

BARRY'S PLAY IS WELL PRESENTED BY DUKE PLAYERS

Finished Production of "The Youngest" Shows Duke Drama Organization at Best

WILLIAM PRICE IS STAR

Carlotta Waters and A. T. West Are Best in Minor Roles; Scenery Good

Philly Barry's "The Youngest," a comedy in three acts, was presented by the Duke Players last Thursday evening in Page Auditorium. The production was marked by lack of amateurishness in stage direction and good acting on the part of some of the principals. Over six hundred students formed an appreciative audience.

This last venture on the part of the Duke Players was probably their best effort in three years. The greatest single reason for this lies in the fact that "The Youngest" is a good play. Judging from many of the other plays produced by the local organization, the matter of choosing a suitable play for a college dramatic organization to enact is a difficult one.

Without a good play to produce, no dramatic group can be successful. The major honors in the acting in "The Youngest" went to William H. Price. He was placed in the fortunate position of having one of the two sympathetic roles in the play, while the supporting cast was gathering nothing but animosity from the interested audience. Mr. Price uniformly earned the best situation in which the plot placed him in an entirely logical and convincing manner. His lines were not rarely missed.

Although the audience was far more interested in the hero of the play than in the heroine, yet the role of "Mary" was a sympathetic one. Miss Mary (Continued on page 16)

COLUMBIANS HEAR LECTURE BY DEAN

Dean Miller Takes "Human Sterilization as Topic of Address

Dean Justin Miller, of the Duke law school, spoke to the members of the Columbia Literary and Social Club Tuesday evening, March 22, on the subject: "Human Sterilization."

Nearly every state now, according to the speaker, has statutes providing for the sterilization of the mentally weak. In the famous Virginia case, Buck vs. Bell, that was before the United States Supreme Court, Justice Oliver Wendell Holmes showed that he was in favor of such a law for the benefit of the human race. Personally, the members were astonished by such a statement, but he has now so lengthened their lives that it is now a matter of self-defense for society to take such action against sterilization as that nature should not be interfered with, that it is against God's teachings, and that does not yet know enough to judge which man should not have children. In California, where several thousand operations have been performed, it was found that the people operated on were not at all resentful; a majority of them had been operated on by the same physician, and the Y. M. C. A. of any fresh man is eligible, the only rules being that his operation be original and that it be confined to one testicle.

The previous Thursday evening the contestants met in Gray building to deliver their orations. The contestants and their subjects are listed below: "Youth and Law Observance," James Stiles. "Poverty," James Whitlen. "Killing," David Bungle. "The Good Old Days," Allan Cooper. "Communism," William Patterson. Allan Cooper's oration was given second place by the judges who declared that there was promise of oratory among each contestant. This event is sponsored each year by the Duke University and the Y. M. C. A. of any fresh man is eligible, the only rules being that his operation be original and that it be confined to one testicle.

VANISHING COMPOUND IS INVENTED BY DUKE PROF

C. R. Hauser Finds Disappearing Powder of Chlorine, Nitrogen, and Hydrogen

Dr. C. R. Hauser, of the university chemistry department, has formed a new compound composed of some atoms of chlorine, nitrogen and hydrogen which, when united with plain water, produces a Carolina breeze, puffs up from its receptacle and the powder vanishes.

Technically speaking, the new compound is called a "vaporized" state, which is German for an almost soundless explosion, which certain unstable chemical compounds make when they suddenly decompose.

The white powder is a chlorinate and Dr. Hauser has made several other compounds. The object in view is the making of a new organic compound of chlorine and nitrogen.

The performance of the new chemical is quite different to the layman's eye, and the effect of "new you see, new you don't" makes one wonder a bit more about the complexities of nature.

Easter Holidays Begin Tomorrow

The Easter vacation will begin at four o'clock in the afternoon, Thursday, March 23, and will last until Tuesday morning, March 29, when classes will be resumed. Students are warned that any cuts taken immediately before or after the vacation will be counted as double. Dean Wannamaker has stated that there is little possibility of extending the spring holiday period either next year or still later in the future.

COLLEGIATE PRESS ASSOCIATION WILL MEET NEXT MONTH

Representatives From Over 40 N. C. Student Publications to Meet at Greensboro

THOMAS IS PRESIDENT

Elections to Be Held During Three-Day Session; Held Here Last Year

April 21, 22, and 23 are the dates set for the annual spring convention of the North Carolina Collegiate Press association. The meeting will take place in Greensboro under the auspices of the publications of the North Carolina College for women and will be attended by representatives from 40 collegiate newspapers, magazines, and yearbooks of the state. Duke will be represented officially by the editors and business managers of The Chronicle, The Observer, and The Duke. In addition to a number of unofficial delegates.

Open-form discussion of current problems confronting collegiate journalists, business sessions, speeches by prominent North Carolina newspapermen, social functions, and the election of officers for the coming year, will occupy the delegates during the three-day session. Miss Marian Holman, of N. C. U. W., leads the committee on arrangements. Ed Thomas, in the capacity of retiring president, will also take a leading part.

For the first time in its history, next (Continued on page 16)

WILDE IS PRESENTED LOVING CUP FOR ABILITY

Many Freshmen Compete in Oratorical Contest Sponsored by Duke Y. M. C. A.

On Saturday morning, March 19, in the freshman assembly, James Wilde was presented the loving cup given by the Y. M. C. A. for the best freshman orator.

The previous Thursday evening the contestants met in Gray building to deliver their orations. The contestants and their subjects are listed below: "Youth and Law Observance," James Stiles. "Poverty," James Whitlen. "Killing," David Bungle. "The Good Old Days," Allan Cooper. "Communism," William Patterson. Duke Players To Enter Spring Drama Festival

West's Students Will Take Part In Production, Costume, Make-Up, and Design Contests; Meet Is at Chapel Hill

This week will see the completion of plans and rehearsals for the entry of the Duke Players into the Spring Festival and dramatic tournament of the North Carolina Dramatic Association of the North Carolina Drama Festival, which will be held at Chapel Hill, March 31, April 1, and 2. The local organization is entering the contest this year with one of the most enviable records of their existence, because of their work and marked achievements in Duke Players productions throughout the season. They have presented two of the greatest comedies ever given on the campus, also last September, in addition to carrying with them the recollection of having tied for first place in the tournament last year with their production of O'Neill's "The Iceman Cometh."

The goal of the Players is placed higher this year than formerly, because

RETIRED CAMPUS LEADERS

MARTIN K. GREEN, President, Student Govt. EDWARD G. THOMAS, Editor, Chronicle. PAUL GARNER, Vice-President, Student Govt. OVID W. PIERCE, JR., Editor, Chronicle. RAYMOND CARTER, Pres., Duke Players.

MARCUS E. HOBBS, Mgr., Student Govt. JAMES MULLEN, Senior President. WILLIAM FARTHING, Pres., Y. M. C. A. JAMES A. WELLONS, Pres., Pan-Hellenic. JOHN D. SHAW, Asst. Capt., Basketball.

Above are the men, who, through prominence in a particular activity, have been the campus leaders for the past year. Campaigning, compromising, and hard working are now the order of the day of the men striving to fill their shoes.

MEN ARE CHOSEN ON DEBATE TEAM FOR TOUR SOUTH

Farthing, Thornton, and Council to Represent Duke Alternately in Debates

SIX MEETS ON SCHEDULE

Georgia Tech Will Be Met on Duke Campus in Final Match

William Farthing, Spillth Thornton, and Raymond Council have been chosen to represent Duke university on the southern debate tour. During the course of the trip, which begins April 11 and extends through April 18, the Duke debaters will compete with representatives from the University of Georgia, Georgia Tech, Birmingham-Southern, Alabama, and tentatively Wofford and Emory.

The query for all the debates is resolved: That the work should be excellent. Debate occurred during the week and immediately afterward, because of the week, are understood. The Duke debaters will compete with representatives from the University of Georgia, Georgia Tech, Birmingham-Southern, Alabama, and tentatively Wofford and Emory.

RAGAN IS CHOSEN Y. W. C. A. PREXY

Election of Officers to Religious Group Ends Co-ed Politics For Year

At a general election of the women's student body yesterday afternoon, officers for the 1923-24 school year of the Y. W. C. A. were elected. The new officers will not enter entirely into their new positions until the beginning of school next September. This election closes the general women's elections for the spring term, as the May Queen, and the student government officers have already been voted on.

