457 Freshmen Earn C-Average

A record high of 457 freshmen will be eligible for the 12-day C-average fraternity rush starting Wednesday, Barney L. Jones, dean of freshmen, announced Saturday.

The four hundred and fifty-seven freshmen making a 2.0 or better represents 61 per cent of a class of 755; this number tops last year's previous high of 420 C-average men.

"There seem to be fewer at the top and fewer at the bottom (of the grade scale) but a swelling in the middle," said Jones describing the scholastic efforts of the freshman class. Four members of the class were dropped from school, but only 19 men made a 3.5 or better as compared with 37 last year.

Jones noted that the grade school of the freshman class.

More than ten members of
the student body participated
in a sit-down strike staged by
North Carolina College students in the Woolworth department store this morning.
The store was closed about noon today.

The strike, similar to a demonstration by North Carolina A&T
students in Greensboro last Tuesday, was staged by NCC students to protest Woolworth's refusal to serve colored students at the seated section of the store's lunch counter.

The participation of University students resulted from an appeal by NCC students who planned the demonstration, following a Methodist Student Fellowship meeting last night. Lacy Streeter was principal spokesman for the Negroes.

Streeter, one of several NCC students who occasionally attend
MSF meetings, stressed that the sit-down strike would continue until Woolworth either serves NCC students at the seated section, or closes the lunch counter.

The National Grass Roots Opera Company, nationally acclaimed for their performances of opera in English, will present Strauss' opera, Die Fledermaus, tonight at 8:15 in the Woman's College Auditorium.

All seats for the opera, which is presented by the Student Forum, will go on sale at the door for \$1. Woman's College students will be admitted free with their Student Forum cards.

The Grass Roots Opera group was organzied 11 years ago by A. J. Fletcher of Raleigh, who felt that opera would gain more public appeal if it could be presented in the language of the audience. In the past decade the company has staged over 800 performances in English and has gained the reputation of being America's number one touring opera company.

Die Fledermaus, which in translation means "The Bat," is a holdover from the Company's 1959 repertoire. The opera will be sung by ten young professional singers who hail from all over the United States.

Dobbs Franks, a graduate of Julliard, is the musical director and accompanist for this season's Grass Roots tour. Franks has also been the accompanist for the Robert Shaw Chorale and has recorded with that same group.

The Grass Roots performance will be the first presentation of the year by the Student Forum. Pat Dunigan, Forum chairman, announced yesterday that plans have been made for the appearance of Boris Goldovosky, commentator for radio broadcasts of the Metropolitan Opera.

Students Protest

The sit-down strike begun by negro and white college and university students this morning at the Woolworth lunch counter was a reaction of individuals, similar to that taken by students in Greensboro last week. No specific organizations on either the NCC or the Duke on either the NCC or the Duke campuses were actively sup-porting the move, but some kind of organized sanction was likely if the protest had con-tinued.

We would like to be able to whole-heartedly support the action taken and to urge broader student support for it. We could do this if we felt that the question were merely a protest of an unreasonable desire of the Woolworth preparement puti. an unreasonable desire of the Woolworth management, motivated by prejudice, to discriminate against the negroes. But the issue is not this simple.

On the other hand, the negro students feel that such discrimination is unfair. The Trouble With Joe

"The trouble with students today," says one of Duke's history professors, "is that they are too damned polite."
"Students, here," another professor from another department echos, "are sheep. They graze contentedly and mindlessly in the academic pastures secured by gothic turrets. They are led. They do not question. They do not object."

Yet the plea of the majority

of the faculty today is a plea for more skeptics and for more students who are prepared to question intelligently anything and anyone. The faculty stand ready to defend their positions, to answer students' questions, and to change their opinions if sound reasoning so dictates. It is a shame that so few of us are willing to take the time to prepare enough to intelligently participate in discussion. The problem lies not with an excessive amount of politeness (the professor's assertion to the contrary), but with an excess-

Roberto Iglesais and his Ballet Español came to Page cente Escudero, and now Auditorium last Friday to display their talents before a packed house. It is there-fore difficult for the performers to get into the same mood as they might with a more responsive public.

Wolfpack Could Be Trouble

We suggest that anyone who thinks the Blue Devils will have an easy time tomorrow night in their second meeting with State's Wolfpack should examine the facts a little more carefully.

First and foremost, the 'Pack are at home. This cannot be overlooked no matter who the opposition is. The home-court edge is especially true in the case of NC State. The Wolfpack have had an enviable record of 322-81 under the regime of Coach Everett Case, and one of the great reasons for this record can be attributed to "the friendly confines of Reynolds Coliseum." The Wolfpack have won many of their toughest games on the home floor, and their many Dixie Classic and ACC Tournament wins can be traced in part to the home-court advantage

But, people have argued, this year it is different: State has finally run out of ballplayers. We maintain, however, that they were not short on material, but only on experience. The 'Pack has gotten better with each game and now has arrived. Case has junked his 'controlled offensive basketball' and has returned to the usual Wolfpack offense. In the past two games, his charges have scored an average of 88.5 points. They have won three straight and their last five at home.

The Wolfpack of old has returned to the ACC wars, and a fearsome machine they can be. The Blue Devils will have their hands full tomorrow night.
