# about ladyslipper

Ladyslipper is a North Carolina non-profit, tax-exempt organization which has been involved in many facets of women's music since 1976. Our basic purpose has consistently been to heighten public awareness of the achievements of women artists and musicians and to expand the scope and availability of musical and literary recordings by women.

One of the unique aspects of our work has been the annual publication of the world's most comprehensive **Catalog and Resource Guide of Recordings by Women**—the one you now hold in your hands. This annotated catalog has given hundreds of thousands of people information about and access to recorded works by an expansive variety of female musicians, writers, comics, and composers. Many public and university libraries have added large portions of the catalog to their collections; in this manner, the recordings are accessible to much larger populations, and are archived at the same time.

As part of the WILD (Women's Independent Label Distributor's) Network, we distribute recordings on a wide variety of labels to book and record stores in the eastern seaboard states, from eastern Pennsylvania down through Florida. We also distribute many of these recordings to women's and alternative bookstores nationally and internationally. (If you know of a store in your town you'd like to see stocking the titles in this catalog, please introduce us to each other!) Additionally, we handle sub-distribution (distribution to other distributors) of several labels to the WILD network.

1982 brought the first release on the Ladyslipper label: **Marie Rhines** / TARTANS & SAGE-BRUSH, originally released on a small folk label. In 1984 we produced our first album, **Kay Gardner** / A RAINBOW PATH. In 1985 we released the first new wave techno-pop women's music album, **Sue Fink** / BIG PROMISE; put the new age album **Beth York** / TRANSFORMATIONS onto vinyl; and released another new age instrumental album, **Debbie Fier** / FIRELIGHT. Our purpose as a small label is to further new musical and artistic directions for women artists.

Our name comes from an exquisite flower which is one of the few wild orchids native to North America and is currently an endangered species.

Donations are tax-deductible, and we do need the help of friends to continue to grow. We have instituted two clubs this year to add some pizzazz to fund-raising, the **Donor Discount Club** and the **Musical Month Club**... details inside. We also seek endowments and bequests... as we grow older, many of us are having our wills drawn up; and we would ask that if you would like to, please do remember us in your will! Many organizations have retained their continuity down through centuries by the generosity of supporters in this fashion.

As a tax-exempt organization, we are also eligible for grants. If you are a grant-writer, and know of an agency you think will fund us, and would like to help us out by writing and submitting a grant application for us, please write!

If you would like us to send any of your friends, relatives or colleagues a free copy of this catalog, please send us their names and addresses; stamps appreciated.

We hope you enjoy reading this catalog, listening to the recordings you purchase, and celebrating with us the continuation of a rich and diverse women's culture.

## dedication

Last year, three women who have been an integral part of Ladyslipper's growth and flowering since her beginnings, have moved on to other areas, careers, paths. To Sue Brown, Flo Hollis, and Liz Snow, we thank you for your irreplaceable contributions, we miss your sweet selves, we love you, and we dedicate this catalog to you.

## if you'd miss us...

Hello and welcome to our new catalog! We hope you will enjoy reading about the exceptional recordings women have been creating over the past and present years; we're very proud, and you should be too! We want to discuss something serious for a moment, before you begin the fun of perusing these listings. Alternative and women's music is facing a financial crisis; as stores fill up on CD's, independent labels are being squeezed out, and sales often aren't high enough to make up for the losses. We at Ladyslipper are feeling this crunch. We love producing this catalog and want to continue being able to offer it free of charge. In order to do this, we need everyone who receives this catalog to send us at least one order. Please know that everytime you do place an order, you are helping to provide this catalog to the public. We don't want to depend on outside funding or paid subscriptions. So if you'd miss us if we weren't there, let us know by ordering from us! And thank you to everyone who has in the past, and will in the present and future!

## how listings are organized

Recordings are organized into categories and then alphabetically by first name. We do this because as women, first names have been more truly our own. Our last names have usually been transferred to us in a patrilinear fashion; historically, husbands and fathers were legally the property owners of the women in their families; and sometimes surnames actually came from slave owners or immigration officers. So our alphabetization-by-first-name method is a small gesture toward acknowledging and altering these customs. Some artists have listings in more than one category. We don't have space to cross-reference, so be sure to check the artist index (which is alphabetical by last name), in addition to reading through the entire catalog at least once!

## compact disc listings

This year, you'll notice some listings don't have prices in the upper right hand corners. Look more closely: these titles are available in CD, and usually in LP and cassette as well; most have two different prices listed at the end of the review. If you are looking for CD's only, you can quickly pick them out; they're the ones without the prices at the top.

## come for a visit

This year, we have renovated and dedicated our cozy front room as our new Listening Room. With comfortable couch and brand new stereo, it's a place we're proud to invite you all to spend part of an afternoon. We hope you'll make a point of visiting us this year, and picking up recordings by your old and new favorite artists. We're open Monday through Friday, 9:00 a.m. to 6:00 p.m., and we'll have some additional weekend hours in the fall; call us at 919-683-1570 for more information.

## Alive! City Life 8.95

"A triumph of human and musical spirit—that is *City Life* at its best. Their individual and collective mastery of idioms—from bebop and ballads to Afro-Cuban and pop—is abundantly evident on this album"—this quote from their jacket sums it up. The reasons *Alive!* is gaining recognition and respect in the greater jazz world will be no mystery to listeners. Specify LP (Alive! 543) or cassette (Alive! C-543).

## Alive! Call It Jazz 8.95

Recorded at the Great American Music Hall in San Francisco in May 1981, it's dynamite...this recording actually preserves that elusive, most magical spirit which *Alive!* embodies in performance. Produced by Helen Kearns. LP only. (Alive! 8464)

## Alive! Alive! 8.95

*Alive!* is one of the most dynamic jazz ensembles ever to hit the Women's Music scene, & one of the most dynamic ensembles of any kind ever to hit the jazz scene. This 5-woman band weaves instrumental & vocal improvisation with jazz & classical sounds, with traditional African & Latin polyrhythms, with female images & feminist lyrics. Out of this blend has flowered some of the most revolutionary, unified & beautiful sounds being created these days by anyone. Among the songs here are *City Life*, *Somebody's Talkin'*, *Dark Side of the Moon*, & *Spirit Healer*. Specify LP (Urania WVE 84) or cassette (Urania CWWE 84).

Alix Dobkin

## Alix Dobkin, Kay Gardner, Patches Attom Lavender Jane Loves Women 9.95

The first blatantly lesbian album we know about (1974) and one of the first to be completely produced & engineered by & for women. An artful blend of serious & humorous material. Contains some real classics, like *I Only Want To Be With You*, a couple of traditional songs, help from the kids, Alix's voice-training yells, plus original Lesbian compositions. Includes *The Woman in Your Life is You*, *Talking Lesbian & View From Gay Head*. Specify LP (Women's Wax Works A001) or cassette (Women's Wax Works C-A001).

## Alix Dobkin XX Alix 9.95

Alix's material just gets better and better. This collection of songs is, as usual, highly personal, concrete, articulate, thoughtful, & thought-provoking. Her originality, observations & experiences emerge as entities which are simultaneously aesthetic & contentful, vulnerable & solid-as-a-rock. Alix doesn't camouflage paradoxes with rhetoric; she explores them, uses them...so refreshing and satisfying. Features the talents of River Lightwomoon & Susan Shantaram. Includes *Theme from "Getting Ready"*, *Living with Contradictions*, *Separation*, *78*, *Woman to Woman*. The title, by the way, refers to both Alix's sign-off in letters (X's) & double chromosomes of females. Specify LP (Women's Wax Works A003) or cassette (Women's Wax Works C-A003).

## Alix Dobkin Living With Lesbians 9.95

This outrageously funny yet warm & wise tribute to lesbians contains not only words of support, but the sweet voice of Alix. Trained in Balkan singing by Ethel Raim, Alix has incredible control over her voice. She utilizes it well on her own songs & a few traditional Balkan ones. Original compositions feature her on guitar with all-woman back-up singing to & about lesbians. Includes *Mary B*, *Good Old Dora* & *Amazon ABC* ("a saucy romp through the lesto-alphabet"). Cassette only. (Women's Wax Works C-A002)

## Alix Dobkin These Women! Never Been Better 9.95

Ever in a ground-breaking, controversial mode, Alix will shock her folkie fans with some of these selections! Mixing high-tech sound with unadorned feminist and lesbian messages, Alix joins with Carol MacDonald and Witch to create the hottest, scathing *Boy-Girl Rap*, *Some Boys*, and a country remake of her classic *The Woman in Your Life is You*. Then, switching to her more familiar and still-dear folk style, she delivers *Big Girls*, *Crazy Dance*, *100 Easy Ways to Lose a Man*, and the lovely *These Women*. *Never Been Better* is how Alix views women's lives and women's culture...is how Alix empowers women to focus on strength and change...is what you'll say about Alix's music after you hear *these*! Highly recommended. Specify LP (Women's Wax Works A005) or cassette (Women's Wax Works C-A005).

## Amethyst Real Life 8.95

A lively, swinging, and fun debut tape from a 6-woman band from our heartland, Nebraska: great harmony vocals, sax, electric guitar, bass, keyboards, percussion, mostly original songs about — you guessed it — real life! Includes *Make Some Peace*, *Fight It From The Heart*. They recently appeared at Campfest, and we hope to be seeing them at more women's music festivals. Cassette. (Amethyst C-1)

## Ann Reed Just Can't Stop 9.95

Ann is a fine 12-string guitarist with a fluid Fahey/Kortke style. Here she plays with a rhythm section, including several women: sax, keyboards, bass, drums and percussion fill out her original tunes. Includes *One Instrumental*, *For Jane* (some jazzy tunes), and a song written for Ann Bancroft, the first woman to reach the North Pole by dog sled in May 1985 (no, it's not the actress). *Every Long Journey*. Specify LP (Red House 11) or cassette (Red House C-11).

## Ann Reed Talk To Me 9.95

Ann's back with some great songwriting and guitar-playing with the same ensemble and producer as *Just Can't Stop*. She turns out originals which are strong melodically, exciting, and romantic yet solid...intelligently dealing with interpersonal relationships. Includes *Autumn Rain*, a meditation-like piece with guitars and vocals, and *Complications* to *A Simple Life*. Specify LP (Red House 24) or cassette (Red House C-24).

## Anne Steward, with Holly Fischer Sweet Inspiration 8.95

"If you don't walk the walk, don't talk the talk"...a spirited album of original folk-rock-jazz fusion material with a contemporary sound, by some midwestern women's music folkies. Affirming songs, strong vocals, lots of harmonies, some erotic imagery, and Carol Corner (founding mother of women's jazz festival) on piano makes this '86 release a welcome addition to our catalog. Specify LP (Bast 1986) or cassette (Bast C-1986).

## Arlington St. Women's Caucus Honor Thy Womanself 9.95

One of the earlier feminist recordings. These women sing individually and as a chorus, traditional feminist & suffragist songs. Includes *Come Daughter & We Might Come in A-Fighting*. LP only. (Rounder 4008)

## Barbara Higbie (Title Unknown at Printing)

Barbara's first solo album (to be released early 1989) got your pre-orders in any format LP (Windham Hill 7) or cassette (Windham Hill C-7) 9.95...CD (Windham Hill CD-7) 16.95

## Be Be K'Roche 9.95

This women's band skillfully blends r&b with Latin influences to make some fiery, spirited concoctions like the intoxicating *Katrina Mama*. LP only. (Olivia LP 966)

## Berkeley Women's Music Collective Tryin' to Survive 9.95

Similar thematically and stylistically to their first, a little more polished. Contains several noteworthy songs: *Therazine*, *Nicole*, *Darling Companion*, *California*. This haunting tribute to the people who really built California, by Bonnie Lockhart and Nancy Vogt, is the most musically/rhythmically complex, with a somehow perfect cadence to the lyrics and absolutely stunning jazz trumpet. Limited quantity. LP only. (Windbag 815)

## Bernice Johnson Reagon River of Life / Harmony: One 9.95

This incredible, incredible acappella album features Bernice attacking parts — i.e. multi-tracking her own voice — with up to 12-16 parts in one song! This is a documentation of the several harmony systems she operates with in her work with Sweet Honey as well as in her solo efforts. The traditional songs — *Jacob's Ladder*, *Since I Laid My Burden Down*, and others — utilize the Black congregational harmony system, not commonly used in recordings or performances, which generally feature quartet, do-wop, or jazz systems. Other harmony systems are employed in her originals: *I Am A Lady*, *Easy Street*, *Running*. Another facet of Bernice's invaluable contributions in the fields of education, culture, musicology, and history, not to mention listening enjoyment. Highly recommended. Specify LP (Flying Fish 411) or cassette (Flying Fish C-90411).

## Bernice Reagon Give Your Hands to Struggle 9.95

Bernice, whose music was influenced by gospel and chanting singing, is a powerful articulator of the Black experience. This record is stylistically similar to *Sweet Honey in the Rock* — she is a member of that group — except here Bernice is singing all four harmonizing voices. It's very beautiful. Includes *John Little* and *There's a New World Coming*. LP only. (Parade 1028)

## Betsy Lippitt 8.95

It's been about a ten-year wait on our parts for this, we've been fans for that long! Her voice is immensely rich and textured, full of nuances in emotion, she paints with it, every color on the palette. Includes *For Therese*, her masterpiece for Therese Edell, *Focus*, *Heavilate*, *Vocal Visions*, with some too-short moments of her stunning instrumental virtuosity, and *So We Talk*, which features Therese Edell on low harmonies. Specify LP (WomanFolk and Jazz 955) or cassette (WomanFolk and Jazz C-955).

## Betsy Rose Live From the Very Front Row 8.95

Produced by Roma Baran (Laure Anderson's producer, too), this is a very beautiful representation of this singer-songwriter's warm, compassionate, strong, funny and eloquent spirit. Betsy is a charismatic performer — an advocate for so many — and a live recording is her medium, second only to an in-person appearance. This album is a statement of love for women and men, of growing older, of wanting children, of a commitment to being true to herself, ever stepping outside of boundaries. One of the best songs is *In the Very Front Row*, about her woman minister friend. Specify LP (Paper Crane 5455) or cassette (Paper Crane C-5455).

## Betsy Rose Wings Against the Sky 9.95

The first recording in several years by this pioneering women's musician is a lovely collection of original songs about issues dear to her heart. From the angry *House Full of Secrets* about the lasting effects of child abuse, to *Delin' I'm Glad*, a light-hearted coming-out story with a surprise ending, to a loving tribute to the Sanctuary movement, *Open the Doors Again*, the songs display her open-heartedness to all people. Accompanying vocalists include Judy Fjell and Judy Friedman, as well as a funky scat solo by Rhannon. Specify LP (Kaleidoscope 31) or cassette (Kaleidoscope C-31).

### Blazing Redheads

Put on your cheezy slippers and get ready to dance...to the Latin jazz from this 7-woman band from the Bay area. With 3 percussionists, 2 saxophone players plus bass and keyboards, you know the rhythm's gonna be driving, undulating and raucous! Each brings years of experience playing salsa, jazz, funk, Latin, Brazilian, and rock music, and together they form a tight ensemble. Material and arrangements are original, recommended! Cassette (Reference C-26) \$8.95, audiophile LP (Reference 26) or CD (Reference CD-26) \$18.95.

### Bobbi Carmichael

#### Crossing the Line

9.95

Debut album from a woman who's charmed audiences at the Southern and National Women's Music Festivals. She creates a soft, easy folk sound, playing all the keyboards, acoustic guitars, bass, and singing all the vocals, with some additional accompaniment, there's something in her delivery and/or vocal timbre that's somehow reminiscent of James Taylor. Several of her songs are for particular women. Specify LP (Locust Lane 2) or cassette (Locust Lane C-1).

### Bobbie McGee

#### Bread & Raizes: Songs For Working Women

8.95

Bobbie accompanies her clear soprano with a beautiful 12-string, and her songs are sure to find a place in your heart with titles like: Union Maid, Truck Driving Woman, The Death of Mother Jones, and 59 Cents, which refers to the amount women make for every dollar a man earns. Specify LP (Collector 1933) or cassette (Collector C-1933).

### Bonnie Hayes

#### Good Clean Fun

3.95

Of special interest to all Teresa Trull fans who have seen her touring with Bonnie Hayes: here Bonnie's in the lead, with the Wild Combo, and wild she is! Very spirited rock 'n' roll, with Bonnie on vocals and keyboards on her originals such as Girls Like Me, Raylene, Jaynoe. Some lyrics suggest a feminist outlook. Specify LP (Slash 112) or cassette (Slash C-112).

### Bratty and the Babysitters

#### In a State

8.95

Described by Notable Women (the catalog of music by Canadian women) as "a fascinating cross between the sort of music made by Jane Siberry and the kind of politically conscious dance music that the Parachute Club does," this 8-song EP is the product of Canadian Beverly Bratty's high-energy original repertoire of rocking love songs, soca jam and hip political pop. There's something totally appealing about it: the rhythms, her Annatrading-deep voice, the catchiness of the melodies. As her song In a State says: "I never met a woman like you I want to take you home...you'll want to take this home." Canadian import: EP only (World 4859).

### Carol MacDonald

#### Show Off What You Got

8.95

Rhythmic, driving rock-n-roll from one of the true pioneers in women's rock—she was founder and leader of this, one of the most long-lived women's bands with lesbian material, for 7 years. This LP, recorded with a male band, includes the rock ballad Silver Shoes and Strawberry Wine, Streetfighter, You Broke Me Out, and her original Laugh, Till We Cried, written for Isis. It's the only available album by Carol, and only a limited quantity remains. LP only (SWS 1104).

### Carole Etzler

#### Sometimes I Wish

8.95

Feminist songs in a folk style. This is Carole's first album and has been most popular in religious circles; she sings about women struggling with each other and society's institutions. The title song has become an anthem for Episcopal women priests. LP only (Sisters Unlimited 1).

### Carole Etzler

#### Womanriver Flowing On

8.95

The second album from this Atlanta feminist. Carole's songs speak of freedom, love and women's collective strength. Folky choral style. LP only (Sisters Unlimited 2).

### Carole Etzler

#### Thirteen Ships

8.95

Thirteen was a number sacred to the Goddess. Inspired by "a vision that one day thirteen ships, each with thirteen women, would set sail and find a new land untouched by patriarchy, a land of peace and plenty...a metaphor for our journey as individual women and as sisters, finding and creating new space where we can be healthy and whole." Carole's first release in 7 years contains songs of love, hope and vision by Carole and Brenda Chambers. Includes political songs like Women, Raise Your Voice, personal songs such as Women I Have Known and Loved, with a myriad of women on back-up vocals and accompaniment...a very women-identified volume! Specify LP (Sisters Unlimited 3) or cassette (Sisters Unlimited C-3).

### Caryl DeGroot

#### Womoon to Womoon

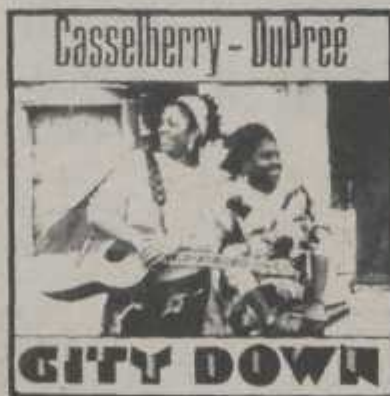

8.95

Lovely lesbian music by a folksy Phoenix performer, who has written unabashed love songs in a strong woman-identified tradition. Guitar and harmony vocals accompany Gentle Womoon, Womoon Rise Up Rising, Come and Dance, Lay Me Down. Tired of vague references? This is for you. Cassette only (Flying Easy C-1).

### Casselberry-Dupree

8.95

This duo of Black women is wowing audiences wherever they perform. Their voices and harmonies are full, strong, sweet, and vibrant. They've been making music together for years, appearing at women's music festivals, rallies, etc., and their sound reflects their long association. Selections here number 5 reggae tunes, including Judy Mowatt's Sisters' Chant, some acappella, others with tasteful percussion or accompaniment. Recently remixed for better sound, their cassette now has one new song plus three re-recorded songs. Cassette only (Iceberg C-211).

### Casselberry-Dupree

#### City Down

8.95

No doubt one of the finer women's music releases of this decade! This duo synthesizes African, Latin, and reggae sounds with funk, contemporary, soul, even country, and the recipe transforms the ingredients into extraordinary and exciting fare. From the urban title cut, to the Rastafarian Positive Vibration, the Yoruba Obatala the political South Africa, to the elegy written by Dory Previn to "a Black Woman that did exist" — Did Jesus Have A Baby Sister? — join them on their rich journey. Produced by Linda Tillery. Specify LP (Iceberg 215) or cassette (Iceberg C-215).

### Catherine D'Amato

#### First Loves

8.95

A quite lesbian-positive album. This California-born musician, who went against the grain and moved east to New England, presents her original jazz—contemporary folk with jazz. Janet Hood of Jade & Sarsaparilla and several other musicians accompany Catherine's multi-vocals on I Love a Woman, Roberta, Solstice, A Woman of Her Ways, and more. This recording exudes positive feelings; you can hear her smiling as she sings, even on the bluesy ones. Wind chimes and engineering by Karen Kane. Specify LP (Hilltown 5755) or cassette (Hilltown C-5755).

### Catherine Madsen & Greater Lansing

#### Spinsters Guild

##### The Patience of Love

9.95

A very special, unique recording: women's harmonies and Celtic folk/medieval-style songs, with feminist, women-celebrating (and some erotic) lyrics. There is both a light and reverent feeling to this collection, and anyone who has appreciated hymn-singing for its musical quality is sure to enjoy this. The liner notes point out that the music here is "grounded in and inspired by the intelligence of the female body...it is on the authority of (her) skin, (her) bones, (her) heretic heart that the poet cheerfully turns Christian hymns to her pagan purposes." Of her song The Heretic Heart, written to the tune of an Episcopal hymn, she says: "If Jesus loves me...he must go unrequited." Some acappella, some accompanied by guitar, harp, dulcimer, drum, tin whistle. Recommended. Specify LP (Wormwood 001) or cassette (Wormwood C-001).

### Catherine Madsen

#### Grey Sabbath

9.95

This 1988 release will be of interest to Catherine's already-established audience, as well as any women who enjoy ritual songs, satire of organized religion, songs with intellectual content, and Anglo/Celtic folk music and its spin-offs. Good Friday may be of particular interest to Jewish women: also includes Lasse Lie Near Me. Specify LP (Wormwood 003) or cassette (Wormwood C-003).

### Cathy Miller

#### Superwoman

9.95

Do you crumble at the sound of one of those extraordinary voices? If so, this'll do it for you: a three-octave range with perfect control, and the lower registers are...mmm...super. With a background in feminist cabaret theater, this Canadian woman describes herself as "a little political, a little facetious, a little nostalgic, and a whole lot of krazzo," and this collection is as eclectic: material is mostly original, some in a classic folk style. Includes title, Song for Jan, Calling To The Moon, and Four A.M., an indescribable acappella women's-harmonies song which alone is worth the price of this tape. Cassette only (Sealed With A Kiss C-01).

### Cathy Winter

#### Travellin' Home

9.95

Melting her political and social concerns with her roots in traditional folk music, Cathy's second solo release contains a striking collection of vignettes. Many, written by Laura Berkson, is based on an actual California court case in which two high school girls won the right to go to the prom as a couple. Love Every Step of the Way tells of an older woman's radical activities throughout her life; she sings Catherine Madsen's The Heretic Heart, Viet Vets, and songs which explore racism, famine, and other issues. With dobro, cello, guitar, bass. Specify LP (Flying Fish 449) or cassette (Flying Fish C-9449).

# Cathy Winter & Betsy Rose

**Sweet Sorcery** 8.95  
From these long-time friends of both folk and feminist audiences, an album of mostly original tunes. If there is any theme, it is that women have an endless range of experiences which can enhance rather than diminish the bonds between us. Communicates a nice sense of balance in the way the duo works together. Includes *Degas Dancer*, *Glad To Be a Woman*; this album has had a long life, and continues to be in demand. LP only. (Origami 230)

# Cathy Winter & Betsy Rose

**Strong Singers** 8.95  
A very well-done and aesthetic studio-recorded collection of their recent work, drawn from concert and workshop repertoire, containing new, almost all original material. Susan Abod on back-up vocals, engineering by Karen Kane. Includes *Coming Into My Years*, *Won't Settle for Survival*. Here's to one of the longest-lasting collaborations in women's music, who will "go for passion, go for strength, go for the moment and go for the length." Cassette only. (Origami C-231)

# Connie Kaldor

**One of These Days** 9.95  
This LP is a gem, it's great! The voice of this Canadian singer-songwriter is exceptionally fine and strong, some songs are feminist, and one is among the funniest we've ever heard. "Jerks/With a capital J/Hey hey hey baby..." who whistles at and harasses women walking by. This song is worth the price alone, but there's a whole album of good stuff with it. Another notable one is gospel-style *Strength, Love and Laughter* imploring women to look inside for these treasures. However, this LP is one treasure you'll have to order from an external source (like us) and we hope you will! You won't be disappointed. LP only. (Coyote 1317)

# Connie Kaldor

**Moonlight Grocery** 9.95  
A late '84 release by one of our favorite singer-songwriters. Includes *Maria's Place*, the very feminist *Get Back the Night*, *Talk Without Speaking*, *Caught in the Crossfire* and more. Specify LP (Redwood 8504) or cassette (Redwood C-8504)

# Cris Williamson

**Live Dream** 9.95  
Recorded live in concert with Jackie Robbins & June Millington. Technically not of studio quality, but includes some terrific songs like *Bandit Queen* & *Swearing* which are worth the price of the album. LP only. (Dream Machine 3)

# Cris Williamson/Meg Christian

**If It Weren't For the Music/Lady (45 rpm)** 3.95  
Olivia's first recording... 3 great tunes which do not appear on any album. Cris' song is original and one of her best ever. In our opinion. (Olivia LP 901)

# Cris Williamson

**The Changer and the Changed** 9.95  
There is good reason that this is hands-down the #1 seller in Women's Music. There will never be another album like this; and it set the tone for a decade of a new genre of music. It contains classics such as *Waterfall*, *Song of the Soul*, *Dream Child* or *Dearest*. If you have not heard it, we guarantee you will love it if you order it (money-back, etc.). Perfect gift for all sorts of friends & relatives. LP (Olivia LP 904) or cassette (Olivia LC 904) 9.95. CD (Olivia CD-904) 13.95

# Cris Williamson

**Strange Paradise** 9.95

**Prairie Fire** 9.95  
Singing of pioneering spirits and western expanses, Cris really looks out on this one! The driving sounds of the title cut, the reggae of *Colorado Duet*, *Days*, the visionary rock of *Sonami* (a Japanese word for new wave!) and the Native-American sound of *Grandmother's Land* make this a recording that will be hard to stop listening to. And bassist Carrie Bartlett and drummer Cam Davis underscore the sound with a top-notch, tight rhythm—what talent there! Specify LP (Olivia LP 941) or cassette (Olivia LC 941).

# D. A. Clarke

**Messages: Music for Lesbians** 7.95  
This technical and musical "Renaissance/lesbian" has released a debut album that is quite striking on many counts. First of all it starts off in a rock 'n' roll mode, which is surprising for a solo tape; secondly, her voice is great; third, her lyrics are so to the point... very lesbian-affirming (she sings about dykes), or political (*Good Germans* is a song about good-Americans), or spiritual (*Crying Her Messages* is about the Goddess). And then there's her wizardry on a wide variety of high-tech instruments - and she explains how she did it all (and she did it all, except for a couple of sax solos). Fifth, the production's crystal-clear, amazingly so for a self-engineered master. And, she created this for lesbians. So, that's 6 reasons why you should buy this! Cassette. (Clarke C-1)

# Debbie Fier

**In Your Hands** 8.95  
An exciting, spicy, jazzy release of original music with African and Latin rhythms by a pianist-composer who studied with Mary Lou Williams. She's complemented by 8 wonderful instrumentalists, including Elliot Seeling on trumpet, Giane Linday on bass, Suzanne Shantman on guitar and harmonica, and others on congas, bongos, cello, flute, sax, etc. If you're looking for a woman's music with a different, vibrant, colorful sound, this is it. Specify LP (Freedom's Music 777) or cassette (Freedom's Music C-777).

# Debbie Saunders

**A Shot in the Dark** 8.95  
Outstanding debut recording from a vocalist who has been on the women's music scene for years, performing with Woody Simmons and as a member of several women's bands including Maria Sec Funk, Homebound, and Airtight. Blind since birth, she got her musical start singing and playing tenor sax and piano with the Texas School of the Blind band. Her current vocal style is bluesy, textured and very expressive. This recording is also a showcase of many women's talents. Mary Watkins as producer, Sapphron Ockes on sax, plus many other familiar and new names. It's warm, high-energy music. Recommended! Specify LP (Step by Step 1011) or cassette (Step by Step C-1011).

# Deidre McCalla

**Don't Doubt It** 9.95  
Very hip, very contemporary, very danceable. Deidre's unique sound is clearly brought out by the superb production skills of Teresa Trull. Deidre has been performing for women's audiences for many years and this, her debut solo recording, has been anxiously awaited. Songs include *Dance All Night*, *Wake Me Up Gently*, *Did You Think I Didn't Know*. If you like Cris Williamson or Teresa Trull, you're sure to like Deidre. And we'd sure like to hear more from her! Specify LP (Olivia LP 939) or cassette (Olivia LC 939).

# Deidre McCalla

**With a Little Luck** 9.95  
...and a ton of talent! With a voice like silk and a presence that conveys vulnerability, honesty and quiet strength, Deidre has developed a devoted listenership of thousands. Her second album is even better than her first, from the irresistible celebratory exuberance of *All Day Always* (bound to become a classic), to her pursuit of a woman in *Would You Like to Dance*, to a vocal duet with Teresa Trull that's just too hot for words. Recommended! Specify LP (Olivia LP 953) or cassette (Olivia LC 953).

# Dianne Davidson

**Breaking All The Rules** 9.95  
While never taking the women's music world by storm, Dianne's no newcomer to the larger music scene, as this high-energy, gutsy singer, who has performed with Tracy Nelson and Linda Ronstadt, makes her debut on Second Wave Records. Years ago we carried some of her now-out-of-print albums, but she outdid any previous effort by a long shot here. The power your breath away: it booms, it wails, it burns; it belts her mixture of blues, country, gospel, r&b, and ballads. About half her repertoire is original (she's an excellent lyricist); the balance is perfectly chosen, including *Still For Comfort*, *Heaven Bound*, *Everything Is Me*. Back-up vocals on one song by Tracy Nelson; outstanding production (by Dianne). Can ya tell we like this a lot? Highly recommended! LP (Second Wave 22011) or cassette (Second Wave C-22011) 9.95. CD (Second Wave CD-22011) 15.95

**Edwina Lee Tyler**  
**Drum Drama!**

**9.95**  
One of the most dramatic percussionists around, Edwina Lee Tyler is a master of djembe drum, marimba, tambourine, cymbals, we've been hoping she'd make a recording for years, and finally our wish has been granted. Recorded live at the People's Voice Cafe in Greenwich Village, she begins with "the cool side," and progressively heats things up as she performs original percussion instrumentals (such as *Out of Bontage*) as well as new arrangements, with vocals, of a traditional spiritual (*Wade in the Water*) and a West African song (*Ki Yak Ki Yak*). As you listen, the movement and dance will absolutely come alive, in your mind and your body! Cassette. (Percussion Piquant C-1)

**Elsie Silver**  
**Wandering Woman**

**8.95**  
Elsie graces a variety of folk and feminist tunes with her strong and appealing voice - a voice controlled enough to take on an acappella traditional English tune and so it justice, or to sing 3-part harmonies to her banjo accompaniment, or to phrase a blues number. She is also a skilled guitar and dulcimer player. Includes originals, title cut plus *Warm Weather Woman*, Fred Small's *Fifty Nine Cents*. She's good and deserves your attention! Recommended for any folk enthusiast. Specify LP (Dandelion 002) or cassette (Dandelion C-002).