As successor to Norma Louisa Craft, retiring president, Virginia Hagan has been elected. For the vice-presidency, Rosaline Cash was elected; for secretary, Virginia Goddard; and for treasurer, Lucille Gault.

ROBERTS GIVES ADDRESS TO GERMAN FRATERNITY

Economies Professor Speaks to Members on German Monetary System

A special meeting of the Delta Phi honorary German fraternity, was held at 7:30 last Friday evening in the East Duke building on the East campus.

The program was featured by an address by Professor Christopher Roberts, of the Economics department, who spoke on the conditions of the German currency during the time of 1923-24. The inclusion of many personal experiences and direct observations of the monetary system in Germany at this period made the speech exceptionally interesting and instructive. Following Dr. Roberts' address, refreshments were served.

The next meeting of the society will take place on April 1, for which time a special Goethe program has been planned.

RIPPY TO GIVE LECTURE TO EDUCATIONAL GROUP

Dr. J. Fred Rippy of the history department will address the local group of Kappa Delta Pi educational society at a meeting on Wednesday evening, March 22, in the reception room of the East Duke building. Dr. Rippy has chosen as his topic, "College and the Future."

The public is invited to attend this open forum meeting.

SENIORS LEAD IN QUALITY POINTS IN CLASS AVERAGES

Each Man in Class Averages 22 Points in First Semester

JUNIORS ARE NEXT BEST

Third Year Men Are One Point Above Sophomores in Grades

In the averages of the grades of the entire student body for the first semester just released from the office of Dean Herring, it has been found that the seniors lead all other classes in number of quality points per man earned.

As an average, each fourth year man received 22 quality points. The juniors averaged 16.15 quality points, the sophomores 15.25, and the freshmen 13.40. Judged on the basis of five courses to each man, further comparisons have been made concerning the individual classes. The percentage of a grade of the total number of seniors grades is 13.35. The percentage of B's from the total number of seniors grades is 28.1. That of C's, 22.2, while that of D and F are 9.30 and 2.13 respectively.

The juniors, sophomores, and freshmen (Continued on page 16)

No Chronicle For Two Weeks!

Due to the Easter holidays, The Chronicle will not be printed for two weeks. The next issue will be that of April 6. For that issue and the one following, W. F. Eaker and G. W. Sweeney, supplying for the editorial staff, will have complete supervision. With the appearance of this issue, there have as far been two trial issues printed.

SPEECH ON HUMAN ABILITIES IS GIVEN BY PSYCHOLOGIST

Charles Spearman, English Psychologist, Discusses Important Topic at Duke Friday

NEW PROF IN COLUMBIA

Visiting Lecturer Is Given Enthusiastic Introduction by McDougall of Duke

Dr. Charles Spearman, noted English psychologist, presented a paper on "Friday evening in the lecture hall of the biology building on 'The Nature of Human Abilities.' Dr. Spearman, who was introduced by Dr. William McDougall, is at present visiting professor at Columbia university. His 25 years of study in the field of human abilities has made him a recognized authority on the subject as well as being one of the leading English psychologists. Dr. McDougall in his introductory remarks called attention to the fact that through the visiting lecturer's single-minded devotion to study and through his originality, he has created his own school in the analysis of the human mind.

Early in his speech, Dr. Spearman stated that his personal study of psychology is not in direct opposition to that of Dr. Edward L. Thorndike. Dr. Thorndike, he stated, that he and Dr. Thorndike had come to a perfect agreement on beliefs, but he quickly qualified this statement to the statement of the more educated members of his audience. Dr. Spearman clearly showed the importance of the human mind.

DORMITORY PRESIDENTS ARE ELECTED BY CO-EDS

Under New Ruling House Heads Will Be Placed on Women's Student Government

Elections for house presidents for the year 1923-24 took place in the various dormitories on the East campus Wednesday night, March 16. Those elected are: Jarvis house, Mary Janney Baggett; Hargrave, Walter Hargrave; Hargrave, Dorothy Eaton; and Algonquin house, Lorraine McClone.

Under the new amendment to the constitution of the house presidents of the various dormitories will be organized into a house presidents' board for the purpose of making dormitory procedure throughout the campus uniform and for the purpose of dealing with minor offenses coming from the students. The house presidents, besides presiding over the house meetings of the respective dormitories, will also be members of the executive board and will sit on the judicial board of the Women's Student Government for the consideration of major cases.

The Tuesday evening recitals are presented, one each month, free to all. The detailed program of this concert will be announced soon, and this preliminary invitation is issued to all the members and friends of the university to attend a fine diversified musical concert on Tuesday, April 2, at 8:00 p. m.

Dr. Edwin Mims, a professor of English at Vanderbilt university and an authority in the field of literature, was the speaker at the literary assembly held Tuesday, March 15. Dr. Mims gave an interesting talk on the possibilities of literature. He told his points with a number of well-chosen quotations.

In the course of his talk, Dr. Mims depicted the tendency of the American college student to seek庸俗entertainment when they get to know oneself and one's possibilities by the reading of good literature. He told his points with a number of well-chosen quotations.

CELEBRATION OF GOETHE'S DEATH TO BE HELD HERE

Eugen Kuehnemann Will Speak at Joint Phi Beta Kappa and Goethe Day

IS NOTED PHILOSOPHER

Annual Spring Initiative Into Honor Fraternity Will Be Held March 29

Dr. Eugen Kuehnemann, professor of philosophy at the University of Breslau, Germany, will be the speaker for the joint celebration of the Goethe centennial and Phi Beta Kappa day. The Duke chapter of the national honor fraternity will hold its annual ceremonies Tuesday, March 29. Dr. Kuehnemann's address will be delivered at 8 p. m. in Page Auditorium.

The eminent German professor who is one of our exclusive American teachers one of the greatest living Goethe scholars. Although he has published voluminous works, Kuehnemann and Schiller, his two-volume work, Goethe, written two years ago, is his greatest creation. It is in this work that he has given the interpretation of Goethe's development as a writer. Dr. Kuehnemann has made an additional mark in the fields of philosophy and literary history.

The visiting speaker's university connection dates from 1901 when he was appointed as the first rector of the Royal Academy at Posen. Since 1908 he has taught in the University of Breslau, although he has been visiting professor at Harvard and the University of Wisconsin. Dr. Kuehnemann has received honorary membership in Phi Beta Kappa since his appearance at the annual meeting of the Phi Beta Kappa chapter at Duke.

During the day of March 29, members of both the junior and senior classes who are studying German will attend the celebration of Goethe's death (Continued on page 16)

Y. M. C. A. RECITAL TUESDAY EVENING

Symphony Orchestra, Treble and Talented Faculty Members Will Provide Entertainment

On Tuesday evening, April 6, at 8:15, in the Page Auditorium, the Y. M. C. A. will present the fourth concert of its second annual series of Tuesday evening recitals, sponsored by the Y. M. C. A. of the university to provide good entertainment for the university community and to increase the appreciation of music.

While the detailed program has not yet been entirely arranged, it is announced that the Duke University Symphony Orchestra, directed by Dr. E. L. Welch, Jr., will be one of the features of this concert. Other members will be made up of students and faculty. There is much good talent among the faculty group, and the appearance of the orchestra is much to be desired. This year's faculty talent is being selected with a view to providing the very cream of good talent.

The Tuesday evening recitals are presented, one each month, free to all. The detailed program of this concert will be announced soon, and this preliminary invitation is issued to all the members and friends of the university to attend a fine diversified musical concert on Tuesday, April 2, at 8:00 p. m.

