO SCORE NETTED SMALL RESULTS

#### Nine Varsity Men Were Out of Line-Up On Account Of Injuries.

#### PREPARE FOR GAME SAT. With No Further Injuries It Is Ex- pected That Entire Aggregation Will Be Ready For Both Duke And Carolina Games—Improvements Are Reported.

A crippled Blue Devil eleven was  
generally down today defeat being  
the Spider eleven, from the Univer-  
sity of Richmond, Saturday, in the  
Virginia City. The margin gained  
by the Richmond team came as a  
result of the safety in the fourth  
quarter when Trinidad, Spider and  
Richmond were tied, 10-10. Rich-  
mond's lead, after N. Sanford had  
blocked Duke's effort to punt. Duke  
also profited by a blocked punt, and  
with the aid of an additional fifth  
year player gained the ball over  
the Spider's line in the fourth  
quarter. The last touch down was  
made by the Spider team in the  
third quarter, when they drove the  
ball thru Duke's line for fifty two  
yards by a series of line blocks.

Hot weather greatly aided the  
varsity all during the game. Rich-  
mond being losing before the Spider  
over score of victory. Each team  
resorted to a blocked punt. Only  
Richmond showing a good stopping  
end run, while Duke had a few  
down punts when it came to driving  
the line into the line.

The most spectacular play of the  
day went to Duke, when Adams  
gathered Frank's lateral pass for a  
gain of thirty yards. This placed  
Duke on the Spider ten yard line  
on the fourth down, with a good  
chance to score by a drop kick or  
a well directed pass. But the at-  
tempt in Smith, Duke tresser delayed  
the Spider back looks up the  
attempt, and Richmond punted out  
of danger.

Neither team was able to rip the  
line for long gains. Captain Jim  
Thompson headed Duke's stubbers.

#### CHEER LEADERS TO GET SPECIAL TRAIN

Bundy Says That Plan to Accomme-  
date 600 Fans Will Be  
Success.

Since the Duke-Wake Forest de-  
feat has been leveled to Golds-  
boro this year, the students were  
doing all they could to get in the  
way. Mr. S. D. Bundy, cheer leader,  
has a plan by which every man  
who is in the student body may go  
to the game if he can get the cooper-  
tion of the students who wish to go.  
He plans to have a special train  
to Goldsboro for the benefit of  
Duke students that attend this  
game.

No definite plans have been made  
yet. Mr. Bundy says that he re-  
ports at least 500 students want  
to go to this game. If this number  
is correct, it will be an unusual  
thing, completing the arrangements.  
This year the game promises to be  
more exciting than it has been  
several years, and interest in  
the outcome is the over the campus  
and at the Duke line. Mr. Bundy  
thinks it will be no difficulty in  
getting a large number to attend.

line defense which matched the de-  
fense of the Richmond team. In the  
third quarter the Duke team was  
in a position to score. In the third  
quarter they carried the ball to the  
Richmond six yard line only to be  
stopped by a blocked punt. The de-  
fense of the Richmond team, who won  
the ball by downs, who won just  
out of danger when they gained  
the ball by downs. With only a few  
minutes to play in the last quarter  
Duke again missed a fine chance  
to score. The Duke line had forced  
the Spider back to their five yard  
line directly in front of the cross  
bars. In this position it would have  
been extremely difficult for the  
Richmond team to have negotiated  
a successful punt, so Coach Dehart  
substituted Holtz for Fulford, with  
the intention of making it go in the  
line and help rush the Spider. Be-  
lieh in his expensive spoke before  
a play and a fifteen yard and a fifteen  
yard penalty placed the ball out of  
the danger zone.

Finally greatly aided the game  
for the Duke team. In the second  
quarter after uncoiling a spirited  
attack which netted them a pair of  
first downs, the Duke backfield led  
the ball on a fumble and Richmond  
started its march to the goal line.  
Several of the regulars were out  
of the game. Griggs was out, did not  
make the try, and James was out  
guard appeared only in the press  
box, while the other players were  
handicapped by injuries. Both, full  
back, Wilson, center, Adams and  
Smith, quarters, Hollingsworth,  
quarters and Kelly, out.

During the game Coach Dehart  
used two backfields, substituting  
Smith for Frank; Bolich for Fulford;  
Trotter for Smith; and Adams for  
Bundy. Captain remained in the  
Duke backfield the whole game and  
was the injured regular.

In the line following substitute  
was made. Adams for Smith, and  
Culp for Weatherly; and  
Brennan for Smith.

The injury sustained from the  
game and the line is ready for a  
head.

work of intensive training before  
they meet Duke this Saturday.  
The loss to Richmond will  
have relatively little effect on the  
standing of Duke in this state, as  
Duke backs still have their eyes on  
the championship race.