**Africville**

**9.95**  
Focusing on Black women historically and presently, Faith's original songs give voice to issues as well as instill a sense of strength, through a variety of styles—blues, jazz, reggae, funk, African drumming. Here is a sampling of the topics you will learn about: Regina, a woman who was jailed for killing the white man who tried to rape her; Marie Joseph Angelique is a multi-tracked acappella song about a woman who was once a slave; *Divide and Rule* refers to the capitalist policy used on "colonized" people, and relates to the struggle in South Africa; *Nobody Knows My People* attempts to reverse the invisibility awarded by history books to everyone but white males; and title song is about the relocation of the largest Black community in Canada. An exciting, inventive 6-woman jazz sextet from Great Britain who have individually done time in groups like Jam Today and Sisterhood of Spit and collectively bring together such a range of influence and energy that their music can't help but be versatile. **Holly Near & Ronnie Gilbert**  
**Lifeline**  
A majestic collaboration of generations and spirits. Ronnie was one of the Weavers in the 40's and 50's, a folk group which loudly voiced the progressive and humanist concerns of the American people until the blacklist virtually silenced them, and which won the hearts and devotion of a huge following. Holly grew up admiring Ronnie's strong, proud singing and stance, and dedicated her second album (*A Live Album*) to her. They got together for the filming of "Wasn't That a Time", when Ronnie was learning some of Holly's songs for the Weavers' Carnegie reunion concert. Ronnie's awareness of women's issues and her consciousness of herself as a woman performer had grown because of Holly's music. They then began touring together, and this is a live recording from the Great American Music Hall in San Francisco. Styles encompass Broadway, folk, jazz, gospel. Includes the great song previously recorded by Kate Taylor, *Harriet Tubman*, plus *Georgia Is a Lady*, *Goodnight Irene*, *Hay Line* (new arrangement), *Singing For Our Lives*. LP (Redwood 404) or cassette (Redwood C-404). 9.95...CD (new early '88) (Redwood CD-404). 15.95

Specify LP (Redwood 405) or cassette (Redwood C-405).

**Holly Near**  
**Watch Out!** 9.95  
This dynamic singer/songwriter continues to "go the extra measure in her music." Here she collaborates with the West Virginia folk and traditional quartet Trapeze, well known for their Appalachian instruments and styles, and so enters yet another musical genre, acoustic folk music. Lorraine Duxit and Freya Epstein from Trapeze likewise add a fresh dimension. Includes *Child* (about physical and sexual abuse of children), *The Meek Are Getting Ready* and *Step If Out Nancy*. Specify LP (Redwood 406) or cassette (Redwood C-406).

**Izquierda Ensemble**  
**Quiet Thunder** 8.95  
"You can't kill the spirit, she is like a mountain" has become the anthem of the women's peace movements in the US and abroad, but few people know that the beautiful song it comes from, *Live A Mountain*, was written by Naomi Littlebear Morana and was recorded on this LP. Original songs reflecting feminist & third world consciousness by this innovative acoustic group. Exquisite vocal harmonies with flute, piano, guitar & percussion, and a couple of nice instrumentals, also. Since making this record, the group has disbanded... lucky for us that they "immortalized" their music first. LP only. (Jewel T).

**Jasmine**  
**Wild Strings** 8.95  
If you can only purchase a few albums this year, make this one of them, for sure...it is magnificent, intelligent, absolutely a pleasure. **Jasmine**  
**Raise Yourself/Telephone Line (45 rpm)** 2.95  
Another outstanding release from these wonder-women! The vocal harmonies in *Raise Yourself* are almost too perfect to belong to two different women, but it's true. The lyrics are heart-warming and direct. "Raise yourself as you raise your family. Love yourself as you love your friends. Care for you country for it has to live on. Gotta make things better to keep on keepin' on." *Telephone Line* is an upbeat jazzy, rock-influenced tune. 5 stars. (Sevens 45-1)

Produced by Robin Flower and featuring the excellent musicianship of Barbara Higbie and Nina Gerber, Jennifer's debut recording makes a distinct splash into the body of women's music. Many political and spiritual themes, passionately moving through the music in a variety of styles from folk to reggae to rock, will awaken the listener to anger at injustice, hope, and personal power and healing. Includes a song about a lesbian teacher, Charlie Murphy's haunting song of *Waterspirit*, *Burning Times*, *Kitchen Revolution*, and more. Her guitar is impeccable, her voice strong yet gentle, and the arrangements superb. Absolutely recommended! Specify LP (Edge of Wonder 10) or cassette (Edge of Wonder C-19).

**Jennifer Justice**  
**Lavender Hearts** 9.95  
A live in-concert performance of lesbian romance and erotica, from the better of the *Spiderwoman* stories...it's hot! The stories are humorous and sultry, celebrating and claiming the source of power and energy made us. Includes *The Pomegranate*, *Obsession*, *Dream Sender*, *Spring Morning* by Cria South, and more. Cassettes only. (Moon-Star Stories C-3)

**Jennifer Justice**  
**Spiderwoman: A Celebration of Women**  
**Heroes** 9.95

Four stories, each with a vision of woman as creator of the world, are told by this prominent lesbian-feminist storyteller who believes that storytelling is an empowering artform based on community. Includes *Lia*, which Jennifer calls "the original separatist story"; an Australian myth thousands of years old, it tells of a tribe of women who found the source of water and released it—allegorical for taking back the source of power. *Spiderwoman* is a Hopi traditional tale about the creation of light and people, and *The Jugglers* by Anna Allen relates to learning to juggle the elements of the universe, and finding the balance within ourselves. Cassette only. (Moon-Sun Stories C-1)

**JoAnn Loulan**  
**Lesbians, CEBV, AIDS and Safe Sex** 9.95

The first in the *Lesbian Sexuality Lecture Series*, a series of spoken presentations which capture the energy and spontaneity of this acclaimed author's approach to lesbian sexuality. This 45 minute tape discusses these 2 viruses: CEBV (stands for Chronic Epstein-Barr Virus, a widely-misunderstood, often-misdiagnosed disease which is not sexually-transmitted) and AIDS (lesbians are a low-risk but not a no-risk group; how lesbians can utilize safer sex practices). Cassette only. (Loulan Productions C-10)

**JoAnn Loulan**  
**Incest Survivors/ Partners of Incest Survivors** 12.95

On this double-length tape, the author of *Lesbian Sex* speaks informatively about the impact of incest survivorship on the sexuality and relationships between lesbians and their partners. As the subject is beginning to be discussed more openly, and as we learn that this legacy belongs to a large percentage of the female population of all persuasions, clearly this is important information for all lesbians today. 90 minutes. Cassette only. (Loulan Productions C-102)

**JoAnn Loulan**  
**Fanning Flames for Couples/ Healing Child Within** 12.95

Two engaging and humorous presentations on this double-length cassette: one for long-term couples (however one might define the phrase long-term) discussing how to keep that sexual spark alive, the other for us all, on coming to terms with the little girl within each one of us. Cassette only. (Loulan Productions C-103)

**Judy Fjell**  
**This Side/That Side** 8.95

This funny, affirming, warmly political release opens with "This Side"—songs about relationships—the highlight being *I Think It's Nice*, a true lesbian torch song. "That Side" focuses on a variety of issues: *Safe, Strong and Free* is the motto of The Child Assault Prevention Project, *The Ballad of Erica Levine* features the talents of the "One and Only Fjellharmonic Jewell Schleppling Band" under the direction of E. Marcy Dickson-Vaj, other talented contributors include Diane Lindsay, Novi Novog, Linda Tillery Nina Gerber. Specify LP (Honey Pie 103) or cassette (Honey Pie C-103).

**Judy Fjell**  
**Dance in the Moment** 8.95

Finally her famous *Middle-Aged Body* (with *Teenage Emotions*), the song which speaks for a generation, is preserved, on this 1986 album! Also *The Goddess Lives*, *Thank Your Lucky Stars* (I Never Married You), *I Love You... But I Don't Love Your* (and more). Judy's humor helps us keep things in perspective. Specify LP (Honey Pie 105) or cassette (Honey Pie C-105).

**Judy Fjell**  
**Sweet Clover Invites You To Hear... Judy Fjell** 8.95

Judy, whose last name is pronounced like "yell" with a "f" in front of it (it's Norwegian for "mountain") makes original music with feminist, spiritual, and political messages along with good humor and much. Her style's folksy, as she accompanies her singing on 12" and 6-string guitar. Nice western imagery, includes *The Dinner Party* (song for Judy Chicago), *Single Woman*, *Song for Annie Dillard*, *We've Got News For You*, (anti-conception). Cassette only. (Honey Pie C-101)

**Judy Small**  
**The Generic Judy Fjell Tape** 8.95

lever packaging, more feminist originals like *E.R.A. Countdown* plus tunes by other songwriters such as the oldie *You're the Cream in My Coffee*, reworked a bit "You're the soy in my soy sauce. You're the 'to' in my 'fu'. You're the cats in my grandpa, you're my Birkenstock shoe..." and *Ma Rainey's Hustlin' Blues*. Cassette only. (Honey Pie C-102)

**Judy Friedman**  
**Arc of Diamonds** 8.95

A very fine debut tape from a new talent on the women's music scene. Her voice is strong and open; her cadences and tunings interesting; her original folk-rooted material reflective of honesty, conscience, hope and heart. Best cuts: *Bring Her Home*, about the complexities of non-exclusive and changing relationships between women, and the sensual *Take Me To Your Island*. The title song describes the sky above the Michigan festival; perhaps you'll hear her perform it there sometime...but don't wait 'til then to hear her music. Pleasant & Agreeable wish to commend her choice of a label name. Cassette only. (Patience & Adventure C-001)

**Judy Gorman-Jacobs**  
**It Dreams Were Thunder** 8.95

In the tradition of political folk music, with some quite decent production behind it, Judy lends her lower-register voice to four originals: *This Earth*, *Flamethrowers Are Full Circles*, and covers some folk favorites: *Carry It On* with synth, effects, nice back-up vocals; *Betty Robe's Glad To Be a Woman*. Her messages are strong and consistent, and she carries them in many, in lots of settings. Specify LP (Iceberg 1104) or cassette (Iceberg C-1104).

**Judy Reagan**  
**Old Friends** 8.95

A record chock-full of lesbian-feminist political content isn't so common these days among recent releases, but thankfully this DC area veteran performer has seen to it that we need not go under-nourished in that department. One reviewer said, "Feel queerly when someone says 'dyke'? Think that butches and femmes have nothing to say to your lesbian feminist self? Then that's your problem. No one here gets erased in the name of outreach." Subject matter and styles are diverse, but it's primarily an acoustic sound with some electric accompaniment. Includes *Dyke Is More*, *Softball*, and *Rose-Covered Radical*, probably the best number here (I got a labrys in my cadillac hood... Please forgive my straying from the track...but if the movement ever makes a dollar, I'll be back.) Judy's own label. LP only. (Wild Patience D101).

**Judy Small**  
**Ladies and Gems** 10.95

The second release from this Australian feminist singer extraordinaire contains stories of everyday life. Includes the song *Mothers, Daughters, Wives*, which charted on Australian radio. This is the imported release of the same LP previously released in the US under the title *Mothers, Daughters, Wives*... once again available for her fans. Specify LP (Crafty Maid 002) or cassette (Crafty Maid C-002).

**Judy Small**  
**One Voice in the Crowd** 9.95

A beautifully produced recording by an Australian woman who, with her poetic songwriting and dulcet voice, continues to broaden the often-too-narrow world consciousness of us U.S. citizen Australian feminists and social protest themes are conveyed through her serious portraits (*A Heroine of Mari*) and wry parodies (*The L.P.D.—a male equivalent of the U.D.I.*). Includes *The Family Maiden Aunt* from her first Australian release *A Natural Selection*, and a few songs which decry the power of U.S. presence—military and otherwise—on the international scene. Specify LP (Redwood 8503) or cassette (Redwood C-8503).

**Judy Small**  
**Home Front** 9.95

This wonderful folk artist presents a late '85 album of political songs covering a wide range of concerns. *Annie*, which some of you may know because Fred Small also recorded this, is about a lesbian school teacher. *Golden Arches* is an upbeat spoof of the MacDonald's invasion of so many counties; the title song is about the impact of the Viet Nam war on the wives, after the men come home. Thoughtful, thought-provoking. Judy is one of the most important songwriters of our time. Specify LP (Redwood 8501) or cassette (Redwood C-8501).

**June Millington**  
**Running** 9.95

This second solo recording is as upbeat and delightful as you'd expect from a pioneer in women's rock. With the talents of her sister Jean (bass, vocals), Vicki Randie (percussion, vocals), Sapphron Obola (sax), Mary Watkins (synthesizers) and Linda Triery (vocals) among others, this LP really sings! Includes *Enchanted*, *All That You Need*, *Our World*, *Woman Who Sees the Signs*. LP only. (Fabulous 101)

**June Millington**  
**Heartsong** 9.95

An up-tempo, well-produced recording by this electric-guitarist-vocalist-songwriter-producer with a long herstory in rock (Fanny) and women's music. Features primarily June and Trifare with original songs and ballads including *Coconut Mentality*, *Your Own Way*, *Rosetta*, *When Wrong is Right*. LP only. (Fabulous 102)

**Just For Now**  
**Follow the Flow** 8.95

This 4-woman ensemble from Ohio creates original music with a rich blend of instruments (piano, flute, guitar, bass) and voices (all of them). Themes relate to spirituality and nature: *Goddess Song*, *Jeanus' Dream*, *Harbor Daughter*, and this debut tape of theirs will appeal to a new age/folk women's audience. Sound is sharp and clear. Cassette only. (Just For Now C-1)

**Kappe Marie Rousseau**  
**Priority** 8.95

Having played to women's audiences as well as gay pride rallies, Kappe's name will be familiar to some of you. She's a one-woman band; all songs on her debut tape are totally written, arranged and performed by the artist herself, although you'd think you were listening to at least 4 musicians, on keyboards, electric and acoustic guitar, bass and drums! Includes *Gentle Woman*, a guitar instrumental *Annie's Song*, plus some pretty upbeat stuff like *Punk Jam*. Give this Renaissance woman a listen! Cassette. (Little Feather C-18C)

**Karen Beth**  
**The Edge of the Horizon** 8.95

Karen's first woman-identified LP (and 4th altogether) contains her original "folk rock," seasoned with country and reggae, featuring a slew of great musicians such as Ali Dobkin on back-up vocals, River Lightwomoon on drums and percussion, and Barbara Cobbs on bass. Karen herself sings and plays electric and acoustic guitar, accordion, banjo, synthesizer and piano. This prolific songwriter includes her *Women Together* and *Not My Own* which is about how the land we live on was stolen from Native Americans, how Jewish people have been driven from country to country, and how women in patriarchal society have been living in someone else's culture. Karen took the cover photo, and self-produced on her own label. Specify LP (Cattail 101) or cassette (Cattail C-101).

**Karen Mackay**  
**Annie Oakley Rides Again!** 8.95

From deep roots within mountain music come songs derived from Karen's own life-experiences and growth. Her compositions relate to personal freedom, life/death transitions, reincarnation, world peace, and alternative life styles. Grab onto your spirit and hold fast to the reins! Specify LP (West Virginia Woman 102) or cassette (West Virginia Woman C-102).

**Kathy Fire**  
**Songs of Fire: Songs of a Lesbian Anarchist** 10.95

From this member of Mother Rage, a pleasing and fascinatingly different album. Original songs on topics like what to do when the FBI comes knocking on your door, improvisational flute and piano accompaniment by Mojo. It is simply produced, having been recorded in one hour of studio time. We get a kick out of seeing a title like this on an "established" label, and hearing lyrics like "Get your rapist hands off my shoulder now! Damn you sweet smiling mask of care for me! Fuck your little boy games you charlatan! I've seen what you've done and I know who you are." LP only. (Folkways 8585)

**Kay Weaver**  
**One Fine Day** 8.95

This vibrant and sophisticated LP marks the debut of Kay Weaver, a talented and sincere vocalist/songwriter. The production is polished and light, with synthesizers, sax, percussion, guitars and some strings blending to create a contemporary pop sound. Joined by Carol MacDonald on *Fired Up*, she also collaborates with co-producer Jen Wakenberg on many pieces. Songs include: *One Fine Day* (a tribute to Emily Dickinson), *Willie Cather* and *Emilia Goldman*, *No Turning Back*, *Sleepin' Alone Again*. Specify LP (Circe 101) or cassette (Circe C-101).

# Kitty Barber

## Over the Line

8.95  
Born in Manitoba and always rebellious, Kitty was asked to leave the high school chorus, the high school band, and often, though temporarily, high school. She was part of the women's music scene in its early days; now she returns with unapologetic rock 'n' roll, telling her truth about life as a survivor, a worker, a recovering drug addict, a woman, a lover. With Michelle Isam of Jasmine on tenor sax, and Sherry Shute on lead guitar, Kitty's vocals are deep, strong and passionate. Cassette only. (Harrist C-816).

# Kristin Lems

# Kristin Lems

## We Will Never Give Up!

9.95  
From a woman who has poured so much heart, time, and energy into the passage of the E.R.A., a live album especially for those who have done the same. Recorded largely in DC on June 30, 1982, with Laurie Haag on bass, contains live versions of the great *Battle of the E.R.A.* and *My Mom's a Feminist*. Also includes *Failure is Impossible*, *The Witch's Song*, and the song *A restoration of determination and energy for those lowered by hopelessness or burn-out, by giving us a perspective on how long the battles women have won (e.g. suffrage) were fought before victory was achieved*. Specify LP (Carolsdatter K003) or cassette (Carolsdatter C-K003).

# Kristin Lems

## Born a Woman

9.95  
Kristin returns from 2 years overseas to bring us another album beautifully balanced in scope and consciousness. Perhaps her *Trivial Pursuit* will inspire the development of a different sort of edition... *The Wife And The Whore* and *Proposal* strike at marriage as instruments of patriarchy... and the title cut is a celebratory tribute to the changes we women are forging! Specify LP (Flying Fish 373) or cassette (Flying Fish C-90373).

# Labrys

## Sisterlove

9.95  
Five original songs on which Elena and Patricia were assisted by Muzelle McDye, their Apple Macintosh which supervised the programmed instruments! So refreshing in this day and age, they remain true to their woman-identified ideals, both in lyrics and album participation... from artists to recording and mastering engineers. Their second release, *Sisterlove* documents their growth as musicians: funky, upbeat, with a more polished synthesized sound. As one of their song titles says, *Try It*. Specify LP (Labrys 135) or cassette (Labrys C-135).

# Labrys

## Turn Around

9.95  
New musical energy from a younger generation! Elena Jordan and Patricia Lyons' debut LP is a lot like their business cards and stationery — "Woman-identified Music" is spelled-out clearly! With bass and lead guitars, synth and drum machine, their original r & b/funk/rock/reggae is upbeat, with a feminist and lesbian slant. Includes *Fire*, *Free Woman*, *Bionic*, and, top pic, *Labrys* — a tremendous rapping song — about a gay pride march! Buy the LP and put this cut on all your dance tapes (only don't say I suggested it...). This release helps fill an expressed gap: hope to hear more from them, LP only. (Labrys 125).

# Lifeline

## Never Stop (EP)

5.95  
This political, labor-oriented women's band, consisting of old-timers Mary Trevor and Jeddine Mackey with Kris Koth, lends an urban electric rock sound to the *Maile's Monday Shutdown* and the reggae medley *We Can Get It If We Organize/The Harder They Come*, and a country-rock arrangement on Mary's original *You Could've Loved Me*. EP only. (Lifeline 301).

# Linda Allen

## Women's Work

9.95  
A beautiful tribute in folk-song to the community of Womanhood and our collective struggles and joys. Linda's song is a poignant memorial to Libba Cotton, sung with steamed in Libba's trademark style... *Rosie the River*... *Revisited* is performed as an a cappella British ballad with beautiful harmonies... *Spirit Song* is an expression of women's spirituality, with thanks to *Stamirak*, each song, like each square of a quilt, reveals another aspect of creativity and vision. Specify LP (Flying Fish 458) or cassette (Flying Fish C-90458).

# Linda Tillery

## Secrets

8.95  
A soul-stirring, heart-warming, up-tempo, long-awaited, highly-recommended album by this master of R & B/jazz/blues/contemporary music! This LP has achieved well-deserved play on black commercial radio. *Count On Me* hits right in there; *The Chosen Ones* gives us political nourishment; *Fever*, in a jazz rendition which tops any previous cover, gives us chills... and, a new insight into the relationship between Pocahontas and Sacajawea! *Basin Street*, a Trull-Obiedo collaboration, is also a fine song. Demonstrating the sly and varied nuances in her vocal power, sure to gain her a wider audience. Specify LP (411-BLF 736) or cassette (411-BLC 736).

# The Los Angeles Women's Community Chorus

## 10th Anniversary Album

8.95  
Under the able conductorship of Sue Fink, this entity has been one of the strongest and most long-lived choruses. The music is chosen by the 50+ members to celebrate the diversity of women's experiences and the triumphs of our liberation struggles... and this variety is what makes this album a really interesting and important one, aside from the musical excellence. Thankfully, they don't attempt to reinterpret every women's music hit! Some chorus members participate in writing and arranging material, such as *Woman Spirit/Woman Strong*, and Sue Fink and Joelyn Grippa's *Arm Open in the Night* — a song for battered women's shelters. Also *La Andante* and a terrific *Working Women's Medley*. Recommended! Specify LP (Los Angeles 7686) or cassette (Los Angeles C-7686).

# Lucie Blue Tremblay

Over the years, Olivia has introduced audiences to magical music by artists such as Chris Williamson and Meg Christian; here we are again treated to that caliber of musicianship in the mesmerizing performances of this French-Canadian artist. Not only does she remain true to her culture by giving equal time to both languages, she communicates so sweetly and intimately that English-speaking audiences are as deeply moved by her French material as her English songs. The studio side of this debut album features back-up vocals by Chris, and the live side, recorded at the Great American Music Hall, has back-ups by Chris, Fred Fure, Teresa Bull, and Dendra McCallis. So, don't wait for this woman to become famous — treat yourself now! Recommended, LP (Olivia LP 947) or cassette (Olivia LC 947). 9.95...CD (Olivia CD-547). 15.95.

## I'd Rather Be Cute

8.95  
"I'm trying first of all to entertain. Second, I want to raise an awareness in people's minds of the state of gay life today, to show the ways we are similar and the ways we are different. And third, I am trying to pay off a 1983 Honda Accord." This Jewish lesbian from Brooklyn performs humorous material in a cabaret style, from *A Mother's Lament* ("Please, Lynn, don't wear leather pants to the seder" and please cover your tattoos at the seder") to *First Dyke On Dynasty*. Specify LP (Bent B-1365) or cassette (Bent C-B1365).

# Lynn Lavner

## Something Different

8.95  
From the title song, "All the other little girls liked Fred! I fell in love with Ginger!... All the other girls would braid their hair, but something different..." Humorous, touching, affirming, these songs are mostly from her cabaret acts, and have titles like: *Shelly, You've Gone Nelly on Me*, *Come to the Bar*, *The Rude Playful Tango*, *28 Barbery Lane* (with reference to Armistead Maupin's best-of-the-decade *Tales of the City* book series). Piano accompaniment. Specify LP (Bent B-1329) or cassette (Bent C-92329).

# Lynn Lavner

## You Are What You Wear

Yet another funny album from the dyke queen of cabaret camp. To further explain Lynn's musical and theatrical style, let us just say that she performs with the "festive duo" Rostovsky & Philips in the "Leather and Lace Tour" and guess who wears what! This album ranges from the very serious *Anne Frank*, in which she reminds us that "Silence Equals Death," to the humorous account of *That Festive Little Neighborhood* ("Instead of politicians, we've a queen"). LP (Bent B-13176) or cassette (Bent C-33176). 8.95...CD (Bent CD-33176). 13.95.

# Mahina

## Clothesline Conversation

10.95  
First of all, let me say that if you don't start buying some of this incredibly wonderful music from overseas, we won't continue to carry it, and then you'll have the choice of either becoming totally isolated and U.S.-centered, or having to buy a lot of expensive airline tickets to have access to this music! Did I make my point? OK. Mahina's 2 vocals were the highlight of the New Zealand compilation "Out of the Corners". Her voice is still indescribably rhythmic, sensual, airy, caressing. Strains of early Ellen McIlwaine meets *Rhiannon*; most material is original and feminist: *Miches*, and *Cows, Mothers and Daughters*. Also includes a song by Hinepouamu, *Young Maori Woman*. One of the occasional truly exciting recordings to cross this desk, so buy it now, 'cause this year might be your last chance to experience some of the finest of New Zealand women's culture. Specify LP (Emmatruck 7) or cassette (Emmatruck C-1).

**Mahinaarangi Tocker**  
**I'm Going Home**

10.95

If you loved Mahina's first album as much as we did, you'll be crazy about this one too! And if you don't know her first album, try this one anyway. A very successful follow-up by this multi-talented New Zealand musician. It sustains interest from beginning to end in the rhythms, melodies, harmonies, lyrics, emotion, and percussion assortment—such as wooden tongue drum, vacuum cleaner. Songs include *The Aunty Song*, *Be Proud To Touch Kisses Like Hell I Do*, *Kauri Tree*. Very dignified and lush, celebratory, womanly, different, very highly recommended! Finding recordings like this makes our work worth doing. Cassette only. (Te Whanau C-1)

8.95

If you've heard Bright Morning Star you've heard Marcia Taylor—she's the one with the great soulful voice. On this LP, Janet Hood (half of the legendary duo Jade and Sarsaparilla) plays piano and provides some background vocals and arrangements. Most songs are Marcia's originals: *Sea Legs*, a love song to the ocean, is one of the best, its is *One of the Best*, a love song to a woman to really rock out to, and *I Believe in You*, a gospel tune complete with background vocals by "Family" and the jazzy, scatty *Freedom Will Come*, on which Marcia's voice dances up and down a full range. The content is political, the mood is joyful and affirming and contagious. Specify LP (Rainbow Snake 507) or cassette (Rainbow Snake C-007).

7.95

A full-length tape of very lesbian-feminist political fusion rap with heavy shades of Jamaican dub poetry and British working class beat poetry from a white working class artist who was born in London but resides in the States. Includes *Amazon Rap*, *Rift for a Sister*, *Makin' Dyke*, *Comin' Out*, *Intergalactic Tuesday*. She calls for breaking down the patriarchy and strengthening women's cultural identity — seriously recommended! Cassette only. (Raging Raps C-001)

**Melanie Monsur**

7.95

A very talented musician to arrive recently on our scene has produced an excellent debut tape of originals. Accompanied on various cuts by Sharon and Sandra Washington (who she tours with sometimes), June Millington, Laurie Lewis, side 1 consists of 4 vocals in folk, blues, ballad styles; her voice is quite pleasing, with good range and a smooth quality. Side 2 contains 4 solo piano pieces — gorgeous! She should really do a whole album of vocals plus another of solo piano, and maybe someday she will. But in the meantime, this is a fine sampler of her abilities. Recommended! Cassette only. (Double Phoenix C-1)

**Melissa Etheridge**

Known as "Melissa" to women's audiences, her high-powered debut album has made a significant impact in the commercial music world. It's full of raw passion, sexuality, intensity and emotion, explicitly lustful in a manner that's quite rare in a woman's repertoire...memorizing and so refreshing! All original songs with her own acoustic guitar and additional instrumentation, fairly produced, includes *Similar Features* and *Bring Me Some Water*. Recommended! LP (Island 92875) or cassette (Island C-90875) \$9.95...CD (Island CD-90875) \$19.95

**Mimi Fox**  
**Against the Grain** 8.95  
 From this frenzy-fingered fretboard whiz, who has toured with musicians such as Phish and Terry Garthwaite and written over 400 compositions, an excellent debut album which should establish her talent to a wider audience. All works on this tape are instrumentals for acoustic and electric guitars, except for one which features Phish on vocals. They range from intro-spective to jazzy, and abound with harmonics as well as unusual tunings and signatures. Mimi accompanies herself on drums. This was previously released under the title *Textures of Loving*. Recommended! Specify LP (Catero 623) or cassette (Catero C-023).

**Motherlode**  
**Dance the Afternoon Away** 8.95  
 Motherlode is a four-woman band from Seattle, and all share songwriting & lead vocals. Instrumentation is primarily acoustic (guitars, banjo, cello, mandolin, flutes, bass) and the harmonies blend clearly and sweetly. Songs reflect and value daily realities of women's lives: friendship and love between women, dealing with stress and hard times, having children, being alone. Title song is especially poignant. Recommended for quiet afternoons at home. Specify LP (Nexus 0104) or cassette (C-0104).

**Motherlode**  
**Everything Possible** 8.95  
 More sweet harmonies grace their second collection of songs, from the plaintive strains of the Russian Jewish mother forever separated from her children in *Rhapsody* to Janie's a cappella dream of harmony with her woman partner and friend, and her love song to her 3 best friends: the other 3 members of Motherlode! Specify LP (Nexus 0110) or cassette (Nexus C-0110).

**MsDeMeanor**  
**Convicted** 8.95  
 All original rock and jazz/rock fusion by a 4-woman tough-looking band: *Crazy Let's*, *Over Sun*, *Dykes Dancin'*, *Sulfragette Song*, *Let's Do Something!* Politically incorrect — with electric guitar, bass, flute and drums, nice vocal harmonies. LP only. (Kunquat 101)

**Nancy Hill**  
**Not Just Music** 8.95  
 This singer-songwriter has been performing for women's audiences for years, and this album, though not explicit in terms of pronouns, is clearly directed to women lovers and friends, if you pay attention to the content. Her voice is a warm, rich alto, the style gentle, and the lyrics introspective, about relationships and the passage of time. LP (Hillsound 2) or cassette (Hillsound C-2)

**Nancy Vogl**  
**Fight Like the Dancer** 9.95  
 With seasoned country singers Tracy Nelson and Dianne Davidson on back-up vocals, and Yassar Clements on fiddle, Nancy's second solo album, recorded in Nashville, is rooted in solid country with a little swing and blues. Nancy began this project as a songwriter's demo tape, and it blossomed into a full-bodied recording. Very laid-back, sounds like someone really enjoying herself. Title cut's particularly sweet...so all you closet country fans...don't miss this new direction from one of the veterans of women's music. Specify LP (Olive LF 949) or cassette (Olive LC 949).

**Nancy Vogl**  
**Something to Go On** 9.95  
 Nancy's mastery of acoustic steel-string guitar-picking is something to contend with! Certainly, not many could match her skill, let alone excel at it. She is a veteran of women's music tours and recordings — into her second decade. On her first solo effort she has structured one side instrumentally, featuring original duets with musical partner-of-long-standing Suzanne Shanbaum, and the other side vocal. Her song *Crime of the Century* is an outstanding indictment of homophobia and other oppressions. Her insight into economic, social and political history infuses the work with an extra intelligence. Specify LP (Redwood 3000) or cassette (Redwood C-3000).

**Naomi Littlebear Morena**  
**Something Comes Along** 8.95  
 This recent release features parts of Naomi's rock-opera *Sunvivors*, about violence against women, plus other originals, all in a more eclectic vein than her previous work with 'Izquierda'. Cassette only. (Mooncat C-500).

**OneWorld PeaceSongs**  
**We Have a Dream** 9.95

Specify LP (OneWorld PeaceSongs 1) or cassette (OneWorld PeaceSongs C-1).

**Ova**  
**Ova** 9.95  
 If you hunger for some knowledge of women's culture/women's movement beyond US boundaries, this cassette will help satisfy. On their debut tape, this London-based duo presents mostly original music, with a strong lesbian-feminist stance. Jana and Rosemary sing good harmonies, play good rhythms with guitars, clarinet, flute, violin; are backed by bass, synth and percussion. Their style encompasses jazz, blues, folk, rock. Includes *Woman Behind Bars*, *Lesbian Fighting Song*, *Woman at the Crossroads*. Cassette only. (Ova C-1)

**Ova**  
**Possibilities** 10.95  
 This 1985 release is strong and tender, full of love for women, our possibilities and sexualities; and love for the earth, as well as despair over its abuse. Strong on harmonies and rhythms, utilizing a variety of African and South American instruments as well as drum machine, this collective (4 women at this release) produces another very worthwhile album. Specify LP (Stroppy Cow 444) or cassette (Stroppy Cow C-444).

**Ova**  
**Out of Bounds** 10.95  
 Claim strength is the word that comes to mind when listening to this album. Jana and Rosemary (joined by the Amazon Voices) weave a musically colorful quilt of songs that celebrate and reflect our lives as a whole. Musically diverse, it is both moving and humorous, and highly recommended. Import. Specify LP (Stroppy Cow C-686) or cassette (Stroppy Cow C-686).