Fellowship Competition Is Keen In Graduate School

Nine Hundred Applications Are Received For Positions in All Departments of Duke Graduate School; Ninety Appointments Alone Are Available

The Graduate School of Arts and Sciences has this spring received over nine hundred applications for positions in the fellowships, scholarships and graduate assistantships which are annually available to the students of the university. The largest number of applications was received from the most prominent and well-qualified candidates. The competition closed on March 15. Approximately 900 applications were received this year as compared with 600 applications last year. Doubtless a great many college graduates, who are under present conditions unable to find satisfactory teaching positions, are desirous of going on with graduate work. A great many of the students in the senior classes of American colleges are also hoping this year to receive assistance in beginning work on an advanced degree. Applications have come to the graduate school office from all parts of the United States and from many foreign countries. Among the foreign countries from which applications have been received are England, Germany, France, Czechoslovakia, Italy, China, Siam, India, Egypt, Spain, Denmark and Canada. Unfortunately the pressure of applications from students in the United States is so great that it is doubtful whether the graduate school can accept more than a few foreign students. It is to be regretted that many foreign students who desire to come to Duke university have advanced studies in the United States and are greatly in need of some special fellowships for students from Europe, the Far East and South America. The largest number of applications was received from the senior classes of American colleges are also hoping this year to receive assistance in beginning work on an advanced degree. Applications have come to the graduate school office from all parts of the United States and from many foreign countries. Among the foreign countries from which applications have been received are England, Germany, France, Czechoslovakia, Italy, China, Siam, India, Egypt, Spain, Denmark and Canada. Unfortunately the pressure of applications from students in the United States is so great that it is doubtful whether the graduate school can accept more than a few foreign students. It is to be regretted that many foreign students who desire to come to Duke university have advanced studies in the United States and are greatly in need of some special fellowships for students from Europe, the Far East and South America. The largest number of applications was received from the senior classes of American colleges are also hoping this year to receive assistance in beginning work on an advanced degree. Applications have come to the graduate school office from all parts of the United States and from many foreign countries. Subscriptions \$2.00 per year
Entered as second-class matter, September 19, 1906, at the Postoffice at Durham, N. C., under act of March 3, 1879.

This issue is being prepared by J. L. Stewart, who is competing for the editorship. The issue of April 6 will be supervised by W. F. Eaker.

PURLOINED PARAGRAPHS

This is truly an age of change, mostly small. —*Durham Journal*

Stop that war in the Orient, quite before the avalanche of Chinese news starts. —*Southern Lumberman*

The final test of patriotism is to be a Democrat and pray for good times before November. —*Pittsburgh Courier*

Policy, General and Specific
Oh, ye knights of the pen! May honor be your shield and truth thy spear! Go gentle to all people, ye of the pen! For ye are the fathers of children. And as for the Opre Hamburg, out sword and blade at him.—*Thackeray*

The college newspaper, to be worth while and important, must follow closely the general intellectual and cultural development of the university which it represents. There is little need to attempt to set either of these principles as a precedent for the general education of a university can be fully recorded in a newspaper only when that paper follows the best journalistic practices in the presentation of its printed matter. The college newspaper, therefore, has a responsibility with the history and traditions, if you please, of both his university and of journalism. He must have a genuine affection for both; he must realize the worth in education and stimulation of both. His is a large task.

The greatness of a newspaper must be judged largely by the benefits it renders its community and readers at large. The newspaper is the principal medium of the college community, and the policy of a would-be editor must center upon this service. Forunately, unfortunately, the largest service which is expected of the Chronicle is the majority of its principles are that of the news and activities of the undergraduate school. Accordingly the largest amount of space in its columns is given to this purpose. But the more lasting service which this publication renders in the past, rendered is its interpretation of the university. Former editors have thus been men of insight. They have to a varying extent carried the significance of the institution in its many developments. They have endeavored to give a general realization of the aims of Duke university, of its heritage, and of its ultimate worth to all connected with it. The aspiring editor must accept the responsibility of maintaining this position in the future.

This responsibility is two-fold. Besides the maintenance of the present standard of the publication in its adherence to the journalistic code and in its interpretation of the university, the editor must be personally responsible for all material appearing in his columns. In his editorials, the editor faces the responsibility of being intellectually honest. There is no place on the editorial page for prejudiced writings or for those advancing the cause of any single clique. If the interests of one group are stressed in a particular article, they should be presented because the interests of that particular group are considered of interest and value to the university at large. Free advertising should not be omitted. Finally to serve as check on any exuberance that the zealous editor might exhibit in his writings, he should remember the admonition

to all editors of Charles A. Dana of the New York Times who stated that while the newspaper man should stick to his beliefs, he should not state that "they" contain the whole truth or the only truth."

For the past several years the CHRONICLE has been a six page weekly with seven columns to the page. Occasionally, in the present year, the number of pages has been extended to eight and even ten. If elected editor for the next year, I should like to publish an eight page weekly but this step will depend entirely on the success of the present year. The CHRONICLE has no syndicated material should be used. No humor or poetry columns should appear as "fillers." All news printed should be definitely connected with Duke university. Material which would appear should be retained as this format makes possible a neater and more balanced make-up.

All headlines for stories must be conservative. Heavy tendency towards sensational or yellow journalism must be curbed. Every attempt should be made to be accurate in printed matter. The editor should personally check all proper names appearing in his copy.

If a cut and dried statement must be taken on conservatism and radicalism, I favor conservatism, but if all news stories are accurate and their headlines are not purposely misleading, if the editorials are products of unbiased thought and not blatant championing of doubtful innovations, then a decent medium between the two extremes should result.

The CHRONICLE announces itself as published by the students of Duke university. There should be no discrimination between the news of the East and West campuses. Because of the distance between these campuses, it has been judged best for the co-op staff to send a separate editor to each campus. This is necessary, however, should appear in the paper in relation to its general importance; I do not favor any separate staff for co-op material.

As many of the students as possible should appear in the CHRONICLE. As a further means of adding to the interest of the university reader, the Open Forum editorial should be maintained.

The staff of the CHRONICLE should be made up of editors, the feature story is the best medium for presenting to the students a complete picture of the progress of the various departments of the university. BRICKS, BOUQUETS, and BULL

One man around here wants the coeds to wear name tags at the next dance.

The reason for it is that his roommate

met some pretty girls at the Saturday night

and he was some girl. All the roommate

thought he was that was a great, pretty, charming, fascinating, knock-out.

(Did we say all that?) But he didn't

think about her was that was a great, pretty, charming, fascinating, knock-out.

Along his roommate. "Was she tall or

short?" He pondered a minute then said,

"Medium." The next question was

"Was she blonde or brunette?" Answer, "I

don't know." Finally he asked, "Well, for

good shakes, what color dress did she

wear?" The roommate took a minute to

wonder about it, then replied briefly, "Oh,

she was the girl in blue!" At last

the question, the investigator was tearing his

hair.

Here's hoping the Easter bunny, bless

his heart, brings you plenty of nice new

clothes. There are coloring books and

pages for little sister and brother. You

take yourself doing it, cast a thought,

and beg on the colony of non-vaccinated

children. The Easter Bunny is coming to

church with a nifty costume planned

on your coat, think of those victims of

gathering dangers for their Easter

costume!

"The Youngest" was grand. Credit

is given to the director, the producer,

the actors, the creator and all the people

SOCIETY

ELIZA CUMMINGS JIM MUSTARD

Pan-Hellenic Council Gives Dance Series

On Friday evening, March 18, Saturday afternoon, and Saturday evening, March 19, the Pan-Hellenic Council sponsored a series of dances in the East campus gymnasium, which proved to be among the most delightful affairs of the season.

The gymnasium had been beautifully decorated with purple and white festoons from the ceiling of the gymnasium to the balcony railings, while vertical streamers in blue and white hung from the walls. Orange-and-red spot and flood lights added brilliance to the artistic effect. A cleverly decorated Christmas tree and a realistic spring garden in opposite corners of the gymnasium completed the decorations.

The set opened Friday evening with a formal affair lasting from 8:00 until 1:00, followed by an informal tea-dance Saturday afternoon from 4:00 until 6:00, and ending with a formal cotillion Saturday evening, from 8:30 until 12:00.

The music for the series of dances was furnished by "Jelly" Lettwith and his suggested orchestra.

The figure Friday night ended with a car-wash effect, boys on the outside and girls in the middle, while blue and white ribbons formed the spots. Orange-and-red spotlights played over the dancers and gave a brilliant effect.

The figure was led by Ed Thomas, of Greenville, N. C., chairman of the Pan-Hellenic Council, assisted by Miss Anne Williams, Franklin, Va., and was participated in by the other members of the Pan-Hellenic Council.

Members and escorts were: Miss Harriet Wannamaker, Durham, with John Long, New York City; Miss Frances Shute, Moore, with Dick Royall, Rockingham; Miss Jean Jackson, Mountlake, N. J., with Marshall Fritchett, Charlotte; Miss Virginia Fort, Clayton, with Walter Harnick, Gaffney, S. C.; Miss Margaret Phillips, Independence, Va., with Edwin Finch, Henderson; Miss Marie Mack, Waynesville, with Alton Kirkpatrick, Burlington; Miss Page Gooden, Henderson, with Bob Page, Durham; Miss Mabel Gordon, Elizabeth City, with Bill Gordon, Elizabeth City; Miss Louise Green, Asheville; Miss Dot Taylor, Rocky Mount, with Bob Hicks, Rocky Mount; Miss Ethel Garrett, Swarthmore, Pa., with Gordon Power, Baltimore, Md.; Miss Bernice Erwin, Bradley Beach, N. J., with Meredith Moore, Greenville; Miss Elaine Garrett, Greenville, with Jimmie Welton, Smithfield.

