CUSTOMER #: For faster service please have your 6-digit customer number ready. If this is your first order, we'll need the last 3 digits of your social security number to create your unique customer #.

SHOPPING IN PERSON: You are invited to visit our Listening Room, now located at 3205 Hillsborough. Road in Durham, anytime you are passing through North Carolina! We are open Monday through Friday 10:00 a.m. to 7:00 p.m., and Saturday 11:00 a.m. to 5:00 p.m.

BACK-ORDERS AND ALTERNATIVES: If we are temporarily out of stock on a title, we will automatically back-order it unless you include alternatives (should be same-priced titles). Listing alternatives will give you faster service. If we back-order for you, you may contact us at any time to instead choose a substitute, credit or refund. Your packing slip will serve as your only back-order notice. If the recording should become unavailable, we'll send you credit or refund. All back-orders are shipped ground.

Please notify us if you have not received a shipment or a back-order notice after that time has elapsed.

SECOND DAY AIR SHIPMENTS: Second day air means two days in transit from date shipped, not date ordered. We will give priority to second day air shipments, and we usually ship within 48 hours unless the item is out of stock, but cannot guarantee arrival date. Beat to phone in second day air shipments. All back-orders are shipped ground.

BOUNCED CHECKS: \$15.00 service charge on all returned checks.

We hope you never receive a defective item from us, but if you do, please return it within 30 days with an explanation of the problem and we'll replace it immediately with another copy of the same little. Sorry, we are unable to exchange or refund opened items unless they are defective.

Some recordings are available only on CD or only on cassette, as indicated in the description. If you order, for instance, a title which is only available as a cassette, and you check the CD box, you will be sent the cassette, and any returns will be at your own expense. SO PLEASE ORDER CAREFULLY!

LADYSLIPPER ON-LINE!

http://www.ladyslipper.org

The Ladyslipper On-Line Catalog and Web Site – the Internet's most comprehensive site on Women in Music so far – made its debut in the summer of 1996. Our full catalog is now on-line, searchable by artist or title and browsable by section, with over 1200 downloadable sound clips, expanded artist information and more! You can now set up an on-line account, and do some or all of your ordering on-line!

We're excited to make our information accessible to people all over the world, especially to those who don't already know about our resource but are searching for information on the artists and music we feature.

We hope you'll explore it, and let us know your thoughts and suggestions! We are continuing to make improvements, and will be adding more information as time goes on.

Hundreds of people are now visiting our site each day. It's thrilling to pour over our Web Report each morning and actually see which artists people were looking for . . . we can see the referrals from the search engines like Yahoo, with the exact words people typed in! And some people find us through other sites who have already linked to ours.

But we would like to see thousands of people at our site each day, and need your help. If you are a Ladyslipper supporter and are on-line, there's lots you can do to help our site get the exposure it needs; please consider being a Slipper Surfer! You can help spread the word about our site wherever you go on-line where there are folks who might be interested in Women in Music.

Talk about our site (we hope you'll say good things!):

In newsgroups

On bulletin boards

On chat lines

In interest groups and listings on:

AOL

CompuServe

Prodigy

Help us get listed in directories.

Place a link to our site from your page if you have one, and ask others to do the same, if it is an appropriate place.

Subscribe to our E-Mail List and post our "New Release Information" on bulletin boards, newsgroups, etc.

If you're not on-line yet, perhaps you have friends who are; you might suggest an evening of surfing and exploring together!

Some of you have already put the word out there, and we appreciate it! Thanks – and be in touch with your suggestions, ideas and comments.

LADYSLIPPER LISTEN LINE: 919-644-1942

Remember wishing you could hear some of the albums which sound so intriguing in their descriptions? Now you can! We are pleased to offer readers the opportunity to actually listen to samples of music from many of the titles we list! We want you to know what they sound like, and that's why we annotate them, but language can only go so far in describing the art of music, which is always way beyond what mere words can convey. Until the day comes when each of you can spend weeks in our Listening Room, our Listen Line is the next best thing.

All album titles which have a phone symbol () in the upper right hand corner of the description are now accessible by touchtone phone; just dial 919-644-1942 any time day or night, and listen for instructions. When prompted, enter the 4-digit Listen Line selection number (next to the) of the album you wish to preview, and you can hear up to 3 tracks per title.