**The Ovarian Sisters**  
**Beat Your Breasts** 9.95  
 Alright! Women's music—and comedy—from Australia. Tasmania to be exact. Ya gotta buy this LP for the title cut...with the chorus "Boo-itty-boop-itty-boop/Beat your breasts!" This six-woman string band has a great time performing political music and writing stunning material! Heard Judy Small sing *The L.P.D. (The Inter-Penile Device)*? Two Ovarian Sisters wrote it and perform it here; also *Paranoia*, *Deviant*, *Frazier the Razor*, *Graffiti* by Sh. Sh. (Shirleen's Shitstirrers). LP only. For a good time, call (Candle 104).

**The Parachute Club**  
**The Parachute Club** 9.95  
 This one is hot!!! And, one of our most highly recommended. With former members of "Mama Quilla II," this new 4-woman, 3-man band from Toronto brings a new level of sophistication to political music. The lyrics are compassionate and angry, uplifting and straightforward, with titles like: *Rise Up* (which made the Canadian Top 10), *Are You Hungry, Boys? Club: Free Up Yourself*. The music is a fantastically danceable mix of island rhythms and city synthesizers—this band boasts of 4 percussionists! Also includes the erotically charged *Hot in Pajamas* by Lorraine Segato—don't miss it! Specify LP (Current 2) or cassette (Current C-2).

**The Parachute Club**  
**Dancing at the Feet of the Moon** 9.95  
 Another excellent effort by Canada's foremost political rock band, perhaps this reviewer's overall favorite LP of theirs, and in fact of any. The overall production and instrumentation is tighter and more synthesized, while the lyrics remain political and inspiring. Songs include: *Innocent*, *Sexual Intelligence*, *Freedom Song*, *Walls and Laces*. Highly recommended. Specify LP (RCA 0553) or cassette (RCA C-0553).

**The Parachute Club**  
**Small Victories** 9.95  
 Seen Lorraine Segato? Do you love her or what? She's the lead singer of the Parachute Club, and their third album maintains the band's integrity and is simultaneously their most mainstream so far. Produced by John Doherty, of *Hill & Doherty*, includes *Love is Fine*, *Tearing the Veil*, *Rhythms of the Heartbeat*, *Waves*, *Love and Compassion*. The talents of this group are way beyond ordinary! LP (RCA 5743) or cassette (RCA C-5743). 9.95 CD (RCA CD-5743); 13.95.

**Peggy Seeger**  
**Penelope Isn't Waiting Any More** 9.95  
 Peggy's solid, substantial voice is just right for these traditional & original women's songs, about solid women with their "feet on real ground." Includes *Housewives Lament*, *Talking Want Ad*, *Nine Month Blues*, & *Song of Myself*. Excellent liner notes by Peggy. LP only. (Rounder 4011).

**The Pfister Sisters**  
**The Pfister Sisters** 8.95  
 Probably New Orleans' finest singing group, these 3 women mix a Boswell Sisters close-harmony style with contemporary modes to create a sound all their own. Highlights include *Let's Kiss Not Do The Act*, based on Ann Landers' poll regarding women's attitudes about lovemaking, and the waitress blues *Tips*. Also features a whole side of Boswell-type tunes from the 30's: *Boogie Woogie Blue Plate*, *Miss Jenny's Ball*, *Too Damn Hot*. Recommended! Specify LP (Great Southern 11010) or cassette (Great Southern C-11010).

**Phranc**  
**Folksinger** 9.95  
 Phranc, whose music is a blend of topical humor, whimsical observation and social commentary, has come somewhat full circle: early women's movement, to LA punk scene, playing with bands like Nervous Gender and Catholic Discipline, to modern acoustic folk music with a feminist perspective. This is one of few lesbian-ish recordings to be released on an independent label other than one associated with women's music. Includes the laudatory *Carolyn*, *Ballad of the Dumb Handicapper*, *One of the Girls*, *Female Mud Wrestling*, *Handicapped Amazon*, *I wanna live with Martina*, like *Nancy Lube* (man!). Style is simple, guitar and harmonica, sometimes a talking style, personable — keep an eye out for her! Specify LP (Rhino 856) or cassette (Rhino C-856).

## Pomegranate Rose

**As We Are** 8.95  
These 4 Triangle area (that's the part of North Carolina where Ladyslipper lives) women sing original songs with rich, sweet, 4-part vocal harmonies and earthy images which evoke a feminist spirituality. Some songs are upbeat, some lyrical, and some are humorous; all are very optimistic in outlook. They accompany themselves with flute, pennywhistle, guitar, auto-harp, conga and shaker. Includes *Corn Woman*, *Whole Wheat Women*, *Faerie Song*, *Oh My Child*, *Gentle Warrior*. Cassette only. (Pomegranate Rose C-1)

This 4-woman band, hailing from Kentucky, has a very distinct spirited Appalachian sound—with a twist. Most of their songs are by and about women! Includes the traditional tunes *Dusty Miller*, *Sally Ann* and *Midnight on the Water*, an original song, "Come share the spirit that flows like a fountain, hawing out a home on Betsy's Mountain." —Sarah Ogden Gunning's *Come All Ye Caiminners*, and some instrumentals. LP only. (Flying Fish 335)

## Rhiannon

**Loosen Up and Improvise** 9.95  
This VOCAL STRETCHING AND IMPROVISATION TAPE was created by Rhiannon (known to many as the lead singer of Alive!) because many of her vocal students were frequently asking to tape her classes. This tape is the more advanced of the two, for people who already sing, and includes guided physical stretching, rhythmic duets with Rhiannon, call and response—suggestions for developing rhythmic and melodic patterns—exercises with piano to develop strength, intonation and improvisation skills. In a relaxed and challenging environment, Rhiannon takes you through the exercises and sings with you to open up new ideas. This wonderful and skilled teacher has been developing her own vocal method for over 12 years. Very unique; if you like to sing, you need this tape! Cassette only. (Rhiannon C-1)

## Rhiannon

**Finding Your Voice** 9.95  
This is geared to those who don't sing yet or who have lost their voices, for whatever the reasons: being "tone-deaf," having been discouraged from it when young, adult children of alcoholics, incest survivors, being shy, for those who want to begin to explore their hidden songs. Using improvisation, Rhiannon leads the listener through body instrument awareness and alignment, physical music warm-up, breathing exercises, long tones, call and response, and simple duets. Enjoy at home or in your car. Cassette only. (Rhiannon C-2)

## The Righteous Mothers

**Stand Up!** 8.95  
Guess what song is on the album? Yes, it's true: You've Lost That Lovin' Feeling, and it's a great version! This is a women's chorus of 5, which sounds bigger, and each plays an instrument too. They sing about subjects like women (Common Women, Take the Credit), nuclear weapons (Big Budget Blues), and the quality of a rock garden (Sabb). Four of them are songwriters and most numbers are original. A unique LP, fun to listen to and obviously fun to have recorded. Especially recommended if you or folks you know sing in a women's chorus. LP only. (Nexus 0102)

## The Righteous Mothers

**Stand Up!** 8.95  
On their second album, this 5-woman chorus-like ensemble deals with a range of important topics, such as racism, battered women, lesbianism, and Haagen-Dazs. It's upbeat, and they're still having a good time making music, so that you can have a good time too, listening to them. Also includes a version of Stephen Foster's *Hard Times Come Again No More*. Specify LP (Nexus 0105) or cassette (Nexus C-0105).

## Rita MacNeil

Specify LP (Big Pond 1) or cassette (Big Pond C-1).

## Rita MacNeil

**Born a Woman** 9.95  
Rita is a native of Cape Breton whose style was influenced by the Scottish ancestry of her home as well as all-night country radio stations. This is the first of several recordings by a woman who is now a major star in Canada; probably the most feminist in content (as is so often the case). It features original songs and an intense delivery. Includes title, *War of Conditioning*, *Angry People in the Streets*. Cassette only. (Boot C-7154)

## Rita MacNeil

**Flying On Your Own** 9.95  
This 1987 release, by a singer with a spectacular vibrato and roots in the feminist movement, has gone platinum in Canada, as her career soars in her home country; hopefully this domestic release (kind a D.O. tour?) will introduce her to the wider audience she deserves in the states. All songs are original, including the title tribute to a woman's independence, which you may have heard Anne Murray cover, and the beautiful *Shes Called Nova Scotia*. LP (Redwood 8804) or cassette (Redwood C-8804).

## Robin Flower

**Green Sneakers** 9.95  
Another spirited LP of traditional and original tunes like *Lemonade Jane*, featuring a host of female back-up musicians. Robin herself plays acoustic and electric guitars, mandolin, and fiddle. Also includes Jean Ritchie's *Black Waters*. Produced by Terry Garthwaite. LP only. (Flying Fish 273)

## Robin Flower

**1st Dibs** 9.95  
The most innovative release to date from a woman who is making a name for herself in the "flowering" New Acoustic Music genre, which is, though no one agrees completely, approximately a mixture of progressive bluegrass with jazz influences and bits of punk, rock and classical strains—and usually acoustic, but not always—and usually instrumental, but not always. Anyway, this recording has both instrumentals and vocals. Song titles include *Woman of a Calm Heart*, *Terrorist*, *Retrospect*. Specify LP (Flying Fish 326) or cassette (Flying Fish C-90326).

## Robin Flower

**Babies with Glasses** 9.95  
With lots of women musicians on back-up, Robin further develops her new acoustic sound on the 8 original tunes here plus 2 by Crystal Reeves, also an ace violinist. A couple of lightning instrumentals, *The War Song*, the sensual *Midnight Touch*. Specify LP (Flying Fish 429) or cassette (Flying Fish C-90428).

## Robyn Archer

**The Ladies' Choice** 9.95  
This Australian woman is a gas! Her original material is feminist, lesbian, comical and the kind of stuff for which public access radio stations lose their licenses!—*Menstruation Blues*, *The Cho Soft Screw* (she likes her dignity, her magnanimity) and 3 songs from *The Live Adventures of Superwoman*. Robyn's delivery (blues/rock/gospel/showtune) is sure and strong and funny, so we hope you will buy this album. Import. Specify LP (Larrikin 023) or cassette (Larrikin C-023).

## Ronnie Gilbert

**The Spirit is Free** 9.95  
On this, Ronnie's first solo recording in over 20 years, we hear stories of liberation and struggle. Ronnie is one of the original members of the Weavers, and her sense of history is clearly portrayed in this recording. With Holly Near on back-up vocals, Ronnie's title cut makes you want to leap with pleasure. Also includes *Midnight Special*, *Mark Williams: I'm So Lonesome I Could Cry*, and *Judy Smith's Mother Daughters: Wives*. A definite must for any serious folk collector. This woman has still got what it takes to pluck the heartstrings of social justice. Specify LP (Redwood 408) or cassette (Redwood C-408).

## Rosy's Bar & Grill

**Don't Try to Order a Pastami Sandwich from Rosy's Bar & Grill** 9.95

The three women comprise one of the midwest's most popular women's folk groups. Includes *Did Jesus Have a Baby Sister?* LP only. (Biscotti City 1328)

## Rude Girls

**Rude Awakening** 9.95  
Dedicated to rude girls everywhere and to their awakening, this lively women's acoustic quartet presents a fine debut folk album. High on heart-breaking harmonies, stringed instruments, original tunes like *Female Rambling Sailor*, *Ballad of Francine Hughes* ("The Burning Bed"), *The Girl in the Red Velvet Dress*, and *Pete Sutherland's Ruppel Tr-Y-O* ("get a job you old hippie"). Includes *Middle Aged Blues Boogie*, *Your Husband's Cheating On Us*. Fun! Cassette only. (Saffire C-1)

## Sapphic Journeys:

**Sensuous Poetry for Lesbians** 8.95  
The music is what makes this tape of lesbian erotic poetry by a variety of authors work. The intermittent accompaniment on violin, viola, harp and flute—refined, wonderful, exquisite—was composed and arranged (and strings played) by E. Marcy Dieterow, who has done string arrangements and performed on some women's music recordings including *Cris Williams' The Changer and the Changed*. The music glides from gypsy-like passion to gentle reflection and savoring. The poetry, by Sappho, Doris Davenport, Carol Schmidt, and others, is read by Etoile Monet and Dimitra Stukas. ## Sue Fink

**Big Promise** 9.95  
Proudly we present to you a unique 1985 Ladyslipper Records release! On this globally important album, which you just gotta have, this wild and crazy woman unleashes her boundless energy, wit, and genius. It opens with the first totally contemporary new wave hit dance tune from a female perspective, *Boys Are Thugs*, proceeds with *The End is Near*, the anti-nuke technological extravaganza featuring the LA Women's Community Chorus (all 100 of them), expressing the wisdom of a bag-lady; then, to title cut, a technopop tune about a woman who relates to a politician who promises her the same big choices he promises the voters... and more, from ballads to jazz to straight-ahead rock. Her voice is strong and clear. The overall result is polished, creative, funny, refreshing, substantive and outrageous — it takes a special person to propel women's music into a new decade, and Sue has done that. Co-produced by Sue and Diane Lindsay. Very highly recommended, if we do say so ourselves! Specify LP (Ladyslipper LR 201) or cassette (Ladyslipper LRC 201).

If you are even remotely interested in spirituality, please read the fine print here! Susan's extraordinary charisma shines through this album to make it one of the most exciting and inspiring additions to our catalog. Her music and message is of heart and spirit, and of the power of that spirit, and of spirit as the source of a commitment to world peace and social justice. She consciously integrates feminizing images to symbolize sacred reality, and thus has been somewhat of a tabboo-rouser as one of the early women to be ordained as a (UCC) minister, over 15 years ago. This album is a musical feast, with plentiful contributions by Rhannon, Linda Tilley, Terry Garthwaite (also the producer), Barbara Borden, Mary Waters, Janet Small, and many other talents. From the Native American drumbeats of the vivid call to heal the earth, *Simple Ceremonies*, to the shimmering brilliance of the closing refrains of *Mama Trilogy*, written during her mother's illness and death, Susan uses her insight, vision and richly-limited voice to communicate spiritual realities. Highly recommended! Specify LP (Heartlight 325) or cassette (Heartlight C-325).

Five DC women have joined forces to create an exciting, fresh album expressing strong political perspectives about women in the work force; closeted lesbians and gays; women in love, leaving their lovers, losing their loves. Their style is an interesting concoction of contemporary rock with a little punk and folk; their lyrics (by members Andrea Weatherhead and Jennie McKnight) thoughtful and humorous; the arrangements fun; the musicianship by all (add Barbara Lewis from *Hysteria* and Toshi Reagon's *Agitones*, plus Renee Wilton and Liz Buchal) fine; and it was produced and engineered by Andrea herself, as part of her *Masters Thesis*. One of the surprise hits at the 1987 Vancouver Folk Festival. Also hear them on the Web Women's Collective LP. Cassette only. (Topp C-221)

**Toshi Reagon****Demonstrations**

8.95

Toshi plays electric lead and rhythm guitar, acoustic guitar, drums and bass, and does lead and background vocals. Co-produced with Toshi and a contributing percussionist and vocalist is Toshi's mom, Bernice Reagon of Sweet Honey in the Rock. The funky and rock 'n' rollish numbers here are equally strong. Cassette only. (T&R C-982)

**Tracy Chapman**

At last you can hear the young singer-songwriter everyone's been talking about! Her rhythmic voice with a profound and distinctive vocal texture has been compared by some to early Joan Armatrading. She has played to widely appreciative audiences everywhere: from the Michigan and National Women's Music Festivals to the viewers of MTV. Her all-original songs cut straight to the bone, combining raw emotion with searing political/social commentary; her stark vision of a world where greed and power are more important than people is countered by her conviction of a change to come, as evidenced in *Talkin' Bout A Revolution and Why?* Also includes *Fast Car, For My Lover, She's Got Her Ticker, Baby Can I Hold You*. Highly recommended! LP (Elektra 60774) or cassette (Elektra C-60774); 9.95. CD (Elektra CD-60774); 16.95

**Tret Fure****Terminal Hold**

9.95

Gradually becoming a familiar presence on the music scene, starting with a solo LP in the 70's (now out-of-print) and later known as a back-up musician and vocalist for June Millington, Tret Fure (pronounced "Fury") is now squarely in the spotlight where she belongs. Her lyrical and vocal abilities bring an inevitable yet positive comparison to Cria Williamson, who co-produced and sings harmony vocals here. The songs are mostly rock ballads, with a scrappy insistence towards what can only be termed "melodic new wave." Songs include *Angel Fire, Cold, Cold Heart, Anne Ancestry*. Specify LP (Second Wave 22003) or cassette (Second Wave C-22003).

**Tret Fure****Edges of the Heart**

Specify LP (Iceberg 221) or cassette (Iceberg C-221).

**We Three****What's A Capella?**

9.95

We'd lost track of these girls for a while, but luckily we've found them again. A women's acappella trio (with very occasional steel string) whose harmonies and rhythms are unexpected, even breathtaking at moments. Their voices blend seamlessly, though each is full of individual character. Plenty of humor as well as feminist political statement is present in their material which ranges from blues to swing to classical. A different sound, and we recommend it. Cassette only. (We Three C-1)

**We Three****Vocal Vertigo**

9.95

This 1987 release features more acappella originals by the trio; this time, many are actually fugue-like...revealing an obvious classical influence...intriguing! Lyrics however are contemporary, some fairly political. Includes *Anxiety Lullaby, I Wish I, Beggar*, and others demonstrating an amazing versatility, creativity, and a sophisticated sense of humor. Very different—recommended. Cassette only. (We Three C-2)

**Web Women's Collective****Out of the Corners**

9.95

New Zealand's first recording of women's music, and probably the world's first recording of collective music, on Web Records because women weave the world. It's all acoustic, and features some outstanding voices and ringing 12-string. Hear the indescribable voice of Mafina Tucker on *Songs to Mothers* and the acappella *Archanai*, evoking the moon, and become acquainted with the commendable talents of the other ten women. **Women, Women & Song**  
**I Won't Wait To Be Happy**

8.95

They say their tape is "filled with irrepressibly, marvelously harmonic, voluptuous gusto," and they're right! This female trio has lots of obvious fun, performing their original songs with humorous lyrics, 3-part harmonies, sometimes acappella. Titles include: *God's A Better Sport* ("Sometimes I forget that God loves me too! She takes it better than you do! She's a much better sport than you"), *The Way Of Sex*, *This Body Is Mine*, *Cute To Orthodox*, *What's For Dinner*, their pitch might not be perfect at every single moment, but they're just a skiff! Specify LP (Deep River 1001) or cassette (Deep River C-1001).

**Woody Simmons**

9.95

Much more upbeat than her previous release, utilizing the outstanding talents of Julie Horn, Tucki Bailey, Joy Jules, Barbara Borden, Vicki Randle, and many of her own, *Too Good To Be* is funky and danceable! *Sleepin' Out*, with an acoustic exuberance and lightness, is a fine tune which more closely resembles her previous work. *Trolley Car* is an exceptional guitar-banjo bass instrumental, demonstrating Woody's dexterity and competent musicianship. Grab one before it goes out of print! LP (Deep River 1010) or cassette (Deep River C-1010).

**Kate Clinton**

**Live at the Great American Music Hall**

9.95

How can you follow an act on blue vinyl? If you're Kate, it's easy... on red vinyl! In her inimitable style, where every breath packs a punch, Kate relates experiences as a recovering Catholic (covey her neighbor's wife), sensitively and deeply describes Californians discussing Relationships, satirizes personals in papers, sings her song for parthenogenesis, and tells how she answered the question *What Do YOU Do?* at an S/M workshop (and you'll have to buy this to hear the answer!). Though Kate's audiences continue to expand at a rapid rate and the types of people she performs for has broadened significantly, she never omits her lesbian material: get your TV sets tuned up! Specify LP (WhysCrack 103) or cassette (WhysCrack C-103).

**Linda Moakes**  
**Pearls of Laughter**

8.95

One of the funniest comics around today, Linda uses humor as a path to healing on this *New Age Workout Tape*. Her *Chakra Aerobics* (with diagram) are one of the best exercises, along with *G.O.I. (Get Over It)* and *Sanity Pads*. In addition, she guides us through *Affirmations* ("the lies we tell ourselves until they become true"), and takes us on a tour of *BibleLand* Revisited, a fresh look at the story of Eve. LP only. (RT 2)

**Whoopi Goldberg**

**Original Broadway Show Recording**

9.95

Simultaneously hilarious and poignant, Whoopi Goldberg's characterizations successfully challenge and exceed the limits of comedy-as-social-political commentary. Her junkie with a degree in literature (Fontaine) recounts his tale of visiting Anne Frank's home, subsequently criticizing some young German friends and the resulting dialogue. The unplanned pregnancy of the *Sunder Chick* takes on a chilling significance as she confronts the Catholic Church, her mother, and a coat hanger... the *Crippled Lady* challenges an able-bodied world's prejudice, and the *Little Girl* thinks that she needs "long luxurious blonde hair and blue eyes" to get her dreams. Highly recommended. Cut-out, limited quantity. LP only. (Geffen 34065)

Outstanding! Even more beautiful than her first, in this reviewer's humble opinion, this cassette is pure musical imagery—voice without words—which, with harp, autoharp, cello, flute and bells—becomes a sound that is felt rather than heard. Again, all original and all performed by the artists, with innovative use of harmonies and rhythms. An emotional richness, an audio massage, celestial seasonings for the spirit! Highly recommended. (Callaghan C-1)

**Bare Necessities****English Country Dances****9.95**

Many-star rating! Buy this one! We are placing this exquisite classical-sounding instrumental LP by a quartet featuring Jacqueline Schwall, Mary Lee, Peter Barnes and Earl Gaddis in this section because it is instrumental music drawn from baroque, classical, Irish, and folk idioms. But the refinement, lushness, discipline, and lulling beauty sounds more classical, as in Baroque courtly dances. As a few of the song descriptions indicate, this is music to fall in love to. The harmonies run, soar, float, and chase each other with counter-melodies and ornaments played by viola, violin, fiddle, flute, fagot, recorder, guitar, piano. Specify LP (Varick 013) or cassette (Varick C-013).

### Transformations

9.95

Exquisite, restoring, delicious, perfect instrumental music composed by this Atlanta feminist and performed by Beth (on piano) and her group, The New Women's Chamber Ensemble (on oboe, sax, flute, synthesizer, bass, percussion). It could be termed classical-jazz fusion. If you've enjoyed Paul Winter Consort, Oregon, or Kay Gardner, you're sure to enjoy this. The sax is so sweet, the oboe so searing in its beauty. It's enough to lift the spirit of any cynic. A music therapist by profession, Beth has performed her works at the National Women's Music Festival, the National Women's Jazz Festival, and at Atlanta's Fox Theater, with Judy Chicago's *Dinner Party*. Includes title, Time and Again, and Dolphin, a dance piece. Very highly recommended. Specify LP (Ladyslipper 104) or cassette (Ladyslipper C-104).

### For Warmth

9.95

One side of this tape represents a creative venture for an artist well-known to women and folk audiences: it embodies a unique collaboration between an Asian and a North American artist, and expresses the interrelationship between engaged activism and the spiritual foundation which make continued activism possible. The songs were inspired and co-authored by Thich Nhat Hanh, a Vietnamese poet-teacher and Nobel Peace Prize nominee, who chaired the Vietnamese Buddhist Peace Delegation, and taught and lived "engaged Buddhism" in his country during the war. The music, sung by Betsy in English, blends eastern and western instrumentation, koto, bamboo flute, string bass and more. The other side consists of Betsy's own songs, reflecting her journey as a spiritual activist and eco-feminist. Cassette only. (Parallax C-101)

### The Woman of the Sea Remembers

9.95

This lovely meditative music for solo grand piano was written and recorded on the island of Maui, because the island is a heart center and a place of strong female divine energy. The music is channelled, according to the artist, whatever its source, it's beautiful. Cassette only. (Maia C-1)

### Keyboard Fantasies

9.95

Multi-layered fluid synthesizer music - some with voice - on a joyous rhythmic base by a Canadian artist we expect to be hearing more from in the years to come! One distinguishing characteristic is her use of African-sounding rhythms, melodies, and synthesized instruments. In *Slow Dance*, for instance, and *Sunset Village*, making these pieces the stand-out cuts on the tape; their strong rhythmic pulse invites movement while encouraging balance and body-mind integration. Cassette. (Aliaat C-2)

8.95

Subtitled TRADITIONAL MUSIC ON DULCIMER (both lap and hammer), this cassette is so lovely we are tempted to list it under classical and new age and folk, or create a new category called "Old Acoustic", maybe? Carrie also plays viol and psaltery here, accompanied by Lyn Eider on hurdy gurdy, recorders and percussion. ### Skies Above Skies

9.95

Ethereal, mythical/mystical, celestial, and yes, beautiful music for meditation and sheer listening pleasure. This multi-talented woman composed, performed (on hammered dulcimer, cheng, tambours, synthesizer, cello, piano, organ, and vocal tones), and produced this music on her own label. She apparently played on some LPs of hammered dulcimer music by Dorothy Carter, which we used to distribute (now out of print). ### Sacred Space Music, Vol. 1

9.95

"Sparkling bursts of star showers... the magic of the Hammer Dulcimer, this is her response to requests for more music on that instrument, and in our opinion, her finest effort... in spite of the title, of all her works this is the most lyrical and least "spacey." The hammered dulcimer, which dates back 6000 years, has a truly timeless, eternal quality to it, especially in the hands of this musician. Also lovely here is Constance's piano and the voice of Toni Marcus. Contains *The Longing and Radiance*. Cassette only. (Sound Currents C-3)

### Constance Demby at Alaron

9.95

With a synthesizer that sounds like the most glorious pipe organ, and with psaltery, gamelan and cheng, Constance gave a performance in 1983 whose magic and energy has been captured here. It is considered one of her best to date—she often played two instruments at once, seemingly effortlessly, overlaying the ensuing rich mixture with her electronically altered voice. Cassette only. (Sound Currents C-4)

## Constance Demby

### Light of This World

Delightful title cut representing a true departure for the artist: a pop/rock/gospel song, on which she's joined by back-up vocalists from the Edwin Hawkins Singers! ### Musiques Urbaines

9.95

Once again, Danielle has created an inexplicably fascinating, evocative recording of synthesized music... invariably, people want to know, "Who is that?" when they hear it playing. It's something like a magic carpet, ready to transport you to exotic places, whether on the haunting beauty of her instrumental compositions, or on her French texts; elements of both world and sacred music seem to intertwine. There's just something magnificent about it... highly recommended! Cassette. (Danielle Boutet C-2)

## Danielle Boutet

**Pieces** 9.95  
A gorgeous and wonderfully strange, mysterious tape! Danielle, a Quebecois musician, performs original instrumentals (synthesizer and others?), marmalade? and vocals in French. One incorporates excerpts from "Le Tao de la Physique" to give you some idea; and, apparently there is a love song to a woman included. It's extremely compelling, communicates a lot of breadth and depth, and we recommend it highly. Cassette only. (Danielle Boutet C-1)

## Debbie Fier

**Firelight** 9.95  
This richly harmonious instrumental album traces Deb's path from her distinctive Latin/African-flavored jazz style toward a quieter, more contemplative mode...there is a feeling of fullness here, of having travelled full-circle to now share the stories and gifts from the transition. Producer Mary Watkins (who also contributes string synthesizer) skillfully weaves Deb's melodic piano and percussion with Marilyn Wilson's plaintive oboe, Jean Fineberg's sweet soprano sax and flute, and Nydia "Liberty" Mata's insistent percussion to create an encompassing interplay of moods: from the richly introspective *The Journey* to the passionately searching *Children of Jerusalem* to the joyous *Celebration*. Other titles include *At Sunset*, *Desert Rain*, *Backwoods Boogie*. Pull up a chair, put this on, and be warmed by it...Specify LP (Ladyslipper 105) or cassette (Ladyslipper C-105).

## Deborah Vallien

**Song of the Departed** 8.95  
Don't be misled by the title, her description of these tunes as *Reflective and Playful Synthesizer Melodies* is accurate, with the emphasis on playful. And, charming, cheerful, sprightly, sweet, melodic, and unusual in their simplicity and clarity. This tape will do wonders for mood elevation and attitude adjustment; some of these tunes might even make you feel like stepping down the street, with this in your walk-woman. These piano-synthesizer duets are all her own compositions; our only wish would be that the tape not end so soon. Recommended! Cassette only. (Vallien C-1)

A very witty-looking Celtic harp recording, based on two parallel tales from Japanese and Scottish folklore: *THE ROBE OF FEATHERS* and *THE SILKIE*. Each tells a story of a beautiful magical female creature who is captured by a human male and is forced into marriage, until one day she escapes joyfully to her freedom. Accompanied by violin, viola, cello and tabla, this is a gorgeous and fitting follow-up to her highly successful *Secrets From the Stone*. **Julia Haines**  
**Odyssey: An Exploration of Afro-Celtic Harp-Fusion** 9.95

A stunning, evocative, radiant musical work by a woman who was half of the WindHarp duo (we carried their tape *Wind/Water/Light* when it was in print, and was one of our Top Ten favorites back then). Her solo effort is a document of her continuing journey, illustrating her ability to create new sounds by interweaving elements of her primary influences: traditional eastern and western world music, classical, jazz, traditional West African drumming and kora (a stringed instrument), and even the power of silence. Mostly original instrumentals, plus one improvisation on an O'Carolan tune, and the stand-out piece here, *Jato Jie* (linko) - she combines harmonizing vocals and harp on a Mandingo blessing song, then segues into a similarly-arranged song from Mali for the liberation of all women - would love an entire album of this from her someday! Highly recommended. Cassette only. (A-Howl C-1)

**KALI****9.95**

The Australian vocal quartet Kali consists of Kath & Ini (see below) plus Annie & Lyndall. A simple recording yet harmonically stunning, especially on the a cappella numbers, as well as quite woman-identified...or, as their press release says, "a rich vocal texture and lyrics that express concern for the quality of relationships on our planet—humans and the earth, women and men, life and death; celebrating those that are mutually enhancing and questioning those that are not." Includes *Copierwoman, Bold Woman, Sister of the Sun, Rocking the Whale, Dreams & Visions*, plus a few feminist topical songs. This tape will help make a vital connection with the world-wide women's (spirituality) movement. Cassette only. (Affirmations C-2)

**Kath & Ini****Affirmations****9.95**

Wow! A most unusual recording by Ineke and Kathy, two Australian women, who sing beautiful melodies in gorgeous harmony on songs affirming Life, Love, Strength, Forgiveness, Understanding, Power, Judgment, Order, Will and Zeal. And what's so great is they're catchy, you'll be singing along even after the tape stops...making the affirmations work in your own life! Breath-taking voices, straightforward, creative and, yes, affirming lyrics; sparse but effective back-up on synth, sax, flute, cornet, recorders, piano, guitar, percussion...which doesn't diminish the vocal power; feel of a live, a cappella, participatory, tribal-sounding recording; an all-woman production. The modest hand-drawn cover houses a unique recording...one of our top picks for the year—highly recommended! Cassette only. (Affirmations C-1)

**Kay Gardner****Mooncircles****9.95**

Kay has demonstrated her ability as a composer of the highest caliber. Specify LP (Urana WWE 83) or cassette (Urana CWE 83).

**Kay Gardner****Fishersdaughter****9.95**

Subtitled *Troubadour Songs*, this recording reflects yet another step on Kay's journey to recreate music which reflects women's lives. Primarily vocal, it has a distinctly traditional sound. The *Earth* side is rich with ballads, wisdom and female affirmation. The *Sea* side (this reviewer's favorite) is full of New England sea shanties. All songs directly relate to woman's power, woman's story. The *Ballad of Mary & Ann* is about two New England women persecuted for being lesbians. Do you remember? Is a deeply spiritual song which reverberates with the Mahirachy. Musicians include Kay on dulcimer, flutes and vocals. April Rain and Alix Dobkin on guitar. Specify LP (Even Keel 44) or cassette (Even Keel C-44).