Chaperons were: Dr. and Mrs. A. K. Henderson, Dr. and Mrs. M. N. Newsum, and Mrs. J. H. Erwin, Miss Julia Grant, Miss Elizabeth Anderson, Miss Mary Grace, Mrs. Max Hason Smith, Mrs. J. J. Woodward, Mr. A. T. West, Professor Charles Anderson, Dr. F. C. Brown, Dr. and Mrs. Clement Volmer, and Mrs. M. N. Newsum.

Kappa Alpha Theta Sorority Initiates

Beta Rho chapter of Kappa Alpha Theta sorority announces the initiation on Wednesday, March 28, of the following girls: Eleanor Tompkins, White Plains, N. Y.; Ladonia Thomas, Rockingham; Lorraine Green, New Haven, Conn.

Guests on Campus Last Week-End

Among the visitors on the campus last week-end were "K" and "Sugar" Woodrow, of Chester, Va., guests of Zeta Tau Alpha; Margaret Montgomery, of Charlotte, guest of Miss Emily Pennebaker; and Mary Brown, of Raleigh, guest of Kappa Alpha Theta.

Nu Beta Phi Announces New Pledge

Nu Beta Phi sorority announces the pledging of Miss Jeanette Goldstein of Roanoke, Va. On Sunday night, the pledge was entertained by members of the sorority at a dinner party at the Washington Club hotel.

Lambda Chi Alpha wishes to announce the pledging of Charles D. Beatty, Pittsburg, Pa.

Sigma Alpha Omega Pledges Two Men

Sigma Alpha Omega announces the pledging of Ronald Abrecht, Cleveland, Ohio, and James Grant, New York City.

Lambda Chi Alpha Pledges One

Lambda Chi Alpha fraternity takes pleasure in announcing the pledging of Charles D. Beatty, of Pittsburgh, Pa.

Kappa Sigma Hosts to Several Alumni

Several alumni of the Kappa Sigma fraternity visited the local chapter this past week-end. They were John C. Criss of Wilson, N. C., and Francis Brinkley, of Norfolk, Va.

VOLLMER OF DUKE TALKS ON GOETHE

German Professor Addresses Groups in Raleigh and Chapel Hill at Goethe Centennials

Dr. Clement Vollmer of the German department and a notable speaker at Duke, delivered two lectures at the close of last week in connection with the international observance of the centennial

year of the death of Goethe, the great German man of letters, statesman, and scientist.

At Raleigh Thursday afternoon Dr. Vollmer linked the subject of Goethe with that of his address, "Woman's Sphere in a Man's World," at the tea for Raleigh club clubs given by the Literature Department of the Raleigh Woman's Club.

Having spent the past summer studying and delving into records of Goethe's life in the old German cities where he had lived and worked, Dr. Vollmer

possessed a freshness of viewpoint and enthusiasm for his theme, which he employed in demonstrating through Goethe's life the influence of woman on a man's life.

He characterized a man's world as a world of logic and reason and a woman's world as a world of emotion and beauty and love, an aesthetic world, and declared that the eighteenth century was essentially a man's world.

On Friday Dr. Vollmer delivered the lecture at which he attended a meeting of the American Society of Church History in Chicago.

During the course of the two-day session, the Duke professor read a paper on the attitude of the Methodist Episcopal church, South, toward theological education. The presence of Dr. Garber, who is a keen student of southern Methodism, at the meeting which ended yesterday, was an important one.

Dr. Garber also attended several meetings of the committee on Methodist historical documents while he was in Chicago. This group is collecting all historical material possible to be used in connection with the sequel-entailed celebration of American Methodism, which will be observed in 1944.

At his latest session, the committee attempted to classify and make uniform the vast amount of data which it has so far assembled.

Garber Attends Church Sessions

Duke Professor of Religion Is Speaker at Biblical History Meeting

Schools Are Also Held For Two Terms at Lake Junaluska School

Dr. Paul N. Garber of the Duke school of religion has just attended a meeting of the American Society of Church History in Chicago.

During the course of the two-day session, the Duke professor read a paper on the attitude of the Methodist Episcopal church, South, toward theological education. The presence of Dr. Garber, who is a keen student of southern Methodism, at the meeting which ended yesterday, was an important one.

Dr. Garber also attended several meetings of the committee on Methodist historical documents while he was in Chicago. This group is collecting all historical material possible to be used in connection with the sequel-entailed celebration of American Methodism, which will be observed in 1944.

At his latest session, the committee attempted to classify and make uniform the vast amount of data which it has so far assembled.

SUMMER SCHOOL SHOWS BIG GAIN IN ENROLLMENT

June Session Will Be Fourteenth Annual Duke Summer School

MANY COURSES OFFERED

Preparations are rapidly being made to meet the needs of students intending to attend the fourteenth summer session of Duke University, according to Holland Holton, director of the department. An even greater number of students than last summer is expected to gather on the Duke campus in June for the six-weeks' course.

The present Duke summer school was begun in 1919, while the university was still Trinity college. Not only has the growth in attendance at the summer sessions been phenomenal, but the number of students has grown to 88 this year of its formation there were but 88 students enrolled, 60 of whom were teachers themselves. In 1931, a total of 1,676 students had enrolled in the school either on the regular Duke campus or at affiliated summer branch. Of these, 992 were in the first session held on the Duke campus and 492 continued through the second six weeks. The June session of the summer school had an enrollment of 223.

In addition to the growth in enrollment, the number of courses offered by summer students has been considerably increased. At present both graduate and undergraduate work may be taken with full credit given for the work.

In the graduate department the degrees of master of arts, master of education, and doctor of philosophy are offered. Gradually a portion of the faculty is being appointed primarily to graduate courses in the direction of research work.

In the undergraduate school, the degree of bachelor of arts may be secured.

One development of the summer school which is now generally practiced in the summer sessions of all universities is the securing of the services of visiting professors. In the 1932 Duke school, seven outstanding men from other universities will hold both graduate and undergraduate classes.

Erwin Places France Before America in Art

"France is far ahead of America in modern art," stated Eugene Erwin, Durham artist, who spoke Thursday evening, March 17, in the art room of the library of the East campus, on the new approach to modern art.

This new approach, he explained, stresses attention to design—that is to the relation of line, form, shape, and colors. The oldest form of design known was discovered and used by the Egyptians and was later carried to Greece. It was called dynamic symmetry. There are two kinds of modern design—applied and aetorial.

REMODELING of all GARMENTS by EXPERTS

Bring your tux and spring suit down to have it altered and repaired for Easter and the coming seasons.

Make your old clothes "tailor-made" for the coming season.

If you are looking around for a place to dine during the holidays, come down for a meal or so with us. Special dinners for parties and other functions, and we know you will like them. Discounts on student and faculty meal tickets.

GREENE EXPLAINS NEW CURRICULUM

Students Are Urged to Change to New System in Keeping With Progressiveness

At the Thursday meeting of the West campus student body, Dean W. K. Greene presented an interesting and explanatory talk on the new university curriculum.

Dr. Greene, at the outset of his remarks, advised every student to change to the new system because it is in line with the most progressive thought of the day.

According to Dean Greene, the radical features of other institutional changes are eliminated while the best have been incorporated. The aim of the committee has been to integrate rather than disintegrate college work, using the principle of divisional concentration in all college groups.

The average of required hours has been reduced from about 10 to 9.57. The degree of bachelor of science will be conferred for the first time under the new system. A new method of numbering courses has been adopted whereby courses open to each class are listed under groups. In essence, the new curriculum will allow the student the greatest amount of freedom to educate himself in the best way for his life work.

Frosh Council Active

For the past several months, the freshman (freshman) council has been inviting university speakers of note to speak to the group each Tuesday evening. At many of these sessions, the public has been invited to attend.

The first lecture was given by Dr. Calvin B. Hoover on the subject of communism. The next week, Dr. R. F. Allyn of the Duke medical school gave a lecture on sex which was well attended by undergraduate students. Last Tuesday, Professor L. Plankhacker, of the economics department described the underlying causes and resulting actions of the Sino-Japanese war.

The council will announce its next speaker shortly.