Lineup and summary follows:

Richmond	Position	Duke
R. Sanford	C. E.	Bennett
T. Sanford	C. Thompson	C.
Robins	L. T.	Stott
Dillon	L. G.	Stott
Trimmer	C.	Hunter
Denette	R. G.	Eanes
Trubard	R. T.	Weatherly
N. Sanford	R. E.	Parker
Peterson	C. B.	Frank
Newcomb	L. H.	Bruton
Shield	F. H.	Cathey
	E. B.	Fulford

Score by periods:  
Richmond 5 2 0 0 9  
Duke 0 0 0 2 2

Summary—Trotter-Bolich; Cathey;  
Bundy, Safety, Trinidad, Passes after  
touchdowns. (Bundy) (dropkick)  
Bennett (placement). Time of per-  
iods 15 minutes. Officials: Hopper,  
referee; Gens, umpire; Harrison,  
field judge; Arnold, head linesman.

this lady.—Green Omen.

The army mail is said an integral  
part of the United States Army, the  
War Department having recently set  
aside \$250,000 for the purchase of  
worthy animals at \$10 a head.

### MILFORD BAUM HURT FOOTBALL PRACTICE

Injury Is Not Considered Serious  
And Condition Is Reported As  
Much Better.

Milford Baum, one of Coach Caro-  
lina's aspirants for a berth on the  
Blue Devil football team, suffered a  
total collapse of memory during a  
scrimmage Thursday afternoon.  
No one knows he had been injured  
until after practice when the squad  
was dressing. Baum, instead of un-  
dressing, so the rest of the squad  
was doing, merely loosed against  
the wall and stood there. After all  
the players had gone, one of the  
coaches noticed him and asked why  
he was not taking his bath.

"I guess I had just as well," was  
all he said as he began undressing.  
Thursday night about nine o'clock  
he was found lying on a bench in  
the gymnasium. When questioned  
Baum was found to have suffered a  
total collapse of memory. He was  
conscious but could not remember  
anything of the previous night, not  
even what he had had for dinner.  
He was carried to his room, and Dr.  
Spauld took him to Wake Hospital  
Friday morning.

After being taken to the hospital  
Baum improved rapidly and was  
in a much better condition Satur-  
day at noon when his parents came  
to take him home.

His loss of memory was a puzzle  
to the doctors, but they were not  
blessed on his head, and he had not  
any of the great physical ex-  
ertion that day.

### DEVILS FIGHT TO IRON OUT CRINKS; EYE ON CAROLINA

Sport Writers Say That Wake  
Forest Will Take That  
Championship.

#### RATE DUKE WITH STATE

Blue Devils Have Different Opinions  
Regarding State Leaders—Hope  
At Least To Give Sport Writers  
A Goodly Good For Their  
Cash If Nothing More.

Stinging from the bite of the Rich-  
mond Spider last week, end, the  
Duke Blue Devils went to their  
workouts with a vengeance, eye-  
ing to show to many towards the  
Christmas season. Although  
losing to Richmond, the charge  
against the varsity cannot be as  
severe since nine regulars were in the  
injured list. It is hoped that those  
who are in the line will be in the  
line of the Blue game, which is only  
one week before the Carolina fray.

Many of the sport writers through-  
out the state, whose wish to pick  
champions are the clamor of the  
net this have died away, have al-  
ready made known their picks.  
Wake Forest seems to occupy first  
place with Carolina and Davidson  
shading over second place and  
Duke and State vying for fourth  
place. With all due respect to their  
sometimes biased and prejudiced  
editorial articles, the editors are  
insinuating that this order will be up-  
set.

Even though a good battle against  
State and can be counted to make  
things interesting next Saturday.  
While their battle chance of a  
Blue Devil defeat, there will at  
least be a good game and a change  
from out some wrinkles before  
meeting Carolina the next week.

### ANNOUNCE DATES WALTER CAMP DAY

Colleges Throughout State Will Pay  
Respect To Football  
Tradition.

With the reopening of college  
classes throughout the country  
during the past week, and the ten-  
day drill field of state leaders against  
one-another, based on a thousand ad-  
vocate fields, comes the announcement  
from the Walter Camp Memorial  
Committee that "Walter Camp Day"  
is to be celebrated in every section  
of the country as a signal mark of  
respect to the memory of the man  
who did so much to make football  
the most popular American col-  
lege game. Out of deference to the wish-  
es of athletic circles in various  
sections, no one day has been set  
aside by the committee for general  
observance, but each community  
has been allowed to designate its  
own day for the memorial.

In view of college conditions  
there are to be special Walter Camp  
days. Some of those already  
announced are:

October 16th, New York Univer-  
sity vs. Tulane  
October 22nd, Harvard vs. Dart-  
mouth  
October 30th, Columbia vs. Cor-  
nell  
November 2nd, N. Y. City College  
vs. Manhattan College  
November 12th, Syracuse vs. Col-  
gate  
November 20th, Furman vs. Geor-  
gia

November 24th, Pittsburgh vs.  
Penn State  
November 26th, Nebraska vs.  
Washington

The observance of Walter Camp  
Day is a part of the plan whereby  
the colleges and universities of the  
country are united under the  
auspices of the National Collegiate  
Athletic Association with the aim  
of Yale to make it a kind of 500-  
year for the erection of a monument  
at Walter Camp Memorial parkway  
as a tribute to the Yale hero and  
other athletic fields, at New  
Haven. On either side of the base  
of the monument will be great bronze  
panels on which will be set the names  
of every college and university con-  
tributing to the fund. The monu-  
ment, which is to be dedicated to  
the memory of the "Father of  
American Football" may be truly  
a national memorial.