**A RAINBOW PATH**

MUSIC BY KAY GARDNER

**Kay Gardner****A Rainbow Path**

Lady Slipper could not be more proud to present to you this phenomenal work which has been years in the making. This is evocative, beautiful acoustic instrumental music, perfect not only for relaxation and listening pleasure, but also for movement and dance, and most specifically for meditation, massage, and various disciplines of holistic healing. Kay has pioneered in the field of healing through music, arts and color, and this recording is the culmination of her research. It is scored for (get ready!) flute, recorder, harp, cello, clarinet, bassoon, French and English horns, trombone, violin, viola, cello, double bass, vibraphone, tambura, sitar, bells and small percussion, and subtle voices. Well, the result is nearly indescribable! We have never heard such full yet totally acoustic sounds on any other meditation or "new age" recording; this is one element of its uniqueness, and this is probably the only such recording with timpani! Kay draws from classical, Irish, Eastern, medieval, and avant-garde elements. Each of the 11 segments consists of a color and a chakra (energy center); instruments were chosen accordingly, and written meditations are provided. The musicians: Sylvia Woods on harp, Carol Rowe on viola, Martha Siegel on cello, Vivian Spill on vibraphone, Kay on flute and recorder, and many others. Composition titles include *Castle in the Mist, See My Wings Shining, Dorian Hills*. LP includes bibliography and discography for further study. **A Rainbow Path** is truly a deluxe, many-dimensional experience. LP (Lady Slipper 103) or cassette (Lady Slipper C-103). **9.95**...CD (Lady Slipper CD-103). **15.95**

**Kay Gardner****Moods & Rituals****9.95**

Subtitled "Meditations for Solo Flutes," intended for meditation and relaxation, this sequence of 4 compositions truly has the effect of evoking tranquility, a feeling of well-being and wide-open space. On one long piece entitled *Soul Flight*, she employs an echoplex, which almost sounds like a second flute and works perfectly. Other pieces, each using a scale from a different culture, are entitled *Saraswati* (for bamboo flute and bell), *Mountain Melody*, *The Temple of Ishtar*. This represents another stage in Kay's research into the use of music in healing. Specify LP (Even Keel 39) or cassette (Even Keel C-39).

**Deep Like A River: Fretted Dulcimer Music** 8.95  
 One of the best adult lullaby tapes around (tho not its intended purpose), especially if you're sick of synthesizer, totally peaceful and graceful and even. Her program combines original compositions with traditional Celtic melodies, sparse accompaniment by bass, bells, bodhran. Even the faster tempo of the haunting tune *Whirling Dervish* can send you cascading into a dream-like state. The delicacy is almost like classical guitar at times. Very fine. Cassette only. (Riverlark C-101)

**Libana**  
**A Circle Is Cast** 8.95  
 This 1986 release from this feminist chorus is a departure from their previous recordings—it represents Libana's spiritual basis of celebrating community and reverence for the rootedness of ritual, the Earth, the nuances of seasons, the solitude of meditation, and the Divine within. Side I traces the seasonal changes of a year, while Side II marks the facets and cadences of a ritual gathering. Opening with an invocation to the elements and the casting of a circle, it proceeds to honor the spirit and spirituality of women. Sources drawn from are Native American, African, Anglo, Israeli, and European, inspired by music from the Renaissance through contemporary feminist times. They sing each selection in unison, then divide into harmonies and arrangements: most is scappella, with occasional simple instrumental accompaniment. Includes 22 selections; a matching songbook is available separately. Hauntingly beautiful—a perfect holiday gift—very, very highly recommended! Cassette only. (Spinning C-002)

**Montanera**  
**Metamorphosis**

8.95

Composer-synthesist Montanera was born and raised in Mexico City, and her instrumental album is an unusual in that she artfully combines elements of Latin American folk music (flutes and pipes produced on a synthesizer) with classical sounds, always with a strong melody line — especially in the haunting *Escape to Macchu Picchu*, also in *Canto Tiste* and *The Conquerors*. The electronic classical pieces are as beautiful. Nine by Seven Canon, for instance, with the glorious sounds of trumpets and pipe organ; others are more "straight-ahead" new age, some even incorporating pop sounds. A lovely fusion work, and it stands out among the hundreds of synthesizer recordings released in the past few years. Cassette only. (Alysoun C-1)

**Nancee Kahler**  
**Open The Sky**

Each year we receive several hundred instrumental recordings seeking distribution... so to add one to our catalog, there needs to be something special about it. This one is an absolute stand-out! Nancee's a talented composer and keyboardist whose music is fresh, engaging, upbeat, vaguely in the spirit of Pat Metheny, Mason Williams or Earl Klugh at times... a beautiful blend of classical, jazz, folk and pop idioms, with strong melodies and, on most, back-up instrumentation of electric and acoustic guitar, violin, bass and percussion. Two of the nicest are *Under The Influence Of The Ninth*... Beethoven's that is, for solo piano, and *The Raven's Flight Home*. Great driving music — highly recommended! **River Flight**

9.95

Produced by Windham Hill recording artist George Winston, this album is melodic, dreamy, instrumental, multi-cultural jazz. Northwind is a 1-woman, 2-man ensemble, and clearly at the center is Doro Reeves, who creates magical moods with her piano. She wrote two of the compositions herself, and the rest are collective efforts. Loveliest tunes are a piano solo, *From Georgia*, and *Winston's Cottage* (wonder who lives there?). *Rainbows*, and *Contemplation*. Other instruments are primarily sax and acoustic guitar. Title of the LP refers to rivers as well-springs of life, music and emotion, and is dedicated to the people of the rivers, to people of this earth, and to those who work towards bringing peace and nourishment, drawing people together. Specify LP (Glen Canyon 1737) or cassette (Glen Canyon C-1737).

**Northwind**  
**Freshadows**

Here the trio members are joined by Lorin Noller on dulcimer, recorder and percussion, yielding a most unusual mix of instrumentation. Some of the compositions are as lively as the dancing flames suggested by the title, some evoke a gypsy-like energy. Most notable: *Pursuit of Pan*, title cut; also *Sequoia*, a piano solo by Doro. Beautiful, passionate soundscapes which lend themselves to visualizations, dreams & spontaneous outbursts of joy! Again, as on their first LP, instrumentation consists primarily of piano, sax and guitar, plus some percussion, to achieve a richly layered blend of Latin rhythms, classical phrasings and jazz structures. Highlights include: *Europa* (Earth's Cry, Heaven's Smile), *Night Breeze*, *New York Retrospective*. Specify LP (Palo Alto 8076) or cassette (Palo Alto C-8076).

**Pauline Oliveros**  
**Accordion & Voice**

9.95

An avant-garde recording of "new music" which includes *Horse Songs From Cloud* and *Rattlesnake Mountain* in solo performance. Pauline, like Kay Gardner, is a proponent of the healing power of sound, and has done revolutionary work in the development of participatory *Sonic Meditations*: communication among all forms of life through Sonic Energy; ancient forms which preclude spectators. LP only. (Lovely 1901)

**Pauline Oliveros**  
**The Wanderer**

9.95  
Contains two compositions: title, composed for Springfield Accordion Orchestra, which contains amazing textures, plus *Horse Sings from Clouds*, for ensemble. Joining Pauline on accordion are WindHarp's Julia Haines on accordion, Heloise Gold on harmonium, and Linda Montano on concertina. Kay Gardner is an ardent fan of this artist. LP only. (Lovely 1302)

**Pauline Oliveros**  
**Tara's Room**

8.95  
Includes title piece, an invocation for wisdom, especially during an unfamiliar journey, which is multi-tracked with all materials played and sung by the composer; and *The Beauty of Sorrow*, intended to aid the listener in connecting with deep feelings—played on a small accordion, with delay. This one especially sounds hymni- (or her-like and, yes, deep, like the majesty of the inner spirit or something. Recommended. Cassette only. (Pauline Oliveros C-1)

**Penny Little**

**In A Light Garden**

9.95  
Our highest recommendation goes to this one...every second is pure pleasure, and it does not sound like every other New Age recording you've heard; in fact, it doesn't sound like any other one. Original compositions for Celtic harp, cello, violin, viola, flute, keyboards, synthesizer, glorious baroque sequences, rock riffs, jazz progressions, classical strains...sparkly magical soundbursts, playful, giddy dances over the soundwaves. Her current residence in Hawaii—Island Paradise—has been transformed into this medium for all listeners to bask in! Exciting, unexpected, unteachable sound, (duplicated in real-time), guaranteed to please. Includes *To Cecilia* (For My Mother). Cassette only. (Global Pacific C-307)

**Phyllis Ward**

**The Stream of Letting Go and The Forest of Gifts**

8.95  
A guided meditation by a teacher of biofeedback techniques. Because of her easygoing, captivating voice, it's not at all hard to get into, and it really works! Not at all patronizing, as some guided images can be. Subject is letting go, forgiving oneself/ others/situations, moving on more freely...very refreshing. Side 2 is sounds of a mountain stream only, for self-guided visualization. Recommended. Cassette only. (Felicity C-01)

**POMEGRANATE**

**Pomegranate**

9.95  
This 3-woman ensemble represents a new voice singing of the Old Religion, with ancient people's veneration of the Goddess as the keynote. Forceful and striking vocal harmonies blend with acoustic stringed instruments (guitar, cello) and percussion, creating chants and songs which are strong affirmations of the feminine. The first side of the tape musically casts a Dianic circle, and the second side includes songs of a more pantheistic nature. Two members, Ariana and Alaina, are both priestesses of the Old Religion; Diana is a classically-trained musician, influenced by multi-ethnic music; and the tape additionally features "a company of womyn." Includes *Blessed Mother*, *May Queen*, *Earth Mother*, and more. 60 minute cassette. (Pomegranate C-1)

**Radhika Miller/ Teri Conti**  
**Harvest Your Light**

9.95  
Teri Conti, a massage therapist, has produced a tape with two full-length guided meditations (each is over 20 minutes long), for achieving a deep and peaceful state of relaxation. Background flute music by Radhika is perfectly suited; not monotonous, very alive and vibrant, the relaxation will be rejuvenating rather than just vegging! Cassette only. (Natural Source C-1)

**Radhika Miller**  
**Sunlit Reverie**

9.95  
Radhika's rich flute tones are enhanced by Michelle Sell's harp (she played on Margie Adam's *Here Is A Lovesong*), plus piano, synthesizer, and nature sounds. Lovely O'Carolan tunes, classical compositions, originals; and a gregorian chant round out this real-time recording. Lovely! LP (Radhika Miller 2) or cassette (Radhika Miller C-2). 9.95...CD (Radhika Miller CD-2). 15.95

**Radhika Miller**  
**Lotus Love Call**

9.95  
Resonant alto and C flutes, interwoven with keyboards, temple bells, and sounds of nature, result in dignified, quieting and melodic music: tasteful, spacious, uncluttered. Some compositions by classical composers (Bach, St. Thomas Aquinas, Telemann) some original, balanced just right. Radhika's mastery of her instruments bespeaks years of study. Recommended for those with a classical background who wish to venture into a somewhat "New Age" medium, for folks bored with the more standard New Age fare; and for fans of Paul Horn. Cassette only. (Radhika Miller C-1)

**Radhika Miller**  
**Within the Wind**

9.95  
Departing from previous releases somewhat, her third is a sumptuous international journey, introducing the listener to an intriguing variety of lively and exotic instruments: angling (Indonesian bamboo shakers), xalimba (African thumb piano), chyn (Chinese harp), waterphone (an unusual handmade metal sculptured water-resonating instrument which sounds somewhat like a whale), African slit-drum, plus guitar and the classical harp of Michelle Sell. Balancing these expressions with the Western beauty of an Irish lovesong and a Debussy composition, Radhika has created a body of work which will hold your interest, soothe you and transport you, from start to finish. Recommended! Cassette only. (Radhika Miller C-3)

**Radhika Miller**  
**The Lark's Bride**

9.95  
An exquisitely-woven tapestry of dance-like chamber duets improvised in a classical style, with cellist Eugene Friesen (of the Paul Winter Consort), combined with Radhika's gorgeous arrangements for flute and harp (Michelle Sell) or piano (Rob Ramo) of some of the most majestic Renaissance and traditional melodies—from the 13th century on. Her fourth recording is absolutely unequivocally most highly recommended. Cassette (Radhika Miller C-1107). 9.95...CD (Radhika Miller CD-1107). 15.95

**Ruth Barrett & Felicity Artemis Flowers**  
**Invocation to Free Women**

9.95  
This is a musical and poetic narrative unfolding the continuum of women's spirituality, with a colorful variety of invocations, stories, songs, myths, chants, and teachings, artfully woven together. Many original, others from sources such as Starhawk, Z Budapest, traditional Yoruba and Aztec, Shakti, and Mountainwater. Also features the work of Melena de Oiga, Afro-Cuban percussion artist. A strong statement of women-identification, the goddess within, activism, self-healing, peace-making, and earth consciousness...quite inclusive, dramatic and beautifully done. Recommended! Cassette only. (Circle of Aradia C-1)

**Ruth Barrett & Cynthia Smith**  
**Deepening**

9.95  
Their trademark harmonies weave tales of natural cycles and seasons, women's spirituality, women as peacemakers, women as workers—original and traditional songs—as well as two Renaissance instrumentals, and one song by Catherine Madsen about women who chose to throw themselves to the sea rather than undergo trial and burning as accused witches. All in all the themes relate more to women, and strength and depth than their previous works. And the richest sound yet, created with a myriad of instruments: in addition to the usual you'll hear tolu, Renaissance side drum, tamburica bass, Jingling Johnny, tuba, dirty trumpet, and the like. Includes *Where Only Lovers Can Go*, *Factory Girl*, *Imagine the World*. Lovely. Specify LP (Iceberg 5105) or cassette (Iceberg C-5105).

**Ruth Barrett & Cynthia Smith**  
**Aeolus**

9.95  
A superbly executed album of woman-oriented ballads, with traditional melodies, vocal harmonies, dulcimers, and other traditional instruments. Naturally many lyrics and verses were re-written. Themes include goddesses, magic ritual, witchery. Includes *The Mermaid*, *Lullaby for Amanda*, *Every Woman Born*, written for an L.A. "Take Back the Night" march and for Z Budapest's 40th birthday. A perfect convergence of consciousness and tradition...live stars. Specify LP (Kicking Mule 237) or cassette (Kicking Mule C-237).

**Ruth Huber**  
**Dancing Shoes**

9.95  
Simply beautiful piano solos, which you'll love if you enjoy Winham Hill recordings. Also half of the Ruth and Gail Ensemble, Ruth has been playing piano since age 7. She was inspired to compose these particular pieces by meditating on the mandala pictured on the cassette cover. Each corresponds to a color: *Emerald City*, *Astrobright Lunar Blue*, *Solar Yellow* (*Candle of the Sun*), *Scarlet Passage*, and each is associated with a different woman friend of Ruth's. The blue piece was written as an opening for a woman's spiritual retreat; they were all created to be healing. Cassette only. (Dancing Shoes C-1)

**Sam Moffatt**

**Future Days**

9.95  
Exceptional hammered dulcimer music by one-half of the duo Wintergreen. One whole side is West African-inspired music—wow! Quite gorgeous and quite unique for this instrumentation, which also includes flute, mandolin, percussion, guitar, recorder, bass, and voice. You won't hear this on any other hammered dulcimer album! The other side is dedicated to melodies of the British Isles. Includes a few originals. Some sounds soothe and flow, others sparkle and effervesce like carbonation. Highly recommended! Specify LP (Fretless 301) or cassette (Fretless C-301).

**Sam Weis**  
**Hologram**

9.95  
Twelve-string guitar is not an easy instrument to master; well, Sam has! She's a strong player, doesn't get lost in the sound, with a nice fingerpicked bass line under it all. Some of her melodic compositions, all original, are about people, like *Deb at Work*, *Jeann and Rose*, and then some seem to bear reference to women's spirituality. *Solstice*, *Hologram*. If you've been a Kotke/ Fahey fan, this is for you! If you are new to the creative possibilities and sheer fun of instrumental guitar, this is still for you! Recommended. LP only. (Kicking Mule 178)

**Shakti & Ambika**  
**Horizons: Improvisations for Harp and Flute**

12.95  
90 minutes of some of the most exquisite music ever improvised, composed, or performed on these already heavenly instrumental. It just flows and rolls, crescendos and cascades in melodies which reverberate with some inner chord. And though it's a bit pricey, profits help support needy children in India; so, don't hesitate on that account...especially since it's twice the length of most tapes. Titles include *Temple Adon*, *Buddha's Garden*, *Owl's Chant*, *NightColors*. An excellent choice for musical pleasure, relaxation, meditation, etc. Recommended! Cassette only. (Sri Rama C-0007)

**Shakti Gawain**

**Shanta**  
**Shanta Channell Rastaban on Fear and Self Love** 9.95  
 Shanta, musician and storyteller, is also a channel, and here she channels the spirit guide Rastaban. Informative commentary is combined with guided meditation and her own inspired altar music. Side 1 is about confronting one's own deepest fears; side 2, a relaxation and self-love meditation, intense and compelling; this is one of the best tapes of this sort we have heard, and we recommend it highly. Cassette. (Spiraling Staircase C-101)

**Shayla**  
**Moonflower**  
 Inspired piano improvisations which are melodically, harmonically, and rhythmically vibrant, varied, and delightful. Tastefully synthesized orchestration accompaniment, but the piano is in the forefront. Her technical proficiency is apparent, as is her skill in creating a flowing but changing mood of romanticism and contemplation. Each side is one continuous piece. (Inner Door, Deep Stream); good for massage, meditation. Cassette (Yansa C-1001); 9.95. CD (Yansa CD-1001); 15.95

**Shayla**  
**Vision Seeker**  
 Designed to help the listener move into the deep recesses of visions and creativity which ordinarily dwell in the unconscious mind, this recording also features Shayla's debut as a solo synthesist on side 2. Her synthesizer compositions such as *Magical Ales*, *Ancient Myth* will not mellow you out as much as capture your imagination: capricious, dramatic, mysterious and substantial, with a rhythmic pulse that calls for movement and action. Cassette (Yansa C-1003); 9.95. CD (Yansa CD-1001); 15.95

**Sileas**  
**Beating Harps**  
 At the forefront of the revitalization of Scottish music, Sileas' second release is as virtuosic as their first, featuring still more varied use of the Camac electro-harp. The lively, almost-lazy title cut was commissioned for a video on women's health in Scotland; both instrumentals and vocals are included. LP (Green Linnet 1009) or cassette (Green Linnet C-1089); 9.95. CD (Green Linnet CD-3089); 15.95

**Sileas**  
**Delighted with Harps** 9.95  
 Patsy Seddon and Mary Macmaster comprise Sileas (pronounced Sheela), the only harp duo in all of Scotland...and as they are delighted, so they are delightful. Artfully blending gut-stringed and metal-stringed harps with the newly developed Camac electro-harp and vocals, they produce magical sounds which challenge and complement each other, melding traditional with creative sounds. A range of women's experience is reflected in their choice of material. Specify LP (Green Linnet 3039) or cassette (Green Linnet C-3039).

**Starhawk**  
**Rebirth of the Goddess** 8.95  
 A talk on witchcraft, feminism, and social change, presented in 1981 at the University of Wisconsin by the author of *THE SPIRAL DANCE*. She does an excellent job of explaining the subject in a manner comprehensible and non-alienating to sceptics like this reviewer, in that the importance of feminism as a political movement is never dismissed. Cassette only. (Circle C-2)

**Sundardas**  
**Songs to the Mother** 9.95  
 An album of songs dedicated to the Divine Mother in her various guises. The first side, interestingly, consists of two long instrumentals, using flutes, guitar and synthesizer; they're truly gorgeous. On the second side, some short songs and chants are performed in Hindi or Sanskrit by a chorus of female and male voices, with soothing accompaniment, and some very melodic and uplifting instrumental interludes (in the way that good church music can be). This tape sustains its musical interest, and is at the same time perfect for relaxation or meditation...recommended! 60 minute cassette. (Sundardas C-1)

**Suresha**  
**Blissful Goddess** 9.95  
 Subtitled *An Invitation to Inner Music*, this is a medley of varied musical expressions of the heart. Consisting of synthesizer pieces all written, produced and performed by Suresha, what makes it noteworthy is the rhythmic nature of some of the pieces, and the textures of sound...at times like steel drums, marimba, thumb piano...lending a world music flavor. She uses her voice at times as a vocalizing instrument as well. Cassette only. (Suresha C-1)

**Susan Mazer**  
**The Fire in the Rose**  
 Andreas Vollenweider does not have the corner on the electric harp! Susan's playing and compositions are extraordinary, with a sensuality that she hints at in her song notes ("the fire glow within the folds of velvet..."). She incorporates eastern, impressionistic, even Latin textures and rhythms, underlined by accompaniment on Lyricon wind synth, clarinet, bamboo flute, percussion and dancing (Aztec) drums. Unusual and very worthwhile; recommended! LP (Rising Sun 306) or cassette (Rising Sun C-306); 9.95. CD (Rising Sun CD-306); 15.95

**Susan Osborn**  
**Signature** 8.95

Specify LP (Lifeline 100) or cassette (Lifeline C-100).

**Suzanne Ciani**  
**Neverland**  
 Layering a multitude of sounds and textures of electronically-produced effects, this pioneering composer-synthesist has created an album with a tremendous feeling of both expansiveness and depth. (The list of synthesizers sounds like an inventory of equipment used on the space shuttle!) Includes *Mother's Song*, from her original score for the award-winning documentary *Mother Theresa*. Suzanne also has composed and scored for films such as *Lily Tomlin's Incredible Shrinking Woman*, *Stepford Wives* and *Fame*. LP (Private 2036) or cassette (Private C-2036); 10.95. CD (Private CD-2036); 16.95

**Sylvan Grey**  
**Ice Flowers Melting** 9.95  
 "The simplicity of this music is precarious, crystal-like, resonant. On the kantele, the Finnish folk harp, Sylvan performs her original works, composed to give full play to the possibilities of this exquisite instrument. Elements of Western and Eastern classic tradition are brought together in fluid individual music this as high mountain air, meditative and relaxing to hear" — from the label's blurb sheet; we couldn't have said it better. Includes *Chimes for Snow Melting*, *Finnish Church Bells*, *Empty Moon*. Specify LP (Fortuna 17003) or cassette (Fortuna C-17003).

**Sylvia Woods**  
**The Harp of Brandiswhiere**  
 Sylvia composed this entire suite for Celtic harp, and together with flutes, trumpets, cimbalom, celeste, acoustic bass and percussion, she weaves a fine and intricate aural tapestry. She wrote it to illustrate the fantasy story of Brandiswhiere, a legendary magical harper. It sounds every bit as magical as you'd hope, and then some, as she herself plays Celtic harp, Gwydion harp, wind harp, Minstrel harp, autoharp, celeste, xylophone, and finger cymbals. LP (Tonmeister 1213) or cassette (Tonmeister C-1213); 8.95. CD (Tonmeister CD-1213); 15.95

**Therese Schroeder-Shoker**  
**Historical Harp Volume I: Celebrant** 9.95  
 Magnificent! On seven harps and two psalteries built by Lynne Lewandowski, Therese impeccably performs medieval sacred repertoire, elaborating upon monastic chants and improvising within the style as was customary in early music. The wide display of sound colors reflects some of the many voices typical to Romanesque, Gothic, Celtic, and early Renaissance harps. Some selections are accompanied by voice. Recommended for new age as well as classical and early music lovers. Specify LP (Lady Reason 1001) or cassette (Lady Reason C-1001).

**Therese Schroeder-Shoker**  
**The Queen's Minstrel**  
 A gorgeous recording! Bringing centuries of music to her work, Therese fuses the musical art of the middle ages with the modern studio technology. Drawing from the history of medieval harp, she uses multi-tracking techniques to create her own haunting ensembles of harp with recorders, psalteries, portable organ, voice and percussion. The theme here is the pilgrimages which were so central to medieval Europe and the Near East. Therese is the vice president of the International Society of Hildegard von Bingen Studies. LP (Windham Hill 1074) or cassette (Windham Hill C-1074); 9.95. CD (Windham Hill CD-1074); 16.95

Cassette only. (Medicine Song C-3)

**Tori Rea/Molly Scott/Sarah Benson**  
**We All Come From the Goddess** 10.95  
 Here's how Merlin Stone, author of *When God Was a Woman*, described this tape...we couldn't say it better. "Drawing upon the Goddess images of Asia, the Near East and North America, these songs and chants create a magical space in which we can move thousands of years into the past or glide into visions of joyous future. Certainly a high point in the music emerging from women's spirituality!" Harmonizing vocals, some acapella, some with flute, percussion; recorded in sacred places in southern France. Lyrics endorsed. Recommended! Cassette only. (Medicine Song C-1)

**(Tori Rea) Rashani**  
**Inner Palace I (Cultural Montage)** 10.95

Beautiful...recommended! Cassette only. (Medicine Song C-4)

**Going Home** 9.95  
 Genuinely cosmic! Zena strategically placed large crystals in power spots in the studio, and the music of Tibetan bells, bowls, and vocals was channeled in the studio by "The Grace and Love of the Angels, Divine Masters, Space Command, and Crystal Devas." The actual piece is 4 minutes long, effectively repeated in loops for healing, meditation, relaxation, sleep. She uses Tibetan bells/bowls to align the chakras; copper chimes to stimulate the spinal column; and keyboard tones to allow gamma energies into the crown; and professionally offers chakra tune-ups and clearings. Cassette only. (Zena Starfire C-1)

**Zuleikha & Friends**  
**White Pavilion** 9.95  
 A very interesting tape of chants and invocations to and by women prophets, mystics, and the One Spirit — with both original and ancient arabic melodies. The first side was recorded at a women's gathering at the Lama Foundation in 1984, and she is joined by a chorus of women. Includes *Songs of the Women and Rabia's Song*, with words by a great woman mystic Al-Adwiyah, who lived during the 8th century. Cassette. (Zuleikha C-1)

**Zusaan Kali Fasteau**  
**Bliss** 9.95  
 Zusaan recorded this tape following a 13-year world odyssey through Asia, Africa and Europe; and she'll take you back there, if you listen to this...perhaps to South America too. With shakuhachi and rui flutes, soprano sax, cello, saxes, berimbau, and her 4-octave voice used in a variety of wild ways (never with words), she creates music that is transcendent, ancient, cosmic, rhythmic, flowing, meditative, mysterious and totally unusual. The entire second side is a flute suite. Elements of New Jazz can also be heard. Recommended! Cassette. (Flying Note C-6001)

**Zusaan Kali Fasteau**  
**Beyond Words** 9.95  
 Her impressive second album is more of a "new jazz" recording, but with a multi-ethnic, cosmic feeling to it in the way the music of the Coltranes - John and Alice - has been. Here she plays soprano sax, incredible piano, shakuhachi, kaval and rui flutes, drums, saxes, berimbau, dole, and limited voice. Compositions include *Transcendence*, *Village Life*, *Miraculous Appearances*. Her talent is awesome and her creativity in gear...recommended. Cassette. (Flying Note C-7003)

Maggie Sansone, Hammered Dulcimer

Traditional Christmas carols and dances with hammered dulcimer, Celtic harp and other instruments

### Maggie Sansone

#### Sounds of the Season

This magnificent album of Traditional Christmas Carols and Dances with Hammered Dulcimer, Celtic Harp, and other instruments can be enjoyed all throughout the year, because of the fresh interpretations to both familiar and unusual tunes. Some carols, originally danced in ancient times, are re-created with the joyful rhythms of the cittern and Irish drum. Baroque-style medieval pieces are elegantly enhanced with recorder, viola da gamba, and finger cymbals; most of the musicians are women. Maggie's artistry on the hammered dulcimer, with all its inventiveness and musical expression, really shines through. Recommended! 9.95

A premiere recording of an outstanding, trail-blazing Black American classical woman composer, by virtuoso pianist Althea Waites (who also played with Kay Gardner on Moonclics). Born into a climate of unrest, activism and the cultural movement called the Harlem Renaissance in 1898, Florence began composing at age 11 and continued to write symphonies, chamber works, arrangements for spirituals, and solo piano works until her death in 1953. This very lovely and accessible recording includes Sonata in E Minor, The Old Boatman, Cotton Dance, Dances in the Canebrakes. Produced by Jeannie Foote. Very highly recommended for both new and seasoned listeners of classical music. Specify LP (Cambria 1027) or cassette (Cambria C-1027).

**Songs by Lili Boulanger & Alma Mahler 9.95**  
Aristine Giesinso (soprano) and Ted Taylor (piano) perform 13 songs from Lili Boulanger's *Clairières dans le Ciel*, and Katherine Giesinso (mezzo-soprano) and Ted Taylor perform her first recorded performance of Franz Schreker's *Madame Vénus*. Lili Boulanger (1893-1917), who died of meningitis and Angerum Emfretted, Alma, born in Vienna in 1879, was married to composer Gustav Mahler who wouldn't permit her to compose or publish during the first several years of their marriage (and later repented). "Alma has a fondness for big chords, often spanning a tenth, and with the aid of the pedal she will have the whole keyboard sounding at once." It is obvious that Alma was *au courant* in the most advanced musical circles in Vienna — liner notes. LP only. (Leonarda 118)

**Glaïrières dans le Ciel (Rifts in the Sky)** 8.95  
Song cycle in 13 parts for soprano and piano, which Lila composed to poems of Francis Jammes. Lila used the number 13 as a magical number, and apparently for a particular series of rituals with this music. During the short season of 2001, this composer completed over 50 works, some of which have been performed by major symphonies such as the New York Philharmonic and the Philadelphia Orchestra. This work is performed by Pauline Stier and David Garvey and was recorded by Dorothy Ann Leiser. LP only. (Spectrum 1261)

**Solo and Duo Piano Music** 9.95  
The following three recordings on Cambria are unusual and all highly recommended, so read carefully! This contains works by two composers, D'Angelo and Talleferro, performed by Susan Pitt and a high-class pianist. The cover behind the Cambria label shows two women playing piano. The reason for this Cambria label whose purpose is to highlight recording music by women. D'Angelo's original *Colour Suite* appears here (the same piece arranged for chamber jazz ensemble on "Shades of D'Angelo"). This British composer perceived each pitch as corresponding to a particular color and mood. Her compositions incorporate elements of jazz and humor. Talleferro's are very melodic and beautiful. LP only. (Cambria 1014)

**Dring Dances!** 9.95  
With two other women, Louise Di Tullio and Robin Paterson, Leigh Kaplan again performs solo and duo piano pieces plus pieces for flute and piano which are the highlight of this LP. Dances include, e.g., waltzes, tango, West Indian dance, mazurka, and many others. Another LP for true aesthetic, restful "listening pleasure." LP only. (Cambria 1015)

**Shades of Dring: Chamber Jazz Arrangements** 9.95  
The brain-child of Leigh Kaplan who writes, "...How can I get the music— was the inevitable question after I performed Madeleine Dring's *Colour Suite* on classical piano programs. Its jazz learnings in harmony and rhythm, along with audience interest and enthusiasm, inspired us to expand and transcribe the jazz ensemble." So she contracted with an arranger and some jazz musicians (hute, sax, bass, drums) to help execute her idea, and she plays the piano part. Creative, interesting and fun, and naturally more jazz than classical. Specify LP (Cambria 1015) or cassette (Cambria C-1016).

Recommended! Cassette only. (Marimoun C-1)

**Pickles and Peppers: Rags by Women** 9.95

Over 150 women composed and published rags around the turn of the century, but only recently has this fact been unearthed. The old familiar story: many composed under pseudonyms, or with initials, or never had their work published; biographical material on the artists represented here was difficult to come by. Ragtime was a very disciplined and structured style, almost a classical form. Contains 20 rags, including *Judy's Rag*, *Cleh Rag*, *The Thriller*, by 11 women, impeccably performed by Virginia Eskin—who specializes in recording works by women composers. LP only (Northeastern 225)

This award-winning contemporary composer creates works in which music and drama converge... "abstracted ritual in concentrated musical forms." For instance, *Missa Brevis* is a "personal version of the Mass" using Latin and Hebrew texts. *Quartet for Brass* is scored for two trumpets, French horn and bass trombone. Vivian also has written a chamber opera entitled *The Women in the Garden*, not included on this album. LP only (Composers Recordings 434)

**Wendy Carlos**  
**Beauty in the Beast**

Wendy is a Grammy Award-winning recording artist, best known for *Switched On Bach*, which she released as Walter Carlos and which popularized synthesized music at its beginning stages. This electronic recording explores the duality, the yin/yang inherent in all music and all earthly creations, by using unfamiliar tunings as well as musical modes drawn from many cultures of the world, such as Africa, Bali, Tibet, India, the Middle East, and Bulgaria. For instance, in *A Woman's Song*, the melody is based on a song by a Bulgarian shepherdess; Indian tambura and drumba electronically replace the Bulgarian bagpipers. Strange, fascinating, compelling, mesmerizing. LP (Audion 200) or cassette (Audion C-200): \$9.95...CD (Audion CD-200): \$19.95

**Cedella Booker**

**Redemption Songs**

As was her son, Bob Marley, Cedella Booker is a strong Rastafarian. In the fullness of her songs, she speaks to her sorrow as a mother separated from her child—for instance, in *Mother Don't Cry*—and of consolation, resolution, strength and faith. Here she fulfills Bob Marley's request that she should sing, in an impressive LP complete with many original songs and back-up by several members of the Wailers. Jamaican import. **Beginning**

Wow! A superlative full-length LP by this dynamic consisting of Judy Mowatt, Rita Marley and Marcia Griffiths: the harmonies and rhythms are thrilling and joyful—very tight, will take your breath away at times. **Working Wonders**

Judy's 1995 release is characterized by more African sounds and harmonies than her early LPs—on her original tunes, *Mother Africa*, *Ethiopia Salama*, and *Tie Mahari's Black Man*. *Brown Man*—and, thematically, by Africa-as-homeland lyrics. Also includes *Traveling Woman* and *Hush Baby Mother*, a very sweet song for a woman typically abandoned during pregnancy. A fine effort! LP (Shanachie 43028) or cassette (Shanachie C-43028). 9.95. CD (Shanachie CD-43028). 15.95.

