Ladyslipper is a North Carolina non-profit, taxexempt organization which has been involved in many facets of women's music since 1976. Our basic purpose has consistently been to heighten public awareness of the achievements of women artists and musicians, and to expand the scope and availability of musical and literary recordings by women.

One of the unique aspects of our work has been the tri-annual publication of the world's most comprehensive Catalog & Resource Guide of Recordings by Women the one you now hold in your hands. This annotated catalog has given hundreds of thousands of people information about and access to recorded works by an expansive variety of female musicians, writers, comics, and composers. Many public and university libraries have added large portions of the catalog to their collections; thus the recordings are accessible to much larger populations, and are archived at the same time.

Ladyslipper is also a small independent label; our purpose is to further new musical and artistic directions for women musicians. We have issued albums by Kay Gardner, Nurudafina Pili Abena, Libana, Lisa Thiel Rhiannon, Casselberry-DuPree, Ruth Barrett, Sue Fink, Beth York, and other innovative artists.

We distribute recordings to book and record stores nationally and internationally. If you know of a store in your town you'd like to see stocking the titles in this catalog, please introduce us to each other! Additionally, we supply distributors with several labels and titles.

Our name comes from an exquisite flower which is one of the few wild archids native to North America and is currently an endangered species.

Donations are tax-deductible, and we do need the help of friends to continue to grow. We also seek endowments and bequests... as we grow older, many of us are having our wills drawn up; and we would ask that if you would like to, please remember us in your will! Many organizations have retained their continuity down through the centuries by the generosity of supporters in this tashion.

As a tax-exempt organization, we are also eligible for grants. If you are a grant-writer, and know of an agency you think will fund us, and would like to help us out by Writing and submitting a grant application for us, please

If you would like us to send any of your friends, relatives or colleagues a free copy of this catalog, please send us their names and addresses; stamps appreciated.

How Listings Are Organized

Recordings are organized into categories and then alphabelically by first name. We do this because as women, first names have been more truly our own. Our test names have usually been transferred to us in a patrilinear fashion; historically, husbands and fathers were legally the property owners of the women in their families; and sometimes surnames actually came from stave owners or immigration officers. So our alphabetization-by-first-name method is a small gesture toward acknowledging and altering these customs. Some artists have listings in more than one category. We don't have space to cross-reference, so be sure to check the artist index (which is alphabetical by last name), in addition to reading through the entire catalog at least once!

Come For a Visit

We hope you'll stop in for a visit whenever you're in the neighborhood. We have a comfortable "Listening Room" open to the public, where you can check out all those recordings you've been curious about. We're open Monday through Fridays, 9:00 a.m. to 6:00 p.m., with some additional weekend hours in the fall. Our address is 613 Vickers Ave. In Durham, Call us at (919) 683-1570. Hope to see you soon!

Mailing List Information

If you have never received a Ladyslipper Catalog before this one and have never requested one by phone or mail, or if you picked this one up at a concert or event without signing the Ladyslipper Mailing List, chances are excellent that you're not on our mailing list.

If you'd like to be, because you plan to order in the future, please fill out and mail in the above form. We're glad to send catalogs to friends too; donations of a few dollars for each help defray printing and mailing costs.

If you received this catalog in the mail but do not want to be on our mailing list, check the code above your name on the mailing label. If it doesn't begin with SBT, CW, LR, or LS, you are probably NOT on our mailing list, but rather on someone else's list that we mailed to on a onetime basis. You should contact the companies you order from through the mail, and publications you subscribe to, and ask them not to exchange or rent your name to other organizations.

If you are ordering from us and do not want to occasionally receive mail from other like-minded organizations (all exchanges or rentals are always for one-time use only - your name would never become part of someone else's permanent file under any circumstance), ask when you order to be on our "Privacy List".

Some of you will receive more than one catalog, because you're on mailing lists of several organizations in addition to ours. We try to eliminate as many duplicates as possible, but the computers don't catch them all, so would appreciate if you'd circulate extra catalogs to friends

Eideadh Va Sgeulachd

Or. The Raiment of the Tale: Songe of the Scottish Gael
It's not often we find a whole album sung in Gaellic, and we've
lacked out here! Eilidh has won the Scottish national vocal
medal for singing more than once (as has her sater Gillan,
who joins in or vocal harmonies here), and it's easy to hear
why; her voca is light and any, and efficace with such sweetness and songlete, it's simply unbesinvable when alls self-harmonizes! The 14 songs heature traditional Gaelic material, like
a Puirt-a-bour medley, meaning a light-hearted lickety-spit oil
of horsenne (also known as mouth music), callads and adappellat love poems. Features Alson Kinnsind on Scottish harp.

This 1953 debut solo album shines the sootlight on an artist also shown as the leader, singer and songwriter of the southwest band Stealin Horses. It leatures music of heat, dust and sweat: a country sound with nock, look and Latin influence, and whilekey-tinged vectors which will inevitably inspire Meliusa Etheringe comparisons. These songs from a lonely cowget will make you want to grab a partner and cut loose or a sawcust-covered floor. But for those who have never heard of the men's movement, to say that we do Men's Music only conjures up images of songs about pick-up trucks. Indeed, most music since the beginning of time has been Men's Music by subliminally or not-so-subliminally promoting patriarchal values. For this reason. I think we need to make a distinction by spelling it Men's expelling.