DURHAM ROTARY CLUB ENTERTAINS DUKE MEN

At a special meeting of the Durham Rotary club Monday night, March 21, the students of Duke university whose parents are Rotarians elsewhere were entertained by a program arranged by Dean Josiah Miller, of the Duke law school.

The meeting was held at the Washington Duke hotel, and headed the large number of Duke students present, several of the Rotarians' wives met with the club.

PLANS MADE FOR SOPHOMORE BALL

In its meeting Monday morning, the sophomore class voted to hold its annual dance on Saturday evening, April 8, in the "Ark" on the East campus. This year the affair will be held in conjunction with the sophomore girls that is, each boy and girl who has met the class dues obligation is entitled to a ticket and the privilege of inviting any consort.

The committee on arrangements has been attempting to obtain the girls' graduation for that date, but it is hoped for the rest of the year. Consequently, the "Ark" although considerably smaller, was necessarily selected. At the Monday meeting, it was not definitely decided whether the dance would be formal or informal. A hurried standing vote gave a majority for an informal one, but there seemed to be considerable discussion over the matter among the class as a whole, as many believed that formal dances would raise the atmosphere and character of the dance to no small extent.

WELCOME—Duke Faculty and Students

We are ready to serve you with the most complete line of school and University supplies, office devices, typewriters and gifts to be found in this State.

Garber Attends Church Sessions

Duke Professor of Religion Is Speaker at Biblical History Meeting

Schools Are Also Held For Two Terms at Lake Junaluska School

Dr. Paul N. Garber of the Duke school of religion has just attended a meeting of the American Society of Church History in Chicago.

During the course of the two-day session, the Duke professor read a paper on the attitude of the Methodist Episcopal church, South, toward theological education. The presence of Dr. Garber, who is a keen student of southern Methodism, at the meeting which ended yesterday, was an important one.

Dr. Garber also attended several meetings of the committee on Methodist historical documents while he was in Chicago. This group is collecting all historical material possible to be used in connection with the sequel-entailed celebration of American Methodism, which will be observed in 1944.

At his latest session, the committee attempted to classify and make uniform the vast amount of data which it has so far assembled.

Easter Play By Spence Is Feature Of Vesper Service

Class In Religious Drama Presents Appropriate Play For Easter Season; Special Music Composites Impressive Service

A play in three acts, entitled "The First Easter Morning," written and directed by Professor H. E. Spence, was the feature of the Sunday afternoon vesper service held on Sunday, March 20 in Page auditorium. A large crowd witnessed the play, which was well performed and which secured an impressive response.

The first act, set in Pilate's Judgment Hall, dealt with the arrest of the crucified Christ on Pilate and his wife, and also on the Pharisees set of the city. Pilate, played by Millard Warren, was seen to be very much upset by the realization of the innocence, and the limitations of the Godliness, of the man he had sentenced to be killed. Mrs. John Tyler played the part of Pilate's wife, Pontia, and her excellent acting helped the only weak part of the play, parts of her dialogue with her husband, considerably.

In the second act several of the disciples and the wife and daughter of Andrew are gathered in the home of John, very sad over the death of their Master. Peter, played by George Singleton, was

seen to be heartbroken because he had denied Christ, after boasting of his love and allegiance to him. The rest of the group consisted of Peter as best they could amidst their own sorrow over the turn of events.

The third act was the most beautiful of all. It dealt with the events very early in the morning of the first Easter when Mary, the mother of Jesus, and Martha, and Mary Magdalene visit the tomb and find it empty and then when a group of the disciples come on the scene and are told of the message that Christ had left of his resurrection.

The play carried with it a message helpful to the assembled audience. The members of the cast all did well in portraying their parts. They are all members of Professor Spence's class in the religious drama.

Dr. Elbert Russell, head of the school of religion, led the service. Special music was furnished by a mixed quartet composed of Mr. and Mrs. Foster Barnes, Mr. Kenneth McFarley, and Miss Evelyn Hancock, who sang two numbers, and Mr. H. E. Myers, who sang a solo between the second and third acts.

Offer New Medal

The Senator Simmons medal for oratory is offered this year by the Columbia Literary society. Contestants are limited to members of the society, but anyone interested is cordially invited to

join. The speeches, which may be on any subject. The speeches are to be delivered at a school Friday night, May 15, on the second floor of the Union.

Chanticleer Urges Payment of Bills

The 1932 Chanticleer staff urges all students whose pictures have been entered in the year book, to be distributed within a month, to settle their bills immediately. It is stated that only a number of volumes covering the number of students who have paid their accounts will be issued.

GLEE CLUBS WILL PRESENT EASTER RECITAL IN APRIL

Requested Classical Concert Appropriate For Easter Will Be Given

PROGRAM IS IMPRESSIVE Men's and Women's Glee Club Will Appear With String Quartet and Soloist

Rendering an entire program of carefully selected and appropriate classical numbers, the men's and women's glee clubs will give a joint concert Sunday afternoon, April 3, at 8 p. m. in Page auditorium. The program will include a soloist, a string quartet, and a mixed quartet. The men's glee club will sing a solo, and the women's glee club will sing a solo. The program will include a soloist, a string quartet, and a mixed quartet.

Besides the numbers of the glee club, a string quartet and trio and violin solo will be featured. The trio and quartet will be composed of women, while the soloist is John Long. There will be eight voices singing in the two glee clubs. Excepting the annual musical comedy presented by the musical club later in the season, next Sunday will mark the only joint appearance of the two groups.

The Sunday concert has been planned by Mr. and Mrs. J. Foster Barnes entirely by request. All of the numbers to be sung are well known selections, and all are important musically. The appearance on one program of the Hall-John choruses of both Bethel and Handed is rare.

The complete program is listed below: 1. Large from "Kismet"—Handel. 2. Gloria in Excelsis from "Te Deum"—Mozart.

3. String Quartet, Charles—Bach. 4. Misses Celestine Deamer, Bobby Burns, Elaine Childs, and Laura

GIRLS Do Not Smoke Pipes

THE GIRLS haven't left us many of our masculine rights. They by our airplanes, drive our cars, smoke our cigarettes— but they don't smoke our pipes! They've left us this one mainly right, anyway. A man alone has to smoke a pipe nowadays. A pleasant necessity! For a pipe filled with good tobacco is just about the best smoke a man could want. And if you're troubled about selecting a tobacco, remember that Edgeworth is a popular favorite in its out of 54 colleges. It somehow seems to fit the college man's taste. Edgeworth is cut especially for pipes, it burns slowly, it gives a cool smoke. You can buy Edgeworth wherever good tobacco is sold. Or, for a special sample packet, write to Larus & Bro. Co., 100 S. 2nd St., Richmond, Va.

For more information write to the boys of 54 pipes.

EDGEWORTH SMOKING TOBACCO

Edgeworth is a blend of fine old tobaccos, with its natural aroma enhanced by Edgeworth's distinctive and exclusive slow smoke process. Buy Edgeworth anywhere in two forms—Edgeworth-Rubbed and Edgeworth-Pipe-Slice. All main 12¢ packet package to \$1.20 pound tin.

CO-ED PRESIDENT

Louise Hooker, recently elected president of the women's student body, is already away on official business.

LEACH AND HOOKER ARE GIVEN EXTENSIVE TOUR

Outgoing and Incoming Co-Ed Presidents Attend Student Government Convention in Alabama

Edith Leach, of Washington, N. C., and Louise Hooker, of Greenville, N. C., outgoing and incoming presidents of the Women's Student Government association, left at 7:45 Monday evening on a trip sponsored by the student council. They will attend the convention of the student government of southern colleges to be held at Tusculum, Ala. En route they will visit outstanding southern colleges, where they will observe working conditions of student government.

Before going to the convention, they will visit Agnes Scott college in Decatur, Ga. From there they will go to the University of Alabama at Tusculum to attend the convention. They will remain there until after Easter. They will then go to Sophia Newman college in New Orleans and to Florida State College in Florida in Tallahassee. They expect to return here about March 31.

Jarman. 3. Come, See the Place—Horatio Parker. 4. King All Glorious—Barthel.

5. Violin solo, Ave Marie—Gounod. Mr. John Long.

6. From Thy Love as a Father from "The Holy Trinity"—Gounod. 7. Unfold Ye Portals from "Redemption"—Gounod.

8. Girls Chorus. 9. String Trio, Hine Angelique—Bach.

10. Misses Celestine Deamer, Laura Jarman, and Carolyn Riddle. 11. Hallelujah Chorus from "The Messiah"—Handel.

12. Girls Chorus. 13. Hallelujah Chorus from "The Messiah"—Handel.

14. Girls Chorus. 15. Hallelujah Chorus from "The Messiah"—Handel.

Tryouts For Play To Be Held Tonight

Tryouts for "Crags Wife," the final and May Day production of the Duke Players, will be held at 8 o'clock tonight in the Little Theatre on the East campus. Those desiring to participate are urged to be present, as the final cast will probably be made during the evening, thus eliminating difficulty that might arise over the holidays.