**Judy Mowatt**

**Love Is Overdue**

Perhaps on the brink of crossing over to pop success, this album features both pop sounds and solid roots reggae. A highlight is the rousing anti-apartheid anthem *Sing Our Own Song*, which alone makes the album worth the price; also included is *Screwface*, previously only available on an out-of-print EP. The melodies and rhythms here are infectious, and the strength of the album grows with each listening. In 1996, Judy was nominated by the NAACP for an "NAACP Image Award." LP (Shanachie 43044) or cassette (Shanachie C-43044). 9.95. CD (Shanachie CD-43044). 15.95.

**Judy Mowatt**

**Black Woman**

Probably the best release ever by this familiar voice in mainstream reggae. She wrote & arranged 6 of the 10 songs, giving us a rare glimpse into a Rastafarian woman's perspective. *Black Woman* is a tribute of remarkable strength and beauty. *Slave Queen* exhorts women to "remove the shackles on your mind," while *Safers' Chant & Strength to Go Through* give promise to the vision of women shaping our personal & political futures. An exciting album, both political & spiritual, & very danceable...highly recommended! LP (Shanachie 43011) or cassette (Shanachie C-43011). 9.95. CD (Shanachie CD-43011). 15.95.

**Judy Mowatt**

**Mellow Mood**

This 1975 recording, probably her first LP, is a must for serious Judy Mowatt collectors. The arrangement and lyrics are simpler than her later LPs, but two songs make this album worth the price: *Mr. Big Man*, a warning to the men in power that "your time is over," and *Rasta Woman Chant*, a stark account of slavery. Specify LP (Tuff Gong 70) or cassette (Tuff Gong C-70).

**Revolutionary Tea Party**

Merely the finest album of dub poetry in our reggae section and in our catalog...but what else would you expect from a righteous feminist dub poet who teams up musically with Parachute Club members Lorraine Segato, Lauri Conger, and Billy Bryans?? A Jamaican-born Canadian resident, Lillian incorporates the ferment of the Black Power movement of the 60s; the *Antwar*, *Liberation*, *Peace and Women's* movements of the 70s; and the revitalized activism of the 80s, to create a voice for equality, justice, pleasure and empowerment. Includes unique selections written expressly from a woman's perspective: *Birth Poem*, *Birth Version*, and also features the *Trento All-Girls Subversive Chorus!* Lillian herself describes it as "the basest get down and boogie message album to hit the streets this decade; WATCH OUT! So, take heed...Highly recommended. Specify LP (Redwood 8807) or cassette (Redwood C-8807).

Her first album, which she co-produced, is pure reggae, very smooth and tightly arranged. Includes *One Drop*, a humorous anthem to the Amazon of Marjuna, sensuality, plus *Thank You Jah*, *Play Play*, and *Easy Sailing*. LP (Shanachie 43003) or cassette (Shanachie C-43003). 9.95. CD (Shanachie CD-43003). 15.95.

**Rita Marley**

**Harambe (Working Together for Freedom)**

Contains one of her finest, *There'll Always Be Music*, and one of her least fine, *The Beauty of God's Plan*. Rita is executive producer. Fantastic jacket photos. LP (Shanachie 43010) or cassette (Shanachie C-43010). 9.95. CD (Shanachie CD-43010). 15.95.

**Sister Breeze**

**Riddym Ravings**

You've heard Jean Binta Breeze, Jamaica's foremost female dub poet, if you've listened to *Woman Talk: Caribbean Dub Poetry or Word Sound Ave Power*. On this debut solo release of wordmusic, the singer-poet-storyteller-feminist-dramatic artist is backed by some of Jamaica's top musicians. In 1983 she published a volume of poetry entitled *Answers*, which clearly speaks out against the treatment of women by men in Jamaica, as well as other social and political issues. Cassette only. (RGR C-153)

9.95

**Sister Candy**

**Black Culture**

In the dub-dj-rapping style, in which she refers to herself and personal experiences frequently, she performs *Candy and Kelly Miss Chin*. *Black Culture*. Stunning jacket design. British import. LP only. (Vista 4026)

**Sister Carol**

**Black Cinderella**

"Excuse me all, I'd like to say/thm the woman DJ rapping at your way!" Sister Carol thus refers to herself in several of her original songs, and then delivers her commentary about politics, poverty, culture and the world from a very personal perspective, always with strong presence and vitality. For instance, *Down in the Ghetto* is about her own experience growing up in Western Kingston. Includes *Dedicated to Bob Marley*, *Free Food Ticket*, *International Style* (with lyrics in Spanish, French and Swahili), *Reggae Gone International*, and title. Recommended! Specify LP (Jah Life 17) or cassette (Jah Life C-17).

**Sophia George**

**Fresh**

A very enjoyable, upbeat LP representing a refreshing diversity of reggae styles not usually found on one album. From the "four-down dancehall style" (boasting) of *Lazy Body* to the calypso sound of *Girlie Girlie*, to political commentary in *Time and it Burn Me Berty*, even to a couple of love songs, this collection will please all reggae fans. Recommended! Specify LP (Winner 1) or cassette (Winner C-1).

**Various Artists**

**Woman Talk: Caribbean Dub Poetry**

The Mutabana-produced anthology brings us strong and exciting revolutionary poems set to reggae and calypso music by 6 individual artists: Breeze, Louise Bennett (Miss Lou), Cheryl Byron, Alva, Anita Stewart, and Elaine Thomas. Some of the material is feminist: *Respect*, *Get Back*, and most is quite political: *South Africa*, *Color Bar*, *Desperation Poem*. A fine representation of the leadership women provide in voicing political realities and in inspiring others to work for change. Specify LP (Heartbeat 25) or cassette (Heartbeat C-25).

## Bush Tetras Wild Things

Previously an all-women's band and now 3 women and 1 man, the Bush Tetras are probably NYC's funkiest "downtown band." Heavy rhythms, jangling guitars, sneering vocals—as the liner notes mention, "Wild Things will probably attack you, but it's something you've been deserving a long time." Lyrics enclosed. Cassette only. (RDIR C-119) **9.95**

## Diamanda Galas Saint of the Pit

Actually one of the more accessible works by this innovative artist who has been making quite a stir as of late...though it would still be described as thoroughly unnerving! Unearthly vocals, invocations, screams, spare back-up. Classically trained in opera, she has an affinity for theater and drama; she melds this with contemporary electronics and texts by French Symbolist poets...too weird for words. If you're in the mood for something from the other side, or need a Halloween soundtrack, this is a good choice. Specify LP (Mute 33) or cassette (Mute C-33). **10.95**

## Frightwig Cat Farm Faboo

Wild raunch is not from a 4-woman band which gets across an anti-sexist message, in a manner quite unlike your average feminist music: this is loud, rough, funny, sarcastic and played off! As one reviewer said, "Frightwig never protests; it celebrates macho's impending downfall." They sing about sexual politics in such songs as *My Crotch Does Not Say Go* and *Take This and Fuck Her Head*...social commentary in *Tomorrow Never Comes* ("I see your habit—it's dressing for success") and *Something's Gotta Change*. Try this at your next party, and I don't mean tea party. LP only. (Subterranean 46) **8.95**

## Gwynne Winsburg and Desperate Measures Without Boundaries

The title is fitting: if you like dramatic avant garde poetry theater, try this! It's a series of "impressionistic improvisations based on the timeless games of politics, sex and love," with Gwynne's insightful and humorous sociopolitical lyrics set to rock/jazz/blues/eccentric music. They were eloquent on the *Homeless in New York*, *White House leaks in Court Operations*, and more; Gwynne even does a great operatic spoof. All in all, an engaging and entrancing performance. Specify LP (Blue Room 003) or cassette (Blue Room C-003). **8.95**

## Heather Perkins Burning Through

Quite an engaging collection of Heather's vocal offerings, punky, funky, bluesy, melodic on a variety of subjects such as violence against lesbians and gays, mental "illness", attention, awe, anger and love. Just strange enough, just rough enough around the edges. Includes *I'm Not Cool*, *Electric Shock*, *Going Grey*. From the for-lack-of-a-better-word underground cassette culture...recommended! Cassette only. (Land-O-Newts C-1) **6.95**

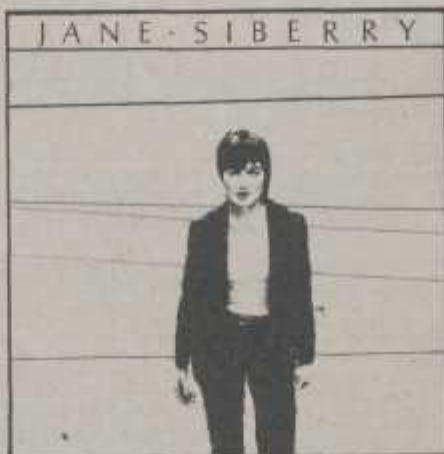

## Heather Perkins

### Dangerous Household Objects

This one's real strange, no qualifiers, billed as Electronic Music, Sound & Fun! The selections explore, expose or just poke fun at things like art, war, tourism, nightmares, baby news and incarcerated cats...60 minutes on realtime chrome tape. Heather plays synth, Celtic harp, toothbrush, toilet, TV, sax, change; if you appreciate the experimental, it's for you! Cassette only. (Land-O-Newts C-2) **6.95**

## The Holy Sisters of the Gaga Dada Let's Get Acquainted

A quite feminist, weird and wonderful record by a 4-woman band from Santa Cruz whose music has been described as Nouveau-Retro-Queer-Synth-Punk...some spooky and mysterious as well as highly harmonious tales about girls who hunt men who kill girls, women who won't breed in captivity, housewives in space! Punctuated by crisp and creative percussion (mixed to perfection!), intense rhythms and energized seethes within their minor-key melodies. Even a strange, reworked version of Roy Orbison's *Pretty Woman*...fantastic! Highly recommended. LP only. (Bomp 4023) **8.95**

## Jane Siberry

The first release by an artist most of you are familiar with (we hope). This Toronto-based musician has, for good reason, been likened to Joni Mitchell, Dory Previn, and the Roches, and we'd add Fanny to that, but she's too quirky to really be like anyone else. These are clever, imaginative original songs; Jane accompanies her voice with ringing harmonies plus guitar, piano, synthesizer, and co-produced on her label. There isn't an accurate category for this LP. It has strains of folk and even punk, in her bizarre sense of humor. One of the best here is *The Mystery of Ogwen's Farm*, a lament for a cow who disappeared. Our endorsement is qualified by the lyrics to one song which promote a generalized, oppressive misconception about why fat women are fat (fear of being attractive to men)...but all in all, the strengths outweigh this flaw, and we highly recommend this for all the other cuts. LP (Street 002) or cassette (Street C-002). **9.95** CD (Street CD-002). **15.95**

## Jane Siberry

### No Borders Here

One of the most highly recommended recordings in our catalog and even better than her first: lyrically and instrumentally adventuresome, features beautiful harmonies and harmonies, electricity, takes you on a journey. Includes *Dancing Class*, *Waltz*, *Extra Executives*, *Symmetry*. Like new air for old, tired, cynical ears. The form here is more rock/new wave (not acoustic) and again we don't know which category to place it in. Your record collection...perhaps? LP (Open Air 0302) or cassette (Open Air C-0302). **9.95** CD (Open Air CD-0302). **16.95**

## Jane Siberry

### The Speckless Sky

We probably don't need to say too much here, since Jane is now receiving the kind of recognition in the states that a woman of her caliber in talent deserves! As in the title, she sometimes describes what's not, in order to paint her picture of what is; and her songs are full of the colors and images of visual media, with the shadings of harmonies. Recommended of course. LP (Open Air 0305) or cassette (Open Air C-0305). **9.95** CD (Open Air CD-0305). **16.95**

## Jane Siberry The Walking

Another musical and lyrical masterpiece interweaving impressionistic threads and layers of reality and thought, conversation, emotion, and genius, with her harmonies peeling like the church bells in *Red High Heels*. Many hours of discovery for any listener. LP (Reprise 25678) or cassette (Reprise C-25678). **9.95** CD (Reprise CD-25678). **16.95**

## Kate Bush

### The Kick Inside

Kate Bush is weird. She is also this reviewer's favorite artist. A pianist with obvious classical training, she writes songs of simple themes coupled with bizarre ideas. Combine these factors with her voice (falsetto is too extreme a word, but you get the general idea) and you get a spirited, sometimes wild, experience. Best cuts: *Saxophone Song*, *Feed Me*, *Them Heavy People*. LP (EMI 17003) or cassette (EMI C-17003). **9.95** CD (EMI CD-46012). **15.95**

## Kate Bush

### Lionheart

The mellowest Kate Bush LP we've found, if Kate can ever be called mellow...*Symphony in Blue* and *Oh England My Lionheart* are both melancholy and beautiful, while *Kashka from Baghdad* is a light, shimmering piece about two men in love, and *Fulhouse* documents the inner splits and struggles that we face as women. LP (EMI 17006) or cassette (EMI C-17006). **9.95** CD (EMI CD-46065). **15.95**

## Kate Bush

### The Dreaming

This LP won the "Wilderness of the Year" Award—the instrumentation is exquisitely intricate and complex, using an assortment of electric pianos, synthesizers, Uilleann pipes, pennywhistle, bouzouki, mandolins, etc. The vocals are lower than Kate's usual siren blast—perhaps she's been coached by Nina Hagen on this one? But the real strength lies in the lyrics—she creates surreal landscapes of fantasy and fact—no clear lines here...The title song is an eerie, haunting recreation of a dream about the colonization of Australia—sure to give goosebumps! Other songs include: *Night of the Swallow*, *Get Out of My House*, *Suspended in Gaffa*, and *Houdini*—the jacket is a somewhat disturbing photo related to a line in the song ("with a kiss I'd pass the key"). Recommended. LP (EMI 17084) or cassette (EMI C-17084). **9.95** CD (EMI CD-46361). **15.95**

## Kate Bush

### Never For Ever

No question, strangeness reigns. The general mood of this LP is one of fantasy (*Breathing*, *The Wedding List*), with a little frenzy thrown in (*Voices*). The vocal impact of Kate's sometimes chilling harmonies is stunning. Great instrumental back-up. Also includes *Army Dreamers* and *Baboochka*. Import. LP (EMI 17115) or cassette (EMI C-17115). **9.95** CD (EMI CD-46360). **15.95**

## Kate Bush

### Hounds of Love

This 1985 recording resembles little in Kate's previous discography. Images of spirituality and conflicting layers of consciousness pervade; myth and reality merge and split love and life and death and rebirth—you'll be lucky to land with your feet on the ground! Instrumentation is similarly textured: subtle vocals and piano peek through wave after wave of electronically-altered keyboards, drums, vocals, a wide array of synthesizers. Side 2 is subtitled "The Ninth Wave" in reference to Tennyson's *The Coming of Arthur*. Highly, highly recommended for the acoustically challenged. LP (EMI 17171) or cassette (EMI C-17171). **9.95** CD (EMI CD-46184). **15.95**

## Kate Bush

### The Whole Story

This is a BEST OF album, with some of her most well-known cuts from previous recordings including *Baboochka*, *Work*, *Breathing*, *Wuthering Heights*, *Hounds of Love*, *The Dreaming*. LP (EMI 17242) or cassette (EMI C-17242). **9.95** CD (EMI CD-46414). **15.95**

## Kate Bush

### Kate Bush (12" EP)

A 5-song compilation of some of Kate's best: *Sat in Your Lap*, *James and the Cold Gun* (live version), *Baboochka*, *Suspended in Gaffa* and *Un Baiser D'Enfer* (the French version of *The Infant Kiss*). Import. EP only. (EMI 19004) **6.95**

## Laurie Anderson

### Mister Heartbreak

Oh, Missus Lady! This album will put you under Laurie Anderson's magical spell, as she takes you on a journey through lush, surreal musical landscapes. The high level of structural and emotional diversity seems impossible to attain, but the universal result will reach into the tender depths of any listener's soul. Gorgeous instrumentation (Korean kayagum, synthesizer, electronic conches, shewee, violin, bells, wood blocks, guitars, bass, bamboo, to name a few) with help from such talents as Roma Baran, Peter Gabriel, Bill Laswell, Anton Fier, William Burroughs, Phoebe Snow. Songs include: Kokoku, Blue Lagoon, Excellent Birds, Sharkey's Day, Sharkey's Night, Gravity's Angel. Highly recommended, if you hadn't already guessed. LP (Warner Brothers 25077) or cassette (Warner Brothers C-25077): \$9.95. CD (Warner Brothers CD-25077): \$19.95.

## Laurie Anderson

### United States I-IV Live (5-LP Boxed Set)

29.95

The listener is given a rare chance here to witness the growth of Laurie Anderson's genius. The chronology of this comprehensive work spans from some of her earliest performance pieces (Walk the Dog, Violin Solo, New Jersey Turnpike) to original versions of her most recently commercially recorded works (Let X = X, New York Social Life, Big Science, Blue Lagoon). The previously unrecorded pieces which fall in between give the listener a cross-country trip unlike anything in the AAA brochures! So, put on your seatbelts, campers, and prepare for the ride of your life! Also includes 10 photos, magnificent diagrams and illustrations, some lyrics. Specify LP (Warner Brothers 25192) or cassette (Warner Brothers C-25192).

## Laurie Anderson

### Home of the Brave

9.95

This digital soundtrack from the film features the elements we've come to expect from this prolific artist: Roma Baran's creative and crisp production, the layers of sound and aural color, and of course, Laurie's wry and teasing view of American culture and society. Specify LP (Warner Brothers 25400) or cassette (Warner Brothers C-25400).

## Laurie Anderson

### Big Science

This excellent album is a wonderfully bizarre compilation of poetic musings taken from an original body of work entitled United States I-IV. The rhythm and flow of the lyrics are enhanced by the synthetic re-structuring of Laurie's voice, various electronic "instruments" and synthesizers work to render it from a clipped and almost inhuman chant to an echo-y and somnolent narration. Apocryphal songs include: Swallows, O Superman, If Rings. Co-produced by the talented Roma Baran, highly recommended. LP (Warner Brothers 3674) or cassette (Warner Brothers C-3674): \$9.95. CD (Warner Brothers CD-3674): \$19.95.

## Maerial...Revisited

9.95

This 5-woman band from Berlin (with several German releases under their black leather belts) recorded this tape live at NYC's Danceteria and DC's 930 Club in 1991, and the result is truly intense! Tense street-level punk with all the drama of opera, they thrash such subjects as concentration camps (Quechen means "take a shower"), passion (Leidenschaft), death (Tod) and power (Macht). Half the songs are in German, half in English. Cassette only. (ROIR C-123)

## Meredith Monk

### Key

9.95

Subtitled "Invisible Theater" on back cover, this LP is, rather than jazz, more of a vocal equivalent of modern dance—which makes sense, since Meredith is known for her work in modern dance/theater. Several of her pieces have explored women's experiences, including Education of the Girl Child. On this LP she does "travelling voice, electric organ, jaws harp." It's avant-garde (read "weird") but actually melodic at times and very unique. LP only. (Lovely 105)

## Nico

### Do or Die!

9.95

This is a collection of live performances from Nico's 1982 European tour. Famous for her baritone vocals in Andy Warhol's "Velvet Underground" in the 60s, she has evolved an individual style and approach to her music. "English romanticism," with all its angst is a good description. Cassette only. (ROIR C-117)

## Nina Hagen

### Nun Sex Monk Rock

5.95

A leading figure in the Euro-punk/avant-garde movement in the late 70s, East German Nina Hagen utilizes her voice in ways the listener wouldn't recognize as humanly possible. This 1982 tape represents her at what seems to be the wildest point in her English-speaking recording career—shrieks and guttural groans, crashing guitars and drums—sure to make an impact at any party! Specify LP (Columbia 38008) or cassette (Columbia C-38008).

## Poison Girls

### Songs of Praise

8.95

This band is fronted by the infamous Vi Subversa, who writes all the lyrics here, and plays guitar. She's joined by Cynthia Ethics, Richard Famous and Agent Orange on percussion, bass, synth, harmonica and keyboards in a free-wheeling, highly rhythmic and danceable mix of sarcasm, social commentary and punk feminism, all from a British working class perspective. Includes: Real Woman, No More Lies, No Proud, Voodoo Rhapsody, Riot in My Mind. Recommended. LP only. (CD 033)

## The Raincoats

### The Kitchen Tapes

9.95

Recorded live in 1982 at NYC's avant garde "Kitchen," this tape furthers the Raincoats' reputation as Britain's best women's punk band. Songs include: No One's Little Girl, Ballroom, Rainstorm, Honey Mad Woman. Great percussion and violin too. Some male accompaniment. Cassette only. (ROIR C-120)

## The Raincoats

### Odyshape

9.95

The Raincoats are one of the few punk-influenced British women's bands who have recorded an entire album on an independent label. Their music is political in the way that characterizes much of this movement: anarchistic, reflective of the alienated mood of the young adult population of working class England. Toured with the Clash in '78. This LP is more professional than their 1st, which is available in the US as an import. LP only. (Rough Trade 13)

## The Raincoats

### Moving

9.95

This 1984 release is a good one! Mostly acoustic, with rhythms and instrumentation from reggae and African music, with elements of jazz, funk, folk, rock, avant garde. Vocals are direct and unaffected, deal with interpersonal politics, and the production is clean and straightforward. U.K. import. LP only. (Rough Trade 56)

## The Shaggs

### Philosophy of the World

9.95

Hailed by Celia Bley and Frank Zappa as "iconoclastic innovators of the first order" by the NY Times' John Rockwell as "Peculiar! They didn't seem to know anything about music of any sort!" these three Wiggins sisters recorded these 12 original songs in the 60s; the LP became a \$100 collector's item until its recent re-issue. Specify LP (Rounder 3032) or cassette (Rounder C-3032).

## Shaggs' Own Thing

8.95

They've now maintained their reputation as one of the worst-sounding recording groups for a few years, and got listed in major anthologies. Includes: My Pal Foot Foot, Gimme Dat Ding (a live recording), and lots of other originals. Specify LP (Rounder 3056) or cassette (Rounder C-3056).

## Sinead O'Connor

### The Lion and the Cobra

Sinead has been part of the renaissance of women artists which has been the surprise of the 1980s commercial music scene. Her debut album is raw, intense, and varied, demonstrating her own quick extremes and contradictions (lustful yet demure, wild and loud yet innocent) as well as her ability to create within a multitude of musical styles. LP (Chrysalis 41612) or cassette (Chrysalis C-41612): \$9.95. CD (Chrysalis CD-41612): \$19.95.

## Tetes Noires

### Clay Foot Gods

Their third and most interesting, complex album to date, and they now have a drummer! Described as "hipper than the Raincoats, more topical than the Andrews Sisters, and more numerous than the Roches," this 6-woman band from Minneapolis utilizes multi-harmonies and original material which pokes fun at the American institutions various people hold dear. Includes: Dear Jane and Why Are The Farmers Dying? LP (Rounder 3008) or cassette (Rounder C-3008): \$9.95. CD (Rounder CD-3008): \$19.95.

## Wilma

### Wilma

8.95

4 women make highly personal, political, imaginative and expressive music—lush, lyrical and emotionally intense, as they explore the dark edges of sexual politics and sound. Includes their hit single, Pornography Lies, an eerie indictment of "the patriarchal norm," and a riotous spoof of George Girl. Truly alternative women's music! Recommended. LP only. (Subterranean 55)

## Yoko Ono

### Season of Glass

2.95

Yoko is both a visual artist and a lyricist of considerable fame and impact. Her images are of extremes—sometimes stark and raw; others are smooth and colorful. She expresses feelings, visions and ideas with an ease that is compelling. Songs include: Silver Horse, Extension 33, Mother of the Universe and She Gets Down on Her Knees. Cut-out. LP only. (Geffen 2004)

## Patti Smith

### Easter

Her next to last recording features our favorite Patti Smith album jacket! Where else in the commercial realm did you see hairy simps on a woman in 1976? Includes: Rock'n Roll Nigger, opening with frantic poetry. Because the Night, co-written with Springsteen; Space Monkey, Babe I Love You; High on Religion. LP (Arista 8349) or cassette (Arista C-8349): \$9.95. CD (Arista CD-8349): \$19.95.

## Patti Smith

### Horses

Her first and probably weirdest, least commercially polished, most poetic recording; much is spoken or chanted, rather than sung. LP (Arista 8362) or cassette (Arista C-8362): \$9.95. CD (Arista CD-8362): \$19.95.

## Patti Smith

### Radio Ethiopia

Patti is a poet, expressing her art through surreal combinations of sound and lyric, myth and dream. She is known as the mother of the new-wave movement, beginning as a poet in NYC in the 60s. The songs on this, her 2nd LP, not including bootlegs include: Ask the Angels, Ain't It Strange, Abyssinia. LP (Arista 8379) or cassette (Arista C-8379): \$9.95. CD (Arista CD-8379): \$19.95.

## Patti Smith

### Wave

Patti's final album before her 5-year hiatus is a lightly-produced culmination of her ideals and her art. It is also the most emotionally absorbing, in this reviewer's opinion. The ethereal yet powerful Hymn, twinned with the gut-wrenching Refugee, creates an impact as yet unmatched, and Citizen Ship combines the personal and political realities of immigration to the "land of the free" in a stark, uncompromising dirge. Buy this! It's worth your time. LP (Arista 8546) or cassette (Arista C-8546): \$9.95. CD (Arista CD-8546): \$19.95.

## Patti Smith

### Dream of Life

Finally, the album that so many have been awaiting, as Patti comes bounding out of a long retirement with this 1993 release. Beginning with the visionary People Have the Power and ending with the gentle lullaby The Jackson Song, she explores the relationship and the thin boundaries between dreaming and waking life, heaven and earth, physical and spirit worlds, showing she has lost neither her punch nor her poetry. LP (Arista 8453) or cassette (Arista C-8453): \$9.95. CD (Arista CD-8453): \$19.95.

Natalie &

Includes Love and Affection, Down to Zero, Save Me, Somebody Who Loves You. LP (A&M 3228) or cassette (A&M C 3228): 8.95. CD (A&M CD-3028): 15.95

On this 1988 release, the subject matter is relationships: jealous ones, cheating ones, those that have reached the "shooting stage," unequal ones. ("Man likes to own, A woman shares. Man has his needs, A woman cares". Includes a Woman Needs Living For You, Stronger Love LP (AAM 5211) or cassette (AAM C-5211). \$9.95. CD (AAM CD-5211). 18.95

KARLA BONOFF

**Karla Bonoff**

**Karla Bonoff**  
**New World**

This 1988 release is a collection of new original songs by one of our favorite artists. It's a varied album, demonstrating depth of lyric and breadth of style, and underscoring her songwriting talents: some of these are bound to become classics, as many of her earlier songs did, and her voice still fills pure emotion. She made this album exactly as she wanted it, and the quality shows. LP (Gold Castle 171014) or cassette (Gold Castle C-171014). \$9.95 CD (Gold Castle CD-171014). 15.95

**Precious Metal**  
**That Kind of Girl** 9.95

This 5-woman tight, tough, supercharged heavy metal/rock band will make you want to turn up the volume and immerse yourself totally in the sound. **Pirates**

No one can imitate the smoke-swirling-in-the-air vocals of this woman—like an ambience, sometimes a feed instrument, sometimes a rhythm instrument, and, no one writes songs quite like she does: image-laden like dreams, snatches of stories, sensual, sparse, street-kid tough, understated like good poetry. This 1986 release retains the early brash and emotional style, with cuts such as *Breathless*, *Rave On*, *Shaved Head*, *Rockabilly Hound Dog*. Describing her style, she says "I like upbeat songs. #### Georgia White Sings & Plays

9.95

A blues song about lesbianism, in which Georgia, singing to another woman, uses the word "man" to mean "lover"? So answers Rosetta Reitz on another of her valuable double-jacket goldmines of information. Here we also learn that Georgia White wrote another lesbian tune, *Boy in the Boat* (B.O. is Dream)—B.O. meant Bull Dyke or Bull Dagger—not included here, and that "she and a girl trumpet player had an all-girl band." Whether this marvelous blues artist, who was overlooked in so many histories, is currently alive or dead is not even known to Rosetta, certainly an expert on blueswomen. **Independent Women's Blues, Vol.1: Mean Mothers** 9.95  
 One of the best, most refreshing anthologies of women's blues in existence. Informative, insightful, fascinating liner notes—good sound quality, which is difficult to obtain with reissues—outstanding selection of material. Includes Bessie Brown's *Ain't Much Good in the Best of Men Nowadays* (1926), a 1939 Ida Cox recording *One Hour Mama* (she also wrote *Wild Women Don't Get the Blues*), Billie Holiday's *Baby Get Lost*. Specify LP (Rosetta 1300) or cassette (Rosetta C-1300).

**Various Artists**  
**Sorry But I Can't Take You: Women's Railroad Blues** 9.95  
 In the 1920's & 1930's, thousands of black men headed north on the trains for the factory jobs... jobs not accessible to women, so they stayed behind. This experience was one the blues were largely founded upon: listen to the sound of the blues harp, to lines like "Goin' to Chicago, sorry but I can't take you." This record gives us the side we haven't heard much about. Again, chock-full of information, both details and overview; the liner notes even explain how early recordings were technically made. Tunes by Bessie Smith, Sippie Wallace, Bessie Jackson, Sister Rosetta Tharpe, & others. Specify LP (Rosetta 1301) or cassette (Rosetta C-1301).

**Various Artists**  
**Red, White & Blues: Women Sing of America** 9.95  
 Liner notes say: "Blues & jazz are American. This music is the first original artistic contribution to world culture the U.S. has made. Each song on this album has been carefully selected for its historic significance. The album also represents women's sounds. This collection is a salute & a pledge of allegiance to our foremothers." As on all Rosetta records, the liner notes are exceptional & entertaining, & the sounds are clear. Among the singers are Ella Fitzgerald, Billie & Bessie, Victoria Spivey, & a Mildred Bailey side, recorded in '39, with piano by Mary Lou Williams. LP only. (Rosetta 1302)

**Various Artists**  
**Piano Singers' Blues** 9.95  
 Women accompany themselves. Many rare recordings, so difficult to find that this Rosetta volume has taken years to complete. Great liner notes. LP only. (Rosetta 1303)

**Various Artists**  
**When Women Sang the Blues** 9.95  
 A fine anthology of reissues from the 20's to the 50's, by blues singers Chippie Hill, Georgia White, Memphis Minnie, Bobby Cadillac and others. Includes Bessie Jackson's *B.D. Woman's Blues* (B.D. for bull dyker, we read somewhere). Beautiful jacket. LP only. (Blues Classics 28)

**Various Artists**  
**The Country Girls! 1927-1935** 9.95  
 16 rare classic blues and ballads with guitar by 11 women. Includes Lottie Kimbrough's *Wayward Girl Blues*, Elvie Thomas' *Motherless Child Blues*. LP only. (Origin Jazz 06)

**Various Artists**  
**Independent Women's Blues, Vol. 2: Big Mamas** 9.95  
 Another dynamic collection of tunes, mostly reissued here for the first time, like Ethel Waters' *No Man's Mama*, Ota Alexander's *Men Sure Are Deceiving*, Billie Holiday's *Now Baby or Never*. Rosetta Raitt, who compiled the series, describes in the liner notes some aspects of searching and re-engineering these treasures; background noises are filtered out, yielding a very clean, clear sound quality. Specify LP (Rosetta 1306) or cassette (Rosetta C-1306).