Some tips: Press the [*] key anytime you need help or instructions. Press the [#] key to return to previous menu. Press [4] for previous track; [5] to repeat track; [6] for next track. If you are previewing by category such as New Additions, press [1] for previous album; [2] to repeat album; [3] for next album. You can also press [7] to lower the volume or [9] to raise the volume. If you wish to place an order directly from the Listen Line during our normal business hours, return to the main menu by pressing [#] until you're there; then press [0]

Some titles with Listen Line selection numbers are "coming soon" (not "on line" yet), so we'll add them as they arrive keep checking in. We hope to add new titles each catalog, so be sure to stay on our mailing list. We hope this feature awards you an informative and enjoyable interactive experience. Have fun browsing!

BUY A BRICK, BUILD OUR FUTURE

From the first LP sold over 20 years ago, to a 10,000 square foot building on a main thoroughfare of Dumam... Join us as we celebrate our journey to our new home, and recognize and memorialize our supporters! Our new building is symbolic of our growth, which has taken place slowly over a period of years, day by day, brick by brick. The people and organizations who have known us and supported us over the years are our foundation and the reason we are here. We now invite you to place your name permanently in our new building.

Ladyslipper began in 1976 as a 4-page resource guide devoted to the musical accomplishments of women artists. The initial hope was to create a comprehensive guide to all the recordings women had ever made, and (underestimating the reality) we expected there might be hundreds of them. The stores and catalogs we were familiar with had but a handful. To our surprise, when we went to our local university music libraries (with otherwise large collections) to research this project, we found virtually no recordings by women at all!! Clearly there was a need for information about Women in Music, as well as for the accessibility of these recordings.

In the past 20 years, the second wave of the women's movement — composed of and inspired by the music, arts, culture and ideas — grew with and alongside Ladyslipper. Works by women are thankfully more visible and available now, but still comprise too small a percentage of many library, school, store and personal collections. The achievements of many great women musicians are still not known and recognized by large portions of the general public.

Ladyslipper's purpose has consistently been to heighten public awareness of the achievements of women artists and musicians, and to expand the availability of recordings by women. We publish the world's most comprehensive Catalog & Resource Guide of Music by Women, which has given millions of people information about and access to recorded works by an expansive variety of female musicians, writers, and composers. Many public and university libraries have added large portions of the catalog to their collections; thus the recordings are accessible to much larger populations, and are archived at the same time. This 88-page annotated catalog includes all genres of music by women, plus non-sexist recordings for children, non-sexist recordings by men, video recordings, songbooks and music-related books.

And our work has extended beyond our catalog. As a small independent label, we have issued albums by artists like Ubaka Hill, Libana, Casselberry-DuPree, Kay Gardner, Nuru, Lisa Thiel, Rhiannon and others, in order to further new musical and artistic directions for women artists. Over the years we have had the opportunity to bring some wonderful artists into our area for performances. The new Ladyslipper Listen Line now enables anyone with a touchtone phone to hear samples of music over the telephone.

In a variety of ways, we have accomplished many aspects of our original vision of fostering recognition for women artists. The name Ladyslipper, originally chosen to reflect the endangered wild orchids native to North America, can now symbolize the preservation of another beautiful and irreplaceable gift to earth's inhabitants: the voices of women. But there's still much more work to be done!

Now, Ladyslipper has taken another bold step. On May 26, 1995, after over 2 years of negotiating and preparing, we made a down payment on our very own building. Thanks to your generous support, we have moved to our new home and begun renovations. This 10,000 square foot space is full of possibility and promise, and a great sense of permanence. With the help of people like you, we will pay off our mortgage in 10 years or less. We aspire to be here for many years to come, and to continue to serve you, and your daughters, and your daughters!

Our new home is already inspiring new ideas, dreams and visions! Over the next 10 years, we hope to implement at least some of the following: an Internet catalog and information database of Music by Women; an expanded women's music archive; a multi-purpose performance space; a syndicated women's music radio show; a journal devoted to Women in Music. Someday, we may even be able to accomplish our original and lofty goal to create a guide to all available works by women! Since there are millions of them, this would fill a physical volume larger than a thousand Oxford English Dictionaries... but perhaps the developing electronic media will one day make this possible!

