dependable pitchers while this year it has but three and a large number of developing recruits. George Bailey, Pete Niekirk, and Dave Smith are pitchers of caliber rarely seen on college mound. All in all, the infield presents a group of all-right ball players who have developed into a smooth combination through experience. The outfield is two-thirds the same as last year with the other third playing as good as last year's. The pitchers have improved through experience while the catchers lack only experience. The team is hitting better than did the 1935 outfit and is playing almost errorless ball. It is a smooth working team and a sight worth watching.

Baseball... it's America's outstanding gift to the world of sport

SENATORS, representatives, statesmen, judges, doctors, lawyers, business men and Jimmy the office boy... they're all out for the opening game. Thrills never to be forgotten... perhaps a home run... or an electrifying no-hit game... perhaps some callow recruit, unheard of in the big time, smashing his way into the hearts of the fans.

Baseball brings pleasure to the millions who watch it, and rewards the stars who play it.

Such popularity must be deserved...

At every game and wherever you go you will find people enjoying Chesterfields. Why... because Chesterfields are outstanding for the pleasure they give... outstanding for mildness... outstanding for better taste.

More and more smokers, men and women both, enjoy Chesterfield's pleasing taste and aroma... such popularity must be deserved.