Since announcement of the Wal-  
ter Camp Memorial plans was made  
last Spring, it has been decided  
to alter the school boys of the  
nation to join in the undertaking.  
As a result, thousands of public  
and private high schools are now  
planning to observe the day with a  
celebration of the memorial fund. Each  
contributing school will receive a spe-  
cially engraved certificate of partici-  
pation, and will be given recogni-  
tion by having the names of their  
respective state athletic associations  
engraved on the panels flanking  
the memorial gateway.

**FORD INSTALLS 5-DAY WEEK IN ALL HIS PLANTS**

**Same Pay to Prevail as For Six Days' Work; Decision Made After Long Test.**

Henry Ford has decided to establish the five-day week in all his industrial plants, affecting upward of 150,000 employees, according to an announcement made last Saturday in Detroit. Wages and the eight-hour day are to remain the same as for six day week, but there will be no extra pay for overtime.

A test of the five-day week began in some departments of Ford's Dearborn works on July 1, and has proven so satisfactory that it is now being extended to all his automobile, machine and lumber industries. The announcement states that Ford's railroad employees will not benefit, "for the present."

About ten years ago Ford introduced the industrial week by establishing a minimum wage of \$5 for an eight-hour day.

Most people who have visited the Ford plants, and watched the machine methods of work, will agree that five days a week is about all the Ford employees can stand and live to a normal age.

Commenting on the change to the five-day week, Ford gave out an elaborate interview, in which he said: "Just as the 8-hour day opened our way to prosperity in America, so the 5-day week will open our way to a still greater prosperity."

"The industry of this country could not exist long if factories generally went back to the 10-hour day, because the people would not have the leisure, the desire or the means to consume the goods produced."

"For instance, a workman would have little use for an automobile if he had to be in the shop from dawn until dusk."

"It is high time to rid ourselves of the notion that leisure for work men is either lost time or class privilege."

St. Louis—During a period of 2 years and 10 months, ending Sept. 1, 1926, St. Louis makers Union No. 4 used the largest number of union labels of any city in the country. The number of labels was 293,000,000, including the name have marked with the label printed to the left.

New York—"The married woman in industry is becoming the rule rather than the exception," says the call the Women's Trade Union League is issuing for its Fourth Annual Autumn Conference, to be held at Brooklyn Labor College, Brooklyn, Oct. 9-10.

There are about 20,000 lazes in the United States, operated by 5, 300 companies over 2,350 routes.

**TOO MANY NEW HOTELS.**

A majority of the large cities in the United States are overbuilt from a hotel standpoint and the hotel industry may suffer serious losses, according to E. M. Statter of the Statler chain of hotels. He warned the Michigan Hotel Association in a "that it was time to cut out hotel projects should be based on fact—building was stopped, and that new not hopeful fanes."

**GREEN FOR LESS WORK**

Washington.—Further reduction of the standard working day in American industry was suggested by William Green, president American Federation of Labor, at the laying of the cornerstone of the new office building of Carpenters local 1322. Green said the 8-hour day was the greatest triumph of organized labor and the attainment of one of its most ideals since it ministers to the social well being and spiritual development of working men. He credited the carpenters with having started and led the 8-hour struggle.

**ADOPT 'BONÉ DRY' PLANK**

Sacramento, Cal., Sept. 27.—The anti-McAlister faction controlled the Democratic State Convention which met in this city last week. The McAlister faction, however, forced the adoption of a bone-dry prohibition plank.

**BANKING MILLION A DAY.**

How would you like to be making \$1,000,000,000 a day? That is what Henry Ford is supposed to be doing. Detroit bankers are authority for the statement that Henry Ford and his son have a cash balance in the banks of about \$500,000,000,000, and that they are adding to this balance at the rate of \$100,000,000 a day.

New York.—The makings of a strike are contained in the demand for the shirt and boys' Waist Contractors Assn. that the wages of workers employed by its members be reduced 15%.

Chicago.—Great improvement in wages and working conditions is reported by Dairy Employees Union 724, Chicago. "In the old days we worked long hours for \$25 a month and less," says Fred Miller. "Now we have an 8-hour day with wages ranging from \$25 to \$38 a week."

New Orleans.—Traffic on the Mississippi at New Orleans is practically suspended because of rowboats refusing to work at the rate paid for the service. In some instances averaging \$25 a month. The laborers demanded \$4 a day.

Hired mothers in Mesopotamia put out their hair to demonstrate the goodness of their grief.

A Madrid newspaper has offered \$7,000 to any person who can write an article convincing a normal court of arbitration that Columbus was Spanish by birth.