PLAN DEVISED TO CHANGE HOUSE OF REPRESENTATIVES

Council Recommends That Number of Members Be Restricted to Six

PROJECT NOT SETTLED

Vote of Student Body Is Necessary Ratification of Constitution Is Involved

An extensive reorganization of the House of Representatives was recommended to the men's student government this past week. At a call meeting of the House last Monday, a good attendance was present, and the body passed several important measures.

The House of Representatives was inaugurated at the beginning of this school year as a part of the student government. Its membership has been composed of a representative from each dormitory section of the West campus. Although the group has been able to carry out many necessary on-campus duties, it was felt by the House that the House was composed of too many representatives and was therefore too large and unwieldy.

After some discussion a plan was outlined and settled upon to the effect that the House submit a reorganization bill to the student government. It was decided that six men should be elected from the campus at large to meet with the vice-president of the student body and that these seven form the House of Representatives. It was understood that the elected men organize the various dormitory units in any way they feel to be most effective.

Although the student government has not taken up this suggested amendment to its constitution, it has been stated from reliable source that the measure will be passed, and that it will be submitted to the vote of the student body. Since the measure will be a reorganization of the present student government constitution, a three-fourths affirmative vote will be necessary to pass it. In the event that it is passed, a separate election of the student body will be called to choose men to fill the six seats at large. At all which the present student government positions will be filled is considered to be too early to allow for consideration of the House of Representatives to be properly nominated.

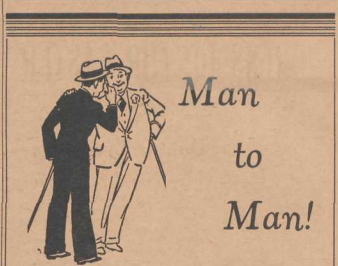

Unique Services Offered By Various Departments

Actual Practice Afforded by Numerous Professional Departments is Feature of Work Here; Plan Originated in Rural Church Division in Religion Department

Practise makes perfect as the old saying goes, and only through practice and actual participation in the learning process may perfection in its finest form be attained. In keeping with the trend of modern times and the increasing tendencies of outstanding universities to provide learning by actual doing, Duke University has, thus early in its rapid growth in prestige and importance, begun its own policy of "practice leads to perfection," hoping to go far toward abolishing the old and almost universal conception that all college students are more or less impractical in their limited knowledge and rich only in a mass of theories. Duke realizes that her young people armed only with a complicity of jumbled and, more often, foolish theories, would in all probability be doomed in their search for fame and success, and, as a result, she has enlisted the aid and supervision of responsible advisers for students, to whom they are placed under surveillance during a period of actual practice along the lines of their chosen professions. This is seen in varying degrees of intensity in the departments of medicine, law, the ministry, and education, those being the professions as specified by the late James R. Duke as having greatest opportunity for service to humanity, although this same practice nature may be discovered in a lesser degree in the departments of science, engineering, business administration, and romance languages.

Through the general financial cooperation of the Rural Church division of the Duke Endowment, this learning-by-doing plan is probably one of the most unique in the school of religion, because it enables approximately sixty summer students in the school to become summer assistants to Methodist ministers throughout the two North Carolina conferences who serve circuits of churches sometimes numbering as high as seven. This provides rest for the weary ministers, gives experience to the young Bachelors of Divinity, and craves the fear and trembling that his first summer after graduation is sure to engender.

Other departments, to varying degrees, stress the practical side of courses. The business administration department keeps full office equipment; the physical education department trains coaches; engineering students perform practical experiments and operate appliances in the laboratory; and extra-curricular activities give every possible training. Students edit their own newspapers; conduct their student government; manage and finance their successful drama, and otherwise prepare themselves for real leadership after graduation. Then, above all, there are those noble and deserving handiwork who are fully acquainted with the business of living a living, because they are financing their education alone.

IF you are not satisfied with your food, and if you have been looking around for a good place to eat, where you get quality, quantity, and service and know that you will be in a refined atmosphere

THEN drop by our Cafeteria for a real meal served in the real way. A place where the entire menu is before your eyes so that you know exactly what you are getting. A place where you can buy a \$5.50 meal-book for \$4.12 which is twenty-five per cent discount, thereby making every fourth meal free. Where you can get an elegant meal for 45¢ less discount, making it cost you only 34¢.

WE are making special arrangements to handle the Duke University students and offer them the best food that money can buy at a price they can afford to pay. Ample private parking space for students' cars.

Duke Nine Opens Season With Usual Easter Series

SKEETERS' FIRST!
Jersey City of International League To Be Good Test For Coombe's Charges

DOUBLEHEADER MONDAY
Marshall College Will Be First Colleague For Blue Devils

The Blue Devil baseball aggregation will open its 1932 season this coming Saturday afternoon at 3:15 P. M. when the Jersey City Skeeters of the International League stop here for a single game. The Skeeters have been in the South for the past three weeks conditioning themselves for the opening of their season the middle of next month, and from the scores they have already made it is looks as though they had a ball club with a batting punch. Last week they whipped Elgin 14-2 and Guilford 26-2 respectively.

Coach Coombe is sending his full strength to the field Saturday with the hope of making a formidable showing against the International League squad. He is not satisfied with the results the team has shown, and it is more than likely that there will be some changes before the regular season gets under way but, at present, the following men will appear on the starting line-up:

Keyser, 2b.
Harrington, cf.
Michelet, 1b.
Gold, 3b.
Shore, 2b.
Hendrickson, ss.
Colby, 1b.
Yorlath, c.
Coombe, McKittrick, and Fisher, p's.

On Easter Monday the Devils play a doubleheader with Marshall college of Washington, W. Va. The doubleheader is a former pitcher of the St. Louis Browns, and last year the outfit was good enough to win the West Virginia Conference. The double bill will start at 1:30, and since good baseball is expected the fans. Those of the Duke squad who do not play on Saturday will get a chance to show their wares in these two games. Aside from the above starting line-up the following have survived the last cut and will, in all probability, see action on Monday: Catchers: Howell, Peckham, and Kuttner; Pitchers: Alpert, Madden, Schme, Hendricker, and Brackbill; Infielders: Weaver, Gole, and Hirsch; Outfielders: Shaw and Hayes. Gilens and Sandelin are still retained but will not be on the squad that starts here for Easter.

BOSTON COLLEGE TENNIS MEN WILL PLAY BLUE DEVILS

First Meet For Duke To Be Played Next Tuesday on Local Courts

DEVIL TEAM IS PICKED
Tournament Places Men For First Post Position Other Two Hotly Contested For

With the first tennis match of the season only six days away the racket warriors are rapidly getting in form and will meet Boston college some strong opposition next Tuesday on the home courts. The round robin tournament which has just been finished has brought out fashions of excellent playing, and the boys are ready to give the Massachusetts' lads some real fight.

Stanley Welch and Don Garver won their way into the finals of the tournament by virtue of their victories over Peake and Norman respectively. Welch won his match with little difficulty and Garver also triumphed rather handsily in straight sets, but the finals proved to be a real tussle. Don finally came through in a furious five set struggle and thus clinched the number one berth on the Boston college team. Welch will be the second singles with Woodward and Peake playing the doubles respectively.

To stimulate interest among the candidates and give every one a chance for the team, the fifth and sixth singles position will be left wide open. And in addition, matches will be played before each meet. The boys are ranked in order of ability on a chart posted out on the bulletin board which will challenge the man just above him.

DEVIL SWIMMERS SET NEW A. A. U. RECORDS

Varela and Carter Win Honors at Amateur Meet in Capital City

Two of Duke's swimmers entered in the A. A. U. meet held in Washington last Friday and Saturday and brought back five medals between them. Bob Varela took first in the 100-yard backstroke and set a new record when he swam the distance in 1 minute 33.6 seconds. Barclay Carter entered in two events, getting first in the 220 to set another record of 2 minutes 32.2 seconds and getting second in the 100-yard crawl.