**Various Artists**  
**Independent Women's Blues, Vol. 3: Super Sisters** 9.95  
 An anthology of bawdy blues, most dealing with women's sexuality, others just raw in language, spoken or omitted, such as a line by Sweet Peas Spivey (younger sister of Victoria who died at age 33): "When I first met you, I thought I felt in good luck/Now I know you ain't worth it." A humorous and delightful compilation and jacket. Songs by Ida Cox, Bertina (Idaho), Mildred Bailey, Ella Fitzgerald, Luzzy Miles (*Take Your Fingers Off It*), Martha Copeland (*I Ain't You Hat, Mr. Fly Rooster*), and others. Specify LP (Rosetta 1305) or cassette (Rosetta C-1305).

**Various Artists**  
**Boogie Blues: Women Sing and Play Boogie Woogie** 9.95  
 Passion, vitality, sensuality, intensity, these are the foundations of the type of blues known as boogie woogie. In fact, Rosetta Raitt, on the liner notes, informs us that the word "boogie" was a euphemism for sex around the turn of the century, and that "to boogie and the boogie beat were integral to the blues." Boogie woogie was referred to as "fast western" or "fast blues," as differentiated from the slow blues of New Orleans and St. Louis. Sixteen cuts from 1930 to 1951, including Christine Chalmers' *The Boogie Woogie Girl*, Hazel Scott's *Brown See Boogie*, Ella Fitzgerald's *Cow Cow Boogie*, and other greats. LP only. (Rosetta 1309)

**Various Artists**  
**Independent Women's Blues, Vol.4: Sweet Petunias** 9.95

**Various Artists**  
**Jailhouse Blues** 9.95  
 A unique and important album, containing women's acappella songs from the Parchman Penitentiary, demonstrating that women were in fact the source of the blues, from Library of Congress field recordings made between 1936 and 1938. Bernice Johnson Reagon is one of the contributors to the liner notes of this documentary. Specify LP (Rosetta 1316) or cassette (Rosetta C-1316).

**Various Artists**  
**Ladies Sing the Blues, Vol. 1 (2-LP Set)** 12.95  
 "When ladies sing the blues they say the angels listen." ## Barbara Higbie & Darol Anger

**Tideline**  
Barbara, who has performed extensively with Teresa Trull, Robin Flower, and Jerry Garthwaite, composed the majority of these exuberant and lyrical instrumental compositions for her piano and Darol's violin, cello and mandolin. The music's innovative, exhilarating, and quieting all at once...stands up to repeated spins on the turntable without hints of getting boring or repetitive. Her music is at times whimsical, but Barbara's some serious musician...it's jazz, classical, and new. LP (Windham Hill 1021) or cassette (Windham Hill C-1021): 9.95...CD (Windham Hill CD-1021): 16.95

Gorgeous album of their quintet (includes steel drums), recorded at the European jazz festival in 1984, which quickly ascended to the top of the jazz charts. ## Betty Carter

**Betty Carter (#1001)** 9.95  
Betty "Bebop" Carter is the youngest & last of the traditional jazz vocalists. Her sounds are those of an improviser who scats, tugs and pulls on the beat, moves, dips, eddies...her voice is the most versatile of instruments. This is a live recording she arranged & produced herself. LP only. (Bet-Car 1001)

## Betty Carter

**The Betty Carter Album**  
Her second record on her own label contains six originals, including the amazing, exuberant *Happy Alao*, *On Our Way Up* (Sister Candy), a studio recording. LP (Bet-Car 1002) or cassette (Verve 835 682): 9.95...CD (Verve CD-835 682): 16.95

## Betty Carter

**Whatever Happened to Love?** 9.95  
Often called the last real jazz vocalist, she has said, "It's a crime that no little singer at back there socking it to me in my own field to keep it going, to keep it alive. Because I'm not going to live forever and I don't want it to die with me." This recent release includes terrific originals *New Blues* (you Pumm), *Abre La Puerta*, *With No Words*, plus some great oldies like *What A Little Moonlight Can Do* and *Social Call*. Recorded live at the NYC club "The Bottom Line" with strings in 1982. LP only. (Bet-Car 1004)

## Betty Carter

**Look What I Got!**  
This 1986 release, marking her move from her own independent label back to the majors, proves that she's still probably the most amazing jazz vocalist around today. LP (Verve 835 681) or cassette (Verve C-835 681): 9.95...CD (Verve CD-835 681): 16.95

16 songs include title, *God Bless the Child*, *Miss Brown to You*, *Nobody's Business*. Cassette only. (Astan C-2055)

## Billie Holiday

**Greatest Hits, Vol. 2** 9.95  
14 of her greatest, including one of the very few currently in-print issues of *Strange Fruit*. This song, about lynching, was one of the most political and significant recordings she ever made. It was banned from British airwaves officially by the BBC, and unofficially from US radio; even today, it is almost always omitted from anthologies - except occasional European ones, like this release from Italy - to remind us how far our society hasn't come. Some was recorded live at a concert - sound is a bit uneven but okay. Recommended! Cassette only. (Cleo C-928538)

## Billie Holiday

**Billie's Blues**  
This compact disc includes many favorites, plus some very rare recordings such as *Detour Ahead*, *Rocky Mountain Blues*, *Thru' the Light*. 14 songs in all. CD only (Blue Note CD-48796): 13.95

## Boswell Sisters

**The Boswell Sisters, 1932-1934** 8.95  
Like acrobats who changed base metal into gold, these sisters transformed simple songs into jewels; for the first time they employed the human voice as a section of the orchestra, and revolutionized harmony singing. Includes *We've Got to Put That Sun Back in the Sky*, a "beat the Depression" number - in place of action by the government, people were urged to fall in love - also *Sophisticated Lady*. LP only. (Biograph 023)

## Boswell Sisters

**It don't mean a thing if you ain't got that swing!** 9.95

Specify LP (Jazz 1) or cassette (Jazz C-1).

## Cafe Noir

**Cafe Noir** 9.95  
An amazing album of "symphonic gypsy swing," a unique repertoire which blends European and American jazz with Middle Eastern, gypsy and classical elements, by a 1-woman, 3-man ensemble. The violin, viola, and clarinet of Gale Hase stand at the center, and her heart-wrenching virtuosity is bound to send chills up and down your spine. She's joined by acoustic guitars and bass, and the result is hot, soulful, haunting and incredible. Includes *Villa-Lobos' Bachianas Brasileiras No. 3*, *Aria Camelliana* and *Variations on a Theme by Paganini*. LP (Cafe Noir 1001) or cassette (Gajo C-1001).

## Carla Bley

**Tropic Appetites** 10.95  
The NY Times said of this LP, "Bleu bands collide with scaled-down chamber orchestras and tribal music invades the ballroom of a grand hotel." She's a wild and crazy musician, embodying many areas of innovation. She composes for jazz orchestra, arranges, conducts, organized 2 labels and a distribution service for "new music," moves outside pre-established definitions and boundaries. This LP features her on piano, organ, celeste and voice, Gato Barbieri on tenor sax, and Julie Tippetts on voice. LP only. (Watt 1)

## Carla Bley

**Dinner Music** 10.95  
"Eight tracks that, in keeping with the album's name, really cook." - *Billboard*. We think this is a great title and love the idea of playing it during a candlelight/taffeta dinner with company. LP only. (Watt 6)

## Carmen McRae

**Carmen/Billie** 5.95  
Graced with an artistic, brilliant interpretation of *Strange Fruit*, the haunting song about lynching, and 11 other Billie Holiday classics. In fact, at one point when Annie was ill, Carol filled in for her with Lambert & Hendricks. LP only. (Choice 1025)

**Dinah Washington**  
**Timeless Treasures**

6.95

"I like to get inside of a tune and make it mean something to the people that listen, something more than just a set of lyrics and a familiar melody." This was Dinah's philosophy, from 1943, when she became the vocalist with Lionel Hampton's orchestra, through 1946 when she left the band to chart her own course, throughout her 20-year career. This is a collection of top hits, including *Willow Weep For Me*, *Smoke Gets in Your Eyes*, *Ain't Nothin' But the Good Life*, 5 more. Cassette only. (Everest Europa C-827)

**Dinah Washington**  
**Wise Woman Blues**

**Elaine Elias**

**Cross Currents**

9.95

Elaine is a brilliant young Brazilian pianist who creates a magnificently exciting blend of jazz with elements of Brazil and fusion. Most outstanding are the tunes which most strongly represent her Brazilian jazz: *Coming and Going* (You All e Ja Visto), which was written by Elaine's grandmother in 1927 when she was 12 years old; and two of Elaine's own compositions, the title cut and *Campani and Soda*. Her fingers are like lightning, her music light, flowing, up tempo, joyful. Recommended! Specify LP (Blue Note 48785) or cassette (Blue Note C-48785).

**Esther Phillips**

**What a Difference a Day Makes**

3.95

The no-nonsense, genuine, expressive texture of her voice combines well with the perfect balance of jazz/blues/R&B in each syllable to create an unusual presence and fullness of sound. Her tremendous delivery on cuts such as *One Night Affair* and *Hurtin'* House conveys matter-of-fact emotion, nothing side-stepped or soft-spoken, pain and pleasure equally experienced. Title was her last big hit — it reached top 20 in 1975 — a disco-style revival of a 1959 smash for her idol, Dinah Washington. Cut-outs by her have been scarce, so hurry! LP only. (Kudu 23)

**Esther Phillips ("Little Esther")**

**The Complete Savoy Recordings (2-LP set)**

Two years ago, records by this fantastic jazz/blues/R&B artist were plentiful in the cut-out bins; when she died in 1984, suddenly her records were bought up and a renewed interest in her career was underway... strange but typical. She was named Best Female Blues Singer by *Ebony* in 1974 and 1975, and called as Best R & B Singer by *Rolling Stone* in 1974. This set reissues recordings made between 1949 and 1959. 2-LP set (Savoy 2258) or double cassette (Savoy C-2258); 11.95...CD (Savoy CD-4403); 15.95

This 1995 release includes *New Flora*, *Jungle Cry*, *Nvula*, *Jazz*, *Kia/Humblybr*. Specify LP (Concord 3007) or cassette (Concord C-3007).

**Gretchen Langheld Ensemble**

**Desire Brings You Back**

9.95

"If the Girl from Panama enrolled in a Zen monastery where Dizzy Gillespie played Dalai Lama, Gretchen Langheld would undoubtedly be called upon to write the movie soundtrack." This highly creative and percussive ensemble makes such fascinating music, you'll instantly be transported to mythical regions and exotic lands. Gretchen's saxophones build upon a base of several layers of drums plus marimba, violin and guitar (by Helen Hooker, an ex-Deadly Nightshade), and more, with rhythms ranging from samba to jazz... all pieces written and arranged by Gretchen. Not included on this album but currently a member of the ensemble is shekere-artist Madeleine Yardele-Nelson, leader of Women of the Calabash. Highly recommended! LP only. (GL 1)

**International Sweethearts of Rhythm**

9.95

There were many all-women's jazz bands in the 40's (men were away, women could play) but this was the hottest and the first integrated women's group. Like other Rosetta titles (most listed in "Blues") this is essentially a book-and-record set, and is probably worth double the price. Although the band lasted over a decade, it was ignored by the white media because it played primarily for black audiences and is still omitted from history books. Don't miss this essential history! Specify LP (Rosetta 1312) or cassette (Rosetta C-1312).

**Jill McManus**

**Symbols of Hopi**

8.95

With selections such as *From the Four Directions*, *Inner Spirit Dance*, *All the Earth to Bloom*, and *Corn Dance*, this NY pianist presents a unique blend of modern jazz and American Indian songs by Hopi composers, fusing her talents as a player, writer, composer, arranger and ethnomusicologist. Jill and an all-star jazz ensemble collaborate with Indian percussionists to create this captivating recording. Specify LP (Concord 242) or cassette (Concord C-242).

**Judy Garland & Liza Minnelli**

**Live at the London Palladium**

3.95

This classic recording captures the magic appeal and talent of two of the biggest stars in show business, recorded in 1964 when Judy first shared the stage with her daughter. Includes solos (*Over the Rainbow*) and duets (*Together (Wherever We Go)*). Mastered at half-speed, pressed in Japan, this is an audiophile edition. Judy didn't live to see her daughter become a solo star, but knew, in having to work to keep up with the one she had brought there to show off, that a star was born that night. Cut-out. LP only. (Mobile Fidelity 1-048)

**Judy Garland**

**Over the Rainbow**

4.95

Includes title song, Alexander's Ragtime Band, others. Specify LP (Phoenix-10 311) or cassette (Phoenix-10 C-311).

**Mae West**

These songs were taken from her film roles in the 30's, backed by some of the best bands of the era. Includes *Come Up and See Me Sometime*, *St. Louis Woman*, *A Guy What Takes His Time*, *Slow Down*, *Frankie & Johnny*. Great, fast-on-a-tin notes. Specify LP (Rosetta 1315) or cassette (Rosetta C-1315).

**Marian McPartland at the Festival**

9.95

On this recording from the 1979 Concord jazz festival, Marian is joined on some cuts by the strong big-toned and lyrical alto sax of Mary Felleg Park. The two of them originally performed together at the first Women's Jazz Festival, and Marian carries on her commitment to give visibility to women in jazz. Also included: Marian's collaborative composition with Peggy Lee, *In the Days of Our Love* and Ann Ronell's *Willow Weep for Me*. LP only. (Concord 116)

**Marian McPartland**

**Willow Creek and Other Ballads**

This 1985 release from an ever-prolific pianist includes her own title cut, *Stevie Wonder's All in Love is Fair*, with its lovely progression of simple minor chords, and more to evoke a water-color-like effect, like the cover. LP (Concord 272) or cassette (Concord C-272); 9.95...CD (Concord CD-272); 15.95

**Marian McPartland**

**Interplay**

This is the album with which Marian launched her own extensive and successful record label! It features her with bass accompaniment only, recorded in a small, intimate nightclub setting. Featured are a couple of originals, as well as some beautiful tunes by other composers: *New Orleans*, *Here's That Rainy Day* LP (Halcyon 100); 9.95...CD (Halcyon CD-100); 15.95

**Marian McPartland**

**Solo Concert at Haverford**

9.95

A few original compositions & other wonderful pieces like *Sand in the Clocks*... this is one of our favorites by this jazz pianist extraordinaire. And in addition to her own contributions to the world of jazz, Marian has for years brought much visibility and recognition to those of other women artists... on radio and TV programs, in concert, and in the studio. LP only. (Halcyon 111)

**Marian McPartland, et al**

**Now's the Time**

9.95

This pioneering album was recorded in 1977, when these 5 jazz veterans (Marian with Mary Osborne, Vi Reed, Lynn Milano, and Dottie Dodgion) gathered for a PBS TV special. The liner notes are excellent, Annie Gottlieb narrates. "Marian McPartland, whose own male-inherited prejudices began to soften when she hired drummer Dottie Dodgion into her trio in 1964, decided that 'now was the time' to strike a few well-placed blows against the invisibility of women in jazz & the prevailing misconceptions about their playing. This recording is one of a series of signal events that... culminated in the First Women's Jazz Festival in Kansas City in March, 1978." LP only. (Halcyon 115)

From this mythical persona, two duets with Jane Russell: *Two Little Girls From Little Rock* and *When Love Goes Wrong Nothing Goes Right*, plus *Diamonds Are A Girl's Best Friend*, *Bye Bye Baby*, and 12 more, from 5 of her films. Specify LP (Lotus 14115) or cassette (Lotus C-14115).

# Mary Lou Williams

## Zoning

Mary Lou Williams, who lived from 1910-1981, was the only major jazz pianist who lived through and played the music of each new era of jazz. She started recording in 1927 and stayed in the forefront through the big band, swing and modern transitions. This, her last record on her own label, consists of instrumental compositions for piano & back-up instruments. Mary brought together here many of the compositions that she liked to play in concert or in clubs. Each selection stands in its own right, but they all blend together to form a whole; part of her concept of musical zoning. Very highly recommended. LP only (Mary 103)

# Mary Lou Williams

## First Lady of Piano

Lots of early classic Mary Lou, with selections recorded 1930-1953 and transferred from old 78s; many original compositions, and she absolutely swings! **Sister Rosetta Tharpe**  
**Sincerely, Sister Rosetta Tharpe** 9.95  
 Not just gospel—blues and jazz too—by the foremother who popularized gospel music on the secular stage... at spots such as the Cotton Club and the Apollo. As Sippie Wallace said, "Honey, there ain't no difference (between blues and gospel). In the church we say Jesus, and in the blues we say baby." Many church members felt Rosetta had committed sacrilege, but she felt the Lord would listen wherever she sang. Selections were recorded primarily in the 40's, including *Shout Sister Shout*, *Swing Low Sweet Chariot*, *Sometimes I Feel Like a Motherless Child*, *Down by the Riverside*. Several are accompanied by her own hot guitar. Recommended! Specify LP (Rosetta 1317) or cassette (Rosetta C-1317).

## k.d. lang and the reclines Angel With A Lariat

This Canadian artist has become a major sensation in country-rock, and for good reason! Her deep voice is strong and resonant (yes, even that worn-out word powerful), her delivery punchy, and her high energy inspires a raucous good time, and she's already creating some new fans of country and rockabilly, from the ranks of women's music, as well as from the mainstream. Includes several originals such as *Watch Your Step*, *Polka and the Song*, plus other rousing numbers like *Tune Into My Wave*. *Fabulous!* LP (Sire 25441) or cassette (Sire C-25441) 9.95. ## k.d. lang Shadowland

Highlight here is *Honky-Tonk Angels* Medley (a medley of *In the Evening*, *When the Sun Goes Down*, *You Nearly Lost Your Mind*, and *Blues Stay Away From Me*), with vocals by "The Honky-Tonk Angels", consisting of no less than Kitty Wells, Loretta Lynn, Brenda Lee, and k.d. herself! Some of you have no doubt seen the terrific video. More evocative, sultry and powerhouse vocals from k.d., in less of a rowdy, more country-ballad style than her first release. It's dynamite, don't miss it! LP (Sire 25724) or cassette (Sire C-25724) 9.95. CD (Sire CD-25724) 16.95.

## K.T. Oslin 80's Ladies

This release by one of country music's rising stars is gaining a lot of word-of-mouth popularity in the women's community. Most of the songs are original, and it's all solid pop-country material: broken hearts, mended hearts, loves lost and found, and, of course, a few memories. In the title song, she sings about the ways women her age (late 30's) have grown up over the years. Also includes the humorous *Younger Men* ("the only trouble with being a woman my age is the man my age"). LP (RCA 5924) or cassette (RCA C-5924) 9.95. CD (RCA CD-5924) 16.95.

## Kim Person & Lana Puckett

**I Don't Know If They Let Cowgirls In** 9.95  
From lead and harmony vocals, to pedal steel, banjo, guitars, keyboards, midi bass and linn drum, to production, to engineering, to graphics... these two women did it all! They cover favorite country tunes, stylistically as true to form as one can get, with wonderful harmonies and arrangements. *Just When I Needed You Most*, *The Rose*, *I'm So Lonesome I Could Cry*, *Help Me Make It Through the Night*, *Texas When I Die*, and others requested by the audiences in the women's bars where they often perform. Buy this tape and help them get their name out there a bit farther, they deserve it, and it's pure enjoyment. Recommended! Cassette only (Cimarron/Rainbird C-001).

THE GIRLS OF THE GOLDEN WEST  
AS THEY WERE THEN

"Songs of the West"

## Kitty Wells The Golden Years

8.95

With her 1952 hit *It Wasn't God Who Made Honky-Tonk Angels*, Kitty became the first female country singer to represent a woman's point of view on a topic other than heartbreak/housewife/motherhood/Jesus, just as the honky-tonk sound was breaking country music into national recognition for the first time. Every year for the next 14 years she was named #1 female country singer by the music trade papers, and totalled 70 charted titles. This LP, recorded from 1953-58, includes *Honky-Tonk Waltz*, *I Don't Claim to Be an Angel*, *She's No Angel*, *There's Poison in Your Heart*, *Specialty LP* (Rounder SS-13) or cassette (Rounder SS-C-13).

## Maybelle Carter & The Carter Family Remember Mama

9.95

The deep-voiced Queen of Country Music, part of the original Carter Family and a member of the Country Music Hall of Fame, developed the famous and much-imitated "Carter lick"—a style of guitar-picking in which the player works rhythm and lead simultaneously—when she was a girl. She survived several eras of music, from the beginnings of country and western, through ragtime, jazz, big bands, and rock 'n' roll. Respect and recognition of her contributions continue since her death. Includes instrumental and vocals: *Wildwood Flower*, *Bells of St. Mary's*, *Kitty Waltz*. Cassette only (Koska C-16000).

## Millie & Dolly Good

**The Girls of the Golden West: Songs of the West** 8.95

This part of our history is too precious to forget. LP only (Old Homestead 143).

## Nanci Griffith Little Love Affairs

Nanci's album covers are nearly as evocative as her music, and this one's no exception. It's an intricate portrait of her dressed as a Texas schoolgirl (complete with bolo tie on her school uniform and bluebonnet in hand) surrounded by books and records by other Texans who've obviously been significant to her. The album is full of touching portraits of real lives and loves, beautifully rendered by Nanci and her back-up musicians. Features the poignant, Irish-sounding title song. LP (MCA 42102) or cassette (MCA C-42102) 9.95. CD (MCA CD-42102) 16.95.

Nanci is rapidly becoming one of the top country/folk performers. LP (Philo 1109) or cassette (Philo C-1109): 9.95...CD (Philo CD-1109): 15.95

**Nanci Griffith****Once In A Very Blue Moon**

Nanci's third release has a real country rock sound that makes you want to grab your favorite partner and dance. Daddy Said is among her best, followed closely behind by Ballad of Robin Hunter-Smith. Her style, though definitely Texan, brings to mind this reviewer's time spent in the El Dorado Hotel in Weedsport, NY...got the picture? If you like Roseanne Cash, Bonnie Raitt, or Emmylou Harris, you're sure to love Nanci. LP (Philo 1096) or cassette (Philo C-1096): 9.95...CD (Philo CD-1096): 15.95

This vintage 1965 recording of acoustic country blues was Tracy's first, demonstrating the inspiration for her subsequent vocal and musical style and power (though the liner notes explain that this student of social work had no plans to seek a show business career!). Her influences were Ma Rainey, Bessie Smith, Leadbelly. This album includes unpretentious renditions of Motherless Child Blues, Baby Please Don't Go, Candy Man, House of the Rising Sun, Trust No Man. Collector's item; almost gone forever...hurry! LP only. (Prestige 7726)

**Alice Di Michele****Make A Change**

9.95

If you're looking for some political folk music performed in an irresistibly gorgeous alto voice, try this album! **Any Old Time Stringband**

9.95

A fine 5-woman stringband with guitar, banjo, fiddle, mandolin, bass, kazoo & vocals. Most notable is Free Little Bird, which the liner notes tell us is from the Dykes Magic City Trio. (The liner notes also inquire "By the way, exactly where is Dykes Magic City?") "Oh, I'll never steal honey from a beehive! I'll steal me a kiss from a sweet girl's lips! Then I'll fly away across the sea...Oh, I'm as free as a little bird as I can be! Gonna build my nest in a weepin' willow tree! Where the bad boys can't bother me." LP only. (Arhoolie 4009)

**Barbara Dane****I Hate the Capitalist System**

9.95

Barbara's deep gutty voice complements her selection of songs about women's struggles and the oppression of working class people. Includes traditional folk songs, blues, rags, and ballads like Single Girl and Working Class Woman. LP only. (Paredon 1014)

**Blue Rose**

8.95

This is a 5-woman super-stringband! Cathy Fink, Mancy Markey, Laurie Lewis, Molly Mason, and Sally Van Meter, some of the finest players in the country-folk field, put their talents together beautifully, creating one of the smoothest, clearest, loveliest albums you'll encounter. The material, which underscores their perfectly-matched harmonies, is unusual: Geraldine and Ruthie Mae, for instance, is a touching tale of two bag ladies; and we guess they got their name by combining their songs Blue Love and Wild Rose! Recommended. Specify LP (Sugar Hill 3766) or cassette (Sugar Hill C-3766):

**Bright Morning Star****Arise!**

8.95

A 2-woman, 4-man ensemble which makes music about struggling people, joyous work, growth and loss, beginnings and ends. Charlie King is one of the members also, whom some of you may be familiar with. All members share vocals; Marcia also plays electric bass, flute and guitar; Cheryl records; cello, guitar and dulcimer. They do a song called No Nukes/Hangin' Tree, a smashing version of Harriet Tubman/Follow the Drunkin' Gourd, and a traditional Hebrew song, Vine and Fig Tree, in which the recording engineer Karen Kane contributes a flute track. Specify LP (Rainbow Snake 004) or cassette (Rainbow Snake C-004):

**Bright Morning Star****Live in the US**

8.95

This 1984 release includes a medley of Make America Proud of You/Encourage Fear/Cannon Song/I Ain't Marching Anywhere, Charlie Murphy's Gay Spirit, and other political songs. Specify LP (Rainbow Snake 008) or cassette (Rainbow Snake C-008):

**Bright Morning Star****Sweet and Sour**

9.95

This 1988 release contains 3 acappella numbers, including COTASU by the Congress of South African Trade Unions, Shopping Mall and Invasion of the Money Snatchers, Marcia Taylor's Song for Wendy; and some of their long-requested performance pieces, including Sister's Theme from The Color Purple. LP (Flying Fish 478) or cassette (Flying Fish C-90478):

**Cathy Fink**  
**Doggone My Time** 8.95  
 This is a pretty swell record. Fine voice, jumping old time and new time banjo, guitar and fiddle, accompanied by accordion, ukulele, etc. This DC area performer gives us swing time, ragtime, waltzes. Back-up vocals by The Sibling Sisters. Includes *Coal Mining Woman* (jacket says, "Being a coal miner didn't cause my divorce. It made it possible.") and Patsy Montana's *Where the West Begins*. Her quote for the week is by one of the Sibling Sisters: "I love cookies almost as much as life itself." Recommended. Specity LP (Rooster 120) or cassette (Rooster C-120).

**Cathy Fink**  
**The Leading Role** 9.95  
 This late '85 release, dedicated to women in country music, is named after a song by Ola Belle Reed. It contains a couple of songs by Ola Belle, as well as some originals. Specity LP (Rounder 0223) or cassette (Rounder C-0223).

**The Chenille Sisters**  
**The Chenille Sisters** 9.95  
 Tight, luscious harmonies and a substantial dose of humor might briefly characterize the debut release by these 3 midwestern talents who have appeared on *Prairie Home Companion*. They sail through an upbeat, zippy, varied repertoire; originals, Olukah, 50's and 60's pop tunes, contemporary stuff, some excellent a cappella performances. Even the lyric sheet is funny. If you think their harmonies sound generic, they say, "We really are sisters. We just have different parents." Definitely recommended. Specity LP (Chenille Sisters 1) or cassette (Chenille Sisters C-1).

**Cheryl Wheeler**  
**Half a Book** 9.95  
 On this 1987 release, Cheryl slows down her tempo a bit so we can really hear her beautiful acoustic guitar playing and distinctive resonant voice. Her poetic lyrics tell of growing up and of the trials and tribulations of falling in and out of love. *Tell Him Goodbye* could easily be a sequel, a next step, to *Addicted*, a song about co-dependency on her first album. Specity LP (Cyprus 661 123) or cassette (Cyprus C-661 123).

**Cheryl Wheeler**  
**Cheryl Wheeler** 8.95  
 Before we encountered this album, the only thing we'd known about Cheryl was that she performed on the Lianne soundtrack. Now we're fans. Her vocal quality is quite unusual; strong, vibrant, compelling, very rich and resonant, and we recommend it on its own terms. Her songs are vignettes; best cut may be *Behind the Barn*; a touching duet with Jonathan Edwards who also skillfully produced the album and also seems to be quite a Cheryl Wheeler fan. Styles are folk/pop and light rock, all showcasing her vocal versatility. Specity LP (North Star 0001) or cassette (North Star C-0001).

**Christine Lavin**  
**Another Woman's Man** 6.95  
 This 7-song EP is a re-release of a recording she originally issued on her own label. Don't miss out on her complete discography! Specity EP (Philo 022) or cassette (Philo C-022).

**Christine Lavin**  
**Good Thing He Can't Read My Mind**  
 First of all, if you are a Suzanne Vega listener, this album is an absolute must for your collection. Christine's *Mysterious Woman* adds new dimensions to the existential meanings of defrosting the refrigerator! Title song accurately describes the delicious experience of eating sushi (sucking down a bucketful of tentacle-like sashimi; or, chewing the suction cups off the bottom of an old bathtub mat) and other activities tolerated in the name of love. Both satire and good folk music fill this album, and even a duet with Livingston Taylor. LP (Philo 1121) or cassette (Philo C-1121). 9.95. CD (Philo CD-1121). 15.95.

**Christine Lavin**  
**Future Fossils**  
 This is Christine's first LP (she had an earlier EP called *Husbands and Wives*, about relationships—the unequal kind) full of social commentary, 50/50 humor and serious, somewhere between live and studio, of original songs. This artist is someone the NY Times calls "a pungent folk-pop humorist... writes wryly comic vignettes of city life that also have an emotional edge." Includes *Cold Pizza for Breakfast*, a spoof of diets. Regretful *What I Said* which skewers men who find it difficult to tell the truth, and *Don't Ever Call Your Sweetheart by His Name* which turns the tables on men who've called women "darling" for centuries. This song was banned from *Gracie Mansion*. During a discussion of New Age music with this reviewer, Christine said, "My mantra is pizza." LP (Philo 1104) or cassette (Philo C-1104). 9.95. CD (Philo CD-1104). 15.95.

**Christine Lavin**  
**Beau Woes (and Other Problems of Modern Life)**  
 From undoubtedly the sharpest wit in the contemporary folk scene, a splendidly entertaining, lively, honest and edgy album. Includes her clever biological *Time Bomb*; her song for all those athletically challenged, *Ballad of a Ballgame*, the more serious *Gatlin* (used to *Leavin'* with veteran folkie Eric Andersen); her spoof on *Camping*; and other humorous and cynical vignettes. A gem. LP (Philo 1107) or cassette (Philo C-1107). 9.95. CD (Philo CD-1107). 15.95.

**Cindy Kallet**  
**Working on Wings to Fly** 9.95  
 "Listening to you is like lying on your back while someone feeds you grapes," said someone to this Martha's Vineyard musician. We rarely carry LPs of folksinger-with-guitar music unless there's something really distinctive about it and in this case it's her enchanting voice—a good octave lower than your average folksinger but with the same sort of fire heard in the clearest soprano. An outstanding a cappella number in 3 parts (with friends), plus other original songs about New England coastal life. Accompanied guitar accompaniment. Highly recommended. Specity LP (Folk-Legacy 83) or cassette (Folk-Legacy C-83).

**Cindy Kallet**  
**2** 9.95  
 More complex melodies than her first and some exceptionally fine original instrumentals, such as *Waltz Lullaby* and the same low, liquid voice, meant for savoring. *If I Sing* is performed with members of "Northern Harmony" (I'll sing less than usual of my brothers!) is not for the sighing of them; it is to strengthen my sisters... "I and we'd like to hear more of Cindy with 4-part harmonies like that—delicious. Specity LP (Folk-Legacy 98) or cassette (Folk-Legacy C-98).

**Cindy Lee Berryhill**  
**Who's Gonna Save the World?** 9.95  
 "DAMN, I wish I was a man! I'd be sexy with a belly like Jack Nicholson... LORD, if I was a man I'd say No Fat Chicks on the bumper of my Lincoln!" —Harkening back to the folk styles of the 60's (talking blues, harmonica-broke, social satire) yet incorporating contemporary modes. Cindy's debut album of mostly original material blends humor and consciousness, pointed lyrics and impressionistic allusions. Nice! Different! And for any child of the 60's, useful for a pleasant little side trip down memory lane. Includes *Damn, I Wish I Was a Man*, *Ballad of a Garage Band*, *This Administration*, *Whatever Works For You*. Recommended. Specity LP (Rhino 70834) or cassette (Rhino C-70834).

**Clannad**  
**Dulaman** 9.95  
 In this 5-person family ensemble, it is the exquisite voice of Maire Ni Bhraonain which centers the vocal harmonies, and her harp playing which provides the focal point for the instrumental arrangements. Their repertoire consists of traditional Gaelic songs which they infuse with an up-tempo, improvisational yet precise and delicate musicianship. Includes *Two Sisters*. Specity LP (Shanachie 79008) or cassette (Shanachie C-79008).