Not all these ideas and visions can become realities tomorrow, and they can't happen without your participation. More than ever, we ask for your financial support. Ladyslipper is non-profit, tax-exempt so all your donations are tax-deductible. To make a permanent record of your contribution to Ladyslipper, you have several choices:

* BUY A BRICK FOR \$100

For your \$100 donation, we'll engrave a plate on a brick in your honor.

* MAKE A GOLD RECORD FOR \$500

For your \$500 donation, we'll put your name on a "Gold Record" plaque in our Listening Room.

* MAKE A PLATINUM RECORD FOR \$1000

For your \$1000 donation, we'll put your name on a "Platinum Record" plaque in our Listening Room.

You may buy one brick or several (someday we'd like every brick in our building to be named for one of our supporters)! Remember, each brick or plaque is a tribute to your belief in the importance, power, and permanence of Women's Music. You may dedicate a brick or plaque as an individual, a couple, or a group. Some companies will match your charitable contributions (see your employer for details).

Be partners with us in our new home and in all our endeavors. Dream and create with us the ongoing presence and continuity of an organization, and a world, which honors the achievements and contributions of Women in Music . . . and which values our herstory, our present, and our future.

Please call us to make your contribution by phone, or fill out and return the form below. Thank you again for all your ongoing support; you've made all this happen!

P.S. As of September 1996, we have 63 dedicated Bricks, 4 Gold Records and 2 Platinum Records. Our goal is to dedicate 100 bricks, 10 Gold Records and 3 Platinum Records by the end of 1996. Won't you help us reach our goal?

MAILING LIST INFORMATION

If you have never received a Ladyslipper Catalog before this one and have never requested one by phone or mail, or if you picked this one up at a concert or event without signing the Ladyslipper Mailing List, chances are excellent that you're not on our mailing list.

If you'd like to be, because you plan to order in the future, please fill out and mail in the above form. We're glad to send catalogs to friends too; donations of a few dollars for each help defray printing and mailing costs.

If you received this catalog but do not want to be on our mailing list, check the code above your name on the mailing label. If it doesn't begin with SB, CW, LR, or LS, you are probably NOT on our mailing list, but rather on someone else's list that we mailed to on a one-time basis. You should

contact the companies you order from through the mail, and publications you subscribe to, and ask them not to exchange or rent your name to other organizations.

If you are ordering from us and do not want to occasionally receive mail from other like-minded organizations (all exchanges or rentals are always for one-time use only — your name would never become part of someone else's permanent file under any circumstances, unless you order from them), ask when you place your order with us to be on our "Privacy List."

Some of you may receive more than one catalog, because you're on mailing lists of several organizations in addition to ours. We try to eliminate as many duplicates as possible, but the computers don't catch them all, so would appreciate if you'd circulate extra catalogs to friends.

HOW LISTINGS ARE ORGANIZED

Recordings are organized into categories and then alphabetically by first name. We do this because as women. It is trained have been more truly our own. Our last names have usually been transferred to us in a patrilinear fashion; historically, husbands and fathers were legally the property owners of the women in their families; and sometimes surnames actually came from slave owners or immigration officers. So our alphabetization-by-first-name method is a small gesture toward acknowledging and aftering these customs. Some artists have listings in more than one category. We don't have space to cross-reference, so be sure to check the artist index (which is alphabetical by fast name), in addition to reading through the entire catalog at least orice!

HOW TO CELEBRATE OUR 20TH?

It's Ladyslipper's 20th Anniversary! We're thrilled to have made it this far, and without your support, we couldn't have. We appreciate you and thank you from the bottom of our hearts! You inspire us to create an exciting and diverse resource, so that this wealth of music and culture can be known and shared for generations to come. We have many hopes and dreams for the next 20 years. As we look ahead, it's important to remember that we can't take each other for granted.

1995 unfortunately brought the demise of many women's and independent book and music stores, and more continued to close during the first half of 1996. One of the oldest women's bookstores in the country had been planning their 20th anniversary celebration; instead they had to change course to plan their closing. This trend is often related to the new book and chain superstores and discount houses opening in many communities. We're happy that some women's titles are now more widely available, especially in areas without specialized stores. And we know that sometimes the consumer can save a few dollars by shopping in the mega-stores.

