

Dear Robin.

Please Please don't lose this ~~list~~ list -
I would hate to lose contact with some of
these really beautiful women!

I hope you can write a letter to go
along with the copies which would invite,
encourage and involve these women. ~~This~~ in
the demonstration. I wouldn't want it to

be a N.Y. thing with N.Y. enthusiasm only.

An important thing these groups, especially
Chicago, could do is to:

- ① get the ~~is~~ ~~is~~ "press release" into the
local underground + overground media.
- ② Use it as a tool for moving
straight womens groups into the
Rad. Wom. Lib. movement.
- ③ etc!

I'm not suggesting we tell anyone what to do (although I am) - but the Miss America action is just too valuable to lost in distant cities as a tool.

I'm really sorry I can't help tomorrow, but if you'll be working into the evening, give me a call at work. This time ask for the Coding dept. first.

See you soon -

Susie

Oryes - I have the names of 4 more women interested in an "inside job" - ~~not~~

Shall we call a separate meeting for that?