**Claudia Schmidt** 9.95  
 Debut LP by a very talented singer/songwriter who also plays guitar, harmonica, dulcimer, piano. Includes an outstanding original, *Old Woman Lament*, a cappella except for percussion. Specity LP (Flying Fish 066) or cassette (Flying Fish C-90086).

**Claudia Schmidt**  
**Midwestern Heart** 9.95  
 More originals, plus a couple of piano solos, from this clear-voiced vocalist—beautiful 12-string by her, too. Accompanists include Judy Roberts, Grey Larson and Malcolm Daiglish. One discomforting song about a Peeping Tom. LP only. (Flying Fish 241)

**Claudia Schmidt**  
**New Goodbyes, Old Hellos** 9.95  
 Claudia's third album is thematically compassionate and rich in musical styles—I'm a Little Cookie is transformed into an almost Dixieland jig, while the poem *Skin* Gangsters relates to childhood suffering in an orphanage and flows into the bluesy *Trod*; and the gospel treatment of Bill Withers' *Grandma's Hands* is positively righteous! Also includes a beautiful piano solo. Recommended. Specity LP (Flying Fish 305) or cassette (Flying Fish C-90305).

**Claudia Schmidt**  
**Out of the Dark** 9.95  
 Claudia's fourth recording includes more fusion of jazz, folk and poetry. Her style is magical, especially when she plays her piano (if you happen to see her ask her the story behind this unique instrument). Claudia gets right to the heart of the matter, whether she's singing about the homeless or going shopping. She vibrates life... we want more! Specity LP (Flying Fish 361) or cassette (Flying Fish C-90361).

**Claudia Schmidt/Sally Rogers**  
**Closing the Distance**  
 An absolute aural delight by two of the finest musicians in the acoustic music universe. They trade riffs, leads and harmonies on their first joint album of original, traditional and new material. Includes *Lovely Agnes*, *Mama, I Miss You Tonight*, the a cappella *Appalachian Round*, a Native American melody *Heg Hey Wazany*, *I Walk in Beauty*. Highly recommended! LP (Flying Fish 425) or cassette (Flying Fish C-90425). 9.95. CD (Flying Fish CD-70425). 15.95.

**Claudia Schmidt**  
**Big Ear Full**  
 Claudia herself describes this 1987 release as a "low-tech, high texture record, working in real acoustic sound with lots of shading and color." It brings together players from across the musical spectrum: gospel, blues, jazz, even rock (Elvis Costello's percussionist), produced by the innovative Victor De Lorenzo, who has worked with the Tates, Norriss and the Violent Femmes. So you'll get some of what you expect, and probably a bit more. LP (Red House 19) or cassette (Red House C-19). 9.95. CD (Red House CD-19). 15.95.

**Coon Creek Girls**  
**The Coon Creek Girls** 9.95  
 A 1968 LP which we are glad to see back in print. Lily Mae Ledford's rolling banjo, Rose Ledford's guitar work, Susie Ledford's bass, and their vocal harmonies, blend splendidly on *Take Your Time Miss Lucy*, *Black Eyed Suzie*, *Red Rocking Chair*, *Hawk Caught the Chicken and Gave*. LP only. (County 752)

**Coon Creek Girls**  
**Early Radio Favorites** 8.95  
 We've waited a long time for a reissue of the music of this Kentucky group, featuring banjo-picker Lily Mae Ledford. They were one of the last, best, and most popular mountain string bands on the old-time music scene, and certainly one of the only recognized female ensembles in their time and genre. Between them they played banjo, fiddle, mandolin, guitar, and bass. Made in the 1920s, their entire output of early recordings is included here, with *Banjo Picking Girl*, *Ble Them Cabbage Down*, *How Many Banjos Can You Eat?*, and a medley they performed for the Roosevelts and England's king and queen at the White House in 1939. LP only. (Old Homestead 142)

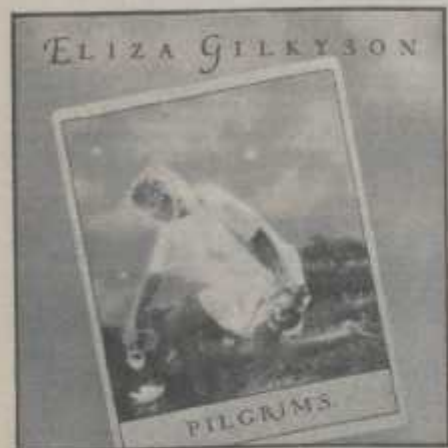

**County Down**  
**Living in the Country** 9.95  
 On their second LP, their 3-part harmonies are even more beautiful than they were on their recently-out-of-print first LP. To hammered and mountain dulcimer, guitars, banjo and pennywhistles, the traditional, contemporary and blues selections simply ring! They sound like a full women's chorus. They've rewritten lyrics they found objectionable, too. A very professional ensemble, and a very highly recommended recording. They write, "Through all our many changes and differences, the music is the one constant that remains true (that and an addiction to chocolate)." Well, you'll love this the way some love chocolate. LP only. (PrePress 165)

## Eliza Gilkyson

### Pilgrims

If you think folk music is lacking lyrically, melodically, or spiritually, never fear, Eliza Gilkyson is here! This accomplished singer-songwriter has created this dazzling album from her very heart, and it's sure to touch a chord in yours. As a captain in self-exploration, she charts aspects of her quest for love and understanding with a compelling, magnetic voice—at times reminiscent of the qualities of Oia Williamson or Ferron. Includes Material Man ("...dickin' with the dollars... missile-army madness..."), Foolish Heart, Gaining All Angels. Her first release since her out-of-print 1979 debut album on Helix Records, which we had long ago... incredibly talented, intensely aware, searching and caring. Eliza offers a musical gift not to be missed by. Highly recommended. LP (Gold Castle 171007) or cassette (Gold Castle C-171007): 9.95...CD (Gold Castle CD-171007): 15.95

## Elizabeth Cotten

### Live!

At 95 years of age, Libba finally passed on, and we miss her, but her gift lives on here. She's widely known as the author of the famous *Freight Train*, written not about Bleeker St., but about Chestnut St. in Carboro NC! That song is included on this album, which won a 1984 Grammy Award. A sampler of performances during her later years, it conveys her warm rapport with audiences and includes her delightful commentary and more best-loved tunes: *Sugar Pie*, *Babe It Ain't No Lie*, *Jumpin' Jack*, *Spanish Flamingo*, and *Vastapol*, a country blues number. The finger-picking guitar instrumentals display a phenomenal dexterity for hands of her age. Highly recommended! (Arhoolie 1089)

### HARP

When this reviewer dies and goes to folk heaven, she fully expects this recording to be heard in elevators and dentist offices. HARP bridges the gap of generations and gives a real sense of the social and political struggles which have brought us to where we are. On this live recording, Pete and Ronnie (two original members of the legendary Weavers) lead the group on classic oldies like *Jacob's Ladder*, *Oh, Mary Don't You Weep*, *Wimoweh*, Arlo solos with such favorites as *City of New Orleans* and *All Over the World*. Holly's solos include *Fire Time* and a moving duet with Ronnie of Marvin Gaye's *What's Going On*—and her own *Foolish Notion*. The four perform together and weave harmonies. ### Lady Nairne

Informing us that many of the best known and loved of Scottish popular songs are in fact the work of one woman, Jean here brings focused attention to this little-celebrated composer, Lady Nairne, a.k.a. Caroline Cliphart, wrote during the late 1700s and early 1800s, usually anonymously with disguised handwriting, because women at the time were taught to shun notoriety. The songs were written for voice only (instruments were considered artificial music and were not permitted) but here are accompanied by Abby's lovely cello. Specify LP (Philo 1087) or cassette (Philo C-1087):

## Jean Redpath

### A Fine Song for Singing

Sure to win a contest for largest discography in the western hemisphere, Jean has recorded many albums of works of Scots poets set to music. Lately, a commitment to uncovering works by women has been apparent in her efforts. This album contains the amazing, well-known love song to Annie Laurie, rewritten by Lady John Scott...and 2 by Violet Jacob, 1 by Helen Cruikshank, and others by Robert Louis Stevenson, W. B. Yeats, more. LP (Philo 1110) or cassette (Philo C-1110): 9.95...CD (Philo CD-1110): 15.95

## Jean Redpath

This set is mine," says Jean of the songs on this LP. "Late at night, when the atmosphere is warm & there's no longer any need to programme, or balance a set, it is songs like these that I would choose to sing." Most are quiet ballads, some sensitively accompanied by Abby Newton on cello, others delivered scappella by this accomplished & well-loved bearer of the folk tradition. Specify LP (Philo 2015) or cassette (Philo C-2015):

## Jean Redpath

### There Were Minstrels

My Love She's But A Lassie Yet, Caroline of Edinburgh Town, and West Virginia Mine Disaster are among the songs on this British import, as well as *Shed and Knife*, which could win a prize for being the most tragic ballad ever written. LP only. (Trafalgar 2105)

## Jean Ritchie

### The Most Dulcimer

"Over the years, I have made about 40 record albums...They all have had some dulcimer accompaniments, but people looking through the record bins always study the record jackets bemusedly and sooner or later ask The Question: "Which one has the most dulcimer?" So...HERE IT IS! With Diane Hamilton, John McCutcheon, Mike Seeger. Specify LP (Greenhays 714) or cassette (Greenhays C-90714):

## June Tabor

### Aira and Graces

Few finer voices exist anywhere; this old favorite was originally released in 1976 on the Topic label, and was hard to find domestically. June was deservedly voted top British female vocalist more than once, and no collection of British Isles music would be complete without this. Features dulcimer, bassoon and soprano; some double-tracked vocals; some scappella ballads carried solely by her mysterious, lower-register rare vocal timbre. Recommended. Specify LP (Shanachie 79055) or cassette (Shanachie C-79055):

## Karen Goldberg

### High Contrast

On this self-engineered album, Karen paints vivid pictures within stories, using her highly-expressive voice with subtle inflections and expert phrasing. Her songs touch on subjects from the biological clock experienced by women in their 30s, to the potential desolation of life in the new age-microwave 80s. A very professional and polished sound. Specify LP (Corbett 002) or cassette (Corbett C-002):

## Karen Goldberg

Instrumentation—accordion, fiddle, harmonica, guitar, banjo—and vocal style are drawn from French Canadian tradition, though most of the material is original. ### Love Over and Over

Title song is fantastic, with the absurd line: "I like to write rock and roll but it doesn't always hang together, so what do I know or anyone know about love"...If their ability to write rock and roll is indicative of their knowledge of love, they know plenty. Also includes *(My mamma drives a cab for the)* *Star Cab Co.* and *Move Over Moon*. Specify LP (Polydor 2424 240) or cassette (Polydor C-3176 240):

**Mary McCaslin**  
**Old Friends** 9.95  
Who'd ever think anyone could send chills up your spine by singing the Supremes' song *My World Is Empty Without You* (Babe or the Beatles' *Things We Said Today*)? Mary has done it on this record—with an unusual minor guitar tuning & exquisite harmonies in her arrangements. These 3 songs, plus her original title cut, make this album one of our favorites & are worth the price of the album. Specify LP (Philo 1046) or cassette (Philo C-1046).

**Mary O'Hara**  
**Mary O'Hara's Ireland** 6.95  
Accompanying herself on the Celtic harp, Mary sings primarily traditional Irish songs—some in Gaelic—which she arranged, including *Kitty of Coleraine*, *She Lived Beside the Arner*, and *Young Brigid O'Malley*, which was translated by her sister Joan, an actress of the Abbey Theater. Mary taped songs to fill several albums before entering a monastic order at age 28. Cassettes. (Tradition C-2155)

**Maura O'Connell**  
**Just in Time** 9.95  
This Irish artist is a chart-topping star in her own country, for obvious reasons known to anyone who's listened to her incredibly smooth, rich vocals, and she's now gaining an international reputation in the acoustic music community. Her U.S. debut release, produced by Bela Fleck, features Nancy Griffin and Jonathan Edwards on background vocals. Includes an acappella, multi-tracked version of her self-harmonies on *The Water Is Wide*, plus others perfectly selected to complement her Irish inflections, such as *The Isle of Malachy*, *Leaving Nelson*. Recommended! LP (Philo 1124) or cassette (Philo C-1124).

**Michelle Shocked**  
**The Texas Campfire Tapes**  
The amazing story of an obscure informal walk-in recording, first creating a raging cult following for this young itinerant folk artist, then catapulting her to national fame and fortune. Her style on this "demo" recording is a raucous blend of the very same walk-in recording is an absolutely appealing blend of talking blues and original folk song-stories, full of subtleties and nuances, accompanied by only her acoustic guitar and the crickets who were present at this Texas folk festival campfire. Long-wearing, sets better and more intriguing with every listening. Recommended! LP (Mercury 834 581) or cassette (Mercury C-834 581). 9.95. CD (Mercury CD-834 581). 16.95

**Michelle Shocked**  
**Short Sharp Shocked**

**Patricia Shih**  
**Leap of Faith** 9.95  
Patricia has toured with Pete Seeger, Odetta, Tom Chapin, Richie Havens, and other great political folk singers, which should tell you something about her music. Each of her beautifully-performed original songs has a strong message of hope and humanitarian concern. *Two Good Legs* is for the physically and mentally challenged; *Children of the Dust* is for Amerasian children in Vietnam; *The Color Song*, often performed by other artists, is an anti-racist children's song. She accompanies herself on guitar, Marzophone, Chinese flower drum, spoons, recorder. Specify LP (Flying Fish 485) or cassette (Flying Fish C-90485).

**Priscilla Herdman**  
**Darkness Into Light** 9.95  
Buy this for a most superb acappella rendition of Sojourner Truth's speech *Ain't I A Woman?*, set to music by Priscilla with harmony vocals by Anne Hills, Cindy Mangsen—chilling! Her flowing alto, with Abby Newton's smooth cello and other acoustic instrumentation, also does justice to songs by some of the best contemporary writers, such as Judy Small, Connie Kaldor, Malvina Reynolds... a quintessential folk album, with themes of peace, children growing, people working and loving. Specify LP (Flying Fish 420) or cassette (Flying Fish C-90420).

**Prudence Johnson**  
**Vocals** 9.95  
Well-known to fans of Prairie Home Companion, Prudence is a versatile, eclectic sort, and this album is likewise so: folk, jazz, country, blues, contemporary, and original tunes. Folks from PHC appear with her: couple songs by PHC-artist Greg Brown included; and Manhattan Transfer does back-ups on *Cry to Me*. Specify LP (Red House 22) or cassette (Red House C-22).

**Queen Ida and the Bon Temps Band**  
**Zydeco a la Mode** 8.95  
Queen Ida's taking the country by storm, at the moment! She and her band perform Zydeco music (a mixture of Cajun/Creole-French-Canadian/Acadian by way of Louisiana—with rhythm 'n' blues licks, bits of rock, Caribbean, reggae, c & w) which is extremely upbeat and danceable and, as such a multicultural synthesis, appeals equally to black and white audiences. Ida plays accordion, her brother Al does most of the lead vocals, and her son Myrick Guillery is also a band-member, playing rub-board (cousin of the wash-board). Specify LP (GNP Crescendo 2112) or cassette (GNP Crescendo C-2112).

**Queen Ida & the Bon Temps Zydeco Band**

**Caught in the Act**  
"Capturing" the enthusiasm of a live audience, from San Francisco's Great American Music Hall comes Ida Guillery's 7th album, as she continues to be the foremost "popularizer" of the Louisiana zydeco sound. This includes some originals such as *Hey Negrass*, as well as favorites such as *My Ju Ju*. LP (GNP Crescendo 2181) or cassette (GNP Crescendo C-2181). 8.95...CD (GNP Crescendo CD-2181). 15.95

**Mimi and Richard Farina**  
**The Best of Richard and Mimi Farina (2-LP Set)** 10.95  
From the 60's folk revival, a double album by this distinctive and important folk duo contains selections from their earlier recordings such as *Reflections in a Crystal Wnd*, *Celebration For a Grey Day*, *Children of Darkness*, *Harwin Girl*, *Swallow Song*, *Back Up Your Sorrows*, and social commentary such as *House Un-American Blues Activity Dream*. They accompany their piercing, haunting vocal harmonies on guitar, autoharp, and dulcimer, except on their instrumental in which they play lead! A veritable classic. Cut-out. 2-LP set only. (Vanguard 2122)

**The New Coon Creek Girls**  
**Home Sweet Highway** 8.95  
Not interested in allowing a revered tradition to die, 4 contemporary Kentucky mountain women have created a wonderful album of traditional and original songs in Coon Creek style. All 4 sing lead and harmony vocals, all 4 play instruments (acoustic bass, guitar, fiddle, banjo, mandolin), and all 4 wrote tunes included here. You probably won't see a lot of fanfare accompanying its release, but this LP should be checked out by all interested in women's country-folk music! Includes a very spirited instrumental by member Pamela Cox called *"R Cox" Rag*. LP only. (Rutabaga 3008)

**The New Coon Creek Girls**  
**Pictures** 8.95  
This band, which has maintained their early country-folk roots while adopting the classic bluegrass instrumental format of the 5-string banjo, guitar, mandolin, fiddle and bass, has become one of the most popular acts on the national bluegrass circuit over the last few years! A 1988 release. Specify LP (Turquoise 5064) or cassette (Turquoise C-5064).

**Odetta**  
**Odetta and The Blues** 8.95  
The first all-blues showcase (in the classic style of the 20's) by a woman who is primarily known as one of the only black female artists to have ascended to the top of the folk circuit during the 60's. But her repertoire has always spanned gospel and blues and other idioms. Here she's accompanied, not by her acoustic guitar, but by trumpet, trombone, clarinet, piano, bass, and drums. Includes *Weeping Willow Blues*, *Yonder Come the Blues*, *Oh, My Babe*... her vocal power is as awesome and lovely as ever. LP only. (Original Blues Classics 509)

**Odetta**

**The Roches (Maggie & Terre Roche)****Seductive Reasoning** 5.95

**The Roches****No Trespassing** 5.95

A 45 rpm 4-song EP of their distinctive jazzy poetic pop material about life's small and large ironies: the acappella madrigal with original lyrics *Knifed, That Won't Happen, No Trespassing, La Vie C'est La Vie*. Electronic, synthesized sounds, acoustic guitars. Specity EP (Rhino 70616 or cassette (Rhino C-70616).

**The Roches****The Roches** 8.95

Their first album as a trio, and the one which firmly endeared them to great numbers of music lovers who also appreciated humor and ingenuity. Their harmonic and lyric accomplishments reached new peaks here. All acoustic, simply and skillfully produced. Includes the autobiographical *We, Mr. Seizack, Quilting Time*. Recommended! Specity LP (Warner Brothers 2298) or cassette (Warner Brothers C-2298).

**The Roches****Nurds** 8.95

If you love to laugh, you'll love this group and everything they record, including this album. Includes *The Death of Suzy Roche, Factory Girl, This Feminine Position, My Sick Mind*. Specity LP (Warner Brothers 3475) or cassette (Warner Brothers C-3475).

**Rory Block****High Heeled Blues** 9.95

A young white blueswoman from Greenwich Village with a strong and husky voice and one of the meanest guitar-picking styles around. That she studied with Mississippi John Hurt is evident in her laid-back slide arrangements. Contains some traditional, two originals. Definite country influence. John Sebastian on harmonica. LP only (Rounder 9361).

**Rory Block****Blue Horizon** 9.95

Stylistically more diverse than her previous LP, spiced with mostly original songs in a contemporary bluesy-ballad vein. Rory's impressive blues guitar is complemented with her piano and synthesizer accompaniment. Songs include *Love My Blues Away, Swing Low, Sweet Chariot, Catastrophe Rag*. Specity LP (Rounder 3073) or cassette (Rounder C-3073).

**Rory Block****Rhinestones & Steel Strings** 9.95

This recording certainly has the sparkle suggested in the title. Rory's voice has developed in timbre and elasticity; it springs all over, seemingly without effort, and she sure doesn't stay stuck in one style. Treat yourself to the incredible way she uses her blues voice on an old folk tune, *The Golden Vanity*, to hammered dulcimer accompaniment—stunning—and, to a guitar/synthesizer almost-classical instrumental, *El Vuelo Del Alma*. Also notable is the acappella *God's Gift to Women with the Persuasions*. And of course, plenty of good blues and steel guitar. Recommended! Specity LP (Rounder 3085) or cassette (Rounder C-3085).

**Rory Block****I've Got a Rock in My Sock** 9.95

With musical contributions by Stevie Wonder and Taj Mahal, this album features blues, traditional and original contemporary material — her most varied to date — and all done justice by Rory's forceful and heart-rending vocals...plus her new ventures into synthesized bass and drum programming. Includes her own *Send the Man Back Home*, as well as a lovely acoustic guitar/synthesizer instrumental. Recorded and mixed in 7 different locations; probably a record-setter, so to speak. Recommended! Specity LP (Rounder 3097) or cassette (Rounder C-3097).

**Rory Block****House of Hearts**

Dedicated to her son Thiele who died tragically in 1985 at age 20, this is Rory's most personal album to date. With the exception of *Krye*, written and performed by her other son, the songs here are all Rory's—filled with hauntingly beautiful melodies and poetic lyrics. Her brilliant guitar and synthesizer playing and exquisite blues-soft voice carries every line of this very touching eulogy. Recommended! LP (Rounder 3104) or cassette (Rounder C-3104). 9.95 CD (Rounder CD-3104). 15.95

**Rosalie Sorrels****...Then Came the Children** 9.95

Recorded live in '64, Rosalie's 10th album contains compositions primarily about women. Includes Malvina Reynolds' song about abortion *Rosie Jane*; she reads her mother's poem *Song for Daughters* and the daughter's response *Mama*; 2 originals, *Mother's Day Song* and *Delta Rose*; others are *Girls in Our Town*, *Bride 1945*. Over 50 minutes of songs and stories. LP only (Aural Tradition 108).

**Sally Rogers****Love Will Guide Us** 9.95

More serious and issue-oriented than her previous recordings, reflecting her work with peace and nuclear freeze groups, this 1985 release includes Sally's originals plus others such as *The Mother Song* and *Malvina Reynolds' Turn Around*. Helping her out: Claudia Schmidt, Lutz Collins, Debra Silverstein, Abby Newton and more. The "Piece for Peace Quilt" graces the cover. Specity LP (Flying Fish 365) or cassette (Flying Fish C-365).

**Sally Rogers****The Unclaimed Pint** 9.95

Debut album by this fine Midwestern-born singer-songwriter. Her music makes you want to return to simple country living; if you like Claudia Schmidt, Lutz Collins, Mary McCaslin, you'll love Sally Rogers. Contains some traditional tunes (*When I Was a Fair Maid, Kitchen Girl, Rown' Gambler*) as well as some new gems including *Lovely Agnes*, a present for her grandmother's 92nd birthday. Specity LP (Flying Fish 409) or cassette (Flying Fish C-90409).

**Sally Rogers****In the Circle of the Sun** 9.95

Once again, Sally's combination of musical styles has produced a recording that's real hard to take off the turntable—or pop-out of the cassette deck! Some cuts from this album (*Where the Cuckoo Flash Silver, I'm Going Home to Georgia*) have been featured on *Prairie Home Companion*. Also includes *Ecstasy*, and a wonderful dulcimer plinky that takes this reviewer back to the *Mists of Avalon* era! Specity LP (Flying Fish 413) or cassette (Flying Fish C-90413).

**Sally Rogers****(Title Unknown at Printing)** 9.95

If you're a fan of Sally's, you can pre-order her early '89 release and we'll ship ASAP. LP (Flying Fish 492) or cassette (Flying Fish C-90492).

**Sandy Denny****Rendezvous** 9.95

Her last record, recorded in 1973, never released in the US (in spite of its excellence), and only 3 of the 9 songs were included in the box set. This should satisfy every fan out there. LP only (Carthage 4423).

**Sandy Denny****Like an Old-Fashioned Waltz** 9.95

One of my personal favorites of her entire body of recorded works...such a romantic! Welcome it to back-in-print land. Specity LP (Carthage 4423) or cassette (Carthage C-4423).

**Sandy Denny****The North Star Grassman and the Ravens** 9.95

Almost all originals by one of the queens of folk-rock, on this recent release of a classic album, as well as one of her trademark arrangements of a traditional ballad. Her first solo release after the breakup of Fotheringay, it is more simply produced than later efforts. Includes *Crazy Lady Blues, Late November*. Specity LP (Carthage 4429) or cassette (Carthage C-4429).

**Sandy Denny****Who Knows Where the Time Goes (4-Album Set)** 28.95

This definitive collection, with 20-page booklet, features over 50 per cent previously unreleased material from studio recordings, live performances, cut-takes and demos, plus remixed versions of some of her best. The songs and notes trace her history and remarkable singing and songwriting contributions to Fairport Convention and Fotheringay, plus early works from *Sandy and the Strawbs*, rockers from *The Bunch* and many solo selections. She was one of the originators of British folk-rock, influencing a decade of British and American music by introducing traditional balladry and a revivalist folk approach to the acid rock generation. A few of this reviewer's favorites are missing, but thankfully, a good portion of her work is preserved here. 4-LP set only. (Hannibal 5301)

**Sandy Denny****The Best of Sandy Denny** 9.95

Selections culled from the 4-LP boxed set *Who Knows Where the Time Goes*...sort of the best of the best. Cassette only. (Carthage C-1326)

**Sandy Denny****The Best of the Box**

This compact disc release contains selections from the wonderful 4-LP set *Who Knows Where the Time Goes*. CD only (Hannibal CD-1328). 15.95

**Sarah Gates****Take Me Home** 6.95

So, how to convince our readers to try a relatively obscure artist like Sarah? Most of the listings in our folk section are of musicians who are pretty well-known, but occasionally we want you to trust our judgment and take a chance. With a good break, this Boston-area artist would be famous. If she writes many more tunes like the opening cuts on each side. Our only complaint is that it's too short. Especially if you have a weakness for a good 12-string, this lovely album of originals songs is calling for you to take it home! Recommended! LP only. (Wheel & Cheer 002)

**The Short Sisters****A Little Gracefulness** 9.95

Three women (neither short nor sisters) present material which truly reflects their fondness for gorgeous melodies (yes!), opportunities for interesting harmonies (again!), and both pertinent and impertinent subject matter (absolutely!). The title song, which expresses the way they try to achieve harmony as a group, was written by John Calvi about his experiences working with people suffering from AIDS, trauma, and political persecution. Primarily acappella, this release includes a well-selected variety of wonderful rounds, ballads, traditional and contemporary work songs and funny songs. Lots of fun, lots of heart and beauty, definitely recommended. Specity LP (Black Socks 8854) or cassette (Black Socks C-8854).

**Sidesaddle****The Girl from the Red Rose Saloon** 8.95

A wonderful 5-woman bluegrass band who also plays some country and folk tunes...we don't have a bluegrass category, so hope you fans will be reading this section! With their trademark sister-like trio harmonies, they perform the highly humorous *I'm My Own Grandma* (if you can follow this genealogy, please send me a diagram), plus *She's No Angel, Swing Down Sweet Chariot*, and other original and traditional tunes. They proficiently play all the instruments: a straight-ahead bluegrass band is supposed to play guitar, banjo, mandolin, fiddle, and bass. Best women's bluegrass since the Buffalo Gals. Recommended! Specity LP (Turquoise 5063) or cassette (Turquoise C-5063).

**Suzanne Vega**

Already likened to Canadian counterparts Fennell and Jane Siberry for her poetic lyrics and emotional intensity, Suzanne Vega is rapidly gaining national attention for her debut LP. While the crisp and sparkling instrumental arrangements alone are enough to recommend it, it is the subtly-layered lyrics, complexity that puts it in the reviewer's all-time Top 10. Using colorful analogies and stark images, the effect sparks recognition and identification with the situations she illustrates, however obscurely. Highly recommended. LP (A&M 5072) or cassette (A&M C-5072). 9.95 CD (A&M CD-5072). 15.95

**Suzanne Vega**  
**Solitude Standing**

Gaining her a significantly more wide-spread recognition of her exceptional lyric talent, this second release includes *Luka*, about an abused child (the initial "hit" on the album—says something for a bit of public consciousness), the acappella *Tom's Diner*, the pure folk progression of *Gypsy*, the title song with the female persona of solitude. Again, sharp fragments of life as we have experienced it, tumbling in a kaleidoscope arrangement, juxtaposing all sorts of contrasts, recognizing yet transcending the limitations of language. LP (A&M 5136) or cassette (A&M C-5136): 9.95...CD (A&M CD-5136): 16.95

**Trapezoid**  
**Cool of the Day**

8.95  
Gorgeous and highly recommended! From our good friends at Sugar Hill of Durham NC, independent music capital of the world, a Trapezoid record which includes such lovelies as soprano sax, material by Ferron, Nobuko Miyamoto, Barbara Keith (*Umbrella* and *the Rose*—oh, beautiful!), and the almost eerie and ethereal harmonies between Lorraine and Freyda. Specify LP (Sugar Hill 1132) or cassette (Sugar Hill C-1132).

**Triona Ni Dhomhnaill**  
**Triona**

9.95  
At last, a domestic re-issue of an album which had often been hard to get as an Irish import on the Gael-Linn label. Striking harpsichord playing along with traditional ballads, some in Gaelic, some in English. Excellent choice of material, includes *When I Was a Fair Maid*, about a woman who joined the navy during the 17th or 18th century, when "Britannia and Women's Liberation ruled the waves"! Triona has imprinted her voice onto three great Irish groups—Skara Brae, The Botby Band, and Touchstone. Specify LP (Green Linnet 3034) or cassette (Green Linnet C-3034).

**Cherish the Ladies**

This anthology, subtitled *IRISH WOMEN MUSICIANS IN AMERICA*, comes as a result of an extraordinary rise in the number of young women instrumentalists of traditional Irish music. Before 1970, this was almost exclusively a male domain; the women's movement is cited as the main reason for the change, and it still contrasts with many other communities, where most instrumentalists are still men. Ethel Raim, leader of the Pennywhistlers and a folklorist with a solid feminist perspective, was one of the directors of this project. The musicians are fiddlers, flutists, accordionists, tin whistlers, pianists, and perform fiddle and reels in various configurations. 12-page booklet accompanies the record. For all lovers of Irish music! Specify LP (Shanachie 79053) or cassette (Shanachie C-79053).

Specify LP (Virgin 90920) or cassette (Virgin C-90920).

**The Mahotella Queens** 9.95  
**Izibani Zomqashiso**  
Striking harmonies in the Mbube style, from 4 women of South Africa's best female vocal group. They sing in Zulu, with the very upbeat backing of Mqashiso, an electric guitar with machine-gun licks of paired notes, whizzing up and down the fretboard: bass notes of rapid counter-melodies played high up in the instruments register. The content of their material is not overly political, since it would be banned and the musicians probably jailed if it were, but it reflects the strength and insomitability of their spirits. Recommended! Specify LP (Shanachie 43036) or cassette (Shanachie C-43036).