But we all must ask ourselves, "What is this store/service worth to me?" If the women's store is worth \$2.00 to you, we hope you will make the choice to shop there, and spend the extra \$2.00 to support the continued viability of an institution with a greater commitment to ideals like yours (and usually a much better selection).

Ladyslipper is no exception. 1995 also brought us the largest increase in paper prices we have ever experienced, and in addition, the music industry in general suffered quite a slump. This has made it significantly more difficult to fund the publication of such a large catalog through revenue from sales of recordings, unless more of you place an order. In fact, if everyone who enjoys this catalog would send us just one order per year—or better yet, one per catalog, our catalog would have no problem continuing infinitely! Please ask yourself, "What is the Ladyslipper Catalog worth to me?" We hope you'll decide it's worthy of your orders and your support!

While you're contemplating this question, we'd like to share some ideas for celebrating our 20th Anniversary with us... In fact, we came up with 20 of them.

LET US COUNT THE WAYS ...

This Canadian harpist, keyboardist, composer and single brings such a classical affinity to Cess maric, you'd swear she was the reincamation of Childe, or someone equally influential on the genes. Some of it is influed with pre-Christian pagan imagery and senabaty, such as her opening piece All Soulis Night and the instrumental Target to Evera, written for the farming Times. This is not to say she doesn't add other influences on this 1991 album; hear the italian rist coloring Courtyard Lurlaby, or the Tore Warts-inspired version of Greensteenant And her indescribable musical rendition of Tennyson's poent The Lady of Shaloff. Belore we encountered this 1985 album, the only thing we'd
known about Cheryl was that she performed on the Larina

alticing, vibrant, compelling, very rich and resonare, and we recommend if on this count alone. Her songs are vignettes, best
cut may be Behind the Barn, a fourthing duer with Jonathan

seems to be quite a Cheryl Wheeler fan. Styles are folkpop

READERS' COMMENTS

"Y'all are absolutely incredible!!!! I placed my order online Sunday night, and today (Wed.) Mr. UPS delivered it! The order was complete (and is being happily 'consumed' right now. :))) Thanks to whoever got your web site completed and also to the little 'elves' who pack orders. BTW, these comments are from a lifelong (i.e. since the brown 4 page catalog in 1976) Ladyslipper fan and customer. :) Keep up the great work!"

"I just want to thank you for existing. You've changed my life..."

"Today I received my first Ladyslipper Catalog. I don't know how you found me - I'm very glad you did. I was feeling down about some difficult news. What better way to lift my spirits than shop for up uplifting music! Congratulations on your 20th Anniversary. I'm glad you found your way to me out here in rural CT - miles from a wimmin's music store!"

"I would really appreciate it if you would be so kind as to remove me from your mailing list. I do not appreciate being on your mailing list because I don't feel that the material is appropriate for people who do not wish to remain homosexual... I really do not know why I even asked you for a catalog in the first place. I use to be a homosexual but I've been washed clean by the precious blood of Jesus Christ of Nazareth."

"I miss the testimonial pages that you used to put in your catalogs - they were a hoot!" (Ed. Note: Your comment was taken to heart!)

"I found the listen line very helpful - it's so hard to describe music. I ordered more than I planned to!"

"Did you know that most women musicians, artists and performers from 1930-1970 have FBI files? I've been asking for them and getting them. Why don't you make a list of 2 or 3 dozen and see for yourself?" (Unsigned, no return address)

"I've filled out the order blanks many times and never sent them in. The listen line is what got me to go ahead and order. Great idea!"

"I'd like to take this opportunity of thanking you for truly outstanding, exceptional, excellent service. I ordered almost all of my holiday gifts by mail this year, and Ladyslipper is by far the most dependable place I've ordered from. A couple of places, from which I had requested 2nd Day, only sent out my orders after I had called several weeks afterward! But with Ladyslipper, when I request an order to be in by a certain date, it is!... Also, throughout the years, you've always been extremely helpful when I've called requesting certain information. So thank you so much for your very excellent, friendly, dependable, feminist service! You're wonderfull."