Over seventy-two athletes participated in the meet and it is quite some showing that these two Duke boys did so well. This meet was not a collegiate meet, but was run by the A. A. U. and as a result the competition was unusually keen. As if Duke was going to have an excellent team next year, if all these record holders come back.

campus Union. At this time also committees were appointed to assist in equipping and renovating the New Hope creek cabin recently acquired by the association.

The section of the constitution concerning election of officers was reviewed. Formerly this section provided for the election of the president and vice-president prior to that of the secretary and treasurer. Under the new plan the four major officers will be elected at the same time by preferential ballot one week after the annual meeting. The plan also provides that officers thus elected will assume their duties one month after their election.

TRACK LEADERS PICKED ON EVE OF FIRST MEET

Hicks and Brewer Get Call as Co-Captains of Duke Cinder Team

Kid Brewer and Bill Hicks were elected co-captains of the 1932 track team last Saturday. Kid has done about every thing in this school that a man can do athletically. Besides being captain and a star football player, he has won letters in boxing and mensured around with the basketball club. In track he is a five-event man, almost invariably winning points in the 100, 200, 400, 800, 1600, 3200, 6400, 12800, 25600, 51200, 102400, 204800, 409600, 819200, 1638400, 3276800, 6553600, 13107200, Devils Stage Runaway In Deacon Track Meet

Duke Team Takes All Fourteen Firsts and Clean Sweeps in Seven Events to Record 111-15 One-sided Victory in First Cinder Meet of Season

Capturing first places in all fourteen events and making a clean sweep of the Duke circle thrice in seven events, the Duke devil athletes swamped Wake Forest's track team yesterday afternoon by the score of 111-15. The meet was a season opener for the Blue Devil tracksters as well as the debut of Coach Voyta in the role of head track coach of the university.

Led by John Brownlee with 15 points, the 1932 track and field combination, presented a number of all-around stars in co-captains Brownlee and Hicks, Lewis, Crawford and Shockford. Brownlee won first places in the 100- and 220-yard dashes and the 220-yard low hurdles. He easily secured first place in his favorite event, the broad jump, but was disqualified in the high hurdles after being the first runner to break the tape. Red Lewis showed fine endurance in entering both the mile and two-mile runs, capturing the longer race and tying with Miles in the four-hap event. The whole meet was rather uninteresting in that it was so one-sided. The times and distances were likewise poor, but on the whole the team displayed strength for the initial meet of the season. Coach Voyta has scheduled a difficult series of meets in which the Devils are expected to make a good showing.

The Blue Devil trackmen have been hard at work for several weeks now in preparation for their approaching schedule of meets. On the night of May 5 the team competed in the annual Southern Conference meet in the Chapel Hill, N.C. Scoring a total of 15 points the Duke runners placed fifth in the big meet. It was in this competition that Brownlee lowered the existing mark in the seventy-yard low hurdles.

The Duke freshman team will compete in their first meet about a week after the coming holidays with Carolina.

The summary:

FELLOWSHIP COMPETITION IS KEEN IN GRADUATE SCHOOL

(Continued from page one)

and history. In biology, physics, psychology, mathematics and French the applications were also very numerous. All of the applications in each department have been sent to the department for consideration and recommendations. It is expected that the awards will be announced early in April by the committee on fellowships appointed by President Few.

The number of fellowships and graduate scholarships available this year is fifty. There are also about forty grad-

100-yard run won by Brownlee, Duke; Hicks, Duke, second; Bristol, Wake Forest, third. Time: 1:03.

Mile run: Lewis and Miles, both of Duke, tied for first; Bird, Duke, third. Time: 4:49.8.

220-yard low hurdles won by Brownlee, Duke; Shockford, Duke, second; Lewis, Wake Forest, third. Time: 2:23.8.

440-yard run won by Hicks, Duke; Cook, Duke, second; Pittman, Wake Forest, third. Time: 2:18 seconds.

120-yard high hurdles won by Lybrook, Duke; McCall, Wake Forest, second; Patterson, Wake Forest, third.

220-yard dash won by Brownlee, Duke; Shockford, Duke, second; Daulton, Wake Forest, third. Time: 2:38.

2-mile run won by Lewis, Duke; Garis, Duke, second; Cordery, Duke, third. Time: 13:57.8.

800-yard run won by Bradsher, Duke; Miles and Nichols, both of Duke, tied for second. Time: 5:01.1.

Broad jump won by Palmer, Duke; Brewer, Duke, second; Ripley, Duke, third. Distance: 21 feet 11 1/2 inches.

Pole vault won by Sharpe, Duke; McCall, Wake Forest, second; Johnson, Wake Forest, third. Height: 11 feet 3 inches.

Javelin won by Crawford, Duke; Peague, Wake Forest, second; Thompson, Duke, third. Distance: 161 feet 11 inches.

Shot puts won by Ripley, Duke; Miles, Duke, second; Brewer, Duke, third. Distance: 40 feet 11 1/2 inches.

Discus won by Ripley, Duke; Crawford, Duke, second; Winslow, Duke, third. Distance: 128 feet.

High jump won by Smith, Duke; Johnson, Wake Forest, second; Palmer, Duke, tied for second. Height: 5 feet 5 1/2 inches.

Reference: Gerard (Illinois); Timmeri, Carl (Duke); Burke, (Illinois); Aldridge (Duke). Head clerk: Clark (Virginia).

LOST—White gold Delta Upsilon fraternity pin on East Campus March 17. Finder, please return to Tux Cassano, on-campus office or 217 Bennett and receive reward.

SOPHOMORE FRAT HOLDS INITIATION

At a formal meeting of Beta Omega Sigma, honorary sophomore fraternity, held last night in the West campus gym, Dr. W. K. Greene and Coach Alex Waite were inducted into the order as honorary members.

It was announced that the same plan as usual would be adhered to in regard to the initiation of outstanding freshmen. This ceremony, according to present plans, will be held the latter part of April. Two outstanding first-year men from each fraternity on the campus, as well as a representative group of non-fraternity members of the class, will be taken into the order at the time. The selection will be based on outstanding traits in regard to leadership, scholarship, and athletics.

Beta Omega Sigma, at present a local order, is planning a state-wide expansion program in collaboration with the four other colleges throughout the state, and is rapidly accepting delinquents along this line to place this year.

BARRY'S FLAT IS WELL PRESENTED BY DUKE PLAYERS

(Continued from Page One)

Jane Tate in the part of Nancy Blake had an important part as that of the youngest. At times she seemed to lack the eagerness and stage bearing of the hero but for the most part her work was overshadowed by that of Mr. Prior.

In the minor roles, the acting of Carleton Waters and A. T. West stood out. Miss Waters added a much-needed animation to the whole production, while the interpretation of the role of the overbearing elder brother was well executed by Mr. West. While the other actors were good in their parts, the parts themselves were far from difficult to carry out. Augusta was always in a rage. Mr. West was always supercilious. Mrs. Winslow always had the "fitters". The next play of the Duke Players is "The Stock of the Local Dramatists" which should be expected in the competition.

With another good play in the making, the stock of the local dramatists should continue to rise to a higher mark.

Thieves Make Haul

Thieves who gained access to the store room under the grandstand sometime during the week-end got away with baseball bats, gloves and other equipment valued at approximately \$200. The haul was made from a store room under the grandstand sometime during the week-end.

The thieves appropriated 30 hats, all the catching equipment, and a number of gloves and uniforms. They evidently had a thorough knowledge of the layout of the facility. Practice was seriously hampered until emergency replacements could be obtained from a local sporting goods store.

BIBLE GROUP IN TALK ON CHRIST

Dean Herring Shows Relation Between Early Persecutions and Modern Persons

At the Sunday morning meeting of the University Bible class in York chapel on March 20, its leader, Dean Herring, spoke to the members on "The Crucifixion of Christ." He explained how the cross hangs in the mind who followed the great hero, and those near him in the days of his martyrdom.

On the Via Dolorosa there were the scenes of the crucifixion. He looked on out of morbid curiosity at the Master. Then his life friends and mother who were in the only way were present by their presence, these were present too. Then the Roman soldiers, the executioners, the soldiers, and so brutal, they went along. He looked on out of morbid curiosity at the Master. Then his life friends and mother who were in the only way were present by their presence, these were present too. Then the Roman soldiers, the executioners, the soldiers, and so brutal, they went along.

The speaker then told of Jesus' only coming to the land of the Jews, and the reasons for his mission, and the story of the highest kind and service to others. He told of the crucifixion and the resurrection, and the story of the resurrection.