**Pata Pata**  
Do you kinda wonder why recordings by this vocalist from South Africa are becoming so rare? ### Sangoma

A *Sangoma* is a diviner and healer who is empowered by the spirits of one's ancestors. This 1986 release by the first lady of South African music is thus infused: these are songs from her South African childhood, learned from her mother and grandmother. And although she has been in exile from South Africa for 30 years, her songs communicate profusely and stunningly the strength and struggle of those who continue to celebrate the mysteries of their spiritual lives in spite of the repressive apartheid regime. (An interesting note: she was also exiled from the U.S. in 1966, after she married Stokely Carmichael.) Highly recommended. Based on the actual life story of a Black woman living in South Africa today, this original cast recording of the award-winning South African play follows the life of Poppie, as she and her family endure the brutal racism of apartheid. Songs include many South African traditions, including *Nkosi Sikelela* (African Anthem), the unofficial Black South African anthem of struggle adopted by the African National Congress. We've been waiting for this one for a long time... Very highly recommended. Cassette only. (Hannibal C-8301). 9.95

## Stella Chiweshe

### Ambuya?

Known as Zimbabwe's Queen of the Mbira, Stella is indeed one of the only women masters of the mbira, or thumb-piano, because it is considered a man's instrument (and, until recently, it was actually illegal for women to play mbira on stage). It is used ritually to honor and communicate with the spirits of ancestors, and therefore is a powerful component of the culture. Stella also plays the drum, similar in that women are thought to be disrespectful towards tradition by playing one — but, she says, "I play it because I want to." Singing in the Shona language, she performs songs about female spirits, such as *The Great Spirit* or *Great Grandmother*, and for liberation against apartheid. She is accompanied by Virginia Mkwesha on mbira — obviously another taboo-breaker — and others. A wonderful album! LP only. (GlobeStyle 029). 10.95

## Tshala Muana

**Ofra Haza****Fifty Gates of Wisdom**

If you can only buy a couple of albums this year, absolutely make this one of them! Of Yemenite Jewish parentage, Ofra may be Israel's biggest star, winning awards year after year, successfully combining her indescribable voice with traditional songs (up to 2500 years old!) and contemporary rhythms, resulting in a sound so compelling, so driving, so haunting, so moving, that language ceases to be such a barrier. This album features Yemenite Jewish music from one of the oldest communities in the world, performed in Hebrew, Aramaic and Arabic. The secular songs are traditionally sung only by women; some of the devotional material descends from poetry of complex medieval meter and rhyme written by Rabbi Shalom Shabazi (1618-1670). **Auntie Alice Namakelua**

10.95

She was born in 1892 with the first name of Kuleiaiohapanole, but a teacher who couldn't pronounce her name called her Alice. One of the first girls to play the then-new slack-key steel guitar, she spent a portion of her childhood singing for, cooking for and massaging Queen Liliuokalani. She composed over 175 songs, many of which have been recorded by other artists, and had her own radio show. This delightful album of original songs about pre-conquest Hawaii, in the Hawaiian language, features her own voice multi-tracked, and she plays all the old-fashioned slack-key and ukelele parts; she's accompanied on bass and acoustic guitar by Violet Pahu-Lilikoi. English translations included. We've begun our search for recordings by women of Hawaii, in case we ever have to move there or anything...and this is an absolute treasure! LP only. (Hula 552)

**Lucia Hwang****House of Sleeping Beauties**

This gifted composer/singer/actress/dancer/painter (born in Hawaii, raised in L.A.) bridges past and present, paying homage to her Chinese ancestors while acknowledging western influences. This recording is dedicated to her grandmother Madame T.C. Li, a great Chinese opera star; you can hear her voice, her spirit here. Lucia's training in Chinese classical music as well as western classical music is also evident in these original compositions which would fit the new age or world music labels. Instrumentals brushed with vocalizations, *Dragon Dance* and the full-side *Tiger Suite* utilize kayagum, shakuhachi, pipa, soprano sax, zither, and other ethereal sounds to evoke an aural journey to the Far East. ### Yale Slavic Chorus

#### When Women Gather

9.95

An enticing album of Eastern European music, especially beautiful when the whole chorus of over 20 women is in full voice. The harmonies are lush, the solos strong, and the duets are representative of a Slavic custom whereby 2 women sing together throughout their lives, learning to match their voices and vocal styles. Arrangements are crafted to sound like instruments of particular regions, and the songs are women's songs. Recommended! Specify LP (Meadowlark 109) or cassette (Meadowlark C-109)

## Grupo Raiz

### Amanaceres

**9.95**  
Billing themselves as a Chilean ensemble, this New Song group of 2 women and 4 men, which currently resides in the U.S., actually plays the music of liberation and resistance movements throughout Latin America. Some songs are originals, some by songwriters such as Violeta Parra and Daniel Viglietti, and some are lovely instrumentals using guitar, tiple, charango, Venezuelan cuatro, quena, zampona, trompe (Jew's harp), drums, bongos, snare drum, maracas, guiro, claves, sassa, vibra slap, temple blocks, bells, triangle, and tambourine. Title means Daybreak, as in new beginnings. Spanish/English texts included. Specify LP (Monitor 812) or cassette (Monitor C-51812).

## Grupo Raiz

It includes Ana Maria—written in homage to an exemplary woman leader in El Salvador's liberation struggle, who was assassinated in 1983. Spanish/English texts enclosed. Specify LP (Monitor 818) or cassette (Monitor C-51818).

## Guardabarranco

### Si Buscabas (If You Were Looking)

**9.95**  
Sister and brother Kasia and Salvador Cardenal are part of the Nicaraguan New Song movement called Volcanto—from volcano (volcano) and canto (song)—symbolic of the eruption of music, poetry, and cultural expression in Nicaragua since the triumph of the Sandinista revolution in 1979. Produced by Jackson Browne, this is one of the first albums of Nicaraguan music available in the U.S. Its beauty is virtually indescribable—but could easily bring tears to one's eyes; the quiet vibrance and oneness of the music and poetry transcends any language barriers, and "destroys" State Department rhetoric right there before your eyes" says Holly Near. Spanish lyrics and English translations included. Recommended! Specify LP (Redwood 8501) or cassette (Redwood C-8501).

## Irene Farrera

### Irene

**9.95**  
A sumptuous, very womanly and woman-oriented tape by a Venezuelan singer/guitarist who now resides in Oregon. Her voice is strong, deep, and richly textured; her rhythms abundant; and she beautifully interprets works of contemporary Brazilian composers and other South American songwriters such as Chilean and Peruvian poets Violeta Parra and Chabuata Granda. The sambas, reggaes, and baiños are performed with Brazilian/Caribbean/Latin nuances. She plays the music of a continent, of the tropics, of the people of Latin America. Includes Gracias a la Vida, Magdalena, Señora Melancholy. Highly recommended! Cassette only. (Irene Farrera C-1)

## Isabel Parra / Inti-Ilumani

### Homage to Violeta Parra: Canto Para una Semilla

**9.95**  
Isabel is the daughter of this pivotal Chilean songwriter; on this 1984 release, Isabel and Inti, an exiled Chilean 6-man folk ensemble, recount Violeta's life in song and recitation. Title, literally "Song for a Seed," conveys the germination and growth of an idea and a consciousness which Violeta represented. The sections of this recording are chronological: her parents, childhood, adulthood and political life, her death and epilogue. Specify LP (Monitor 821) or cassette (Monitor C-51821).

## La India de Oriente

### Buenos Dias Africa

**8.95**  
Following a tour of the African continent, la India de Oriente returned with themes from African villages, and the music on this LP is a blend of Latin American music, bits of French, and African subjects—with the Latin element definitely predominant. Includes Salsas a Omer Songs. LP only. (Guajiro 4014)

## La Media Naranja

**9.95**  
One of the single most exciting treasures we stumbled upon in our search for new and interesting material. This is an 8-woman Latin band from the Dominican Republic, who make some absolutely contagious energetic music. Miravie Garcia who is also a trumpet player, is the director, there's 2nd trumpet, trombone, 3 percussionists, pianist, bassist, and 3 vocalists. We know that the typical music of the Dominican Republic is maraca music, and confess our ignorance about exactly what this is and whether this fits; it sounds like salsa, very Caribbean. This is a unique LP and we sure recommend it! LP only. (Calor 1703)

## Linda Leida

### ¡Con Sabor a Montuno!

**8.95**  
Considered one of the queens of Afro-Cuban music, this is a fantastic LP of island rhythms and percussions—it exudes joy and energy. Against a background of full salsa band, her voice is strong, solid, and somewhat authoritative—her delivery is like that of a reigning queen! You won't sit down while this is spinning. Includes La Alegria Del Montuno and Anita. This artist was tragically murdered in NYC in 1980, we will remember her with her music. Recommended. LP only. (SAR 1005)

## Linda Leida

### Linda Leida

**8.95**  
A terrific, explosively rhythmic recording. Includes Cana de Azúcar and Oye Ya—most of the selections here are of the "son montuno" rhythm. LP only. (SAR 1015)

## Lita Branda

### La Tigresa de la Salsa

**8.95**  
One of the foremost Peruvian artists, Lita has been a musician since she was 7, and at age 14 she left the band she was a member of, "Conjunto Juvenil," to form part of the first women's orchestra in South America! The style here is salsa: hot, spicy, and rhythmic; includes Cana Dulce by Anabella. Lots of percussion and horns back her fine throaty vocals. Sure to please—we love it. Recommended. LP only. (Tobago 606)

## Maria Bethania

### Alibi

**10.95**  
What a treat! This popular Brazilian "tropicalist" singer's husky coffee-with-cream voice is at its best here, and the material is the most woman-identified we've found so far...dedicated to her "sister and patroness" Clara Maria. It also features Gai Costa in a spicy duet, and Rosinha de Valença on guitar and Alcione in a duet on O Meu Amor, a love song between two women. Lync sheet includes lovely photos of her and her women friends. Brazilian import. LP only. (Philips 6349 405)

## Mercedes Sosa

### Lo Mejor de Mercedes Sosa (The Best Of...)

**11.95**  
Mercedes Sosa is an Argentinian New Song vocalist/interpreter/people's musician, who almost deserves a section unto herself. Her vocal qualities are not easily described, but words like penetrating, melancholy, searing, dark, intense, reverent, steadfast, beautiful, exquisite, soothing, intelligent, come close. She sings in Spanish but somehow communicates a message that is political even to those who don't speak that language. Her music was very popular in Chile in the early 70s, but her records were banned when the military junta took power. We hope she will become more widely recognized by the greater U.S. population soon, as she is just beginning to be, and we hope everyone who reads this catalog will try out her music. This volume includes some but by no means all of her best material. Since all of her titles are imported and go in and out of availability, we reserve the right to substitute another title if necessary, help us by listing at least one or two alternatives. Specify LP (Philips 5252) or cassette (Philips C-8634).

## Mercedes Sosa

### Sera Posible el Sur?

**11.95**

Includes the audience-raising *¡Viva Cantamos* (We Still Sing), *¡Mi Abuela Baila la Zamba* (My Grandmother Danced the Samba). List alternative. LP only. (Philips 24104)

## Mercedes Sosa/ Leon Gieco/ Milton Nascimento

### Corazon Americano

**11.95**  
Recorded live in 1984 before an audience of probably 10,000, these are three of the most well-known New Song artists performing today. (The Latin American equivalent of the H.A.R.P. album here!) All configurations: solos, duets and trios...material by Violeta Parra, Milton Nascimento and others. List alternative. Specify LP (Philips 24228) or cassette (Philips C-64228).

## Mercedes Sosa

### '86

**11.95**  
This fairly recent recording (1986) includes the very moving *Galopa Murieta* by Pablo Neruda, with haunting, evocative flutes and percussion; in fact, a couple of songs here feature traditional Latin American flutes in addition to guitars and rhythm instruments, which makes this recording unique to the repertoire in our catalog. List alternative. Specify LP (Philips 24270) or cassette (Philips C-64270).

## Mercedes Sosa

### Mercedes Sosa

**11.95**

Instrumentation features some strings and woodwinds in addition to classic acoustic guitar. List alternative. Specify LP (Philips 27391) or cassette (Philips C-67391)

## Mercedes Sosa

### Interpreta Atahualpa Yupanqui

**11.95**  
One of her favorite and most highly recommended of her albums, she interprets Atahualpa Yupanqui's works, with Argentinian sambas, rhythms, some percussion and beautiful guitar. The music speaks with an undeniable basicness and simplicity. An excellent choice! List alternative. Cassette only. (Philips C-9473)

## Mercedes Sosa

### Grandioso

**11.95**  
In addition to *Gracias a la Vida*, this collection contains some delightful numbers with unusual instrumentation not found on any of her others, such as *Algarroba*, *Algarroba* with flutes like singing birds, and *Se Equivoca La Paloma*, with heart-rending oboe. Cassette only. (Philips C-9775)

## Mercedes Sosa

### En Argentina (2-Album Set)

**19.95**  
Recorded live in Buenos Aires in 1982, this is one of the finest editions of hers we carry. The jacket is filled with pictures from the performance, and this visual presentation adds yet another dimension to the experience. Includes Violeta Parra's *Gracias a la Vida* and *Volver a Los 17*. Sound quality isn't as perfect as that on her studio albums, but the photos and spirit make up for it—the applause which conveys such love for her and her reciprocal respect for her audience, audible in her singing. List at least two single alternatives. Specify LP (Philips 4009/10) or cassette (Philips C-4009/10).

## Mercedes Sosa

### Homenaje a Violeta Parra

This homage to Violeta Parra, the great Chilean political songwriter, contains exclusively material by her, except for *Dejé a Violeta*, based on a poem by Nicomedes Parra. Includes her famous *Gracias a la Vida*, *Me Gustan Los Estudiantes*, and the lamenting *La Lavandera*. List alternative. Specify LP (Philips 22108) or cassette (Philips C-62108).

### Mercedes Sosa

**11.95**  
Includes the incomparable *Maria, Maria*, a performance favorite, with chorus; a beautiful series of Indian (Mocovi) songs with both Spanish and Native vocabulary and instrumentation; and a melody by and with Margarita Palacios, a session which affected Mercedes deeply. An eclectic mixture of styles and songs. List alternative. Specify LP (Philips 24012) or cassette (Philips C-64012).

## Mercedes Sosa

### Mujeres Argentinas (Women of Argentina)

**11.95**  
Contains eight songs, all by the dynamic songwriting duo Ariel Ramirez and poet Félix Luna, about both real and legendary women, who have helped shape the destiny of Argentina by their bravery and vision. Each song tells a story (in Spanish of course): about a liberation fighter who led a whole army of women, a teacher, an anonymous woman who fought the British invaders, a peace-maker, a poet, a writer. Not meant to tell of the greatest women in Argentina's history, but rather to inspire by the greatness in the "ordinary." Unique, and lovely. List alternative. Specify LP (Philips 5842) or cassette (Philips C-7165).

## Mercedes Sosa

### Recital

**11.95**  
This is one of the most excellent of her anthologies, and we highly recommend it! Includes material by 12 of the best Nueva Cancion songwriters: Violeta Parra, Victor Jara, Maria Elena Walsh, Daniel Viglietti, Ariel Ramirez, Atahualpa Yupanqui, and others...and each selection is a masterpiece. A good choice for a single title, as long as our supply lasts, be you an old or a potential fan. List alternative. Cassette only. (Philips C-62044)

**Platero**  
**Arpa De Las Americas** 9.95  
*"Arpa Paraguaya y Guitarras"*, truly gorgeous Paraguayan harp and guitar performances of Latin American traditional folk music, by North American duo Sandy Smith and Jack Montgomery. Sandy's harp is right out front, carrying most of the melody lines, and her precision, proficiency and delicacy are sumptuous to the ear. This recording is simultaneously soothing and lively, stands up to repeated listenings, and is a perfect blend of New Age and international elements. Timeless and beautiful; if you were to represent it visually, your picture would be full of sparkles...fitting, since Platero is the Spanish word for silver. Highly recommended! Cassette only. (Platero C-1001)

**Platero**  
**Aventuras** 9.95  
 As perhaps suggested, more adventurous than their first! While they adhere once again to a varied classical-Latin American repertoire—Paraguayan, Argentine, Venezuelan, Mexican, Brazilian—the instrumentation has been expanded with assorted percussion, Andean flutes, bass, and some heavenly vocalizations by guest artist Alegria Broughton, creating a fuller sound, yet with the harp retaining a central voice. Again, their effort possesses a long life for repeated listenings, and this one is also highly recommended! Includes Malagueñas. Cassette only. (Platero C-1002)

**Sabia**  
**Portavoz** 9.95  
 A late '85 release from these accomplished troubadours of Latin American New Song, now a 6-person ensemble, and growing! This album, with the additions of a little synthesizer and bass, is a bit more rhythmic in the modern sense. They present a repertoire of political and liberation songs about the people of Nicaragua, El Salvador, Bolivia, and other parts of the globe. About a third is instrumental, a third in Spanish, and a third in English. Specify LP (Flying Fish 412) or cassette (Flying Fish C-90412)

**Sabia**  
**(Title Unknown at Printing)** 9.95

**Sabia, project co-ordinators**  
**Hear Our Voices: Songs from Salvadorean Refugees** 6.95  
 This group of U.S. and Latina musicians went to a Salvadorean refugee camp in '83 and compiled this cassette as an educational tool, so that North Americans might understand their situation, and fight against U.S. military and economic intervention. The songs, sung in Spanish of course, are mostly performed by women and children (apparently the majority of the camp population) and depict their past and present lives—with all the harsh details—and future hope. Cassette only. (Sabia C-2)

**Giron, La Victoria** 9.95  
 Sara is the first woman who is considered to be part of the Nueva Trova Cubana—the New Song Movement in Cuba.  One woman (Quentin Howard) and 2 men (Omar Sepúlveda and Carlos Crespo) comprise this group which took its name from the ancient Quechua culture, meaning "open the earth and prepare for planting." Their music articulates the spirit of the Andes, with its rhythmic and tonal complexities yet message of simplicity. **Ashira**  
**Songs By and For a Jewish Woman** 9.95  
 Ashira is the pen name of a Jewish woman living in Jerusalem who performs in concert for women only—not a separatist (she is married) but obviously one who recognizes the value of such events! This is her unique album of multi-styled original songs, in English plus a little Hebrew, which carry on the tradition begun by Miriam of Jewish women creating their own music. In her notes, she follows the Jewish custom of using examples from the Torah and the Talmud as well as writings of respected teachers. Includes *Woman*, *Karen*, *Ayelet Hashachar*, *Queen Esther's Prayer*. Jacket remarks "Dear Listener, Did you know that any and all reproduction of commercial records and tapes such as this one, including 'just one cassette for personal use only' is strictly forbidden by Jewish Law?"! Specify LP (AG 516) or cassette (AG C-516).

Many beautiful harmonies; both titles by Ashira recommended. Cassette only. (Jerusalem Media Project C-1)

 "From generation to generation Jewish song has provided a rich legacy for its dispersed people—a binding force for ethnic consciousness, a continuous musical expression of a culture, a history, a religion." And these two Canadian women, Merida Sachs and Shirley Steinberg, feel that although the songs are all in Hebrew and Yiddish, they have a universal quality and also want to share them with a non-Jewish audience. Translations included. It's an exceptionally lovely recording, with beautiful instrumentation by Kathryn Moses on flute and others. It includes a wordless Chassidic melody, modern Israeli compositions, a Yemenite folk melody, and *Dona, Dona*, a Yiddish folk melody. Highly recommended. **Lauren Pomerantz**  
**Jewels of the Sephardim** 9.95  
 Subtitled "Songs from Medieval Spain," this totally unique volume contains songs in Ladino (Judeo-Spanish) which originated between 900 and 1300 A.D. on the Iberian peninsula, at which time a marvelous cultural exchange was occurring between Hebrews, Arabs (Moors), and Christians (Spaniards). This ceased in 1492 with the Inquisition, and the Sephardic Jews scattered into mid-eastern, Mediterranean and North African areas. Since then the music has been passed from generations via the oral tradition. Lauren has done much of the research for this album. Her voice is just lovely and she also plays medieval fretted dulcimer, to a background of flutes and percussion. Lyrics in Ladino (15th century Castilian, almost identical to present-day Spanish) with English translations included. Specify LP (AEA 1401) or cassette (AEA C-1401).

### Heather Bishop Bellybutton

Rated the top children's album in 1983 by the CBC—Canada's national radio network—this is assuredly one of the more delightful kids' LP's around. Half the songs are by Connie Kaldor, and they're terrific (she also does back-up vocals). There's if you love a hippopotamus ("and you love her a lotamus") and title song: "Oh my bellybutton I love you... You're the only friend I have—the one who really cares/cause every time I need you—you're always there... When things get down and looking kinda grim I simply lift up my shirt and stick my finger in..." Also a song by Ferron, *Boom Boom*, which was on her 2nd now-out-of-print LP. Some great rock, country, and good-time instrumentation. Heather produced and mixed. Specify LP (Mother of Pearl 003) or cassette (Mother of Pearl C-003).

### Heather Bishop Purple People Eater

Well folks, we looked out! Heather Bishop decided to focus her considerable talent, wit, and warmth on another kids' LP. Opening with a moving rendition of *Ghost Riders in the Sky* complete with female pronouns, she then swings into *The Fairy Song* and the rollicking *The Name Game* ("Shirley Shirley bo birley..."). *Winter Lullabye* will soothe sleepyheads of all ages, as will her gentle version of *Somewhere Over the Rainbow*. Connie Kaldor, Tracy Riley & Iena Zaremba contribute inspired back-up vocals and again, production and instrumentation is highly sophisticated. Recommended for pre-school, middle young. Specify LP (Mother of Pearl 005) or cassette (Mother of Pearl C-005).

**Janet & Judy**  
**Words 'n' Music** 8.95  
 It's devoted to the topic of word skills, but don't be deceived—this whole album is an energy-charged, top-fun adventure which fortunately sneaks learning in painlessly and easily. Astronomy, biology, zoology...my favorite is Not Nearthling from What Can We Do to Save the Planet, who tells us how to save our planet by not wasting water, not polluting, having selectivity, and recycling our newspapers (because their needs begin with the letter "n"). Hot beats, terrific music, great stories...highly recommended! Specify LP (Janet & Judy 003) or cassette (Janet & Judy C-003).

**A Necklace of Raindrops and Other Stories** 9.95  
 Very special and highly recommended! Reading from her own works, the author of over 30 children's books displays an almost unparalleled inventiveness, fancy and fantasy, communicated with remarkable poetic imagery. Her storytelling style is quite engaging, the tales are fast-moving, as she relates the story in which Laura goes to Arabia to search for her magic necklace; *There's Some Sky in This Pie*, a pie which magic-carpet-style transports an old woman and man to a new part of earth, all because she'd baked a piece of sky into the pie. *The Elves in the Shallows* and three others. **Judith Viorst**  
**Alexander & the Terrible, Horrible... Very Bad Day** 9.95  
 "If a person is having a terrible, horrible, no good, very bad day, one of the things she can do is go to Australia. Another thing she can do is holler and cry. Another thing she can do is sulk in her room; all full of gloom. Or kick the door. Or eat a whole peach pie. Another thing she can do is write a book." And we're glad this one did! Her writings, read perfectly brilliantly by Glythe Danner, are very humorous and realistic, rooted in her own (obviously sharp) memories of childhood. # "meh'n's music"

Two years ago we began carrying this "Meh'n's Music" section, music is by gay and pro-feminist men, because many lesbians and other women want a source for it; because much of it is lesbian- and women-positive; because many of the bookstores we serve want to carry it; and because we wish to be supportive of the efforts of the people who put it out. Of course, it was and is a controversial issue! In 1987 we asked how you felt about it appearing in our catalog, and we got passionate feedback from many perspectives! More people were in favor of it than opposed to it, so we continued; but everyone who wrote had something important to add to the discussion. We enjoy knowing what you think, even when we don't write back, so please feel free to continue communicating your opinions on this and other issues.

**Michael Callen****Purple Heart**

9.95  
If his name sounds familiar, it may be because Michael, a musician who has been battling AIDS since 1981, has been in the forefront of organizing for AIDS support and education: testifying before Congress, editing publications, appearing on major TV shows, participating in fund-raising events. His recording is high-energy, celebratory, and very frankly about sexuality, passion and love ("how to have sex in an epidemic" without getting caught up in the politics)...from *How to Have Sex*. Songs include *Where the Boys Are*, *Me & Dickie D* (his Nice Jewish Boy), and *Living in Wartime*, performed with band-partner ex-Deadly Nightshade Pam Brandt. He thanks Lesbians and feminism in his notes. And, he's got a real nice voice, with amazing vocal endurance. Enough to recommend it highly. Specify LP. (Significant Other 861) or cassette (Significant Other C-861).

**Romanovsky & Phillips****I Thought You'd Be Taller!**

9.95  
An energetic, humorous, loving, campy, gay-affirming album, as evidenced by some of the song titles: *Womb Envy*, *The Prince Charming Tango*, *Cladette Case*, *It Can Have! At-Home*, these guys are simply the cats p.i.x., the crown princes (ees) of the Renaissance of gay men's music...don't miss an opportunity to see them live! Specify LP (Fresh Fruit 101) or cassette (Fresh Fruit C-101).

**Romanovsky & Phillips****Trouble in Paradise**

9.95  
Dedicated to gay and lesbian activists around the world, this LP practically leaps out of your speakers and turns your immediate environment into a spickin' carnival of gay delight. Produced by Teresa Trull, it's one of the finest examples of music/commentary/comedy to emerge from the growing genre of political gay men's music. You can't listen to some of the songs—*What Kind of Self-Respecting Faggot Am I?*, *Wimp Gull Trip*—without feeling, at the very least, very amused at seeing yourself in them...also includes *Homophobia* and some great advice for Ronnie and others, *Don't Let Your Penis (For a Brain)*. Instrumentation is sophisticated; some of the best of Bay Area talent put in an appearance. Highly recommended. Specify LP (Fresh Fruit 102) or cassette (Fresh Fruit C-102).

**Romanovsky & Phillips****Emotional Rollercoaster**

Returning to more of an acoustic sound, the third album from the "queens" of political camp (and we don't mean Camp David!) is again chock-full of humor and social commentary. It's as gay and lesbian-positive as the others, with even more political determination because of the fight against AIDS and the renewed homophobia from the right. The empowering *Living With AIDS* could be the theme song of our generation—and makes this album a must for everyone. And from an expose of the absurdity of the Crimes Against Nature laws to the rallying cry for unity and responsibility in the face of AIDS fear ("We don't have to sacrifice our passion or our pride, we just have to be on the safe side"), and the humor of *My Mother's Clothes*, *Waltz for the New Age*, *Straightening Up the House*—a la Kate Clinton, Ron and Paul demonstrate they know that the personal is political. Very highly recommended! LP (Fresh Fruit 103) or cassette (Fresh Fruit C-103): 9.95...CD (Fresh Fruit CD-103): 16.95

If you have never received a Ladyslipper Catalog before this one and have never requested one by phone or mail, or if you picked this one up at a concert or festival without signing a Ladyslipper Mailing List sheet, chances are excellent that you're not on our mailing list. If you'd like to be, because you plan to order in the future, please fill out and mail the above form; but please do so only if you can make the commitment to notify us of address changes. We're glad to send catalogs to interested friends too; donations of a couple of dollars for each will help defray printing and mailing costs, and are much appreciated.

We do swap our customer list occasionally for one-time-use with other similar organizations; this is how we reach new customers without paying prohibitive rental fees. If you don't want to receive mail from anyone else, we can keep your name in a separately-coded file if you send \$2.00 for the Mailing List Privacy Fund.

Some of you will receive more than one catalog, because you are on mailing lists of several women's organizations in addition to ours. We can't always eliminate this kind of duplication, so would appreciate it if you would circulate extra catalogs to friends.

**PLEASE SEND US A CHANGE OF ADDRESS CARD EACH TIME YOU MOVE!** If you don't, we have to pay lots of money for the return, it's a waste of a perfectly good catalog, and there's a good chance you won't receive next year's catalog, which will be even better than this one!

**IF YOU ARE A COLLEGE STUDENT** please send us your permanent address for our mailing list, or let us know you are faculty or otherwise longterm.

Foreign countries including Canada: Mastercard, Visa, postal money order, or international money order in US dollars only!

**PHONE ORDERS AND INQUIRIES:** You may charge Mastercard and Visa orders by phone on our toll-free line: 1-800-634-6044. For all other inquiries, please call 919-683-1570. We can take your call Monday through Friday 9:00 a.m. to 6:00 p.m. Eastern time. For charge orders, please have your order blank filled out, your charge card handy, and please read us your charge number very carefully! If you are calling to inquire about your order, please have a copy of your filled-out order blank on hand so we can quickly ascertain where in our manual system your order will be found. If you have items on back-order, you'll need to be able to tell us what they are.

**FAX ORDERS:** You may fax your charge order; our fax line is 919-682-5601.

**SHOPPING IN PERSON:** You are invited to visit our Listening Room and to shop at our Durham location, anytime you are passing through North Carolina! We are open Monday through Friday 9:00 a.m. to 6:00 p.m., and in the fall we will have some additional weekend hours; please call ahead for our fall schedule.

**FORMAT:** Some recordings are available only on LP or only on cassette, as indicated in the description. If you order, for instance, a title which is only available as a cassette, and you check the LP box, you will be sent the cassette, and any returns will be at your own expense. SO PLEASE ORDER CAREFULLY!

**BACK ORDERS AND ALTERNATIVES:** If we are temporarily out of stock on a title, we will automatically back-order it unless you include alternatives (should be same-priced titles). Listing alternatives will give you faster service. If we back-order for you, you may contact us at any time to instead choose a substitute, credit or refund. If the recording should become unavailable, we'll send you credit or refund.

**ADDITIONAL ORDERS:** If you've used your order blanks, use a plain sheet of paper, and indicate artist, title, format, label and stock number, quantity and price; add postage/handling, give your name and address, and enclose payment.

**GIFT ORDERS:** We'll be glad to send your gift orders directly. You may enclose your own gift card; please indicate whether you'd like us to enclose a catalog. If you don't specify, we'll send one.

**RECEIVING:** You should receive your shipment 4-6 weeks from the time we receive your order if you have specified special fourth class; sooner for UPS or second day air. Please notify us if you have not received a shipment. Please remember that mail travels much slower during December.

**SECOND DAY AIR SHIPMENTS:** Second day air means two days in transit from date shipped, not date ordered. We will give priority to second day air shipments, and we usually ship within 48 hours unless the item is out of stock, but cannot guarantee arrival date. Best to phone in second day air shipments.

**CATALOG EXPIRATION AND PRICES:** We will honor prices in this catalog (except in cases of dramatic increase) through September. After that, when our new catalog will be in circulation, these prices are subject to change.

**BOUNCED CHECKS:** \$5.00 service charge on all returned checks.

**NC SALES TAX:** North Carolina residents must include 5% sales tax.

**RETURNS:** Occasionally recordings are damaged in some way. We hope you never receive a defective record or tape from us, but if you do, please return it with an explanation of the problem and we'll replace it immediately with another copy of the same title. # Can the women's movement reach you?

Sign up if you would like to receive mail in any of the feminist interest areas listed on this registration form. Grassroots women's organizations will then be able to mail to you to keep you informed about feminist events, actions, publications, and services.

By filling out the registration form, you alone determine what kind of organization and/or individuals can mail to you. You will only receive mailings in those areas you have designated, and only from organizations whose characteristics you have authorized. Your wishes will be absolutely respected.

MAIL TO: Women's Information Exchange • P.O. Box 68 • Jenner, CA 95450

ORGANIZATIONS: Send for organizational registration form or for information about using the mailing list.

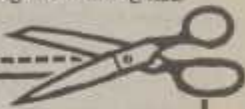

SEEING IMPAIRED: Write for larger form.

The NATIONAL WOMEN'S MAILING LIST is the first national feminist technological resource and provides a new communications channel for women's organizations. Thousands of women's organizations throughout North America have contributed their support to create this network for all feminists to use.

Because networking is essential to the survival of the women's movement, you may register without paying a donation. However, the ability of this network to grow is dependent upon the amount of money received. Donations of \$3.50 pay the costs associated with processing your registration form.

Donations of \$10 or more allow us to print and distribute NATIONAL WOMEN'S MAILING LIST brochures to thousands of women who are not yet part of the network. The Moral Majority claims to have 10 million anti-feminists in their network. Women too, must join a network which serves women's needs. **HELP BUILD THE NETWORK, REGISTER TODAY.**

\*Feminist is understood to include recognition of the unequal status of women economically, socially, culturally, and politically and a commitment to redress this condition. —Women's Foundation

### BITCH: The Women's Rock Newsletter With Bite

A funny and terrific magazine about female rock and heavy metal artists, among other topics. Their articles are varied, informative, definitely devoted to providing coverage of a diverse group of women performers, from Ruth Barrett and Cynthia Smith, to Donna Warwick. It's a perfume-signing event, to the Leather Panties, Great extras too, such as generic do-it-yourself concert posters you can fill in and have printed, and humorous cartoons. For subscription info, write San Jose Face, Suite 164, 478 W. Hamilton Ave., Campbell CA 95008 (Bitch).

### Hot Wire: A Journal of Women's Music & Culture

This excellent tri-annual publishes lively and informative articles on women's music, art, film, theater, literature, and more. It reports on new record releases, festivals and upcoming events, musical foremothers, profiles of behind-the-scenes women, news and announcements. Rarely is there an article that this reviewer doesn't read and enjoy from start to finish; and in fact, the magazine is LadySlipper's nominee for "outstanding achievement in women's music and culture." Manuscripts on any aspect of women's music and culture invited. We urge you to write for subscription info: Hot Wire, Empty Closet Enterprises, 5510 N. Wayne Ave., Chicago IL 60640 (Hot Wire).

### Women's Music Archives

This group chronicles and preserves the history of women's music, and they have a huge collection. For more information, write them at 208 Wiltshire Lane, Fairfield CT 06430 (Archives).