"I'm writing to tell you just how much I really appreciate and enjoy the catalog. I'm a 15 year old lesbian, and I really don't much like ordering women's music at local outlet stores, let alone taking that Fem-2-Fem or Holly Near tape I might find (they actually do have a stack of Fem-2-Fem singles at the WALL here... wow. How progressive! How daring! How they stare at me when I pick one up!) up to the zit-faced-minimum-wage-earning-ex-Gap-slave-cashier. I have a teensy problem with confrontations. So having your catalog on hand is a real relief... I haven't ordered YET, because I'm kind of short on cash right now, but I can't WAIT til I have some and then you all better look out!"

"This is one of the best music catalogs!!! (Best variety.)"

Listen Line: 919-644-1942

"I wanted to tell all of you how great I think Ladyslipper is. I can't imagine the kind of work that goes into running a business that runs as smoothly as yours. When I visited Ladyslipper over a year ago it felt great and everyone made us welcome in a new town. Thank you for keeping it allve. And happy 20th."

"Hey, great to have you online! Your catalog is one of my favourites, it's nice to be able to explore it virtually too. Keep up the great work and the cool web site."

"What a pleasure doing business with such an ethical company!"

"What is the Ladyslipper Catalog worth to me? Let's see. Twenty minutes wasted trying to find one product of value. At least 20 dozen false spiritualities I don't need. Your artists are chasing their tails! There is but one truth in this universe and it is God the creator - we may not like the truth - but we are not at liberty to make up our own! I pity you. It appears you will suffer God's wrath." I wish all could be saved! Please remove my name from your mailing list! "Rev 21.8, Romans 1.21-32, Romans 2.1-9, etc. Check it out!"

"What I like about Ladyslipper is that you'll find everything from Yma Sumac... to Billie Hollday. I found some stuff that I'd been searching for for quite a while... albums that I thought were out of print, as well as my favorites. My recent order from Ladyslipper went through flawlessly. The phone staff was knowledgeable and efficient; they knew what they had in stock and what they were out of, and I received my order, correct and complete, promptly."

"Thanks for sending me the catalog, which is full of wonderful records, as usual, that I never see in German shops."

"The Ladyslipper Catalog continues to be a source of great pleasure in my life. Your selection is fantastic and the reviews and listener line are a great help. It sure solves the CD buyers remorse that we've all experienced. Thanks for being there!"

"I am neither lesbian, militant feminist, or oppressed minority. I am a member of the now-maligned white, straight, traditionalist middle class. Please remove my name from your mailing list."

"You are a goddess-send to the women's community and to all humankind at large. Thank you for all the years of excellent music and service and for the chance for women to be heard, whether in song, book, video, art or craft. Y'all are the absolute greatest."

"You and your beautiful catalog have played a special role in my life. A friend in Seattle passed along an extra catalogue to me about 3 ½ years ago. In that time, I've only been able to order 3-4 times because I have very little disposable income, but each time, I have ordered an exciting 'feast' for myself. I spend days deciding on exactly what I'd like with the \$1 have to spend. I pour over the catalogue again & again, making sure I get just the right music! Your detailed descriptions, all the woman-identified music, the proud feminist & lesbian statements - It makes the catalogue feel like a magazine rather than just a catalogue! Thank you!" (The writer then listed 20 beautiful Affirmations for Ladyslipper.)

"Your 'listen line' is great! When Hot Wire stopped, I wondered how I could sample great women's music. This is it!"

"Thank you for being there! I don't know where else I'd be able to find such wondrous music - especially since I'm still in the 'cassette era', no CD player yet. You guys are the very best!"

"I don't have much extra cash these days but I'm enclosing a few extra bucks. I always love ordering from Ladyslipper! Thanks for the great service!"

"Dear (?) ??? Whatever you are, take my name off your mailing list. What a sick catalog. God forgive you. Leviticus 18-20, 1 Corinthians 6:18-20. Flee from sexual immorality. All other sins a man commits are outside his body, but he who sins sexually sins against his own body."

"Thanks so much for the Ladyslipper Listen Line. Not only do I get to preview (pre-'hear') great music, but when my work day is more than I can bear, I call up #'s 0231 and 0348. Tracy Drach and Libby Roderick remind me of what's important in this life and give my soul enough of a snack to make it through the day. (Who needs chocolate?)"