COLLEGE PRESS ASSOCIATION WILL CONVENT NEXT MONTH

(Continued from Page One)

The fall session of the National College Press Association will convene next month in New York City. The association is a group of college pressmen, sociologists and pathologists were shown to be vitally connected with its development. At the present time, the speaker pointed out, certain human activities are found to depend on the general factor while others are but little dependent on this factor.

Dr. Spearman closed his lecture by declaring that leading tests of ability are made by analyzing one's power to perceive the relationships between correlated matters, and by the application of these relationships to other subjects.

SENIORS LEARN IN QUALITY POINTS IN CLASS AVERAGES

(Continued from page one)

Classes follow in this tabulation in the order named. The majority of the total number of grades of even the first year men, however, is made up of A's, B's and C's. In contrast to the low 2.17 percentage of F's in the senior grades, however, the sophomore and freshman grades show an average of 8 per cent, while that of the juniors is nearly six. Other tabulations, including fraternity averages, are being worked out at the present time. It is interesting to note that although many fraternity pledges were unable to be initiated because of low grades, the average grade of the first year men was well above the required nine quality points per man, necessary to allow the pledge to enter his lodge.

CELEBRATION OF GOETHE'S DEATH TO BE HELD HERE

(Continued from page one)

have been elected into the scholarship fraternity will be initiated.

The members of the Junior elections of last fall were: Elizabeth Ray Clarke, Washington, N. C.; Edith Leach, Washington, N. C.; Nicholas Oren, Jr., Hyattsville, Ind.; Charles Edward Stuart, Rochester, N. Y.; Hayden Eugene Daniels, Elizabeth City; Margaret Harrell, Asheville; Samuel Paul Garner, Winston-Salem; Gladys Watson Shuford, Lexington; Orin William Pierce, Jr., Durham; Lenore Marian Murphy, Warren, Pa.; and Sarah Elizabeth Overby, Asheville.

The senior elections were held in February of this year and the following people were extended membership invitations: Members-in-course: Mrs. Margaret Glass Altvater, Denver, Colo.; Harry Lee, Durham; and Charles Edward Stuart, Rochester, N. Y. Charles P. Bowles, Oatfield college, Alameda members: Dr. Alan R. Anderson, '15, New York City; Mr. Henry R. Deane, '22, Durham; Dr. Jesse M. O'Donnell, '22, Durham.

All initiatory ceremonies will take place in room 116 of the new building. The membership of the local chapter of Phi Beta Kappa has expanded to a number of one hundred. The fall elections were the largest that have been held in several years.

FROSH MAKE PLANS FOR TWO INFORMAL DANCES

In their class meeting held Saturday morning the freshmen voted to hold the second of a series of informal dances the Saturday night following Easter vacation. The place for the dance was not decided upon.

A motion to extend the dances to both afternoon and evening affairs was also passed. The first informal dance given by the first year men was one of the best attended of similar class functions.

MANY STUDENTS NOW IN INFIRMARY AS SHIFTING MARCH WINDS CONTINUE

At the present time the infirmaries on both campuses are doing a steady business, although most cases are minor ills, with few of a serious nature. During March there have been a considerable number of colds and sore throats among both girls and boys. Health conditions generally are fitting to this particular season of the year and are very good for so large a student body as Duke.

Orin Underwood suffered an injury to his ribs in scrimmage football a week ago but left the infirmary Monday. He has, however, to wear a cast for a while. John Kennedy is well from a case of pneumonia, and William Pace is in the Duke hospital for an operation on his left jaw, due to an infected abscess, which followed an automobile accident last summer. Bill Simon has had severe nose and throat infections but is improving and will soon be out again. Max Crabbe is suffering from a case of appendicitis. He is only under observation now, but, in all probability, will have to undergo an operation.

There are now 17 boys in the infirmary with colds and tonsillitis, and several girls in the women's infirmary with similar ailments.

SPEECH ON HUMAN ABILITIES IS GIVEN BY PSYCHOLOGIST

(Continued from page one)

portance of the study of human abilities in modern society. In addition to the work placed on this subject by psychologists, sociologists and pathologists were shown to be vitally connected with its development. At the present time, the speaker pointed out, certain human activities are found to depend on the general factor while others are but little dependent on this factor.

Dr. Spearman closed his lecture by declaring that leading tests of ability are made by analyzing one's power to perceive the relationships between correlated matters, and by the application of these relationships to other subjects.

INJURED ATHLETES ARE ON ROAD TO RECOVERY

Memory "Knocker" Adkins is still in the infirmary recovering from a bad injury to the knee which he received while playing for the "All-Americans" in the spring scrimmage game against the prospective varsity. In four full seasons of college football play, Adkins had none but the slightest injuries. Then in a final out-of-season game an accident came near proving serious. However, he is well on the mend now and will be out of the infirmary soon, although he will have to wear a plaster jacket for several weeks.

Also, Fred Lloyd, captain-elect of boxing and Southern Conference heavyweight champion, is caught in the infirmary now. His ailment is trouble with a right arm, which Dr. Speed reports is improving.

DUKE PLAYERS TO ENTER SPRING DRAMA FESTIVAL

(Continued from page one)

ment, and well-balanced programs have been arranged for each day, attracting spectators and visitors an interesting and profitable diversion. At 7:30 P. M. Thursday, preliminary contacts in production will be run off in the Playmakers' Theatre. Friday evening will see the final contest in production and the presentation of original plays. Saturday afternoon will be devoted to makeup and costume contests, and Saturday evening will be concluded with the final contest in productions of Class A plays and the community and Little Theatre groups.

There will also be an exhibit of costume designs, posters, programs, stage models and scenery.

Anyone desiring further information and more definite particulars is urged to communicate with Professor A. T. West, director of the Duke Players, who has announced that the local group's stage presentation is scheduled for the evening of Saturday, April 2.

Russell Speaks

At the request of Rev. Mr. Huckabee of the Lakewood Methodist church, Dean Elmer Russell of the Duke university school of religion is taking charge of a three-day pre-Easter group of meetings.

Dr. Russell has spoken Monday and yesterday evening on a Lenten subject, and is concluding his series with an address this evening.

BOWLING LEAGUE IS BEING FORMED

Intramural Schedule For New Sport Will Be Completed Within Few Days

An intramural bowling league is being formed to include two divisions of six teams each. Points won in bowling will count toward the intramural trophy the same as in any other sport. The winners in each division will play off for the championship and the winning team will be awarded a silver loving cup while the members of the winning team will receive a gold bowling ball for their watch chain.

The following teams have indicated their desire to enter teams: Sigma Alpha, Alpha, Beta Omega, Delta Sigma, Phi Kappa Sigma, Sigma Chi, Phi Delta Theta, Lambda Chi Alpha, Pi Kappa Alpha, Sigma Phi Epsilon, Sigma Nu, Pi Kappa Phi, Kappa Alpha, and Sigma Alpha Omega. Several dormitory groups have also applied for admittance to the league and places are being worked out to include them.

MEN ARE CHOSEN ON DEBATE TEAM FOR TOUR OF SOUTH

(Continued from page one)

In a debate with Georgia Tech, which will take place on the Duke campus April 7 or 8, John S. Jenkins and Warren Scoville will compose the Duke team. The local debaters will uphold the affirmative side of the same query.

Up to the present time, debaters representing Duke university have always performed creditably at home and abroad. Out of the teams of the South, and the nation have been met and defeated. The 1932 debaters can be counted on to duplicate this success.

Dan Herring is faculty adviser and coach to the local team, a position which he has held for a number of years.

(Continued from page one)

To start the team, it looks now as though Jimmy Peake and Barney Welsh will form the number one doubles combination, and Newwood and Garber will come next. The third doubles will be changed frequently.

The coaching staff seems optimistic about prospects for the coming season, and the meet with Boston college will give tennis fans a chance to see the team in action.

Industry takes a hint from the kitchen

The domestic art of baking is closely paralleled in a new and exceptionally efficient type of plastic molding at Western Electric, where plastic molding is an exact science.

Telephone bell boxes, for instance, are no longer formed of metal. They are molded from a phenol plastic compound—containing carbonic acid, formaldehyde and other ingredients—because Western Electric manufacturing engineers saw the way to make a better

product at lower cost. These men developed a new and exceptionally efficient type of plastic molding press—and determined precisely how long to bake the mixture and the exact temperature to use.

In quickly taking advantage of the new art of plastic molding, Bell System engineers once more showed that they have the kind of imagination that keeps American industry forging ahead.

BELL SYSTEM
